INDEPENDENT AUDITOR'S REPORT

Board Members
Tensas Parish School Board
St. Joseph, Louisiana

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Tensas Parish School Board, as of and for the year ended June 30, 2012, which collectively comprise the School Board's basic financial statements, as listed in the table of contents. These financial statements are the responsibility of the School Board's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of the School Board, as of June 30, 2012, and the respective changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 11, 2012, on our consideration of the School Board's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of the audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and schedule of funding progress on pages 3 through 8 and 34 through 39 be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Government Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to be the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries

of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the School Board's basic financial statements. The accompanying supplemental information, as listed in the table of contents, and the Schedule of Expenditures of Federal Awards, as required by OMB Circular No. A-133 Audits of States and Local Governments, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2012

GOVERNMENT - WIDE FINANCIAL STATEMENTS

The government-wide financial statements are designed to provide readers with a broad overview of the School Board's finances, in a manner similar to private-sector business.

The statement of net assets presents information on all of the School Board's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the School Board is improving or deteriorating.

The statement of activities presents information showing how the School Board's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the cash flow. Thus, revenues and expenditures reported in this statement for some items will only result in cash flows in future periods (e.g. uncollected taxes and earned but unused sick/vacation leave).

Both of the government-wide financial statements present functions of the School Board that are principally supported by taxes and intergovernmental revenues (governmental activities). The School Board has no functions or activities which are business-like in nature, meaning that they are primarily supported by user fees and charges for services. The governmental activities of the School Board include regular and special education programs, support programs, administration, maintenance, student transportation, and school food services. The School Board contains no other units of government (component units) nor is it contained as a component unit of any other level of local or state government.

FUND FINANCIAL STATEMENTS

A fund is a grouping of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The School Board, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the School Board can be divided into two categories: governmental funds and fiduciary funds.

Governmental funds are used to account for essentially the same functions as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statement focus on the near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements. Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the School Board's near term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

TENSAS PARISH SCHOOL BOARD
ST. JOSEPH, LOUISIANA
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2012

The School Board maintains many individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General Fund, Title I, School Food Service Fund, and the Sales Tax Fund, all of which are considered major funds. The remaining funds are combined into a single aggregated presentation under the label of other governmental funds, which contains all non-major funds. Individual fund data for each of these non-major funds is provided in the form of combining statements elsewhere in this report.

Fiduciary funds are used to account for resources held for the benefit of outside parties, such as students and employees. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the School Board's programs. The two fiduciary funds of the School Board are the School Activity Fund (which contains monies belonging to the school, their students, and clubs and other activities) and the Nonexpendable Trust Funds (Deferred Compensation Program 457 which contains monies belonging to school employees in lieu of social security and not eligible to participate in the retirement systems).

NOTES TO THE FINANCIAL STATEMENTS

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Long Term Debt

The School Board had \$799,920 in revenue bonds payable at June 30, 2012. The amount of bonds due for the year ending June 30, 2013 totals \$66,660.

Variations Between Original and Final Budgets

The School Board amended budgets for the year ended June 30, 2012.

Economic Factors and Next Year's Budget

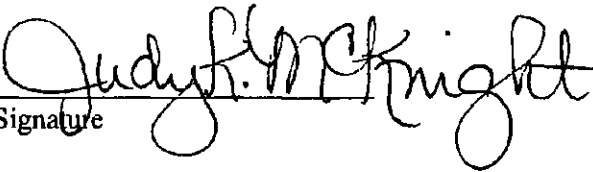

The Tensas Parish School Board's elected officials and management considered the following factors when setting the budget for the year ended June 30, 2013:

- ◆ Property taxes should remain consistent.
- ◆ Sales & Use Taxes reflected a slight increase over the 2010-2011 collections (declined 19.13% for the year ended June 30, 2010). In determining the 2012-2013 Budget, the Board projected receipts to remain fairly consistent with the 2011-2012 Budget.
- ◆ In determining the 2012-2013 Budget, the Board did not include any additional transfers to the Capital Project Fund.
- ◆ For the 2012-2013 Budget, the employer's contribution for Teachers' Retirement System of Louisiana will increase .80% (from 23.7% to 24.5%).
- ◆ For the 2012-2013 Budget, the employer's contribution for Louisiana School Employees Retirement System will increase 2.20% (from 28.6% to 30.8%).

BALANCE SHEET TO THE STATEMENT OF NET ASSETS
JUNE 30, 2012

Total Fund Balances - Governmental Funds		\$2,266,744
<p>The cost of capital assets purchased or constructed is reported as an expenditure in governmental funds. The Statement of Net Assets includes those capital assets among the assets of the School Board as a whole. The cost of those capital assets is allocated over their useful lives (as depreciation expense) as governmental activities in the Statement of Activities. Because depreciation expense does not affect financial resources, it is not reported in governmental funds.</p>		
Cost of Capital Assets	12,665,073	
Accumulated Depreciation	<u>8,701,985</u>	3,963,088
<p>Long-Term liabilities applicable to the School Board's governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities. All liabilities - both current and long-term are reported in the Statement of Net Assets.</p>		
Balances at June 30, 2012 are:

RECONCILIATION OF THE GOVERNMENTAL FUNDS
STATEMENT OF REVENUES, EXPENDITURES AND
CHANGES IN FUND BALANCE TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2012

Total Net Change in Fund Balances - Governmental Funds \$ 9,649

Amounts reported for governmental activities in the Statement of Activities are different because:

Capital outlays are reported in governmental funds as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their useful lives as depreciation expense. This is the amount by which depreciation exceed capital outlays in the period:

Capital Outlays Reported as Fund Expenditures	2,058	
Depreciation Expense	<u>260,230</u>	
		(258,172)

In the Statement of Activities, certain operating expenses - compensated absences - are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used (actually paid). This year vacation and sick time used exceeded the amounts earned. (3,084)

Repayment of certificates of indebtedness and bonds payable are expenditures in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Assets. 66,660

TENSAS PARISH SCHOOL BOARD
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2012

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying basic financial statements of the Tensas Parish School Board have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental unites. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

A. REPORTING ENTITY

The Tensas Parish School Board was created by Louisiana Revised Statute LSA-R.S. 17:51 to provide public education for the children within Tensas Parish. The School Board is authorized by LSA-R.S. 17:81 to establish policies and regulations for its own government consistent with the laws of the state of Louisiana and the regulations of the Louisiana Board of Elementary and Secondary Education. The School Board is comprised of seven members who are elected from seven districts for terms of four years.

The School Board operates three schools within the parish with a total enrollment of approximately 700 pupils. In conjunction with the regular educational programs, some of these schools offer special education and/or adult education programs. In addition, the School Board provides transportation and school food services for the students.

GASB Statement 14 establishes criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. Under provisions of the statement, the School Board is considered a primary government since it is a special-purpose government that has a separately elected governing body, is legally separate, and is fiscally independent of other state of local governments. As used in GASB Statement 14, fiscally independent means that the School Board may, without the approval or consent of another governmental entity, determine or modify its own budget, levy its own taxes or set rates or charges, and issue bonded debt. The school board also has no component units, defined by GASB Statement 14 as other legally separate organizations for which the elected School Board members are financial accountable. There are no other primary governments with which the School Board has a significant relationship.

B. FUNDS

The School Board uses funds to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions relating to certain government functions or activities.

A fund is a separate accounting entity with a self balancing set of accounts.

Funds of the School Board are classified into two categories: governmental and fiduciary. In turn, each category is divided into separate fund types. The fund classifications and a description of each existing fund type follow:

Governmental Funds Governmental funds account for all or most of the School Board's general activities, including the collection and disbursement of specific or legally restricted monies, the acquisition or construction of general fixed assets, and the servicing of general long-term debt. The School Board reports the following primary governmental funds:

General Fund - The general operating fund of the School Board accounts for all financial resources, except those required to be accounted for in other funds.

TENSAS PARISH SCHOOL BOARD
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2012

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Special Revenue Funds - The special revenue funds account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes, or designated by the School Board to be accounted for separately.

School Food Service - The School food service fund of the School Board accounts for financial resources received and used for the feeding of students and teachers and maintaining the cafeterias.

Capital Projects Fund - The capital projects fund of the School Board accounts for financial resources received and used for the acquisition, construction, or improvement of capital facilities not reported in the other governmental fund.

Fiduciary Funds Fiduciary funds account for assets on behalf of outside parties, including other governments, or on behalf of other funds within the School Board. Fiduciary funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

Retirement Trust Fund - The retirement trust fund of the School Board accounts for employee contributions to the deferred compensation (457) program.

School Activity - The school activity fund of the School Board accounts for assets held by the School Board as agent for the individual schools and school organizations.

C. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Government-Wide Financial Statements (GWFS)

The Statement of Net Assets and the Statement of Activities display information about the reporting government as a whole. Fiduciary funds are not included in the GWFS. Fiduciary funds are reported only in the Statement of Fiduciary Net Assets at the fund financial statement level.

The Statement of Net Assets and the Statement of Activities were prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets, and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of GASB Statement No. 33 "Accounting and Financial Reporting for Nonexchange Transactions."

Program Revenues - Program revenues include 1) charges for services provided, 2) operating grants and contributions, and 3) capital grants and contributions. Program revenues reduce the cost of the function to be financed from the School Board's general revenues. Charges for services are primarily derived from cafeteria sales. Operating grants and contributions consist of the many educational grants received from the federal and state government.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Allocation of Indirect Expenses The School Board reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable by function. Indirect expenses of other functions are not allocated to those functions but are reported separately in the Statement of Activities. Depreciation expense was not allocated by function and is reported separately on the Statement of Activities. Interest on long-term debt is considered an indirect expense and is reported separately on the Statement of Activities.

Fund Financial Statements (FFS)

Governmental Fund Types The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. Governmental fund types use the flow of current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting revenues are recognized when susceptible to accrual (i.e., when they are "measurable and available"). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The government considers all revenues available if they are collected within 60 days after year-end. Expenditures are recorded when the related fund liability is incurred, except for unmatured principal and interest on general long-term debt which is recognized when due, and certain compensated absences and claims and judgments which are recognized when the obligations are expected to be liquidated with expendable available financial resources.

With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. Operating statement of these funds present increases and decrease in net current assets. The governmental funds use the following practices in recording revenues and expenditures:

Revenues

Entitlement and shared revenues (which include state equalization and state revenue sharing) are recorded as unrestricted grants-in-aid at the time of receipt or earlier if the susceptible to accrual criteria are met. Expenditure driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met.

Other receipts become measurable and available when cash is received by the School Board and are recognized as revenue at that time.

Ad valorem taxes are recognized when all applicable eligibility requirements are met and the resources are available.

Sales taxes are recognized when the underlying exchange transaction occurs and the resources are available.

Interest Income on time deposits is recorded when the interest becomes measurable and available to finance expenditures of the fiscal period.

Expenditures Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred.

Salaries are recorded as paid. Salaries for nine-month employees are paid over twelve months and accrued at June 30.

TENSAS PARISH SCHOOL BOARD
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2012

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Principal and interest on general long-term debt is recognized when due.

Inventory items are expensed as purchased except for inventory of the school lunch fund which is expensed as consumed.

Compensated absences are recognized as expenditures when leave is earned or upon termination of employment due to retirement or death.

Other Financing Sources (Uses) Transfers between funds that are not expected to be repaid (or other types, such as sale of fixed assets, debt extinguishment, and long-term debt proceeds) are accounted for as other financing sources (uses). These other financing sources (uses) are recognized at the time the underlying events occur.

Fiduciary Funds Fiduciary funds account for assets held by the government in a trustee capacity or as an agent on behalf of outside parties, including other governments, or on behalf of other funds with the School Board.

D. CASH AND CASH EQUIVALENTS

Cash includes amounts in demand deposits, interest bearing demand deposits, and money market accounts. Under state law, the School Board may deposit funds in demand deposits, interest-bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

E. SHORT-TERM INTERFUND RECEIVABLES/PAYABLES

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as interfund receivables/payables on the balance sheet. Short-term interfund loans are also classified as interfund receivables/payables.

F. ELIMINATION AND RECLASSIFICATIONS

In the process of aggregating data for the statement of net assets and the statement of activities, some amounts reported as interfund activity and balances in the funds were eliminated or reclassified. Interfund receivables and payables were eliminated to minimize the "grossing up" effect on assets and liabilities within the governmental activities column.

G. INVENTORY

Inventory items are expensed as purchased except for inventory of the school food service fund.

Inventory of the school food service special revenue fund consists of food purchased by the School Board and commodities granted by the United States Department of Agriculture through the Louisiana Department of Agriculture and Forestry. The commodities are recorded as revenues when received; however, all inventory items are recorded as expenditures when purchased. All purchased inventory items are valued at cost using first-in, first-out, FIFO, and commodities are assigned values based on information provided by the United States Department of Agriculture.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

H. CAPITAL ASSETS

Capital assets are recorded at historical cost or estimated historical cost if purchased or constructed and depreciated over their estimated useful lives (including salvage value). The capitalization threshold is \$5000. Donated capital assets are recorded at their estimated fair value at the date of donation. Estimated useful life is management's estimate of how long the asset is expected to meet service demands. Straight line depreciation is used based on the following estimated useful lives:

Buildings	10-40 Years
Furniture and Equipment	3-10 Years

I. DEFERRED REVENUES

The School Board reports deferred revenues on its combined balance sheet. Deferred revenues arise when resources are received by the School Board before it has a legal claim to them, as when grant monies are received prior to the occurrence of qualifying expenditures. In subsequent periods, when the School Board has a legal claim to the resources, the liability for deferred revenue from the combined balance sheet is removed and the revenue is recognized.

J. COMPENSATED ABSENCES

All 12-month employees earn vacation leave each year, depending on their length of service with the School Board. Vacation leave can be accumulated but cannot exceed five days.

All School Board employees earn ten days of sick leave each year. Sick leave can be accumulated without limitation. Upon retirement or death, unused accumulated sick leave of up to twenty-five days is paid to the employee or to the employee's estate at the employee's current rate of pay. Under the Louisiana Teachers' Retirement System, and the Louisiana School Employees' Retirement System, all unpaid sick leave is used in the retirement benefit computation as earned service.

The School Board's recognition and measurement criteria for compensated absences follows:

GASB Statement 16 provides that vacation leave and other compensated absences with similar characteristics should be accrued as a liability as the benefits are earned by the employees if both of the following conditions are met:

- A. The employees' rights to receive compensation are attributable to services already rendered.
- B. It is probable that the employer will compensate the employees for the benefits through paid time off or some other means, such as cash payments at termination or retirement.

GASB Statement 16 provides that a liability for sick leave should be accrued using one of the following termination approaches:

- A. An accrual for earned sick leave should be made only to the extent it is probable that the benefits will result in termination payments, rather than be taken as absences due to illness or other contingencies, such as medical appointments and funerals.
- B. Alternatively, a governmental entity should estimate its accrued sick leave liability based on the sick leave accumulated at the balance sheet date by those employees who currently are eligible to receive termination payments as well as other employees who are expected to become eligible in the future to receive such payments. The School Board uses this approach.

TENSAS PARISH SCHOOL BOARD
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2012

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

K. BUDGETS

The School Board follows these procedures in establishing the budgetary data reflected in the combined financial statements:

State statute requires budgets to be adopted for the general fund and all special revenue funds.

Each year prior to September, the Superintendent submits to the Board proposed annual budgets for the general fund and special revenue funds. Public hearings are conducted, prior to the Board's approval, to obtain taxpayer comments. The operating budgets include proposed expenditures and the means of financing them.

Appropriations (unexpended budget balances) lapse at year-end.

Formal budget integration (within the accounting records) is employed as a management control device. All budgets are controlled at the function level. Budget amounts included in the accompanying financial statements include the original adopted budget and all subsequent amendments. The School Board adopts amended budgets early in June in order to participate in an "Advanced Funding Program."

L. BAD DEBTS

Uncollectible accounts receivable are recognized as bad debts through the establishment of an allowance account at the time information becomes available which would indicate the uncollectibility of the particular receivable. At June 30, 2012, \$0 were considered to be uncollectible.

M. INTERFUND ACTIVITY

Interfund activity is reported as either loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefitting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental funds are netted as part of the reconciliation to the government-wide financial statements.

N. USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statement and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

O. SALES TAXES

The School Board has a one and a half cent parish-wide sales and use tax as authorized in special elections held May 20, 1969 and October 23, 1999. In accordance with the proposition approved by the voters of the parish, the net revenues derived from said sales and use tax is to be dedicated and used for the purpose to provide funds for the payment of salaries of school employees in the School System and operating expenses in connection with curriculum improvement.

<u>Tax Rate</u>	<u>Expiration</u>
1¢	Indefinite
½ ¢	Indefinite

P. EQUITY CLASSIFICATIONS

In the government-wide statements, equity is classified as net assets and displayed in three components:

- a. Invested in capital assets, net of related debt - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net assets - Consists of net assets with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net assets - All other net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

Q. FUND EQUITY OF FUND FINANCIAL STATEMENTS

Accounting standards require governmental fund balances to be reported in as many as five classifications as listed below:

Nonspendable - represents amounts that are not expected to be converted to cash because they are either not in spendable form or legally or contractually required to be maintained intact.

Restricted - represents balances where constraints have been established by parties outside the School Board's office or imposed by law through constitutional provisions or enabling legislation.

Committed - represents balances that can only be used for specific purposes pursuant to constraints imposed by formal action of the School Board's highest level of decision-making authority.

Assigned - represents balances that are constrained by the School Board's intent to be used for specific purposes, but are not restricted nor committed.

Unassigned - represents balances that have not been assigned to other funds and that have not been restricted, committed, or assigned to specific purposes within the general fund.

TENSAS PARISH SCHOOL BOARD
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2012

Q. FUND EQUITY OF FUND FINANCIAL STATEMENTS - CONTINUED

When expenditures are incurred for the purposes for which both restricted and unrestricted amounts are available, the Board's office reduces restricted amounts first, followed by unrestricted amounts. When expenditures are incurred for purposes for which committed, assigned and unassigned amounts are available, the Board's office reduces committed amounts first, followed by assigned amounts and then unassigned amounts.

NOTE 2 - LEVIED TAXES

The following is a summary of authorized and levied ad valorem taxes for the 2011 tax rolls:

<u>Parish Wide Taxes</u>	<u>Authorized</u>	<u>Levied</u>	<u>Expiration</u>
Constitutional	5.08	5.08	N/A
Maintenance Tax	7.89	7.89	2012
District 3, Parishwide	11.30	11.30	2019

	<u>36.90</u>	<u>36.90</u>	

NOTE 3 DEPOSITS WITH FINANCIAL INSTITUTIONS

At June 30, 2012, the School Board has cash and cash equivalents (book balances) totaling \$2,408,922 as follows:

Demand Deposits - Statement of Net Assets	\$2,379,590
Demand Deposits - Fiduciary Fund	<u>29,332</u>
	<u>\$2,408,922</u>

Deposits are stated at cost, which approximates fair value. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The fair value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

At year-end, the School Board's carrying amount of deposits was \$2,408,922 and the bank balance was \$3,038,452. Of the bank balance, \$522,422 is covered by federal depository insurance, \$1,849,523 was collateralized with securities held by the pledging financial institution's trust department or agent but not in the School Board's name (GASB Category 3). The remaining \$666,507 is deposited with and secured by the Louisiana State Treasury.

NOTE 6 - RETIREMENT SYSTEMS

Substantially all employees of the School Board are members of two statewide retirement systems. In general, professional employees (such as teachers and principals) and lunchroom workers are member of the Teachers' Retirement System of Louisiana; other employees, such as custodial personnel and bus drivers, are members of the Louisiana School Employees' Retirement System. These systems are cost-sharing, multiple-employer defined benefit pension plans administered by separate boards of trustees. Pertinent information relative to each plan follows:

NOTE 6 - RETIREMENT SYSTEMS - CONTINUED

A. TEACHERS RETIREMENT SYSTEM OF LOUISIANA (TRS)

The TRS consists of two membership plans: Regular Plan and Plan A. The TRS provides retirement benefits as well as disability and survivor benefits. Ten years of service credit is required to become vested for retirement benefits and five years to become vested for disability and survivor benefits. Benefits are established and amended by state statute. The TRS issues a publicly available financial report that includes financial statements and required supplementary information for the TRS. That report may be obtained by writing to the Teachers Retirement System of Louisiana, P.O. Box 94123, Baton Rouge, Louisiana 70804-9123, or by calling 504-925-6446.

Plan members are required to contribute 8.00 percent of their annual covered salary for the Regular Plan, and Plan A respectively. The School Board is required to contribute at an actuarially determined rate. The current rate is 23.7 percent of annual covered payroll for the Regular Plan and Plan A, respectively. Member contributions and employer contributions for the TRS are established by state law and rates are established by the Public Retirement System's Actuarial Committee. The School Board's employer contributions for the TRS, as provided by state law, is funded by the State of Louisiana through annual appropriations, by deductions from local ad valorem taxes, and by remittances from the school board.

The School Board's contributions to the TRS for the years ending June 30, 2012, 2011 and 2010, were \$967,145, \$867,644 and \$710,784, respectively, equal to the required contributions for each year.

B. LOUISIANA SCHOOL EMPLOYEES' RETIREMENT SYSTEM (LASERS)

The LASERS provides retirement benefits as well as disability and survivor benefits. Ten years of service credit is required to become vested for retirement benefits and five years to become vested for disability and survivor benefits. Benefits are established and amended by state statute. The LASERS issues a publicly available financial report that includes financial statements and required supplementary information for the LASERS. That report may be obtained by writing to the Louisiana School Employees Retirement Systems, P.O. Box 44516, Baton Rouge, Louisiana 70804, or by calling 504-925-6484.

Plan members are required to contribute 7.5 percent of their annual covered salary and the school board is required to contribute at an actuarially determined rate. The current rate is 28.3 percent of annual covered payroll. Member contributions and employer contributions for the LASERS are established by state law and rates are established by the Public Retirement Systems' Actuarial Committee. The School Board's employer contribution for the LASERS is funded by the State of Louisiana through annual appropriations.

The School Board's contributions to the LASERS for the years June 30, 2012, 2011 and 2010, were \$96,894, \$94,146 and \$68,068, respectively, equal to the required contributions for each year.

NOTE 7 - OTHER POST-EMPLOYMENT BENEFITS

During the fiscal year ended June 30, 2010, the Tensas Parish School Board implemented GASB Statement No. 45, Accounting and Financial Reporting by Employers for Post-Employment Benefit Plans Other Than Pensions (GASB 45).

NOTE 7 - OTHER POST-EMPLOYMENT BENEFITS - continued

Plan Description. The Tensas Parish School Board's medical benefits are provided through the Louisiana Office of Group Benefits (OGB) and involve several statewide networks and one HMO with a premium structure by region. The OGB plan is a fully insured, multiple-employer arrangement and has been deemed to be an agent multiple-employer plan for financial reporting purposes and for this valuation.

The OGB "Medicare Advantage" plan has been assumed to apply to those employees after Medicare eligibility for purposes of this valuation. Medical benefits are provided to employees upon actual retirement. Employees are covered by the Teachers Retirement System of Louisiana (TRS) and the Louisiana School Employees Retirement System (LASERS), whose retirement eligibility (D.R.O.P. entry) provisions are as follows: 30 years of service at any age; age 55 and 25 years of service; age 60 and 5 years of service; or, early retirement - 20 years of service at any age.

Life insurance coverage under the OGB program is available to retirees by election and the blended rate (active and retired) is \$0.96 per \$1,000 of insurance. The employer pays 50% of the cost of the retiree life insurance. Insurance coverage amounts are reduced at age 65 and again at age 70 according to the OGB plan provisions.

A financial report may be obtained by writing to Office of Group Benefits, 7389 Florida Boulevard, Suite 400, Baton Rouge, Louisiana 70806.

Contribution Rates. Employees do not contribute to their post-employment benefits costs until they become retirees and begin receiving those benefits. The plan provisions and contribution rates are contained in the official plan documents.

Fund Policy. Until 2009, the School Board recognized the cost of providing post-employment medical and life benefits (the School Board's portion of the retiree medical and life benefit premiums) as an expense when the benefit premiums were due and thus financed the cost of the post-employment benefits on a pay-as-you-go basis. The School Board's portion of health care and life insurance funding cost for retired employees was determined to be \$1,052,838 as defined by GASB 45. However, the School Board still finances the cost on a pay-as-you-go basis, contributing only \$491,983 toward the cost.

Annual Required Contribution. The School Board's Annual Required Contribution (ARC) is an amount actuarially determined in accordance with GASB 45. The Annual Required Contribution (ARC) is the sum of the Normal Cost plus the contribution to amortize the Actuarial Accrued Liability (AAL). A level dollar, closed amortization period of 30 years (the maximum amortization period allowed by GASB 43/45) has been used for the post-employment benefits. The total ARC for the fiscal year beginning July 1, 2011 is \$1,052,838 for medical, and life, as set forth below:

Normal Cost	\$ 400,863
30-year UAL amortization amount	<u>651,975</u>
Annual Required Contribution (ARC)	<u>\$1,052,838</u>

Beginning Net OPEB Obligation 7-1-11	<u>1,213,471</u>
Ending Net OPEB Obligation 6-30-12	<u>\$1,822,855</u>

The following table shows Tensas Parish School Board's annual post employment benefits (PEB) cost, percentage of the cost contributed, and the net unfunded post employment benefits (PEB) liability (asset):

Post Employment Benefit	Fiscal Year Ended	Annual OPEB Cost	Percentage of Annual Cost Contributed	Net OPEB Obligation (Asset)
Medical & Life	June 30, 2012	\$1,101,377	44.67%	\$1,822,855
Medical & Life	June 30, 2011	\$1,076,940	43.29%	\$1,213,471
Medical & Life	June 30, 2010	\$1,058,838	42.75%	\$ 602,740

Funded Status and Funding Progress. In the fiscal year ending June 30, 2012, the School Board made no contributions to its post-employment benefits plan. The plan was not funded at all, has no assets, and hence has a funded ratio of zero. As of July 1, 2009, the first and most recent actuarial valuation, the Actuarial Accrued Liability (AAL) was \$11,273,975 (medical and life), which is defined as that portion, as determined by a particular actuarial cost method (the School Board uses the Unit Credit Cost Method), of the actuarial present value of post employment plan benefits and expenses which is not provided by normal cost. Since the plan was not funded in fiscal year 2011/2012, the entire actuarial accrued liability of \$10,887,671 (medical) and \$386,304 (life) was unfunded.

Actuarial Accrued Liability (AAL)	\$11,273,975
Actuarial Value of Plan Assets	<u>0</u>
Unfunded Acct. Accrued Liability (UAAL)	<u>\$11,273,975</u>

NOTE 7 - OTHER POST-EMPLOYMENT BENEFITS - continued

Actuarial Methods and Assumptions. Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. The actuarial valuation for post employment benefits includes estimates and assumptions regarding (1) turnover rate; (2) retirement rate; (3) health care cost trend rate; (4) mortality rate; (5) discount rate (investment return assumption); and (6) the period to which the costs apply (past, current, or future years of service by employees). Actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future.

The actuarial calculations are based on the types of benefits provided under the terms of the substantive plan (the plan as understood by the Tensas Parish School Board and its employee plan members) at the time of the valuation and on the pattern of sharing costs between the School Board and its plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations on the pattern of cost sharing between the School Board and plan members in the future. Consistent with the long-term perspective of actuarial calculations, the actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial liabilities and the actuarial value of assets.

Turnover Rate. An age-related turnover scale based on actual experience as described by administrative staff has been used. The rates, when applied to the active employee census, produce an annual turnover of approximately 10%. The rates for each age are below:

<u>Sample Age</u>	<u>Percent Turnover</u>
25	7.0%
30	8.0%
35	6.0%
40	3.0%
45	2.0%
50	2.0%

Post-Employment Benefit Plan Eligibility Requirements. It is assumed that entitlement to benefits will commence five years after earliest eligibility to enter the D.R.O.P. This consists of a three year D.R.O.P. period plus an additional two year delay. Medical benefits are provided to employees upon actual retirement. Employees are covered by the Louisiana State Employees' Retirement System (LASERS), whose retirement eligibility (D.R.O.P. entry) provisions as follows: 30 years of service at any age; age 55 and 25 years of service; age 60 and 5 years of service; or early retirement - 20 years of service at any age. Entitlement to benefits continue through Medicare to death.

Investment Return Assumption (Discount Rate). GASB Statement 45 states that the investment return assumption should be the estimated long-term investment yield on the investments that are expected to be used to finance the payment of benefits (that is, for a plan which is funded). Based on the assumption that the ARC will be funded, a 4% annual investment, return has been used in this valuation. This is a conservative estimate of the expected long-term return of a balanced and conservative investment portfolio under professional management.

Medical Inflation (Trend Assumption). The trend assumptions for medical and pharmacy costs and retiree premiums are summarized below:

<u>Year</u>	<u>Medical</u>
2010	7.20%
2011	6.30%
2012-2013	5.80%
2014-2017	5.70%
2018-2022	5.60%
2023-2027	5.50%
2028-2032	5.40%
2033	5.30%
2034	5.20%
2035-2036	5.10%
2037-2038	5.00%
2039-2042	4.90%
2043-2047	4.80%
2048-2053	4.70%
2054-2062	4.60%
2063-2075	4.50%
2076	4.40%
2077-2078	4.20%
2079-2085	4.10%
2086+	4.00%

A seventy percent (70%) trend has been assumed for life insurance for employees upon retirement.

Mortality Rate. The RP 2000 system table with floating Scale AA projections was used for both males and females.

Method of Determining Value of Benefits. The "value of benefits" has been assumed to be the portion of the premium after retirement date expected to be paid by the employer for each retiree and has been used as the basis for calculating the actuarial present value of OPEB benefits to be paid. The "State Share" premiums in the OGB medical rate schedule provided are "unblended" rates for active and retired as required by GASB 45 and have been used for valuation purposes.

NOTE 14 - RISK MANAGEMENT

The Tensas Parish School Board is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The School Board maintains commercial insurance coverage covering each of those risk of loss. Management believes such coverage is sufficient to preclude any significant uninsured losses to the School Board.

TENSAS PARISH SCHOOL BOARD
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2012

NOTE 15 - LITIGATION AND CLAIMS

Litigation The School Board is a defendant in one litigation as of June 30, 2012. Legal council estimates in case an unfavorable outcome in the litigation, the potential liability would approximate \$10,000. Council, however, anticipates the probable outcome to be in favor of the School Board. Insurance coverage is far in excess of the potential liability and therefore would not have a material adverse affect on the financial condition of the School Board.

Grant Disallowances The School Board participates in a number of state and federally assisted grant programs. The programs are subject to compliance audits under the single audit approach. Such audits could lead to requests for reimbursement by the grantor agency for expenditures disallowed under terms of the grants. School Board management believes that the amount of disallowance, if any, which may arise from future audits will not be material.

NOTE 16 - SUBSEQUENT EVENTS

The School Board's management has evaluated subsequent events through the date the financial statements were available to be issued, December 11, 2012, and determined that no events occurred that require disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

TENSAS PARISH SCHOOL BOARD
NOTES TO BUDGETARY COMPARISON SCHEDULES
FOR THE YEAR ENDED JUNE 30, 2012

A. BUDGETS

General Budget Practices

The School Board follows these procedures in establishing the budgetary data reflected in the financial statements:

State statute requires budgets to be adopted for the general fund and all special revenue funds.

Each year prior to September, the Superintendent submits to the Board proposed annual budgets for the general fund and special revenue funds. Public hearings are conducted, prior to the Board's approval, to obtain taxpayer comments. The operating budgets include proposed expenditures and the means of financing them.

Appropriations (unexpended budget balances) lapse a year-end.

Formal budget integration (within the accounting records) is employed as a management control device. All budgets are controlled at the function level. Budget amounts included in the accompanying financial statements include the original adopted budget and all subsequent amendments. These revisions were considered significant by the Board.

Encumbrances

Encumbrance accounting, under which purchase orders are recorded in order to reserve that portion of the applicable appropriation, is not employed. However, outstanding purchase orders are taken into consideration before expenditures are incurred in order to assure that applicable appropriations are not exceeded.

Budget Basis of Accounting

All governmental funds budgets are prepared on the modified accrual basis of accounting, a basis consistent with accounting principles generally accepted in the United States of America (GAAP). Budgeted amounts are originally adopted or amended by the Board. Legally, the Board must adopt a balanced budget; that is, total budgeted revenues and other financing sources including fund balance must equal or exceed total budgeted expenditures and other financing uses. State statutes require the Board to amend its budgets when revenues plus projected revenues within a fund are expected to be less than budgeted revenues by five percent or more and/or expenditures within a fund are expected to exceed budgeted expenditures by five percent or more. The School Board approves budgets at the function level and management can transfer amounts between line items within a function.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board Members
Tensas Parish School Board
St. Joseph, Louisiana

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Tensas Parish School Board as of and for the year ended June 30, 2012, which collectively comprise the Tensas Parish School Board's basic financial statements and have issued our report thereon dated December 11, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

Management of the Tensas Parish School Board is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the Tensas Parish School Board's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Tensas Parish School Board's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Tensas Parish School Board's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Tensas Parish School Board's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statements amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

This report is intended solely for the information of management, and use of the School Board, the Department of Education, the Legislative Auditor of Louisiana, federal awarding agencies, and pass through entities and is not intended to be, and should not be, used by anyone other than the specified parties. Under Louisiana Revised Statute 24:513, this report is to be distributed by the Legislative Auditor as a public document.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

To the Board Members
Tensas Parish School Board
St. Joseph, Louisiana

Compliance

We have audited Tensas Parish School Board's compliance with the types of compliance requirements described in the OMB Circular A-133 Compliance Supplement that could have a direct and material effect on each of Tensas Parish School Board's major federal programs for the year ended June 30, 2012. The Tensas Parish School Board's major federal programs are identified in the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the School Board's management. Our responsibility is to express an opinion on the School Board's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the School Board's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the School Board's compliance with those requirements.

In our opinion, the Tensas Parish School Board complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2012.

Internal Control Over Compliance

Management of the Tensas Parish School Board is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the School Board's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Tensas Parish School Board's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management of the School Board, the Department of Education, the Legislative Auditor of Louisiana, federal awarding agencies, and pass through entities and is not intended to be, and should not be, used by anyone other than the specified parties. Under Louisiana Revised Statute 24:513, this report is to be distributed by the Legislative Auditor as a public document.

INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED UPON PROCEDURES

To the Tensas Parish School Board
St. Joseph, Louisiana

We have performed the procedures included in the Louisiana Governmental Audit Guide and enumerated below, which were agreed to by the management of Tensas Parish School Board and the Legislative Auditor, State of Louisiana, solely to assist users in evaluating management's assertions about the performance and statistical data accompanying the annual financial statements of Tensas Parish School Board and to determine whether the specified schedules are free of obvious errors and omissions as provided by the Board of Elementary and Secondary Education. This agreed-upon procedures engagement was performed in accordance with standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of the specified users of the report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

Our procedures and findings relate to the accompanying schedules of supplemental information and are as follows:

General Fund Instructional and Support Expenditures and Certain Local Revenue Sources (Schedule I)

1. We selected a random sample of 25 transactions and reviewed supporting documentation to determine if the sampled expenditures/revenues are classified correctly and are reported in the proper amounts for each of the following amounts reported on the schedule:
 - Total General Fund Instructional Expenditures,
 - Total General Fund Equipment Expenditures,
 - Total Local Taxation Revenue,
 - Total Local Earnings on Investment in Real Property,
 - Total State Revenue in Lieu of Taxes,
 - Nonpublic Textbook Revenue, and
 - Nonpublic Transportation Revenue.

Exceptions Noted - None

Education Levels of Public School Staff (Schedule 2)

2. We reconciled the total number of full-time classroom teachers per the schedule "Experience of Public Principals and Full-time Classroom Teachers" (Schedule 4) to the combined total number of full-time classroom teachers per this schedule and to school board supporting payroll records as of October 1st.

Exceptions Noted - None

3. We reconciled the combined total of principals and assistant principals per the schedule "Experience of Public Principals and Full-Time Classroom Teachers" (Schedule 4) to the combined total of principals and assistant principals per this schedule.

Exceptions Noted - None

4. We obtained a list of full-time teachers, principals, and assistant principals by classification as of October 1st and as reported on the schedule. We traced a random sample of 25 teachers to the individual's personnel file and determined if the individual's education level was properly classified on the schedule.

Exceptions Noted - None

Number and Type of Public Schools (Schedule 3)

5. We obtained a list of schools by type as reported on the schedule. We compared the list to the schools and grade levels as reported on the Title 1 Grants to Local Educational Agencies (CFDA 84.010) application.

Exceptions Noted - None

Experience of Public Principals and Full-time Classroom Teachers (Schedule 4)

6. We obtained a list of full-time teachers, principals, and assistant principals by classification as of October 1 and as reported on the schedule and traced the same sample used in procedure 4 to the individual's personnel file and determined if the individual's experience was properly classified on the schedule.

Exceptions Noted - None

Public Staff Data (Schedule 5)

7. We obtained a list of all classroom teachers including their base salary, extra compensation, and ROTC or rehired retiree status as well as full-time equivalent as reported on the schedule and traced a random sample of 25 teachers to the individual's personnel file and determined if the individual's salary, extra compensation, and full-time equivalents were properly included on the schedule.

Exceptions Noted - None

8. We recalculated the average salaries and full-time equivalents reported in the schedule.

Exceptions Noted - None

Class Size Characteristics (Schedule 6)

9. We obtained a list of classes by school, school type, and class size as reported on the schedule and reconciled school type classifications to Schedule 3 data, as obtained in procedure 5. We then traced a random sample of 10 classes to the October 1st roll books for those classes and determined if the class was properly classified on the schedule.

Exceptions Noted - None

Louisiana Educational Assessment Program (LEAP) for the 21st Century (Schedule 7)

10. We obtained test scores a provided by the testing authority and reconciled scores as reported by the testing authority to scores reported in the schedule by Tensas Parish School Board.

Exceptions Noted - None

The Graduation Exit Exam for the 21st Century (Schedule 8)

11. We obtained of test scores as provided by the testing authority and reconciled scores as reported by the testing authority to scores reported in the schedule by Tensas Parish School Board.

Exceptions Noted - None

The iLEAP Tests(Schedule 9)

12. We obtained test scores as provided by the testing authority and reconciled scores as reported by the testing authority to scores reported in the schedule by Tensas Parish School Board.

Exceptions Noted - None

We were not engaged to, and did not, perform an examination, the objective of which would be the expression of an opinion on management's assertions. Accordingly, we do not express such an opinion. Had we performed additional procedures other matters might have come to our attention that would have been reported to you.

This reported is intended solely for the use of management of Tensas Parish School Board, the Louisiana Department of Education, the Louisiana Legislature, and the Legislative Auditor, State of Louisiana, and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.
