Lafayette
CONSOLIDATED GOVERNMENT

Introductory Section

Chief Financial Officer

April 13, 2017

Mayor-President Joel Robideaux
Members of the City-Parish Council
Citizens of Lafayette Parish, Louisiana

Dear Mayor-President, Members of the City-Parish Council, and Citizens of Lafayette Parish:

Pursuant to Louisiana State Statutes and the Home Rule Charter, I am pleased to submit the Comprehensive Annual Financial Report (CAFR) for Lafayette City-Parish Consolidated Government for the fiscal year ended October 31, 2016. The Home Rule Charter requires that the City-Parish Council provide an annual independent post fiscal year audit and such additional audits, as it deems necessary, of the accounts and other evidence of financial transactions of the Consolidated Government including those of all Consolidated Government departments, offices, or agencies. The City-Parish Council shall designate an independent auditor to make such audits.

The Accounting Division of the Office of Finance and Management prepared this report in accordance with generally accepted accounting principles (GAAP). We believe the data, as presented, is accurate in all material respects; that it is presented in a manner designed to set forth fairly the financial position and results of operations of the City-Parish as measured by the financial activities of its various funds and the entity-wide presentation; and that all disclosures necessary to enable readers to gain an understanding of City-Parish financial affairs have been included. Responsibility for the accuracy of the presented data and the completeness and fairness of the presentation including all disclosures rests with the local government.

Lafayette City-Parish Consolidated Government's financial statements have been audited by Kolder, Champagne, Slaven & Company, LLC, a firm of licensed, independent, certified public accountants designated by the City-Parish Council. The goal of the independent audit was to provide reasonable assurance that the financial statements are free of material misstatement. The independent audit involved examining, on a test basis, the evidence supporting the amounts and the disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditors concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that Lafayette City-Parish Consolidated Government's financial statements for the fiscal year ended October 31, 2016 are fairly presented in conformity with GAAP. The independent auditors' report is presented as the first document of the Financial Section of this report.

Lafayette City-Parish Consolidated Government (LCG) is required to undergo an annual single audit in conformance with the audit requirements of the Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and the Audit Requirements for Federal Awards* (Uniform Guidance). Information related to this single audit including the Schedule of Expenditures of Federal Awards, findings and recommendations, and the independent auditors' reports on the internal control structure and compliance with applicable laws and regulations is presented immediately following the Statistical Section of this report.

Management’s Discussion and Analysis (MD&A) immediately follows the independent auditors’ report and provides a narrative introduction, overview, and analysis of the basic financial statements. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it.

Profile of the Government

The City of Lafayette, Louisiana is the parish seat of the Parish of Lafayette. The 2016 estimated population of the City is 128,551 and the Parish is 240,560. The region was settled in 1763 by exiled Acadians from Nova Scotia (commonly called Cajuns). The Parish was created on January 17, 1823 and covers a total of 277 square miles. The City of Lafayette was originally founded as Vermilionville in 1821 and later renamed Lafayette in 1884. The City was incorporated in 1914. The Parish is located in the heart of Acadiana, an eight parish area in the center of southern Louisiana between New Orleans and Houston. French, Creole, and Acadian culture, handwork and traditions are very much in evidence in and around the region and both French and English languages are still spoken. An estimated 14.37% of the parish population speaks both French and English.

The governing authority of LCG is the Lafayette City-Parish Council, consisting of nine members elected from nine single member districts. The LCG chief executive is the Mayor-President. LCG’s governance structure is by the Home Rule Charter which, in its current form, was voted on by the citizenry in 1992. Although the governments were consolidated in 1996, the Home Rule Charter states that “The City of Lafayette shall continue to exist as a legal entity... and shall exercise all powers granted by general state law and the state constitution for municipalities of the same population class.” The Charter also states that all fees, charges, and taxes levied by Lafayette Parish and the City of Lafayette shall continue to be levied by the City-Parish Consolidated Government for purposes and services as prior to consolidation until changed by the City-Parish Council by ordinance or by a vote of the people when a vote is required for tax purposes; therefore, after consolidating administration and operations of the two governments, LCG continues to maintain separate accounts for the City of Lafayette and Parish funds.

Lafayette City-Parish Consolidated Government provides a wide range of services including public safety, highways and streets, sanitation, airports, transportation, recreational activities, general administration functions, and other general governmental services. It also provides fiber optic networking services through LUS Fiber. Lafayette Utilities System (LUS), a department of LCG, provides electric, water, and wastewater services that are amongst the lowest priced in the state.

Mission Statement

The mission of Lafayette City-Parish Consolidated Government is to enhance the quality of life of our community by providing high-quality; cost-effective services that meet the needs and expectations of the public.

Accomplishments

- The Office of Finance and Management earned LCG’s third Government Finance Officers Association Outstanding Budget Award for the FY 2016 budget document.
- LCG refunded four bond issues, resulting in \$14.4 million in savings. The Lafayette Public Power Authority also participated in a bond refunding which resulted in a savings of \$2.4 million.
- In 2016, new residential construction permits in Lafayette totaled more than \$133 million and new commercial construction permits totaled more than \$80 million.
- In December, Lafayette was announced as one of two cities to win the highly competitive Smart City Competition hosted by the EPA Smart City Air Challenge, earning a \$40,000 grant. The challenge encourages communities to install air quality sensors and share the data with the public.

- Public Works implemented real-time Transit tracking system, on-line payment of parking tickets, and installed a new traffic signal on Ambassador Caffery at the new Veterans Administration Clinic.
- Community Development provided intensive technical assistance in the successful application for the 2016 National Park Service African American Civil Rights Grant, resulting in a \$450,000 award for historic Holy Rosary Institute.
- The Lafayette Police Department Community Relations Committee was created. The committee brings the community and the police department closer together and hosted several events in the community with LPD officers in 2016.
- Lafayette Fire Department had a nine percent reduction in structure fires and graduated 18 recruits from the fire training academy throughout the year.

Budgetary Control

The fiscal year for Lafayette City-Parish Consolidated Government is November 1 through October 31. The Home Rule Charter requires that at least ninety days prior to the beginning of each fiscal year, an operating budget and a capital improvement budget be submitted to the City-Parish Council. The City-Parish Council then publishes a public hearing notice at least ten days prior to the date the budget is presented to the public for a formal public hearing. The notice is required to include a general summary of the proposed budget, the times and places where copies of the budget are available for public inspection, and the location, date, and time of the public hearing.

The annual budget serves as a policy document, a financial plan, an operations guide, and a communications device for the Consolidated Government. It is the foundation for LCG's allocation of resources toward service delivery plans for the coming fiscal year. The budget is reported using the current financial resources measurement focus and is consistent with generally accepted accounting principles (GAAP) as applied to governmental units. Appropriations define the cash limits that cannot be exceeded. No reference is given to when revenues are earned or expenses are incurred. For budgetary purposes, these items are only recognized when received or paid. Non-cash items such as depreciation and amortization are not budgeted.

Conversely, the government-wide, proprietary and fiduciary fund financial statements are reported using the economic resources measurement focus and the modified accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Nonexchange transactions in which the government gives (or receives) value without directly receiving (or giving) equal value in exchange include property taxes, grants, and entitlements. On an accrual basis, property taxes are recognized in the year for which the taxes are levied. Revenue from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied.

Local Economy

The business base of the Parish includes energy services, manufacturing, health care, transportation and distribution, education, information technology, finance, tourism, and other service-related industries. The population in Lafayette's trade market is over 600,000 people with over one million tourists visiting the area each year. More than twenty percent of the dollars spent in the Parish come from visitors outside the Parish borders.

Sales taxes make up one of the largest parts of local revenues and are usually restricted (dedicated) to specific uses by the voters. Currently, residents are charged a total of nine percent (9%) sales tax. Lafayette City-Parish Consolidated Government has a two percent (2%) general sales and use tax for the City of Lafayette and a one percent (1%) general sales and use tax for the Parish. In 2016, total retail sales reached \$5.78 billion, a decrease of \$228 million from the previous year. The highest year on record for total retail sales was 2014 when sales reached \$6.4 billion.

Proceeds of the 1961 one percent (1%) general sales and use tax levied by the City of Lafayette are dedicated to capital improvements such as street improvements, building construction, drainage, and any other work of permanent public improvement. Proceeds of the 1985 one percent (1%) general sales and use tax levied by the City of Lafayette are dedicated to capital improvements for streets and drainage. Both the 1961 and 1985 general sales and use taxes are dedicated to supplementing the revenues of the City's General Fund after providing the debt service on outstanding bonds, provided that such an amount cannot exceed 35% of the annual sales tax revenues.

Lafayette Parish is authorized by the voters of the Parish to levy and collect one percent (1%) general sales and use tax on a parish-wide basis except for territory located within the boundaries of any incorporated municipality situated within the Parish. The net proceeds of the sales tax are deposited in the Parish General Fund for general expenditures.

Between fiscal year 2015 and 2016, total sales tax revenues decreased by \$3.9 million. The decrease in sales tax revenues between fiscal year 2015 and 2016 are mainly due to the decline in the oil and gas industry. The five year trend for sales tax at the fund level has been as follows:

Fiscal Year	City-1961	City-1985	Parish	TIF MM103	Total
2012	\$40,814,786	\$34,659,644	\$6,101,929	\$1,117,970	\$82,694,329
2013	\$42,304,925	\$36,014,309	\$6,363,562	\$1,156,773	\$85,839,569
2014	\$44,212,574	\$37,532,841	\$6,675,866	\$1,224,206	\$89,645,487
2015	\$44,694,734	\$37,804,976	\$5,812,450	\$1,258,320	\$89,570,480
2016	\$43,337,302	\$36,122,279	\$4,664,950	\$1,524,519	\$85,649,050

For further information regarding sales taxes, please refer to our Statistical Section that immediately follows the Financial Section of this report.

In December of 2016, Milken Institute ranked the Lafayette Metropolitan Statistical Area (MSA) 148 out of 200 largest metros in the Best Performing Cities Index. In November of 2016, the unemployment rate for Lafayette Parish was 5.5%, above the national average of 4.6%. The per capita income is \$49,496 with an average single family home price of \$238,891. The overall cost of living is 9.6%, below the national average.

The Lafayette Parish School System includes 41 schools, 23 elementary schools, 11 middle schools, and 7 high schools. Included in the system are 5 schools of choice, 6 high school academies, foreign language immersion curriculums, and gifted and talented programs. Lafayette is also home to the University of Louisiana at Lafayette (UL Lafayette) which is part of the University of Louisiana System. The University is the second largest university in Louisiana with more than 19,000 students. UL Lafayette offers bachelors, masters, and doctoral degrees in curriculums ranging from the humanities to hard sciences. It is one of the top-ranked universities in the south.

August 2016 Flood

On the morning of August 12, 2016, a historic flood swept through Lafayette Parish. The Mayor-President declared a state of emergency for the Parish. The Vermilion River Surrey Street gauge measured the crest around 18.5 feet on August 13, 2016 – second to the 1940 flood, the highest recorded in the Parish's history, which crested at 24.87 feet. According to the National Weather Service (NOAA), the flooding could have been attributed to the high tides in Vermilion Bay combined with heavy rainfall in parishes south of Lafayette, preventing the water from draining in the normal manner.

On August 16, 2016, the Lafayette Office of Emergency Preparedness and Homeland Security received official notice from FEMA that Lafayette Parish had been included in a federal disaster declaration. A local FEMA Disaster Recover Center (DRC) was established for individuals to register for assistance.

The U.S. Department of Housing and Urban Development (HUD) awarded an early infusion of \$1.9 million for disaster recovery following the August 12 flood. The award was targeted to meet emergency community development needs while additional federal appropriations were vetted and could be used to fill immediate shortfalls by flood survivors. HUD identified the flooding in Louisiana in 2016 as the most significant of the 26 major presidentially declared disasters of the year.

Major Initiatives

PlanLafayette, the comprehensive master plan for Lafayette City-Parish Consolidated Government was adopted in June of 2014 by the Planning Commission and endorsed by the City-Parish Council. *PlanLafayette* is a long-range plan or “guide book” for the growth, development, and redevelopment of Lafayette. The plan is referred to as “comprehensive” because it is based on community research and trends and coordinates many different aspects of anticipated growth and building such as land use and transportation. It is a vision for the community twenty years into the future.

In 2014 and 2015, to ensure oversight and support of the plan, LCG’s practice of short-term and long-term planning was restructured and staff was reorganized. This reorganization ended with the transfer of the Metropolitan Planning Organization in June of 2015 to the jurisdiction of the Acadiana Planning Commission, a regional planning body.

Large implementation efforts like the Unified Development Code (UDC), the I-49 Federal TIGER (Transportation Investments Generating Economic Recovery) Grant, and Project Front Yard were the results of *PlanLafayette* and the vision created by the Lafayette community. The plan requires annual updates and monitoring. Across the government, nearly half of the 465 action items in the plan have been completed or have active implementation work ongoing.

Under the direction of the Mayor-President and taking the lead from more than forty action items in Lafayette’s Comprehensive Plan, Project Front Yard’s mission is to build awareness and stimulate improvement of the face of our local community. The parish-wide initiative to beautify the Lafayette community remains strong, with a new emphasis on supporting neighborhood revitalization efforts like the University Corridor project.

Project Front Yard is not a month long or year-long project. It is a cultural shift in the way our community considers beautification issues. Project Front Yard emphasizes that individual responsibility is necessary to help improve our shared public spaces. The momentum behind this effort can help ensure that the appearance of Lafayette’s gateways and neighborhoods is improved - through partnerships with individuals, organizations (including schools and churches), and the government. Ultimately, the effort is driven by the shared understanding that having a cleaner community will help lead to an increase in business “recruitability” and a more prosperous and flourishing community.

The I-49 Lafayette Connector/Evangeline Corridor Initiative is a future 5.5 mile segment of limited access highway that will extend I-49 from I-10 to the Lafayette Regional Airport. The I-49 Lafayette Connector is a key component of I-49 South. During the upcoming fiscal year, Lafayette as a community will continue the ongoing public input process for the design of the Lafayette Connector as well as the associated neighborhood planning efforts of the Evangeline Corridor Initiative (funded in part by the federal TIGER grant). *PlanLafayette* underscored the opportunities provided by the Lafayette Connector project as well as the need for associated neighborhood investment. Throughout the next year, neighborhood outreach and planning efforts will continue to ensure the interstate investment is leveraged for the benefit of the surrounding communities and the possible negative impacts to the community are mitigated.

Target Zero is a non-profit consulting organization that offers training services to open admission animal shelters accepted into their fellowship program. Lafayette was accepted into its fellowship program in May 2016. The goals of Target Zero and Lafayette City-Parish Consolidated Government are to help the community decrease shelter intake and achieve a 90% plus live release with proven and often cost saving strategies. The Lafayette Animal Control Shelter’s top priorities in the coming fiscal year are to

drastically decrease euthanasia rates and implement cost effective spay/neuter programs and community cat diversion programs. The Mayor-President's office is working in conjunction with Target Zero to identify and apply for grant funding to assist the Lafayette Animal Control Shelter.

LUS Fiber is the area's only 100% community owned fiber optic network offering telephone, cable, and Internet services to the home and local businesses. In 2014, LUS Fiber was recognized by Open Technology Institute for offering the "Fastest Internet in the World" tied with only six other cities including Tokyo, Seoul, Hong Kong, and three cities in North America. Lafayette was also named one of the "Best Under the Radar Tech Hubs in the South" by Southern Business and Development. As a start-up company serving its first customer in 2009, it has made significant financial strides in a short amount of time by becoming cash positive in fiscal year 2013. It has been cited as an example of broadband success by the chairman of the Federal Communications Commission and mentioned by the President of the United States during announcements he made about broadband policy. LUS Fiber achieved more than \$36 million in revenues in 2016 while offering expanded services to more customers and helping attract new businesses and healthy growth. LUS Fiber's sponsorship of Festival International De Louisiane in April is a unique advertising opportunity and showcases its technology in the community.

April 2016 marked the one year anniversary of LCG's first Telemedicine Clinic in partnership with Lafayette General Health (LGH). The City Hall clinic offers a productive and healthy way for LCG employees to receive diagnosis and treatment for minor medical issues without ever leaving work. An LUS Fiber high-speed Internet connection virtually links patients to an offsite physician while the LCG Registered Nurse aids the patient and serves as a communication liaison for the physician. Patients receive quick and quality care provided via streaming live-feed during the patient visit. Tools such as a digital stethoscope or otoscope transmit accurate and real-time readings to the physician's office. The patient also has the ability to see the same thing as the physician during the visit. In many cases, the clinic's patients are also able to return to work right after their visit.

Relevant Financial Policies

Fund/Department Structure

The fund structure for LCG is especially complex. City and Parish funds are accounted for separately due to the source of revenue and authority granted by the voters of both the City and the Parish. There are two general funds; one for the City and one for the Parish that are reported as one combined general fund to comply with generally accepted accounting principles. Combined, there are over fifty general governmental funds (special revenue, debt service, and capital projects), four internal service funds, and five business type funds.

Investment Management

The Cash Management Rules and Guidelines of LCG address the following areas:

- Scope, Prudence, and Objectives
- Delegation of Authority
- Authorized Financial Dealers and Institutions and Diversification in Authorized and Suitable Investments
- Collateralization
- Safekeeping and Custody

It is the policy of LCG to invest public funds in a manner which conforms to existing Louisiana State Statutes governing the investment of public funds and LCG's Home Rule Charter while receiving a maximum rate of return. LCG's Investment Policy has the following objectives: safety, liquidity, yield, and public trust. Authorized security purchases include:

- U.S. Treasury Bills, Notes, and Bonds with maturities not to exceed two years.

- Federal agency and instrumentality coupon debentures and discount notes with maturities not to exceed two years – limited to Federal Home Loan Bank, Federal National Mortgage Association, Federal Farm Credit Bank, and Federal Home Loan Mortgage Corporation.
- Repurchase agreements with a maturity not to exceed six months on the above securities collateralized at a minimum of 102 percent of the purchase price of the repurchase agreement.
- The purchase of any securities listed in the first two bullets in excess of two years must be pre-approved in writing by the Chief Financial Officer.

Fund Balance Policy

Governmental funds report the difference between their assets and liabilities as fund balance. Under generally accepted accounting principles (GAAP), fund balance is divided into two major components; Nonspendable and Spendable. Nonspendable is that portion of fund balance that is not available for appropriation because the assets it represents are not in a spendable form, such as inventory. Spendable Fund Balance is further broken down into four categories; restricted, committed, assigned, and unassigned. It is the unassigned portion of fund balance that can be appropriated without external or internal restrictions. It is the intent of LCG Administration to maintain its unassigned fund balances for the City General Fund at 20% of the total fund's operating expenses. Under this policy, LCG Administration in its budgeting process submits a proposed budget to the City-Parish Council that adheres strictly to the fund balance requirements. This policy has not been ratified by the City-Parish Council and during the budget adoption process the City-Parish Council may, at their discretion, amend the budget in such a way that this policy is violated. In such cases, policy violations will be discussed in the Administration's transmittal letter in the final budget document. Additionally, the City-Parish Council may be asked to provide a discussion of these decisions and, if provided, will be included in the final budget document as well.

Debt Policy

LCG's debt is issued primarily as a financing tool for infrastructure (such as streets, drainage, and utilities) and infrastructure improvements. A careful balance between debt financed projects and pay-as-you-go capital projects is maintained. Capital projects that may be funded by debt are evaluated within the context of LCG's long range capital improvement program and debt is only issued after careful consideration of current debt levels, economic conditions, the availability of alternative funding sources, and key debt and liquidity ratios. Bond covenants require that the average annual revenues for the City of Lafayette sales tax collections for the two most recent fiscal years must equal or exceed 1.5 times the highest combined principal and interest requirements for any succeeding fiscal year on all City sales tax bonds outstanding. It is the Administration's policy to maintain a higher City sales tax ratio of 2.0.

Louisiana Revised Statutes limit the Parish's general obligation bonded debt for other purposes to 10% of the assessed valuation of the taxable property for a single purpose with no limit on the number of purposes. The City may issue general obligation bonded debt in excess of 10% of the assessed valuation of the taxable property for any single purpose provided that the aggregate for all such purposes (determined at the time of issuance of the bonds) does not exceed 35% of the assessed valuation of the taxable property of the City.

Compliance with all bond covenants, bond ordinances, contracts, etc. are monitored. Additionally, required financial data and event information are uploaded to the Electronic Municipal Market Access (EMMA) which is the official repository for information on virtually all municipal bonds.

Revenue Policy

LCG endeavors to have a diversified and stable revenue system to protect against unforeseeable short-term fluctuations in any one revenue source. Revenue forecasts are based on the best information available and take into consideration historical trends, current economic factors (such as property assessments and retail sales trends), and projected activity. Revenues are budgeted conservatively but if economic downturns develop which could result in revenue shortfalls adjustments in budgeted

expenditures are made to compensate. LCG establishes and monitors user fees and charges based on the cost of services and community benefit. Services may be subsidized as the City-Parish Council deems necessary. The use of one-time revenues or those of an unpredictable nature to fund on-going expenditures is discouraged. LCG pursues alternate methods of financing such as federal and state grants and intergovernmental agreements.

Expenditure Policy

All department directors share in the responsibility of looking at and understanding LCG's long-term financial viability, the general spending trends of their respective departments, the projected departmental revenues, and educating themselves and their staff on the necessary short and long-term balance between revenues and expenses. Departmental budgets are submitted to the Administration with these responsibilities in mind and budgets are typically zero-based or status quo with little or no increase to expenditures contemplated. As the Administration evaluates budgetary requests, higher priority is given to expenditures which provide direct public services and public health and safety. The highest priority is given to the payment of bonds, notes, contracts, accounts payable, and other monetary liabilities. An appropriate balance between these priorities and the dollars provided towards the assurance of good management and legal compliance is strived for.

Capital Improvements

LCG maintains a Five-Year Capital Improvement Program (including anticipated funding sources) which is updated annually and is approved by the City-Parish Council during the budget process. Capital improvement projects are defined as infrastructure, equipment purchases, or construction that results in a capitalized asset and having a useful life of more than one year.

In addition to a Five-Year Capital Improvement Program, Section 5-05 of the Home Rule Charter requires that a capital improvement budget must include the estimated annual cost of operating and maintaining the capital improvement to be constructed or acquired.

Proposed capital projects are reviewed by departmental directors, staff, and Administration. Priority of projects is based on financial sources available and/or debt considered and overall consistency with LCG's goals and objectives.

Internal Controls and Fiscal Monitoring

City-Parish management is responsible for establishing, implementing, and maintaining a framework of internal controls designed to ensure that City-Parish assets are protected from loss, theft, or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP).

The system of internal control is designed to provide reasonable but not absolute assurance regarding: 1) the safeguarding of assets against loss from unauthorized use or disposition, 2) the reliability of financial records for preparing financial statements, and 3) accountability for assets. The concept of reasonable assurance recognizes that the cost of control should not exceed the benefits likely to be derived and the valuation of costs and benefits requires estimates and judgments by management.

Financial systems will maintain internal controls to monitor revenues, expenditures, and program performance on an ongoing basis. As required by the Home Rule Charter and/or internal written policy, monthly financial reports are prepared as well as departmental meetings held to review the status of revenues and expenditures and compliance to the adopted budget.

Long-term Financial Planning

The City of Lafayette, through the Lafayette Public Power Authority (LPPA), acquired a 50 percent ownership interest in a fossil fuel steam electric generating unit known as Rodemacher Unit 2 ("Unit 2").

The output of Unit 2 is sold by LPPA to the City in accordance with a long-term power sales contract whereby LPPA agreed to sell and the City agreed to purchase LPPA's share of the power and energy produced by Unit 2. The contract expires August 31, 2047. Payments under the contract are specified to be sufficient to pay all costs of LPPA in connection with Unit 2 including LPPA's share of operation and maintenance of Unit 2, debt service requirements, and all other financial obligations of LPPA's share of Unit 2. These obligations are payable as an operating expense of the Utilities System Fund and payable solely from the revenues of the Utility System. Expenses related to fuel, purchased power, and associated costs are recovered through a fuel charge established by the director of the Utilities System. The payments to LPPA are required to be made whether or not Unit 2 is operating or inoperable.

Awards and Acknowledgements

The Governmental Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Lafayette City-Parish Consolidated Government for its comprehensive annual financial report (CAFR) for the fiscal year ended October 31, 2015. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable program requirements.

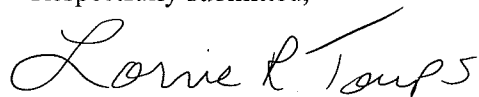

A Certificate of Achievement is valid for a period of one year only; however, we believe that our current annual financial report continues to meet the Certificate of Achievement for Excellence in Financial Reporting Program's requirements and we are submitting it to GFOA to determine its eligibility for another certificate.

In addition, Lafayette City-Parish Consolidated Government also received GFOA's Distinguished Budget Presentation Award for its annual operating budget prepared for the fiscal year covered by this Comprehensive Annual Financial Report. This was the third consecutive year that the government has received this award. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, an operations guide, a financial plan, and a communications device.

The preparation of this report on a timely basis could not have been accomplished without the dedicated services of a highly trained and qualified staff. I also would like to acknowledge the thorough, professional, and timely manner in which the audit was conducted by our independent auditors Kolder, Champagne, Slaven, & Company, LLC.

In addition, we express our appreciation to Mayor-President, Mr. Joel Robideaux and the members of the City-Parish Council for their interest and support in planning and conducting the financial affairs of the City-Parish in a responsible and progressive manner during their terms in office.

Respectfully submitted,

Lorrie R. Toups, CPA

INDEPENDENT AUDITORS' REPORT

To the Lafayette City-Parish
Council of Lafayette, Louisiana

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Lafayette City-Parish Consolidated Government (the Government), as of and for the year ended October 31, 2016, and the related notes to the financial statements, which collectively comprise the Government's basic financial statements, as listed in the table of contents. We did not audit the financial statements of Cajundome Commission, City Court of Lafayette, Lafayette Regional Airport, Lafayette Parish Waterworks District North, Lafayette Parish Waterworks District South, Lafayette Parish Bayou Vermilion District, and Lafayette Parish Communication District, component units, which represent 85.05% and 96.72%, respectively, of the assets and program and general revenues of the aggregate discretely presented component units. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for Cajundome Commission, City Court of Lafayette, Lafayette Regional Airport, Lafayette Parish Waterworks District North, Lafayette Parish Waterworks South, Lafayette Parish Bayou Vermilion District, and Lafayette Parish Communication District is based on the reports of other auditors.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained and the audit evidence obtained by other auditors is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Government, as of October 31, 2016, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 34 to the basic financial statements, the Government had a prior year restatement. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, budgetary comparison schedule, schedule of funding progress, schedule of employer's share of net pension liability, and schedule of employer contributions on pages 4 through 15 and 101 through 104, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Government's basic financial statements. The introductory, other supplementary information, and statistical section are presented for purposes of additional analysis and are not a required part of the financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The governmental funds, nonmajor enterprise funds, internal service funds, nonmajor component unit combining statements, Utility System Fund statement, and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied by us and other auditors in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion and the opinion of other auditors, the governmental funds, nonmajor enterprise funds, internal service funds, nonmajor component unit combining statements, Utility System Fund statement, and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole. The prior year comparative information on the governmental funds and nonmajor enterprise funds combining statements has been derived from the Government's 2015 financial statements, which was subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, was fairly presented in all material respects in relation to the financial statements as a whole.

The introductory section, budgetary comparison schedules, governmental fund schedules of revenues, expenditures, and changes in fund balances – budget to actual, schedules of expenditures compared to capital budget, and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated April 13, 2017, on our consideration of the Government's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Government's internal control over financial reporting and compliance.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Management's Discussion and Analysis
October 31, 2016

Lafayette City-Parish Consolidated Government (LCG) presents the following discussion and analysis of the financial performance during the fiscal year ending October 31, 2016. This discussion and analysis is intended to assist readers in focusing on significant financial issues and changes in financial position and identifying any significant variances from the adopted budget. We encourage readers to consider the information presented here in conjunction with additional information presented in the financial statements provided in this report. All amounts, unless otherwise indicated, are expressed in millions of dollars.

Financial Highlights

- The assets and deferred outflows of LCG exceeded its liabilities and deferred inflows by \$976.1 (net position).
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$43.1, or 41.9% of total General Fund expenditures and other financing uses. Ending Fund Balance for the General Fund notes an increase of \$3.2 or 7.6% over 2015.
- LCG issued City Public Improvement Sales Tax Refunding Bonds during the fiscal year which resulted in a debt service reduction of \$14.4 and an economic gain of \$13.9.
- Lafayette Public Power Authority issued Electric Revenue Refunding Bonds during the fiscal year which resulting in a debt service reduction of \$2.5 and an economic gain of \$1.9.
- At the beginning of FY 2016, LCG changed the Animal Control Shelter Fund from an enterprise fund to a special revenue fund. The operations of the Animal Control Center are now primarily supported through the Combined Public Health millage and are not dependent upon charges for services. This change resulted in a restatement of the FY 2015 net position. Note 34 of the Notes to the Basic Financial Statements contain more discussion and graphical presentation.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to LCG's basic financial statements, which have three components: 1) government-wide financial statements, 2) fund financial statements and 3) notes to the basic financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview similar to private-sector business financial presentations.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Management's Discussion and Analysis (Continued)
October 31, 2016

The *statement of net position* presents information on all of LCG's assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of LCG is improving or deteriorating.

The *statement of activities* presents information showing how the government's net position changed during the fiscal year. Changes in net position are recorded when the underlying event giving rise to the change occurs regardless of the timing of the cash flows. Therefore, revenues and expenses reported in this statement for some items will not result in cash flows until future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave). Both of the government-wide financial statements distinguish functions of LCG that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees or charges (business-type activities). Governmental activities include general government, public safety, public works, urban redevelopment and housing, culture and recreation, health and welfare, economic opportunity, and economic development and assistance.

The business-type activities reflect private sector type operations where the fee for service typically covers all or most of the cost of operations including depreciation. The City's electric, water, wastewater, fiber optics utilities funds, along with LCG's solid waste collection, environmental services, and CNG service station funds are reported here.

Fund Financial Statements

The accounts of LCG are organized on the basis of funds, each of which is considered a separate accounting entity. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Fund financial statements are used to present financial information detailing resources that have been identified for specific activities. The focus of the fund financial statements is on LCG's major funds although non-major funds are also presented in aggregate and further detailed in the supplementary statements.

LCG uses fund accounting to ensure and demonstrate compliance with requirements placed on resources. Funds are divided into three categories: governmental, proprietary and fiduciary. Fund financial statements allow LCG to present information regarding fiduciary funds since they are not reported in the government-wide financial statements.

Governmental Funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. Unlike the government-wide financial statements, governmental fund financial statements focus on near-term outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's current financing requirements.

LCG has presented the General Fund and the Sales Tax Capital Improvement Fund as major funds. All non-major governmental funds are presented in one column, titled "Other Governmental Funds". Combining financial statements of the non-major funds can be found in the other supplementary information section that follows the basic financial statements.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Management's Discussion and Analysis (Continued)
October 31, 2016

Proprietary Funds encompass both enterprise and internal service funds on the fund financial statements. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. Internal service funds are an accounting device used to accumulate and allocate costs internally among LCG's various functions. LCG uses internal service funds to account for its central vehicle maintenance, central printing, self-insured insurance and group hospitalization activities. Because all of these services predominantly benefit governmental rather than business-type functions, they have been included within the governmental activities section in the government-wide financial statements. Combining statements of the non-major individual enterprise and internal service funds can be found in the other supplementary information section following the basic financial statements.

Fiduciary Funds are used to account for resources held for the benefit of parties outside the primary government. Fiduciary funds are not reflected in the government-wide financial statements as the resources of those funds are not available to support LCG's programs and operations. With the exception of agency funds, the accounting for fiduciary funds is much like that used for the proprietary funds.

Notes to the Basic Financial Statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements and are a required part of the basic financial statements.

Other Supplementary Information – In addition to the basic financial statements and accompanying notes, this report also presents the required supplementary information of LCG's General Fund budgetary comparison schedules that demonstrate compliance with its budget.

Also included in the report are the Uniform Guidance, Auditors' reports, findings and schedules and the statistical section.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT

Management's Discussion and Analysis (Continued)
October 31, 2016

Government-Wide Financial Statement Analysis

The following schedule reflects the condensed Statement of Net Position for October 31, 2016, with comparative figures for 2015:

Condensed Statement of Net Position (in millions)
Year-Ended October 31, 2016 and 2015

	Governmental Activities		Business-Type Activities		Total	
	2016	2015*	2016	2015*	2016	2015*
Assets:						
Current and other assets	\$ 304.1	\$ 317.8	\$ 83.0	\$ 78.4	\$ 387.1	\$ 396.2
Restricted assets	-	-	158.0	163.0	158.0	163.0
Capital assets	<u>609.0</u>	<u>599.8</u>	<u>770.7</u>	<u>771.5</u>	<u>1,379.7</u>	<u>1,371.3</u>
Total assets	<u>913.1</u>	<u>917.6</u>	<u>1,011.7</u>	<u>1,012.9</u>	<u>1,924.8</u>	<u>1,930.5</u>
Deferred Outflows of Resources	<u>62.7</u>	<u>37.8</u>	<u>34.4</u>	<u>26.8</u>	<u>97.1</u>	<u>64.6</u>
Liabilities:						
Current liabilities	13.4	13.4	16.7	17.1	30.1	30.5
Long-term liabilities	<u>514.1</u>	<u>511.7</u>	<u>494.0</u>	<u>502.7</u>	<u>1,008.1</u>	<u>1,014.4</u>
Total liabilities	<u>527.5</u>	<u>525.1</u>	<u>510.7</u>	<u>519.8</u>	<u>1,038.2</u>	<u>1,044.9</u>
Deferred Inflows of Resources	<u>5.7</u>	<u>5.2</u>	<u>1.9</u>	<u>1.4</u>	<u>7.6</u>	<u>6.6</u>
Net Position						
Invested in capital assets, net of debt	348.3	323.7	333.8	317.9	682.1	641.6
Restricted	176.1	182.0	142.0	143.9	318.1	325.9
Unrestricted	<u>(81.8)</u>	<u>(80.6)</u>	<u>57.7</u>	<u>56.7</u>	<u>(24.1)</u>	<u>(23.9)</u>
Total net position, as restated	<u>\$ 442.6</u>	<u>\$ 425.1</u>	<u>\$ 533.5</u>	<u>\$ 518.5</u>	<u>\$ 976.1</u>	<u>\$ 943.6</u>

*Restated

For the year-ended October 31, 2016, total assets and deferred outflows exceeded liabilities and deferred inflows by \$976.1. The largest portion of LCG's net position, \$682 (69.9%) represents its investment in capital assets less any related debt used to acquire those assets that are still outstanding, and includes assets such as land, infrastructure, improvements, buildings, machinery and equipment and intangibles.

Capital assets are used to provide services to the citizens of LCG and are not available for further spending. Although LCG's investment in capital assets is reported net of related debt, the resources needed to repay the debt must be provided from other sources as capital assets cannot be used to liquidate liabilities. Of the total net position, \$318.1 represents resources that are subject to external restrictions on how they may be used.

The deficit of \$81.8 in unrestricted net position in governmental activities is primarily the result of long-term liabilities such as the net pension liability required under GASB 68, and the liability for unused employee vacation and sick days not previously funded, which together exceed current assets that are not externally dedicated for specific purposes. The business-type activities unrestricted assets are \$57.7 at year end.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT

Lafayette, Louisiana

Management's Discussion and Analysis (Continued)

October 31, 2016

LCG's total revenues were \$548.7 and the total cost of all programs and services was \$516.2 resulting in an increase in net position of \$32.5. General revenues represented 33.6% of LCG's total revenue while program revenues provided 66.4% of total revenues. Business-type activity expenses totaled \$285 or 55.2% of the governments total expenses.

Governmental Activities net position increased \$17.5 in 2016 compared to \$31.7 in the prior year. The cost of all governmental activities this year was \$231.2 and reflected a 6.84% increase over 2015 expenses. LCG's largest program in governmental activities is public safety, with \$83.3 of resources applied thereto. Following that is general government, public works, and culture and recreation

Some factors affecting the change in net position for *Governmental Activities* were:

A decrease of \$3.1 in sales taxes

An increase of \$2.5 in property taxes

An increase of \$1.3 in other revenues, specifically non-employer pension contributions

An increase of \$1.9 in general government expenses

An increase of \$1.0 in culture and recreation expense

An increase of \$10.9 in public safety expense

A decrease of \$2.5 in interest on long-term debt

Business-Type Activities net position increased by \$15.0 in the current fiscal year compared to \$15.1 in the prior year. Charges for services make up 99% of the revenues in the business-type activities. The largest funds in this group are the Utilities System (LUS), Lafayette Public Power Authority (LPPA) and the Communications System. Charges for services decreased \$9.1 in the current fiscal year due predominately to fluctuations in the fuel adjustment charge for electric services. Communications System (LUSFiber) operating revenues increased by \$1.93 due to the additional customers served during 2016.

Financial Analysis of Governmental Funds

Activities of the Primary Government's General Fund, Special Revenue Funds, Debt Service Funds and Capital Projects Funds are considered general government functions. The General Fund is LCG's primary operating fund. Special Revenue funds are used to account for the proceeds of specific revenue sources that are restricted or committed to expenditures for specific purposes other than debt service or capital projects. Debt Service funds are used to account for financial activity related to the government's general bonded indebtedness, as well as other long-term obligations. Capital Projects funds are used to account for financial activity related to the government's indebtedness for capital projects, other agency contributions and the operating activities of those projects.

Total revenues declined \$759 thousand which is less than a 1% change when compared to the prior fiscal year revenues. Sales and use taxes declined \$3.9 in 2016, due predominately to a downturn in the oil and gas industry throughout the region. See the below section titled "Economic Factors and Next Year's Budget" for further discussion of sales taxes. This decline was offset by a \$2.5 increase in property taxes. Other revenue changes were part of expected normal operations.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Management's Discussion and Analysis (Continued)
October 31, 2016

As of the end of the fiscal year, LCG's governmental funds reported combined ending fund balances of \$265.6, a decrease of \$17.2 in comparison with the prior year. This decrease is the result of expected and planned capital outlay for on-going projects. Less than 1% of governmental funds fund balance is not spendable. The remaining 99.9% or \$265.2 is spendable. This represents \$207.7 restricted in use, \$542 thousand committed, \$13.8 assigned and \$43.2 unassigned. The unassigned fund balance represents amounts available for additional appropriations at the end of the fiscal year.

The total fund balance of the General Fund at year-end was \$46.1, an increase of \$3.2 from the previous year. The total spendable General Fund balance for fiscal year 2016 is \$46.1, which represents \$519 thousand in committed, \$2.4 in assigned and \$43.2 in unassigned fund balances. The unassigned fund balance represents amounts available for additional appropriations at the end of the fiscal year.

Fund balance in the Sales Tax Capital Improvement Fund had an increase of \$1.0 in 2016, primarily due to stable construction activity.

General Fund Budgetary Highlights

Changes in original budget appropriations to the final amended budget appropriations resulted in a net \$1.5 increase in appropriations. This increase can be summarized by the following:

- Public Works increased \$332 thousand which is attributable predominately to increases in appropriations for parking tower repairs and maintenance.
- Public Safety increased \$1.0 which is attributable to increases in uninsured losses and the transfer of appropriations from the Criminal Court Fund to the General Fund for salaries for the District Attorney and 15th Judicial District.
- General Government increased \$163 thousand which is attributable to an increase in appropriations for mapping services in relation to the tax assessor duties.

Final budgeted appropriations for the General Fund were \$96 while actual expenditures were \$88.4, creating a positive variance of \$7.5. Significant variances are as follows:

- General government had a positive variance of \$3.2 primarily due to reductions in operating expenses such as personnel salaries and related costs, contractual services, and incomplete projects.
- Public Works had a positive variance of \$731 thousand due to reductions in general operating costs and incomplete projects.
- Public Safety had a positive variance of \$3.3 due to the reduction of personnel salaries, transportation costs, reductions in telephone and utilities charges as well as other operating expenses.
- Miscellaneous departmental operations and incomplete grant programs make up the remainder of the unexpended appropriations.

Management's Discussion and Analysis (Continued)
October 31, 2016

Financial Analysis of Proprietary Funds

Proprietary Funds: Activities of the Primary Government's Utilities System Fund, Communications System Fund, Lafayette Public Power Authority Fund, Environmental Services Disposal Fund, and the CNG Service Station Fund are considered proprietary funds. Financial analysis of these activities is on the same basis as the business-type activities. As of the end of the current fiscal year, the primary government's proprietary funds reported ending net position of \$535.4, an increase of \$16.5 or 3% in comparison with the prior year. The majority of the increase in ending net position is due primarily to a change in the depreciable lives of LUSFiber assets resulting in a decrease in depreciation expense of \$4.4 million as well a decrease in the coal inventory of LPPA of \$2.5. Other changes that attributed to the increase in net position relate to normal operating revenue and expense fluctuations seen from year to year. Additional information on the change in depreciable lives can be found in Note 31 of this report.

Details of the proprietary funds are covered under the section titled "Government-Wide Financial Statement Analysis" on page 7.

Capital Asset and Debt Administration

Capital Assets: LCG's investment in capital assets for its governmental and business-type activities as of October 31, 2016 amounts to \$1,379.7 (net of accumulated depreciation). This investment in capital assets includes land, buildings and improvements, machinery and equipment, parking facilities, electric, water, wastewater, fiber optic utility facilities, roads, highways, bridges, and drainage systems. The net increase in LCG's investment in capital assets for the current fiscal year was \$8.4, or 0.61%.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Management's Discussion and Analysis (Continued)
October 31, 2016

Major capital asset events during the current fiscal year included the following:

- Continued or initiated construction of several major road improvement projects including East Pont Des Mouton widening, Kaliste Saloom Road widening, Landry Road widening, Camellia Boulevard rehabilitation, 2016 Rural Road overlay, reconstruction, and microsurfacing.
- Continued or initiated construction of drainage projects such as Isaac Verot Coulee (Cue Road).
- Continued or initiated construction of various bridge replacement projects including the W. Edith Road bridge replacement, Cocodril Road bridge replacement, Espasie Road bridge replacement, and Lajaunie Road bridge replacement.
- Continued or initiated construction of building projects such as the Lafayette Parish Courthouse asbestos abatement and upgrades to the first and second floors of the courthouse.
- Completed various street, bridge, and drainage projects including Robley Drive phase four extension, Ole Colony Road bridge replacement, Alonda Drive coulee wall repair, Ambassador Caffery Parkway phase six rehabilitation, Gumbleton Mallet Road rehabilitation, Lafitte Avenue drainage, and the West Pont Des Mouton turn lane.
- Completion of various building improvements including the Lafayette Parish Correctional Center plumbing upgrade, Lafayette Parish Courthouse elevator upgrades, and replacement of the Science Museum front door.
- Completed various Parks & Recreation improvements such as Clark Field restroom renovations, Girard Park coulee improvements, Girard Park water feature, and Hebert Golf Course maintenance and equipment storage facility.
- Completed the La Neuville electric substation.
- Continued or initiated construction of the Lafayette Utilities System information technology facility, Ambassador Caffery Parkway water and sewer expansion, Commission Boulevard water plant improvements, and the south wastewater treatment plant expansion.
- Completed various improvements and upgrades to the T.J. Labbe and Hargis-Hebert Power Plants, electrical substations, distribution lines, and transmission structures.
- Continued equipment and service installations of new telecommunications customers.
- Upgraded Mediaroom from 2.0 to 2.5 and replaced Mediaroom applications such as Remote DVR and STB caller ID.

Additional information on LCG's capital assets can be found in Note 8 of this report.

Long-Term Debt: At the end of the current fiscal year, LCG had total bonded debt outstanding of \$796.3. Of this amount, \$56.2 comprises debt backed by the full faith and credit of the Lafayette Parish government. The remainder of the debt represents bonds secured solely by specified revenue sources such as the Utilities System revenues, Communications System revenues and the 2% City sales tax revenues. There are no general obligation bonds outstanding for the City of Lafayette at the end of the fiscal year.

City certificates	4.4	4.7	-	-	4.4	4.7
Taxable refunding bonds	33.3	35.5	-	-	33.3	35.5
Utilities revenue bonds	-	-	236.9	251.8	236.9	251.8
Communications System revenue bonds	-	-	115.8	118.0	115.8	118.0
Lafayette Public Power Authority revenue bonds	-	-	95.5	96.7	95.5	96.7
Total	<u>\$ 372.9</u>	<u>\$ 401.9</u>	<u>\$ 456.7</u>	<u>\$ 475.0</u>	<u>\$ 829.6</u>	<u>\$ 876.9</u>

Lafayette Consolidated Government's total debt decreased during the year by \$47.3. New refunding bond issues for City Sales Tax Revenue Bonds resulted in debt service savings and combined with normal scheduled principal payments for existing debt account for this decrease. (See Note 15)

Standard & Poor's (S & P), Moody's and Fitch's underlying rating for LCG's obligations during fiscal year 2016 were as follows:

	Underlying Ratings		
	Moody's	S&P	Fitch
City of Lafayette Sales Tax Revenue Bonds - 1961 and 1985 Taxes	Aa3	AA	AA
Lafayette Parish General Obligation Bonds	Aa2	AA	-
City of Lafayette Utilities System Revenue Bonds	A1	AA-	-
Lafayette Public Power Authority Revenue Bonds	A1	AA-	-
City of Lafayette Utilities Communications System Revenue Bonds	A3	A+	-

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Management's Discussion and Analysis (Continued)
October 31, 2016

Computation of the legal debt margin (in whole dollars) for general obligation bonds is as follows:

Governing Authority: City of Lafayette, Louisiana

Ad valorem Taxes:

Assessed Valuation, 2015 tax roll (FY 2016) \$1,448,878,182

Debt Limit: 10% of Assessed Valuation (for any one purpose) \$ 144,887,818

Debt Limit: 35% of Assessed Valuation (aggregate, all purposes) \$ 507,107,364

There are no outstanding bonds secured by ad valorem taxes of the City of Lafayette at this time.

Governing Authority: Parish of Lafayette, Louisiana

Ad valorem Taxes:

Assessed Valuation, 2015 tax roll (FY 2016) \$2,081,902,895

Debt Limit: 10% of Assessed Valuation (for any one purpose) \$ 208,190,290

Debt outstanding \$ 56,235,000

The Louisiana Revised Statutes limit the City's bonded debt for any one purpose to 10% of the assessed valuation including homestead exemption property and 35% for all purposes. The Parish bonded debt is limited to 10% of the assessed valuation of the taxable property for any one purpose.

Economic Factors and Next Year's Budget

Many factors were considered when preparing the fiscal year 2017 budget. The status of the Lafayette economy was assessed as well as historical revenue and expenditure trends. The Lafayette MSA unemployment rate at fiscal year-end was 5.5%. This compares to a rate of 6.2% for the State of Louisiana and 4.6% for the United States. Per capita income has remained steady the past three years and notes per capita income of \$49,496 at the end of 2016.

The City's 2% general sales and use tax and the Parish's 1% general sales and use tax are major revenue sources to the General Fund, making up 30.5% of revenues. Beginning in FY 2015, a slowing in sales tax revenue was seen, culminating in a 3.7% and a 19.7% decrease in City and Parish sales tax, respectively for FY 2016. The FY 2017 budget was prepared with a flat or zero growth assumption for sales tax. Correspondingly, appropriations in the City General Fund assumed less than .5% growth for the fiscal year and budgetary cuts of 18.2% were made in the appropriations of the Parish General Fund. Amounts appropriated in the City General Fund FY 2017 budget totaled \$100.2. Amounts appropriated in the Parish General Fund FY 2017 budget totaled \$12.7. LCG continues to monitor the general sales and use tax trends and takes a proactive approach to material changes.

Another major revenue source to the General Fund is the Utilities System's payment in-lieu-of-tax (ILOT) which makes up 22.1% of the General Fund's revenues. The ILOT for fiscal year 2016 was \$23.5.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Management's Discussion and Analysis (Continued)
October 31, 2016

In order to maintain financial flexibility, conserve a sufficient fund balance, and allow for the controlled use of excess fund balance, the LCG administration adopted as part of its budgetary strategy a fund balance policy whereby a minimum maintenance level was set at 20% of annual expenditures. Excess fund balance over the minimum maintenance can be used as follows: 10% on recurring operating expenditures and 30% on one-time expenditures. In addition to these budgetary measures, LCG adopted a General Fund budget with a budgeted fund balance of 32.6% of annual expenses. As LCG enters its fiscal year 2018 budget preparation process (slated to begin May 2017), continued review of the budget will be done and further budgetary cuts and savings initiatives are contemplated.

Request for Information

Reconciliation of the Governmental Funds Balance Sheet
to the Statement of Net Position
October 31, 2016

Total fund balances for governmental funds at October 31, 2016		\$ 265,566,865
Total net position reported for governmental activities in the statement of net position is different because:		
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds. Those assets consist of:		
Land	\$ 43,375,791	
Construction in progress	29,020,945	
Land improvements, net of \$1,671,651 accumulated depreciation	6,372,167	
Buildings and improvements, net of \$92,544,242 accumulated depreciation	104,064,870	
Vehicles, net of \$38,444,049 accumulated depreciation	21,115,115	
Movables, net of \$25,856,923 accumulated depreciation	15,809,711	
Infrastructure, net of \$325,832,190 accumulated depreciation	<u>388,682,499</u>	608,441,098
Certain receivables are not available to pay for the current period's expenditures and, therefore, are not reported in the funds		7,004,702
The deferred loss on bond refunding is not an available resource, and therefore, is not reported in the funds		9,063,639
The deferred outflows of expenditures for the various pensions are not a use of current resources, and therefore, are not reported in the funds		53,660,697
Interest expense is accrued at year-end in the government-wide financial statements, but is recorded only if due and payable on the governmental fund financial statements		(1,595,002)
Long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the governmental funds.		
Long-term liabilities at October 31, 2016 consist of:		
Bonds and certificates of indebtedness payable	(348,148,925)	
Compensated absences payable	(15,795,073)	
Net pension liability	<u>(138,191,895)</u>	(502,135,893)
The deferred inflows of contributions for the various pensions are not available resources, and therefore, are not reported in in the funds		(5,684,467)
Internal service funds are used by management to charge the costs of certain activities to individual funds. The assets and liabilities of internal service funds are included in governmental activities in the statement of net position.		<u>8,357,628</u>
Total net position of governmental activities at October 31, 2016		<u>\$ 442,679,267</u>

The accompanying notes are an integral part of the basic financial statements.

The accompanying notes are an integral part of the basic financial statements.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Reconciliation of the Statement of Revenues, Expenditures, and
Changes in Fund Balances of Governmental Funds
to the Statement of Activities
For the Year Ended October 31, 2016

Total net changes in fund balances at October 31, 2016 per statement of revenues, expenditures and changes in fund balances	\$(17,233,986)
---	----------------

The change in net position reported for governmental activities in the statement of activities is different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Capital outlay and equipment purchases which are considered expenditures on the statement of revenues, expenditures and changes in fund balances	\$ 38,880,852	
Capital assets assigned from the Cajundome Commission	230,365	
Depreciation expense for the year ended October 31, 2016	(29,566,286)	
Loss on sale/disposal of capital assets	(331,476)	9,213,455

Because some revenues are not considered measureable at year end, they are not considered "available" revenues in the governmental funds.

Sales taxes	231,784	
Non-employer pension contributions	2,878,456	3,110,240

Bond proceeds are reported as financing sources in governmental funds and thus contribute to the change in fund balance. In the statement of net position, however, issuing debt increases long-term liabilities and does not affect the statement of activities. Similarly, repayment of principal and payments to escrow agent are recorded as expenditures in the governmental funds but reduce the liability in the statement of net position. Also governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities:

Bond proceeds	(39,950,000)	
Payment to escrow agent	51,837,344	
Principal payments	21,790,000	
Original issue premium on debt issued during the fiscal year	(4,100,852)	
Net bond premium, discount amortized	1,377,324	
Loss on refunding amortized	(810,224)	30,143,592

Difference between interest on long-term debt on modified accrual basis versus interest on long-term debt on accrual basis	101,788
--	---------

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Compensated absences	(399,343)	
Pension expense	(10,318,444)	(10,717,787)

Internal service funds are used by management to charge the costs of certain activities to individual funds. The net revenue (expense) of the internal service funds is reported with governmental activities	2,992,048
---	-----------

Total changes in net position at October 31, 2016 per statement of activities	\$ 17,609,350
---	---------------

The accompanying notes are an integral part of the basic financial statements.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements

(1) Summary of Significant Accounting Policies

The financial statements of Lafayette City-Parish Consolidated Government (the "Government") are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The accounting and reporting framework and the more significant accounting policies are described below.

A. Reporting Entity

The financial reporting entity consists of (a) the primary government, (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the primary government is not accountable, but for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Primary Government -

The Government operates under a home rule charter. The plan of government provided by the home rule charter is a President-Council form of government. The elected Mayor-President is the head of the executive branch and the elected Council (nine members) will constitute the legislative branch. The Government's operations include police and fire protection, public transportation (a Government-owned bus system), streets and drainage, parks and recreation, certain social services (including urban redevelopment and housing) and general administration services. The Government owns and operates four enterprise activities: (1) a utilities system which generates and distributes electricity and provides water and sewer services; (2) a fiber optic network which provides telephone, cable TV and internet services; (3) an environmental quality division which provides compost and solid waste disposal and other environmental services; and (4) a compressed natural gas service station which provides an alternative fuel source for both public and private vehicles.

Component Units -

Section 2100 of the 2011 Governmental Accounting Standards Board (GASB) *Codification of Governmental Accounting and Financial Reporting Standards*, "Defining the Financial Reporting Entity" establishes criteria for determining which entities should be considered a component unit and, as such, part of the reporting entity for financial reporting purposes. The basic criteria are as follows:

1. Legal status of the potential component unit including the right to incur its own debt, levy its own taxes and charges, expropriate property in its own name, sue and be sued, and the right to buy, sell and lease property in its own name.
2. Whether the primary government's governing authority (City-Parish Council or Mayor-President) appoints a majority of board members of the potential component unit and is able to impose its will on the potential component unit or the potential component unit is fiscally dependent on the primary government.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

3. Financial benefit/burden relationship between the primary government and the potential component unit.
4. The nature and significance of the relationship between the potential component unit with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading.

Based on these criteria, the Government includes the component units detailed below in the financial reporting entity.

Blended Component Unit -

Lafayette Public Power Authority (LPPA) - LPPA was created by the Louisiana Legislature for the purpose of acquiring electric generating facilities in conjunction with other governmental entities or private enterprises. LPPA owns 50% of a coal-fired generating plant in Boyce, Louisiana (other owners: Cleco - 30%; Louisiana Energy and Power Authority - 20%). All energy produced from LPPA's share of the facility is sold to the Government. Lafayette Public Utilities Authority (LPUA) is LPPA's governing authority and is comprised of City-Parish Council members whose council district includes sixty percent (60%) or more of persons residing in the City of Lafayette and the Government's Director of Utilities is its Managing Director. Although it is legally separate from the Government, LPPA is reported as if it were part of the primary government because its governing body is composed of much of the governing body of the Government and all of the energy generated is sold to the Government's Utilities System.

Discretely Presented Component Units -

Downtown Development Authority - Downtown Development Authority was created by the Louisiana Legislature to implement various plans to aid and encourage both private and public development of the Lafayette Centre Development District. The Council appoints the seven members of the Authority, and the Council must also approve any development plans of the Authority. Funding is provided by an ad valorem tax. The tax began in 1993 and renewed for a period of 15 years in 2008. The Authority's fiscal year end is December 31.

Firemen's Pension and Relief Fund and Police Pension and Relief Fund - These entities were created by the Louisiana Legislature to provide retirement and disability benefits to the firemen and policemen of the City of Lafayette. During a prior fiscal year, each merged with its respective statewide system. The funds will continue to exist until all assets have been liquidated. The entities' fiscal year end is October 31.

Cajundome Commission - Cajundome Commission was created in 1987 by an intergovernmental agreement between the City of Lafayette and the University of Louisiana - Lafayette, and is responsible for overseeing the operations of the Cajundome, a multi-purpose civic center. Three of the five members of the Commission are appointed by the Government, and the Government makes an annual contribution toward the operating and capital costs of the Cajundome. The Commission's fiscal year end is October 31.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

City Court of Lafayette - City Court of Lafayette was created by the special legislative act. City Court has jurisdiction to hear cases that deal with the City of Lafayette municipal ordinances, traffic violations, parking violations, and cases where the amount disputed or value of the property involved does not exceed \$15,000. The City judges are elected and cannot be removed by the City-Parish officials. City Court of Lafayette is fiscally dependent on the City. The Council has the ability to modify or approve its budget, which comes from the General Fund. There are certain funds collected by City Court, pursuant to state statute, which are under the control of City Court. Financial data reported for the City Court component unit is from its separately audited financial statements for the fiscal year ended October 31.

Lafayette Regional Airport - Lafayette Regional Airport is a municipally owned, non-hub airport located on U.S. Highway 90 East in the City of Lafayette. The Airport provides passenger service through three regional carriers. The major source of revenue for the Airport is rentals on buildings, hangars, land and terminal space. The Airport is governed by a seven member, non-elected commission. Five members are appointed by the Government, one member is appointed by the Mayor-President, and one member is appointed by the mayors of the various municipalities surrounding Lafayette. The City-Parish Council has the ability to approve and/or deny each annual budget for the commission. The Airport's fiscal year end is December 31.

Lafayette Parish Waterworks District North - Lafayette Parish Waterworks District North was created under the provisions of Louisiana Revised Statutes 33:3811, for the purpose of providing potable drinking water to the rural areas of Lafayette Parish. The District is governed by a board of commissioners composed of nine members appointed by the Government. Each board of commissioners serves a four year term and cannot serve more than 12 years. The Council has the ability to impose its will by setting rates and approving the District's debt. The District's fiscal year end is December 31.

Lafayette Parish Waterworks District South - Lafayette Parish Waterworks District South was issued a charter by the State of Louisiana and a franchise from the Parish of Lafayette on October 10, 1974. The District's purpose is to provide a water system for the southern district of Lafayette Parish. The Government's Council appoints the governing body of the District. The Council has the ability to impose its will by setting rates and approving the District's debt. The District's fiscal year end is August 31.

Lafayette Public Trust Financing Authority (LPTFA) - LPTFA was formed as a public trust on January 16, 1979 pursuant to Chapter 2-A of Title 9 of the Louisiana revised statutes. The Government's Council approves the by-laws and debt issues of LPTFA. The beneficiary of the trust is the City of Lafayette. LPTFA was created to provide financing to low and moderate income families within the Parish of Lafayette. The governing body is comprised of a board of seven trustees appointed by the Government's Council. LPTFA's fiscal year end is March 31.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

Lafayette Parish Bayou Vermilion District - Lafayette Parish Bayou Vermilion District is a corporate body created under Chapter 32 of Title 33 of the Louisiana Revised Statutes of 1950, comprised of R.S. 33:9201 through 33:9210. The District is governed by a Board of Commissioners composed of nine members. Two members are appointed by the chief executive officers of the incorporated municipalities of Lafayette Parish other than the City of Lafayette; one member is appointed by the chief executive officer of Lafayette Consolidated Government; three members, one of whom shall be a black citizen, shall be appointed by the governing authority of the City of Lafayette; one member shall be appointed by the chief executive officer of Lafayette Parish; and two members shall be appointed by the governing authority of Lafayette Consolidated Government.

The District's purpose is that of improving the water quality and the aesthetics of the Bayou Vermilion within the Parish of Lafayette in an effort to promote the bayou as a recreational and cultural asset to create and control a new type of viable economic development adjacent to Bayou Vermilion so as to provide a diversified economic base for the City and Parish of Lafayette and to do any and all other act which would enhance the general condition of Bayou Vermilion. The Council has the ability to impose its will on the District by approving the levying of taxes and the issuance of debt. The District's fiscal year end is December 31.

Lafayette Parish Communication District - Lafayette Parish Communication District consist of the "911" Fund, the Office of Homeland Security and Emergency Preparedness Fund, and the Communication System Management Fund. The "911" Fund was created by House Bill No. 480, Act No. 788 and signed into law July 18, 1979 for the purpose of establishing local emergency telephone response service for Lafayette Parish. The Lafayette City-Parish Council acting as the governing authority for Lafayette Parish shall determine the methods and sources of funding for the district. The Office of Homeland Security and Emergency Preparedness Fund (OHSEP) was consolidated with Lafayette Parish Communication District on November 1, 1984. Funding for OHSEP is provided by State of Louisiana Office of Homeland and Emergency Preparedness and the Government. Any revenues in excess of expenditures are refunded proportionately to the City and Parish of Lafayette at the end of each fiscal year. The Communication System Management Fund (CSMF) was established on November 1, 1986 to administer the City of Lafayette's 800 Megahertz Radio System. CSMF charges Lafayette Utilities System and surrounding communities a rental fee for radio tower usage. The City of Lafayette reimburses CSMF for excess expenditures over revenues received from tower rentals. The Districts fiscal year end is October 31.

Complete financial statements of the above component units that issue separate financial statements can be obtained at the office of the Legislative Auditor of the State of Louisiana, 1600 North 3rd, Baton Rouge, Louisiana 70802.

Related Organizations

The Government is responsible for appointing members of the boards of other organizations, but the Government's accountability for these organizations do not extend beyond making the appointments.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

The following agencies are related organizations to the Government. Each organization's financial statements, for those that issue financial statements, can be obtained at their respective administrative offices listed as follows:

Industrial Development Board
(no financial statements)

Housing Authority of Lafayette
115 Kattie Drive
Lafayette, Louisiana 70501

Lafayette Parish Conventions and Visitors Commission
Post Office Box 52066
Lafayette, Louisiana 70505

Lafayette City-Parish Recreation Advisory Commission
(no financial statement)

Lafayette Crime Prevention Advisory Commission
(no financial statement)

Planning and Zoning Commission
(no financial statements)

Joint Ventures

The Government, in conjunction with the Lafayette Parish Sheriff's Office, has entered into an agreement to create the Lafayette Metro Narcotics Task Force (Task Force). The Task Force is solely responsible for the operations of its office. Other than certain operating expenditures that are paid or provided by the members of the joint powers agreement, the Task Force is financially independent. For 2016, the Government's operating appropriation was \$10,000. The Task Force's financial statements can be obtained at the following:

Lafayette Metro Narcotics Task Force
Post Office Box 60309
Lafayette, Louisiana 70596-0309

The Acadiana Criminalistics Laboratory Commission (Acadiana Crime Lab) was created by State statute and is comprised of a 21 member board of commissioners, for which the Government has one appointment. The Acadiana Crime Lab is financed primarily through court costs with any deficit allocated on a pro rata basis to each participating Parish. For 2016, the Government's operating appropriation was \$250,067. The Acadiana Crime Lab's financial statements can be obtained at the following:

Acadiana Criminalistics Laboratory Commission
5004 West Admiral Doyle
New Iberia, Louisiana 70560

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

Jointly Governed Organization

The Government is responsible for appointing one member of the Teche-Vermilion Fresh Water District. This appointment represents less than a voting majority of this respective board. There is no ongoing financial interest or ongoing financial responsibility for this organization.

B. Basis of Presentation

The Government's basic financial statements consist of the government-wide statements on all of the non-fiduciary activities of the primary government and its component units and the fund financial statements (individual major fund and combined nonmajor fund). The statements are prepared in accordance with accounting principles generally accepted in the United States of America as applied to governmental units.

Government-Wide Financial Statements - (GWFS)

The government-wide financial statements include the statement of net position and the statement of activities for all non-fiduciary activities of the primary government and the total for its component units. As a general rule, the effect of interfund activity has been removed from these statements. Exceptions to the general rule are payments between the enterprise funds and other various functions of government for charges such as electric fees and contributions between the primary government and its component units which are reported as external transactions. These statements distinguish between the governmental and business-type activities of the Government. Governmental activities generally are financed through taxes, intergovernmental revenues and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties. The primary government is reported separately from the legally separate component units as detailed in the previous section.

In the government-wide statement of net position, both the governmental and business-type activities columns (a) are presented on a consolidated basis by column, (b) and are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The Government's net position is reported in three parts – net investment in capital assets, restricted net position; and unrestricted net position. The Government's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

The government-wide statement of activities reports both the gross and net cost of each of the Government's functions and business-type activities. The functions are also supported by general government revenues (property taxes, sales and use taxes, certain intergovernmental revenues, etc.). The statement of activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and for various services provided and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. The net cost (by function or business-type activity) is normally covered by general revenue (property taxes, sales taxes, intergovernmental revenues, interest income, etc.).

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

Indirect costs are based on a study conducted annually by MGT of America, Inc. A Full Cost Allocation Plan is generated which allocates support services (purchasing, accounting, personnel, building maintenance, etc.) provided by the General Fund to various City-Parish departments/funds. These costs are recorded as expenditures/expenses in the funds being charged and as charges for services in the General Fund. Support services allocated for 2016 amounted to \$441,911 for grant programs and \$7,251,305 for other funds.

Fund Financial Statements - (FFS)

The fund financial statements provide information about the Government's funds, including its fiduciary funds and blended component units. Separate statements for each fund category - governmental, proprietary, and fiduciary - are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies and investment earnings, result from nonexchange transactions or ancillary activities.

The Government reports the following major governmental funds:

General Fund -

This is the Government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. The Government is required to maintain two separate general funds as follows: 1) City General Fund which accounts for resources used to finance the legally defined services of the City government; and 2) Parish General Fund which accounts for resources used to finance the legally defined services of the Parish government.

Sales Tax Capital Improvements Fund -

This fund accounts for the portion of proceeds derived from the City's sales and use tax that is dedicated for capital improvements.

The Government reports the following major enterprise funds:

Utilities System Fund -

This fund accounts for the provision of electric, water and sewer services to the residents of the City and some residents of the Parish. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations, maintenance, financing and related debt service, and billing and collections.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

Communications System Fund -

This fund accounts for the provision of wholesale fiber bandwidth to retail companies for resale and the provision of telephone, cable TV and internet services to residents of the City. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations, maintenance, financing and related debt service, and billing and collections.

Lafayette Public Power Authority (LPPA) -

This fund accounts for the operations of a coal-fired electric generation plant in Boyce, Louisiana, and the sale of energy produced to the Government. LPPA owns 50% of the total plant and accounts for 50% of total costs. The City has agreed to purchase all electric power from LPPA under the terms of a power sales contract. All activities necessary to provide such services are accounted for in LPPA, which is a blended component unit of the Government.

In addition, the Government reports the following:

Internal Service Funds -

These funds account for vehicle and transportation services, printing services, and self-insurance including medical insurance coverage provided to other departments on a cost reimbursement basis.

Metrocode Retirement Fund -

This fund accounts for monies accumulated to provide supplemental retirement benefits to two employees so that benefits to all former Metrocode employees are equitable upon retirement.

Agency Funds -

These funds account for assets held by the Government to cover estimated court costs in connection with criminal and civil suits and on behalf of other funds within the Government.

The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. Nonmajor funds by category are summarized into a single column. GASB No. 34 sets forth minimum criteria (percentage of assets, liabilities, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds.

The Government's internal service funds are presented in the proprietary funds financial statements. Because the principal users of the internal services are the Government's governmental activities, the financial statements of the internal services funds are consolidated into the governmental column when presented in the government-wide financial statements. To the extent possible, the cost of these services is reported in the appropriate functional activity.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

The Government's fiduciary funds are presented in the fiduciary fund financial statements by type. Since by definition these assets are being held for the benefit of a third party and cannot be used to address activities or obligations of the Government, these funds are not incorporated into the government-wide statements.

C. Basis of Accounting

Government-wide, proprietary and fiduciary fund financial statements -

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary and fiduciary fund financial statements, except for agency funds, which have no measurement focus. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Nonexchange transactions, in which the Government gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements and donations. On an accrual basis, property taxes are recognized in the year for which the taxes are levied. Revenue from grants, entitlements and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental fund financial statements -

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Sales taxes are considered "measurable" when in the hands of the Sales Tax Collector and are recognized as revenue at that time. Ad valorem taxes are recognized as revenue in the year for which budgeted, that is, in the year in which such taxes are billed and collected. Revenue from grants, entitlements and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied. All other receivables collected within 60 days after year-end are considered available and recognized as revenue of the current year.

Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments and compensated absences, which are recognized to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources. Except for miscellaneous supplies warehoused at central locations and issued to operating departments as needed, purchases of various operating supplies are regarded as expenditures at the time purchased.

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Equity

Cash and Cash Equivalents

Cash includes amounts in demand deposits and on hand. For purposes of statements of cash flows, highly liquid investments (including restricted assets) with an original maturity of three months or less are considered to be cash equivalents.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

The cash balances of substantially all funds and of other legally separate entities are pooled and invested by the Government for the purpose of increasing earnings through investment activities. The purpose of this consolidated account is to reduce administrative costs and provide a single cash balance available for the maximization of investment earnings. Each participating fund shares in the investment earnings according to its average cash and investment balance. The individual funds' portion of the pool's assets are presented as "Cash, Investments and Accrued Interest," as applicable based on its percentage of the total of each item. In addition, separate bank accounts have been established for certain restricted funds as required by bond indentures for related bond issues.

Investments

Under state law the Government may deposit funds with a fiscal agent organized under the laws of the State of Louisiana, the laws of any other state in the union, or the laws of the United States. The Government may invest in United States bonds, treasury notes and bills, government backed agency securities, or certificates and time deposits of state banks organized under Louisiana law and national banks having principal offices in Louisiana. In addition, local governments in Louisiana are authorized to invest in Louisiana Asset Management Pool (LAMP), a nonprofit corporation formed by the State Treasurer and organized under the laws of the State of Louisiana, which operates a local government investment pool.

In accordance with professional standards, investments meeting the criteria specified in the standards are stated at fair value, which is either a quoted market price or the best estimate available. Investments which do not meet the requirements are stated at cost. These investments include overnight repurchase agreements and amounts invested in LAMP.

Receivables

In the government-wide statements, receivables consist of all revenues earned at year end and not yet received. Major receivable balances for the governmental funds include sales and use taxes, federal and state grants.

Accounts receivable for the Utilities System Fund, Communications System Fund, and the Environmental Services Disposal Fund are reported net of an allowance. The allowance amount at October 31, 2016 was \$1,150,040, \$100,656, and \$195,332, respectively.

Loans receivable in governmental funds consist of rehabilitation, first-time homebuyers loans, etc., that are generally not expected or scheduled to be collected in the subsequent year. These are reported net of allowances. The allowance amounts are reflected on the face of the financial statement, as applicable.

Interfund Receivables and Payables

Short-term cash borrowings between funds are considered temporary in nature. These amounts are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

Inventories and Prepaid Items

Miscellaneous supplies warehoused at central locations are stated at cost (moving average). Building materials stockpiled for the Government's housing rehabilitation program, which supplies are eligible for grant reimbursement only when actually used in a project, are stated at average cost.

Inventories, other than fuel oil, held by the Utilities System Fund and the Internal Service Funds are stated at average cost. Fuel oil inventory in the Utilities System Fund is stated at the lower of cost or market. Coal inventory held by LPPA is stated at the lower of cost or market as determined by the average cost method.

Governmental fund type inventories are recorded under the consumption method in the fund financial statements. Appropriate allowances have been recorded for obsolete items. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

Bond Premiums, Discounts, and Start-up Costs

In governmental funds, bond premiums, discounts, and issuance costs are recognized in the current period. In proprietary funds (and for governmental funds, in the government-wide statements), bond premiums and discounts are deferred and amortized over the terms of the bonds to which they apply. Also included in assets of the proprietary funds are start-up costs of the Communications System (as defined by applicable professional standards). These costs will be recovered by future rates of the Communications System and will be amortized over their cost recovery period.

Restricted Assets

Certain resources of the Utilities System Fund, Communications System Fund and LPPA are classified as restricted assets on the statement of net position because their use is limited by bond ordinances or for self-insurance purposes, or because they represent customers' deposits being held.

Capital Assets

The accounting treatment over property, plant, and equipment (capital assets) depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements. The Government maintains a threshold level of \$1,000 or more for capitalizing fixed assets.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

Government-Wide Financial Statements -

In the government-wide financial statements, all governmental capital assets of City of Lafayette, Lafayette Parish Government subsequent to 1979, and Lafayette City-Parish Consolidated Government are valued at cost where historical records are available and at estimated historical cost where historical records cannot be located. Donated assets are valued at their estimated fair value as of the date received. All capital assets of Lafayette Parish Government which were purchased prior to 1980 are valued at estimate historical cost with the exception of buildings. Buildings have been recorded at insured values in effect in 1980. This basis is not in accordance with generally accepted accounting principles which require that such assets be recorded at cost or estimated historical cost. The potential differences resulting from the use of insured values as opposed to cost have been determined to be insignificant to the Government. Prior to November 1, 2001, governmental funds' infrastructure assets were not capitalized.

Capital assets in the Utilities System Fund were initially recorded on November 1, 1949 at values assigned by a survey and analysis conducted by the City's consulting engineers. Capital assets acquired since the original capitalization and all other proprietary fund capital assets are valued at historical cost.

Depreciation of all exhaustible capital assets is recorded as an allocated expense in the statement of activities, with accumulated depreciation reflected in the statement of net position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

	Years
Buildings and improvements	8 - 40
Equipment (vehicles and movables)	3 - 20
Infrastructure	25 - 40
Utility plant and equipment	5 - 100
Acquisition adjustments	8 - 9

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Fund Financial Statements --

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Capital assets used in proprietary fund operations are accounted for the same as in the government-wide statements.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

The Government capitalizes interest cost during the construction phase of major capital projects of proprietary funds. The amount of interest cost capitalized on major capital projects acquired or constructed with proceeds of restricted tax exempt debt includes all interest cost of the borrowing less any interest earned on related interest-bearing investments purchased with proceeds of the related borrowings from the date of the borrowing until the assets are placed in service. Total interest incurred for the year ended October 31, 2016 for the proprietary funds and business-type activities was \$17,989,795. The total amount for business-type activities was expensed.

Total interest incurred for the year ended October 31, 2016 for the governmental funds was \$15,221,283 and for governmental activities was \$15,232,800. The total amount for both the governmental funds and the governmental activities was expensed.

Deferred Outflows of Resources and Deferred Inflows of Resources

In some instances, GASB requires an entity to delay recognition of decreases in net position as expenditures until a future period. In other instances, entities are required to delay recognition of increases in net position as revenues until a future period. In these circumstances, deferred outflows of resources and deferred inflows of resources result from the delayed recognition of expenditures or revenues, respectively. At October 31, 2016, the Government's deferred outflows of resources and deferred inflows of resources are attributable to unamortized losses on bond refundings and pension plans.

Compensated Absences

Employees earn vacation pay in varying amounts ranging from eight hours per month to 16 hours per month, depending upon length of service. At the end of each year, annual leave may be carried forward provided the amount carried forward does not exceed an employee's annual earning rate at the time. Unused annual leave (in excess of what can be carried forward) is credited to the employee's sick leave balance. Subject to the above limitation, unused vacation is paid to an employee upon retirement or resignation at hourly rates being earned at separation.

Sick leave is accumulated at the rate of 12 days per year, and any unused sick leave may be carried forward without limitation. No sick leave is paid upon resignation. Employees separated due to retirement or deaths are paid for all accumulated sick leave at the hourly rates being earned by that employee at separation.

In the government-wide and proprietary fund financial statements, the Government accrues accumulated unpaid vacation and sick leave and associated related costs when earned (or estimated to be earned) by the employee. The current portion is the amount estimated to be used/paid in the following year. The remainder is reported as non-current. Compensated absences typically have been liquidated by the General Fund and a few other governmental funds. Claims liabilities typically have been liquidated by the internal service funds.

Long-term Obligations

The accounting treatment of long-term obligations depends on whether the obligation relates to governmental or proprietary fund obligations and whether they are reported in the government-wide or fund financial statements.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

All long-term obligations to be repaid from governmental and business-type resources are reported as liabilities in the government-wide financial statements. The long-term obligations consists primarily of bonds payable, accrued compensated absences, and claims payable.

Long-term obligations for governmental funds are not reported as liabilities in the fund financial statements. The debt proceeds are reported as other financing sources and payment of principal and interest reported as expenditures. The accounting for proprietary funds is the same in the fund financial statements as it is in the government-wide financial statements.

Equity Classifications

Government-Wide Financial Statements –

Net position represents the difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources. The Government reports three components as follows:

- (1) Net investment in capital assets - This component consists of net capital assets reduced by the outstanding balances of any related debt obligations and deferred inflows of resources attributable to the acquisition, construction, or improvement of those assets and increased by balances of deferred outflows of resources related to those assets.
- (2) Restricted net position - This component is considered restricted if its use is constrained to a particular purpose. Restrictions are imposed by external organizations such as federal or state laws or buyers of the Government's bonds. Restricted net position is restricted assets reduced by liabilities and deferred inflows of resources related to the restricted assets.
- (3) Unrestricted net position - This component consists of all other net position that does not meet the definition of the above two components and is available for general use by the Government.

The government-wide statement of net position reports \$318,103,551 of restricted net position of which \$89,228,269 is restricted by enabling legislation.

Fund Financial Statements –

In the fund financial statements, governmental fund equity is classified as fund balance. Fund balance is further classified as follows:

- (1) Nonspendable – amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

- (2) Restricted – amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.
- (3) Committed – amounts that can be used only for specific purposes determined by a formal action of the council members. The City-Parish Council is the highest level of decision-making authority for the Government. Commitments may be established, modified, or rescinded only through ordinances approved by council members.
- (4) Assigned – amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. Under the Government’s adopted policy, only the City-Parish Council may assign amounts for specific purposes.
- (5) Unassigned – the residual classification for the General Fund and includes amounts that are available for any purpose. Positive amounts are reported only in the General Fund.

At October 31, 2016, the governmental fund’s balance sheet reports restricted fund balance for capital expenditures in the amount of \$115,150,271, of which the following amounts are for encumbrances:

	General	Sales Tax Capital Improvements	Other Governmental Funds	Total Governmental Funds
Encumbrances	\$ 152,127	\$ 9,915,734	\$ 5,760,661	\$ 15,828,522

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the Government considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the Government considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the City-Parish Council provided otherwise in its commitment or assignment actions.

Proprietary fund equity is classified the same as in the government-wide statements.

Interfund Transfers

Permanent reallocations of resources between funds of the primary government are classified as interfund transfers. For the purposes of the statement of activities, all interfund transfers between governmental funds and proprietary funds have been eliminated.

Accounting Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

(2) Cash and Interest-Bearing Deposits

Under state law the Government may deposit funds with a fiscal agent bank organized under the laws of the State of Louisiana, the laws of any other state in the union, or the laws of the United States. The Government may invest in direct obligations of the United States government, bonds, debentures, notes or other evidence of indebtedness issued or guaranteed by federal agencies and/or the United States government, and time certificates of deposit of state banks organized under Louisiana law and national banks having principal offices in Louisiana.

At October 31, 2016, the Government had demand deposits (book balances) totaling \$43,946,356 as follows:

	Primary Government	Fiduciary Funds	Total
Interest-bearing deposits	\$ 39,325,774	\$ 4,620,582	\$ 43,946,356

Custodial credit risk is the risk that in the event of a bank failure of a depository financial institution, the Government's deposits may not be recovered or the collateral securities that are in the possession of the outside party will not be recovered. These deposits are stated at cost, which approximates fair value. Under state law, deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The fair value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent bank. These securities are held in the name of the Government or the pledging fiscal agent bank by a holding or custodial bank that is mutually acceptable to both parties.

Deposit balances (bank balances) at October 31, 2016, are secured as follows:

Bank balances	\$ 44,031,296
Federal deposit insurance	250,000
Pledged securities	43,781,296
Total federal deposit insurance and pledged securities	\$ 44,031,296

Deposits in the amount of \$43,781,296 were exposed to custodial credit risk. These deposits are uninsured and collateralized with securities held by the pledging institution's trust department or agent, but not in the Government's name. The Government does not have a policy for custodial credit risk.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

(3) Investments

As of October 31, 2016, the Government's investments were as follows:

Investment Type	
Primary Government:	
Repurchase agreements	\$ 98,483,763
U.S. Treasuries	219,468,302
U.S. Instrumentalities	105,409,497
LAMP	3,414,515
Total primary government	426,776,077
Fiduciary Funds:	
Repurchase agreements	2,074
U.S. Treasuries	15,779
U.S. Instrumentalities	1,661
LAMP	299
Total fiduciary funds	19,813
Total investments	\$ 426,795,890

The Government participates in Louisiana Asset Management Pool (LAMP). LAMP is an investment pool established as a cooperative endeavor to enable public entities of the State of Louisiana to aggregate funds for investment. LAMP is not registered with the Securities and Exchange Commission (SEC) as an investment company. LAMP is intended to improve administrative efficiency and increase yield of participating public entities. LAMP's portfolio securities are valued at fair value even though amortized cost method is permitted by Rule 2a-7 of the Investment Company Act of 1940, as amended, which governs registered money market funds. Because LAMP is not a money market fund, it has no obligation to conform to this rule.

The investment in LAMP is not exposed to custodial credit risk, and is not categorized in the three categories provided by GASB Codification Section 150.164 because the investment is in the pool of funds and therefore not evidenced by securities that exist in physical or book entry form. Credit risk is the risk that an issuer or other counterparty to an investment will be unable to meet its obligations. LAMP has a fund rating of AAAM issued by Standard & Poors. Interest rate risk is the risk that changes in interest rates will adversely affect the estimated fair value of an investment. The investments in LAMP are stated at fair value based on quoted market rates. The fair value of investments is determined on a weekly basis by LAMP and the fair value of the Government's investment in LAMP is the same as the value of the pool shares.

Interest rate risk: The state law does not address specific policies for managing interest rate risk. The Government's investment policy limits the investment portfolio to "money market instruments, which are defined as very creditworthy, highly liquid investments with maturities of one year or less. Although there may be certain circumstances in which longer-term securities are utilized, the general use of long-term securities shall be avoided.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

The following provides information about interest rate risk associated with the Government's investments:

Primary Government:

<u>Investment Type</u>	<u>% of Portfolio</u>	<u>Investment Maturities</u>		
		<u>Fair Value</u>	<u>Less Than One Year</u>	<u>One - Five Years</u>
Repurchase agreements	23%	\$ 98,483,763	\$ 98,483,763	\$ -
U.S. Treasuries	51%	219,468,303	215,858,180	3,610,123
U.S. Instrumentalities	25%	105,409,496	63,392,164	42,017,332
State Investment Pool (LAMP)	<u>1%</u>	<u>3,414,515</u>	<u>3,414,515</u>	<u>-</u>
Total	<u>100%</u>	<u>\$ 426,776,077</u>	<u>\$ 381,148,622</u>	<u>\$ 45,627,455</u>

Fiduciary Funds:

<u>Investment Type</u>	<u>% of Portfolio</u>	<u>Investment Maturities</u>		
		<u>Fair Value</u>	<u>Less Than One Year</u>	<u>One - Five Years</u>
Repurchase agreements	10%	\$ 2,074	\$ 2,074	\$ -
U.S. Treasuries	80%	15,779	15,779	-
U.S. Instrumentalities	8%	1,661	830	831
State Investment Pool (LAMP)	<u>2%</u>	<u>299</u>	<u>299</u>	<u>-</u>
Total	<u>100%</u>	<u>\$ 19,813</u>	<u>\$ 18,982</u>	<u>\$ 831</u>

Credit rate risk: The risks are managed by restricting investments to those authorized by R.S. 33:5162. The Government's Investment Policy limits investments to fully insured and/or fully-collateralized certificates of deposits and direct and indirect obligations of U.S. government agencies. The Government's investments in U.S. Treasuries and U.S. Instrumentalities were rated AA+ by Standard and Poor's and repurchase agreements were not rated.

Concentration of credit risk: R.S. 33:2955 provides that all fixed income investments be appropriately diversified by maturity, security, sector, and credit quality. At October 31, 2016, no more than 5 percent of the Government's total investments were invested in any single issue.

Custodial Credit Risk - In the event of the failure of the counterparty, the Government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Government's investment policy requires all investments to be in the Government's name and all ownership securities to be evidenced by an acceptable safekeeping receipt issued by a third-party financial institution which is acceptable to the Government. Accordingly, the Government had no custodial credit risk related to its investments.

In accordance with GASB Statement No. 31, the Government recognized a net increase (decrease) in the fair value of investments in the amount of \$147,936 and \$7 for the primary government and fiduciary funds, respectively. This amount takes into account all changes in fair value that occurred during the year. The unrealized gain (loss) on investments held at October 31, 2016 was \$214,352 and \$4 for the primary government and fiduciary funds, respectively.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

(4) Receivables

At October 31, 2016, receivables consist of the following:

	Governmental Activities	Business-type Activities	Total Primary Government	Component Units
Accounts, net	\$ 2,489,142	\$ 28,047,937	\$ 30,537,079	\$ 1,519,350
Loans receivable, net	3,325,499	-	3,325,499	5,911,097
Ad valorem taxes	-	-	-	2,297,470
Sales taxes	-	-	-	3,970,742
Assessments	76,493	-	76,493	-
Accrued interest	447,469	1,000	448,469	243,707
	\$ 6,338,603	\$ 28,048,937	\$ 34,387,540	\$ 13,942,366

(5) Ad Valorem Taxes

Fund financial statements -

City of Lafayette:

Ad valorem taxes attach as an enforceable lien on property as of January 1 of each year. Taxes are levied by the City in April or May and are billed to taxpayers in November. The taxes are levied for the period of November 1 through October 31. Billed taxes become delinquent on January 1 of the year following the year they attach as an enforceable lien. Revenues from ad valorem taxes are budgeted and recognized as revenue in the year billed. The City bills and collects its own property taxes using the assessed values determined by the Tax Assessor of Lafayette Parish.

For the year ended October 31, 2016, taxes of 17.94 mills were levied on property with net assessed valuations totaling \$1,448,878,182 and were dedicated as follows:

General corporate purposes	5.42 mills
Maintenance of public streets	1.29 mills
Maintenance of public buildings	1.13 mills
Recreation and parks	1.92 mills
Maintenance and operation of fire and police departments	8.18 mills

Total taxes levied were \$25,992,875 Taxes receivable at October 31, 2016 totaled \$886,778, all of which is considered uncollectible. Therefore, an allowance for uncollectible taxes was established for the entire balance, resulting in net taxes receivable of \$0.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

Lafayette Parish:

Ad valorem taxes attach as an enforceable lien on property as of January 1 of each year. During the current fiscal year, taxes were levied by Lafayette Parish in August of 2015 and were billed to the taxpayers by the Assessor in November of 2015 for the period November 1, 2015 through October 31, 2016. Billed taxes are due by December 31, becoming delinquent on January 1 of the following year. Taxes are budgeted and the revenue recognized in the year following the assessment, which is the year for which the taxes are levied.

The taxes are based on assessed values determined by the Tax Assessor of Lafayette Parish and are collected by the Sheriff. The taxes are remitted net of deductions for Pension Fund contributions. For the year ended October 31, 2016, taxes of 29.22 mills were levied on property with net assessed valuations totaling \$2,081,902,895 and were dedicated as follows:

General corporate purposes, in city	1.52 mills
General corporate purposes	3.05 mills
Maintenance of buildings, roads, and bridges	20.40 mills
Debt service contingency	2.75 mills
Mosquito control	1.50 mills

Total taxes levied during 2015 for 2016, exclusive of homestead exemptions, were \$55,041,720. Taxes receivable at October 31, 2016 totaled \$989,038, all of which is considered uncollectible. Therefore, an allowance for uncollectible taxes was established for the entire balance, resulting in net taxes receivable of \$0.

Government-wide financial statements -

Property taxes are recognized in the year for which they are levied, net of uncollectible amounts, as applicable.

(6) Due From Other Governmental Agencies

Amounts due from other governmental agencies consist of the following at October 31, 2016:

Fund financial statements:

Governmental funds -

Lafayette Parish School Board:

Sales and use taxes collected but not remitted	\$ 7,350,157
Federal Grant funds	453,840

State of Louisiana:

Federal pass-through grant funds	2,221,973
State grant funds	1,971,433

Other	416,831
-------	---------

Total amount reported in governmental funds	<u>\$ 12,414,234</u>
---	----------------------

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

Proprietary funds -	
FEMA grant funds	\$ 2,570,982
State grant funds	359,523
Other	27,825
Total amount reported in proprietary funds	<u>\$ 2,958,330</u>

Government-wide financial statements:	
Total amount reported in governmental funds	\$ 12,414,234
Total amount reported in proprietary funds	2,958,330
Additional sales and use taxes due from Lafayette Parish School Board	7,077,375
	<u>\$ 22,449,939</u>

(7) Restricted Assets - Enterprise Funds

Restricted assets of Utilities System Fund consist of the following at October 31, 2016:

Bond reserve fund	\$ 23,761,918
Capital additions and contingencies fund	97,178,368
Bond construction fund	2,514,963
Customers' deposits	8,745,356
Total	<u>\$ 132,200,605</u>

Restricted assets of Communications System Fund consist of the following at October 31, 2016:

Capital additions and contingencies fund	\$ 6,181,290
Bond construction fund	40,265
Customers' deposits	105,936
Total	<u>\$ 6,327,491</u>

Restricted assets of LPPA consist of the following at October 31, 2016:

Bond principal and interest	\$ 21,409
Bond reserve fund	9,601,776
Capital additions and contingencies	5,283,318
Bond construction fund	99,225
Fuel cost stability fund	4,500,000
Total	<u>\$ 19,505,728</u>

(10) Interfund Receivables and Payables

Interfund receivables and payables at October 31, 2016 consist of the following:

	Due from	Due to
Major funds:		
General Fund	\$ 5,385,139	\$ 1,520,360
Sales Tax Capital Improvements	6,353,727	503,032
Nonmajor governmental funds:		
Special revenue funds	1,275,022	8,813,515
Debt service funds	2,313,616	4,244,360
Capital projects funds	-	17,520
Enterprise funds:		
Utilities System	205,105	1,581,241
Communications System	66,213	1,153,912
Lafayette Public Power Authority	824,020	89,062
Nonmajor enterprise funds	1,467,567	-
Internal service funds	37,278	4,685
	\$ 17,927,687	\$ 17,927,687

These balances resulted from the time lag between the dates that interfund goods and services are provided or reimbursable expenditures occur and payments between funds are made.

(11) Receivables and Payables Between Primary Government and Component Units

Balances at October 31, 2016 consist of the following:

	Receivable	Payable
Primary Government:		
General Fund	\$ 16,434	\$ 16,347
Component Units:		
Police Pension and Relief Fund	1,372	-
Lafayette Parish Communication District	14,975	16,434
	\$ 32,781	\$ 32,781

(12) Interfund Transfers

Interfund transfers for the year ended October 31, 2016 consist of the following:

	Transfers In	Transfers Out
Major funds:		
General Fund	\$ 7,863,580	\$ 22,496,397
Sales Tax Capital Improvements	2,401,614	818,183
Nonmajor governmental funds:		
Special revenue funds	26,133,098	14,848,562
Debt service funds	5,344,848	3,362,886
Capital projects funds	-	217,112
	\$ 41,743,140	\$ 41,743,140

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund required, and (3) use unrestricted revenues collected in one fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

(13) Transactions Between Primary Government and Discretely Presented Component Units

The following transactions between the primary government and its discretely presented component units for the year ended October 31, 2016 are reported as external transactions in the government-wide statement of activities:

Governmental activities:

Transfer to Cajundome Commission to subsidize operations	\$ (500,000)
Transfer from Cajundome Commission for assignment of capital assets	230,365
Transfer to Firemen's Pension and Relief Fund to subsidize operations	(326,421)
Transfer to Police Pension and Relief Fund to subsidize operations	(315,256)
Transfer to Lafayette Parish Communications District for tower rental	(14,975)
Transfer to Lafayette Parish Communications District to fund operations of the Office of Emergency Preparedness	(175,566)
Transfer from Downtown Development Authority to help fund road and bridge maintenance	<u>37,728</u>
Total	<u>\$ (1,064,125)</u>

(14) Interfund Loans – Notes Receivable/Notes Payable

In addition to the sale of Bonds to finance the Communication's fiber optics infrastructure, the Communications System entered into various notes payable to the Utilities System for costs associated with the start-up of the new Communications System which were advanced by the Utilities System. In accordance with La. R.S. 45:844.52(C) (2), funds advanced by the Utilities System Fund for start-up costs of the Communications System must be repaid at interest rates and on terms and conditions available to private enterprises in the open market. The total of the notes is reported as interfund loans – notes receivable in the Utilities System Fund and as interfund loans – notes payable in the Communications System Enterprise Fund.

Note Payable - Fiber Assets - This note covers the reimbursement to the Utilities System for the transfer of its fiber optic network, including various related vehicles and equipment, and its fiber inventory to the Communications System Enterprise Fund. The note payable in the amount of \$12,472,187 is payable in 20 years with annual payments ranging from \$50,000 through \$1,226,599 including interest at 3.25%.

Note Payable - Start-up Costs – This note covers funds advanced by the Utilities System for Start-up costs. Start-up costs include legal, engineering, and other professional services, cost of a feasibility study, bond ratings, and other costs associated with obtaining financing occurred during the period of July 7, 2004 through June 28, 2007. The note payable in the amount of \$3,500,891 is payable in 20 years with annual payments ranging from \$50,000 through \$308,220 including interest at 3.25%.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

Notes Payable - Imputed Taxes - These notes cover the amount for imputed taxes which are obligated to be included in its rates an amount equal to all taxes, fees, and other assessments that would be applicable to a similarly situated private provider of the same services in accordance with the Louisiana Public Service Commission (LPSC) Cost Allocation and Affiliate Transaction Rules as adopted by the LPSC on September 14, 2005. The applicable imputed taxes include: property, franchise, and sales taxes. The note payable for 2009 and 2010 imputed taxes is \$3,139,464, payable in 20 years with annual payments ranging from \$50,000 through \$273,418, including interest at 3.25%.

The note payable for 2011 imputed taxes is \$1,571,967, payable in 20 years with annual payments ranging from \$25,000 through \$136,924, including interest at 3.25%. The note payable for 2012 imputed taxes is \$1,202,261, payable in 20 years with annual payments ranging from \$25,000 through \$97,488, including interest at 3.25%.

Note Payable - 2011 Operating Loan - This note payable provides additional funds for operations. The note payable in the amount of \$5,836,390 is payable in 20 years with annual payments ranging from \$50,000 through \$453,387, including interest at 3.25%.

The annual debt service requirements to maturity of these interfund loans outstanding at October 31, 2016 follows:

Year	Principal	Interest	Total
2017	\$ -	\$ 804,534	\$ 804,534
2018	442,067	890,568	1,332,635
2019	651,750	872,795	1,524,545
2020	843,117	848,503	1,691,620
2021	979,653	818,881	1,798,534
2022 - 2026	8,707,358	3,329,526	12,036,884
2027 - 2031	10,593,830	1,766,114	12,359,944
2032 - 2034	5,405,385	204,075	5,609,460
	<u>\$ 27,623,160</u>	<u>\$ 9,534,996</u>	<u>\$ 37,158,156</u>

(15) Long-Term Liabilities

Primary Government

City of Lafayette:

Revenue Bonds/Certificates of Indebtedness - The City issues bonds/certificates which are repaid from specific revenue sources, either sales taxes or income derived from proprietary funds. Proceeds are used for the acquisition and construction of major capital facilities of both governmental and business-type activities. The bonds expected to be paid from business-type revenues are reported in the proprietary funds. Revenue bonds have also been issued to refund other revenue bonds.

Taxable Refunding Bonds - The City issued taxable refunding bonds to refund the outstanding notes with the Firefighters and Municipal Police Employees Retirement Systems. The Bonds are secured by and payable solely from a pledge and dedication of the excess of annual revenue above statutory, necessary and usual charges in each of the fiscal years during which the Bonds are outstanding.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

Lafayette Parish Government:

General Obligation Bonds/Certificates of Indebtedness - The Parish issues general obligation bonds/certificates to provide funds for the acquisition and construction of major capital facilities. These bonds are direct obligations and pledge the full faith and credit of the Parish.

Bond Refundings

On November 13, 2015, the Government (LPPA) issued \$29,035,000 of Electric Revenue Refunding Bonds, Series 2015 with an average interest rate of 4.03% to advance refund \$28,235,000 of \$29,670,000 outstanding Electric Revenue Refunding Bonds, Series 2007 with an average interest rate of 4.90%. The refunding bonds were issued at a premium of \$2,077,808 and, after paying issuance costs of \$534,981, the net bond proceeds of \$30,577,827 plus \$144,076 of existing funds were used to purchase government securities. Those securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the refunded Series 2007 bonds. The advance refunding met the requirements of an in-substance debt defeasance and the refunded bonds were removed from the Government's Proprietary Fund financial statements and the government-wide financial statements. As a result of the advance refunding, the Government reduced its total debt service requirements by \$2,449,460, which resulted in an economic gain (difference between the present values of the debt service payments on the old and new debt) of \$1,888,479.

On December 18, 2015, the Government issued \$3,550,000 of City Public Improvement Sales Tax Refunding Bonds, Series 2015A (1961 Sales Tax) with an average interest rate of 2.43% to advance refund \$7,065,000 of outstanding Public Improvement Sales Tax Bonds, Series 2006B (1961 Sales Tax) with an average interest rate of 4.29%. After paying issuance costs of \$63,379, the net bond proceeds of \$3,486,621 plus \$3,727,282 of existing funds were used to purchase U.S. government securities. Those securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the refunded Series 2006B bonds. The advance refunding met the requirements of an in-substance debt defeasance and the refunded bonds were removed from the Government's government-wide financial statements. As a result of the advance refunding, the Government reduced its total debt service requirements by \$4,868,688, which resulted in an economic gain of \$4,336,605.

On February 26, 2016, the Government issued \$21,745,000 of City Public Improvement Sales Tax Refunding Bonds Series 2016A (1985 Sales Tax) with an average interest rate of 4.85% to advance refund \$28,290,000 of outstanding Public Improvement Sales Tax Refunding Bonds, Series 2004A, 2006A, and 2006C with an average interest rate of 4.2 - 4.75%. The bonds were issued at a premium of \$3,129,998 and, after paying issuance costs of \$352,772, the net bond proceeds of \$24,522,226 plus \$4,419,593 of existing funds were used to purchase U.S. government securities. Those securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the refunded Series 2004A, 2006A, and 2006C bonds. The advance refunding met the requirements of an in-substance debt defeasance and the refunded bonds were removed from the Government's government-wide financial statements. As a result of the advance refunding, the Government reduced its total debt service requirements by \$7,544,058, which resulted in an economic gain of \$7,657,334.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

On February 26, 2016, the Government issued \$12,915,000 of City Public Improvement Sales Tax Refunding Bonds, Series 2016D (1961 Sales Tax) with an average interest rate of 3.38% to advance refund \$13,010,000 of outstanding Public Improvement Sales Tax Refunding Bonds, Series 2006B (1961 Sales Tax) with an average interest rate of 4.54%. The refunding bonds were issued at a premium of \$970,854 and, after paying issuance costs of \$225,945, the net bond proceeds of \$13,659,909 plus \$279,529 of existing funds were used to purchase U.S. government securities. Those securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the refunded Series 2006B bonds. The advance refunding met the requirements of an in-substance debt defeasance and the refunded bonds were removed from the Government's government-wide financial statements. As a result of the advance refunding, the Government reduced its total debt service requirements by \$1,742,555, which resulted in an economic gain of \$1,727,897.

On February 26, 2016, the Government issued \$1,740,000 of City Public Improvement Sales Tax Refunding Bonds Series 2016E (1985 Sales Tax) with an average interest rate of 2.63% to advance refund \$1,625,000 of \$1,695,000 of outstanding Public Improvement Sales Tax Refunding Bonds, Series 2004A, 2006A, and 2006C with an average interest rate of 4.64%. After paying issuance costs of \$38,309, the net bond proceeds of \$1,701,691 plus \$40,493 of existing funds were used to purchase U.S. government securities. Those securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the refunded Series 2006B bonds. The advance refunding met the requirements of an in-substance debt defeasance and the refunded bonds were removed from the Government's government-wide financial statements. As a result of the advance refunding, the Government reduced its total debt service requirements by \$202,814, which resulted in an economic gain of \$190,082.

(16) Risk Management

The Government is exposed to various risks of loss, which are handled through internal service funds as described below:

Self-Insurance Fund

On November 1, 1979, the Government became self-insured with regard to workers' compensation, general liability, law enforcement, errors and omissions, automobile liability, automobile physical damage and property. The Self-Insurance Fund was established to account for claims, expenses, and administrative costs related to these self-insured and retained risks. The fund uses a third party administrator to service and estimate claim losses and uses both in-house legal staff and outside counsel for defense of self-insured claims. Excess risk or stop-loss coverage is used to limit retained risk where feasible and the cost of such coverage is also paid through the Risk Management Fund. The following is a summary of the Government's self-insured retentions.

Workers' compensation	\$ 1,500,000
General liability	Unlimited
Errors and omissions	Unlimited
Automobile liability	Unlimited
Fleet collision	Unlimited
Property:	
Power plant	\$ 500,000
Other	\$ 50,000

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

As an internal service activity, the Self Insurance Fund is a proprietary fund in which both current and long-term liabilities for claims and losses are recognized and reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Claim liabilities are based upon the estimated ultimate cost of settling the claims including specific, incremental claim adjustment expenses, salvage, and subrogation and considering the effects of inflation and recent claim settlement trends including frequency and amount of payouts and other economic and social factors. Liabilities include an amount for claims that have been incurred but not reported (IBNRs). The Government currently does not discount its claims liabilities.

The following is a summary of changes in claims liability for the years ended October 31, 2016 and 2015:

	2016	2015
Unpaid claims liability, beginning	\$6,944,874	\$10,372,124
Current year claims and changes in estimates	3,713,656	(653,946)
Claims paid	<u>(3,427,946)</u>	<u>(2,773,304)</u>
Unpaid claims liability, ending	<u>\$7,230,584</u>	<u>\$ 6,944,874</u>
Claims due within one year	\$4,774,950	\$ 4,559,391
Claims payable after one year	<u>2,455,634</u>	<u>2,385,483</u>
	<u>\$7,230,584</u>	<u>\$ 6,944,874</u>

Although the Government's Self-Insurance Fund is operated on a unitary basis, contributions for premiums, reserves and losses for coverage is divided between those applicable to the Government's Utilities and Communications Systems and those applicable to non-utility funds (funded primarily from General Fund revenues). These contributions are also reported as external transactions. The net position at October 31, 2016 is applicable to utility and non-utility activity as follows:

Net position:	
Utilities	\$ (467,635)
Communications	(130,043)
Other	<u>(4,443,089)</u>
Total	<u>\$ (5,040,767)</u>

Each year, the Utilities and Communications Systems and those non-utility funds reimburse the Self-Insurance Fund based on the prior year actual losses.

Group Hospitalization Fund

During the fiscal year ending October 31, 1988, the City became self-insured for group hospitalization, at which time a Group Hospitalization Fund was established to account for claims, expenses, and administrative costs related to these self-insured and retained risks. Upon consolidation in September of 1996, the Parish employees were included in the program. The employer's and employees' portions of premiums are paid into the Group Hospitalization Fund and are available to pay claims and administrative costs. Excess risk or stop-loss coverage is used to limit retained risk where feasible and the cost of such coverage is also paid through the Group Hospitalization Fund. The stop-loss retention is limited to \$150,000 per person. The insurance policy provides an unlimited maximum benefit per person in excess of specific deductible per year.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

As an internal service activity, the Group Hospitalization Fund is a proprietary fund in which liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Claim liabilities are based upon the estimated ultimate cost of settling the claims including specific, incremental claim adjustment expenses, salvage, and subrogation and considering the effects of inflation and recent claim settlement trends including frequency and amount of payouts and other economic and social factors. Liabilities include an amount for claims that have been incurred but not reported (IBNRs). The Government currently does not discount its claims liabilities.

Changes in the balances of claims liabilities (all due in one year) during the fiscal years ended October 31, 2016 and 2015 are as follows:

	2016	2015
Claims liability, beginning	\$ 1,351,385	\$ 1,436,049
Current year claims and changes in estimates	15,464,553	14,807,743
Claims paid	<u>(15,233,932)</u>	<u>(14,892,407)</u>
Claims liability, ending	<u>\$ 1,582,006</u>	<u>\$ 1,351,385</u>

Claims payable for group hospitalization of \$1,582,006 at October 31, 2016 was determined as follows:

1. Claims incurred prior to October 31, 2016 and paid subsequently:

	Paid as of	Amount
	November 2016	\$ 1,172,787
	December 2016	<u>134,665</u>
2. Provision for claims incurred but not reported		<u>274,554</u>
Total claims payable		<u>\$ 1,582,006</u>

The provision for claims incurred but not reported of \$134,665 was calculated utilizing historical information adjusted for current trends.

(17) Commitments and Contingencies

A. Contingent Liabilities

The Government is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the Consolidated Government's attorneys, any judgments rendered in favor of the plaintiff or payments resulting from compromise settlements, if any, will be within the limits of the various insurance coverages carried by the Government or funded through its self-insurance program.

B. Grant Audits

The Government receives grants for specific purposes that are subject to review and audit by the agencies providing the funding. Such audits and reviews could result in expenses being disallowed under the terms and conditions of the grants. In the opinion of management, such disallowances, if any, would be immaterial.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

C. Arbitrage Rebate

Section 148 of the Internal Revenue Code of 1986, as amended, requires that issuers of tax-exempt debt make arbitrage calculations annually on bonds issued after August 31, 1986 to determine whether an arbitrage rebate liability exists between the issuer and the U.S. Department of the Treasury. Arbitrage is the difference (or profit) earned from borrowing funds at tax-exempt rates and investing the proceeds in higher yielding taxable securities. Based upon arbitrage rebate calculations made as of October 31, 2016, it was determined that no liability existed at October 31, 2016.

D. Construction Commitments

At October 31, 2016, the Government had several uncompleted construction contracts. The remaining commitment on these contracts was \$17,347,898, of which \$11,616,088 was attributable to governmental activities and \$5,731,810 was attributable to business-type activities.

E. Purchase Commitments

On September 12, 2016, the Authority and LEPA entered into a three month contract with Peabody Coal Sales, Inc. to purchase 162,000 tons of coal at \$10.60 per ton, expiring on December 31, 2016.

The terms of the contracts and annual quantities to be purchased are as follows:

<u>Calendar Year</u>	<u>Annual Quantity</u>	<u>Committed Cost</u>	<u>Purchase Commitment</u>
2016	<u>79,494</u>	<u>\$ 10.60</u>	<u>\$ 842,636</u>

As of October 31, 2016, the Authority purchased 82,506 tons, of the 162,000 ton contract requirement at \$10.60 per ton for a total cost of \$874,564 under the calendar year 2016 contract.

(18) Contract for Purchase of Power

On May 1, 1977, the City of Lafayette entered into a power sales contract with LPPA for purchase of all electric power and energy which is capable of generation from LPPA's 50% ownership interest in a fossil fuel steam electric generating plant near Boyce, Louisiana. The generating unit has a net generating capability of approximately 530 MW.

Under the terms of the power sales contract, which will terminate on August 31, 2047, the City makes monthly payments sufficient to cover: all debt service of LPPA (including debt service reserve requirements); the amount which LPPA is required under its bond resolution(s) to pay or set aside during such month into any other fund or account established by the bond resolutions including working capital funds; any payments which LPPA is required to make for the cost of renewals, replacements or preventive maintenance of the facility; and the costs of producing or delivering power and energy during such month (including general and administrative expenses, but excluding depreciation). Such payments will continue throughout the term of the contract whether or not the unit is operable or whether power or energy is being delivered to the City under the terms of the contract.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

(19) Post Retirement Health Care Benefits

Plan Description: The Lafayette Consolidated Government's medical benefits are provided through insured programs and are made available to employees upon actual retirement. The plan is a single-employer defined benefit health care plan administered by the Government. The Government has the authority to establish and amend the benefit provisions of the plan. The plan does not issue a publicly available stand-alone financial report.

Employees are covered by seven different Retirement Systems: (1) Municipal Employees Retirement System (MERS), whose retirement eligibility (D.R.O.P. entry) provisions are as follows: 20 - 25 years of service at any age; or, age 60 and 10 years of service; (2) Parochial Employees Retirement System (PERS), whose retirement eligibility (D.R.O.P. entry) provisions are as follows: 30 years of service at any age; or, age 55 and 25 years of service; or, age 60 and 10 years of service; or, age 65 and 7 years of service; (3) Firefighters' Retirement System (FRS), whose retirement eligibility (D.R.O.P. entry) provisions are as follows: 25 years of service at any age; or, age 50 and 20 years of service; or, age 55 and 12 years of service; (4) Municipal Police Employees' Retirement System (MPERS), whose retirement eligibility (D.R.O.P. entry) provisions are as follows: 20 - 30 years of service at any age; or, age 55 and 20 years of service; or, age 55 and 12 years of service; (5) Louisiana State Employees' Retirement System (LASERS), whose retirement eligibility (D.R.O.P. entry) provisions are as follows: 20 - 30 years of service at any age; or, age 55 and 25 years of service; or, age 60 with 5 - 10 years of service; (6) Registrar of Voters (ROVERS), whose retirement eligibility (D.R.O.P. entry) provisions are as follows: 30 years of service at any age; or, age 55 and 20 years of service; or, age 60 with 10 years of service; (7) District Attorneys' Retirement System (DARS), whose retirement eligibility (D.R.O.P. entry) provisions are as follows: 30 years of service at any age; or, age 55 and 24 years of service; or, age 60 with 10 years of service. The plan provisions are contained in the official plan documents.

Contribution Rates: Employees do not contribute to their post employment benefits costs until they become retirees and begin receiving those benefits. The premiums of these benefits for retirees are paid, on a bi-weekly basis, jointly by the retiree (approximately 10 percent) and the Government (approximately 90 percent). Contribution rates are contained in the official plan documents.

Funding Policy: Prior to November 1, 2007, the Government recognized the cost of providing post-employment medical (the Government's portion of the retiree medical benefit premiums) as an expense when the benefit premiums were due and thus financed the cost of the post-employment benefits on a pay-as-you-go basis. Effective November 1, 2007, the Government implemented Codification Section P50, *Accounting and Financial Reporting by Employers for Post Employment Benefits Other than Pensions* (Codification Section P50). For the fiscal year ending October 31, 2016, the Government's portion of health care funding cost for retired employees totaled \$2,347,059. This amount was applied toward the Net OPEB Obligation as shown in the following table.

Annual Required Contribution: The Government's other postemployment benefit (OPEB) cost is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with Codification Section P50. The ARC is the sum of the normal cost plus the contribution to amortize the unfunded actuarial liability (UAAL). A level-dollar, open amortization period of 30 years (the maximum amortization period allowed by Codification Section P50) has been used for the post-employment benefits.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

The actuarially computed ARC is as follows:

Normal Cost	\$ 545,728
30-year UAL amortization amount	<u>1,580,795</u>
Annual required contribution	<u>\$ 2,126,523</u>

The following table shows the components of the Government's annual OPEB cost for the year, the amount contributed to the plan, and the changes in the Government's net OPEB obligation:

Annual required contribution	\$ 2,126,523
Interest on Net OPEB Obligation	131,206
ARC adjustment	<u>(189,691)</u>
Annual OPEB cost (expense)	2,068,038
Contributions made	-
Current year retiree premium	<u>(2,347,059)</u>
Change in net OPEB obligation	(279,021)
Net OPEB obligation - beginning of year	<u>3,280,148</u>
Net OPEB obligation - end of year	<u>\$ 3,001,127</u>

The Government's annual OPEB cost, the percentage of the annual OPEB cost contributed to the plan, and the net OPEB obligation as of 2014, 2015, and 2016 follows:

Fiscal Year Ended	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
10/31/2016	\$ 2,068,038	113.49%	\$ 3,001,127
10/31/2015	1,935,937	114.28%	3,280,148
10/31/2014	1,855,600	110.39%	3,556,538

Funded Status and Funding Progress: During the fiscal year ending October 31, 2016, the Government made no contributions to its post employment benefits plan. The plan was not funded, has no assets, and hence has a funded ratio of zero. Based on the November 1, 2015 actuarial valuation, the most recent valuation, the Actuarial Accrued Liability (AAL) at the end of the year October 31, 2016 was \$28,429,030, which is defined as that portion, as determined by a particular actuarial cost method (the Government used the Projected Unit Credit Cost Method), of the actuarial present value of post employment plan benefits and expenses which is not provided by normal cost.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

The funded status of the plan as of November 1, 2015, was as follows:

Actuarial Accrued Liability (AAL)	\$ 28,429,030
Actuarial Value of Plan Assets	-
Unfunded Actuarial Accrued Liability (UAAL)	<u>\$ 28,429,030</u>
Funded Ratio (Act Val. Assets/AAL)	0.00%
Covered payroll (active plan members)	\$ 111,063,441
UAAL as a percentage of covered payroll	25.60%

The schedule of funding progress included in required supplementary information following the notes to the financial statements presents multi-year trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions: Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. The actuarial valuation for post employment benefits includes estimates and assumptions regarding (1) turnover rate; (2) retirement rate; (3) health care cost trend rate; (4) mortality rate; (5) discount rate (investment return assumption); and (6) the period to which the costs apply (past, current, or future years of service by employees). Actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future.

Projections of benefits are based on the types of benefits provided under the terms of the substantive plan (the plan as understood by the Government and its employee plan members) and include the types of benefits at the time of each valuation and on the pattern of sharing of benefit costs between the Government and its plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations on the pattern of cost sharing between the Government and plan members in the future. Consistent with the long-term perspective of actuarial calculations, the actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial liabilities and the actuarial value of assets.

Actuarial Cost Method: The ARC is determined using the Projected Unit Credit Cost Method. The employer portion of the cost for retiree medical care in each future year is determined by projecting the current cost levels using the healthcare cost trend rate and discounting this projected amount to the valuation date using the other described pertinent actuarial assumptions, including the investment return assumption (discount rate), mortality, and turnover.

Actuarial Value of Plan Assets: As of the valuation date, there are not any assets. It is anticipated that in future valuations, should funding take place, a smoothed fair value consistent with Actuarial Standards Board ASOP 6, as provided in paragraph number 125 of Codification Section P50.

Turnover Rate: An age-related turnover scale based on actual experience has been used. The rates, when applied to the active employee census, produce an annual turnover of approximately 16%.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

Post employment Benefit Plan Eligibility Requirements: It is assumed that entitlement to benefits will commence six years after earliest eligibility to enter the D.R.O.P. as described above under the heading "Plan Description". This consists of three to five years in D.R.O.P. in combination with an additional one to three years delay. Medical benefits are provided to employees upon actual retirement.

Investment Return Assumption (Discount Rate): Codification Section P50 states that the investment return assumption should be the estimated long-term investment yield on the investments that are expected to be used to finance the payment of benefits. Based on the assumption that the ARC will not be funded, a 4% annual investment return has been used in this valuation.

Health Care Cost Trend Rate: The expected rate of increase in medical cost is based on a graded schedule beginning with 8% annually, down to an ultimate annual rate of 5% for ten years out and later.

Mortality Rate: The 1994 Group Annuity Reserving (94GAR) table, projected to 2002, based on a fixed blend of 50% of the unloaded male mortality rate and 50% of the unloaded female mortality rates, was used. This is a published mortality table which was designed to be used in determining the value of accrued benefits in defined benefit pension plans. Projected future mortality improvement has not been used since it is our opinion that this table contains sufficiently conservative margin for the population involved in this valuation.

Method of Determining Value of Benefits: The "value of benefits" has been assumed to be the portion of the premium after retirement date expected to be paid by the employer for each retiree and has been used as the basis for calculating the actuarial present value of OPEB benefits to be paid. The medical rates provided are "blended" rates for active and retired. Since "unblended" rates are required by Codification Section P50 for valuation purposes, we have estimated the unblended retiree rates for pre-Medicare eligibility as being 130% of the blended rates. Coverage is provided for retirees only, not dependents, and ceases after Medicare eligibility.

Post-retirement Benefit Increases: The plan benefit provisions in effect for retirees as of the valuation date have been used and it has been assumed for valuation purposes that there will not be any changes in the future.

Inflation Rate: Included in both the investment return assumption and the healthcare cost trend rates above is an implicit inflation assumption of 2.5% annually.

Projected Salary Increases: This assumption is not applicable since neither the benefit structure nor the valuation methodology involves salaries.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

(20) Employee Retirement Systems

The Government participates in seven cost-sharing defined benefit plans, each administered by separate public employee retirement systems. Article X, Section 29(F) of the Louisiana Constitution of 1974 assigns the authority to establish and amend benefit provisions of all plans administered by these public employee retirement systems to the State Legislature. These plans are not closed to new entrants. Substantially all Government employees participate in one of the following retirement systems:

Plan Descriptions:

Municipal Employees' Retirement System (MERS) provides retirement, disability, and survivor benefits to eligible employees and their beneficiaries as defined in LRS 11:1731 and 11:1781. The Government participates in Plan A.

Parochial Employees' Retirement System (PERS) provides retirement, disability, and survivor benefits to eligible employees and their beneficiaries as defined in LRS 11:1901 and 11:1941. The Government participates in Plan A.

State of Louisiana - Municipal Police Employees' Retirement System (MPERS) provides retirement, disability, and survivor benefits to eligible employees and their beneficiaries as defined in LRS 11:2211 and 11:2220.

State of Louisiana - Firefighters' Retirement System (FRS) provides retirement, disability, and survivor benefits to eligible employees and their beneficiaries as defined in LRS 11:2251-2254 and 11:2256.

Louisiana State Employees' Retirement System (LASERS) provides retirement, disability, and survivor benefits to eligible state employees and their beneficiaries as defined in the Louisiana Revised Statutes. The age and years of creditable service required in order for a member to receive retirement benefits are established by LRS 11:441 and vary depending on the member's hire date, employer and job classification.

District Attorneys' Retirement System (DARS) provides retirement, disability, and survivor benefits to district attorneys, assistant district attorneys, and employees of the Louisiana District Attorneys' Association and their beneficiaries as defined in the Louisiana Revised Statutes. Eligibility for retirement benefits and the computation of retirement benefits are defined in LRS 11:1632-1633.

Registrar of Voters Employees' Retirement System (ROVERS) provides retirement, disability, and survivor benefits to eligible registrars of voters in each parish, their deputies, their permanent employees, and their beneficiaries as defined in the Louisiana Revised Statutes. Eligibility for retirement benefits and the computation of retirement benefits are defined in LRS 11:2071-2072.

The systems' financial statements are prepared using the accrual basis of accounting. Employer and employee contributions are recognized in the period in which the employee is compensated for services performed. Benefits and refunds are recognized when due and payable in accordance with the terms of each plan. Interest income is recognized when earned. Ad valorem taxes and revenue sharing monies are recognized in the year collected by the tax collector.

Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

A brief summary of eligibility and benefits of the plans are provided in the following table:

	MERS	MPERS	FRS	PERS
Final average salary	Highest 60 months	Highest 36 months or 60 months ²	Highest 36 months	Final average compensation
Years of service required and/or age eligible for benefits	25 years of any age 10 years age 60 20 years any age ¹	25 years of any age 20 years age 55 12 years age 55 20 years any age ¹ 30 years any age ³ 25 years age 55 ³ 10 years age 60 ³	25 years of any age 20 years age 50 12 years age 55	30 years of any age 25 years age 55 ⁵ 10 years age 60 ⁵ 7 years age 65 ⁵
Benefit percent per years of service	3.00%	2.50 - 3.33% ⁴	3.33%	3.00%
		LASERS	ROVERS	DARS
Final average salary		Highest 36 months or 60 months ⁶	Highest 36 months or 60 months ⁶	Highest 36 months or 60 months ⁶
Years of service required and/or age eligible for benefits		30 years of any age 25 years age 55 20 years of any age ¹ 5-10 years age 60 ⁷	30 years of any age ^{10,11} 20 years age 55 ^{10,11} 10 years age 60 ^{10,11}	30 years of any age 24 years age 55 ¹² 10 years age 60 ¹²
Benefit percent per years of service		2.5% - 3.5% ⁸	3.0% - 3.33% ⁹	3.0% - 3.5% ¹²

¹ With actuarial reduced benefits

² Membership commencing January 1, 2013

³ Under non hazardous duty sub plan commencing January 1, 2013

⁴ Membership commencing January 1, 2013 non hazardous duty plan 2.5%, hazardous duty plan 3.0%, membership prior to January 1, 2013 3.33%.

⁵ Employees hired after January 1, 2007: 30 years age 55, 10 years age 62, 7 years age 67

⁶ Employees hired after 6/30/06 use the revised benefit calculation based on the highest 60 months

⁷ Five to ten years of creditable service at age 60 depending upon the plan or when hired

⁸ Members in regular plan 2.5%, hazardous duty plan 3.33%, and judges 3.5%

⁹ Benefit percent varies depending on hire date

¹⁰ For those hired prior to 1/1/2013

¹¹ Hired after 12/31/12 age eligibility is 30 years at 55, 20 years at 60, and 10 years at age 62

¹² Joined plan after July 1, 1990

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

Contributions

Article X, Section 29(E)(2)(a) of the Louisiana Constitution of 1974 assigns the Legislature the authority to determine employee contributions. Employer contributions are actuarially determined using statutorily established methods on an annual basis and are constitutionally required to cover the employer's portion of the normal cost and provide for the amortization of the unfunded accrued liability. Employer contributions are adopted by the Legislature annually upon recommendation of the Public Retirement Systems' Actuarial Committee. In addition, MERS, PERS, DARS, And ROVERS receive a percentage of ad valorem taxes collected by parishes. These entities are not participating employers in the pension systems and are considered to be nonemployer contributing entities. Contributions of employees, employers, and non-employer contributing entities effective for the year ended October 31, 2016 for the defined benefit pension plans in which the primary government is a participating employer were as follows:

<u>Plan</u>	<u>Active Member Contribution Percentage</u>	<u>Employer Contribution Percentage</u>	<u>Amount from Nonemployer Contributing Entities</u>	<u>Amount of Government Contributions</u>
MERS	9.50%	23.25%	\$ 1,022,281	\$ 6,421,364
MPERS	10.00%	31.75%	1,005,268	4,628,660
FRS	10.00%	25.25%	1,459,721	3,618,058
PERS	9.50%	13.00%	436,285	4,473,091
LASERS	11.50%	38.00%	-	77,526
ROVERS	7.00%	20.00%	21,557	23,830
DARS	8.00%	0.00%	147,284	22,986

Net Pension Liability

The Government's net pension liability at October 31, 2016 is comprised of its proportionate share of the net pension liability relating to each of the cost-sharing plans in which the Government is a participating employer. The Government's net pension liability for each plan was measured as of the plan's measurement date (June 30, 2016 for all plans except PERS and December 31, 2015 for PERS) and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Government's proportionate share of the net pension liability for each of the plans in which it participates was based on the Government's required contributions in proportion to total required contributions for all employers.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

As of the most recent measurement date, the Government's proportion for each plan and the change in proportion from the prior measurement date were as follows:

Plan	Proportionate Share of Net Pension Liability	Proportionate Share (%) of Net Pension Liability	Increase/(Decrease) from Prior Measurement Date
MERS	\$ 69,151,342	16.871487%	0.342588%
MPERS	50,643,169	5.403196%	-0.017345%
FRS	38,459,999	5.879921%	0.323633%
PERS	15,768,618	5.990462%	-0.064436%
LASERS	896,997	0.011420%	0.000720%
ROVERS	219,113	0.772199%	-0.044872%
DARS	325,610	1.701137%	-0.035682%
Total	<u>\$ 175,464,848</u>		

Since the measurement date of the net pension liability was June 30, 2016 (December 31, 2015 for PERS), the net pension liability is based upon fiduciary net position for each of the plans as of those dates. Detailed information about each pension plan's assets, deferred outflows, deferred inflows, and fiduciary net position that was used in the measurement of the Government's net pension liability is available in the separately issued plan financial reports for those fiscal years. The financial report for each plan may be accessed on their website as follows:

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

Cost of Living Adjustments

The pension plans in which the Government participates have the authority to grant cost-of-living adjustments (COLAs) on an ad hoc basis. COLAs may be granted to the state system (LASERS) if approved with a two-thirds vote of both houses of the Legislature, provided the plan meets certain statutory criteria related to the funded status and interest earnings.

Pursuant to LRS 11:242(B), the power of the Board of Trustees of the statewide systems (MERS, MPERS, FRS, PERS, ROVERS, and DARS) to grant a COLA is effective in calendar years that the legislature fails to grant a COLA, unless in the legislation granting a COLA, the legislature authorizes the Board of Trustees to provide an additional COLA. The authority to grant a COLA by the Board is subject to the funded status and interest earnings. The effects of the benefit changes made as a result of the COLAs is included in the measurement of the total pension liability as of the measurement date at which the ad hoc COLA was granted and the amount is known and reasonably estimable.

Discount Rate

The discount rates used to measure the Government's total pension liability for each plan and the significant assumptions used in the determination of the discount rate for each plan are as follows:

	<u>MERS</u>	<u>MPERS</u>	<u>FRS</u>	<u>PERS</u>	<u>LASERS</u>	<u>ROVERS</u>	<u>DARS</u>
Discount rate	7.50%	7.50%	7.50%	7.00%	7.75%	7.00%	7.00%
Change in discount rate from prior valuation	-	-	-	-0.25%	-	-	-
Plan cash flow assumptions	(1)	(1)	(1)	(1)	(1)	(1)	(1)
Rates incorporated in the Discount Rate:							
Long-term Rate of Return	7.50%	7.50%	7.50%	7.00%	7.75%	7.00%	7.00%
Periods applied	All	All	All	All	All	All	All
Municipal Bond Rate	N/A	N/A	N/A	N/A	N/A	N/A	N/A

***Plan Cash Flow Assumptions:**

- 1) Plan member contributions will be made at the current contributions rates and sponsor contributions will be made at the actuarially determined rates.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

The discount rates used to measure the Government's total pension liability for each plan is equal to the long-term expected rate of return on pension plan investments that are expected to be used to finance the payment of benefits. For MERS, MPERS, FRS, LASERS, DARS, and ROVERS, the long-term expected rate of return for each plan was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation and an adjustment for the effect of rebalancing/diversification. For PERS the rate was determined using a triangulation method which integrated the Capital Asset Pricing Model (CAPM), a treasury yield curve approach and an equity building block model. Risk return and correlation are projected on a forward looking basis in equilibrium, in which best-estimates of expected future real rates of return are developed for each major asset class. These rates are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation and an adjustment for the effect of rebalancing/diversification.

The target allocation and best estimates of arithmetic/geometric real rates of return for each major asset class are summarized for each plan in the following tables:

Asset Class	MERS*		MPERS*		FRS*		PERS*	
	Target Allocation	Long-term Expected Real Rate of Return	Target Allocation	Long-term Expected Real Rate of Return	Target Allocation	Long-term Expected Real Rate of Return	Target Allocation	Long-term Expected Real Rate of Return
Fixed Income	35%	1.80%	21%	0.49%	24%	1.85%	34%	1.06%

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions:

Changes in the net pension liability may either be reported in pension expense in the year the change occurred or recognized as a deferred outflow of resources or a deferred inflow of resources in the year the change occurred and amortized into pension expense over a number of years. For the year ended October 31, 2016, the Government recognized \$33,485,517 in pension expense related to all defined benefit plans in which it participates. MERS, PERS, DARS, and ROVERS recognized revenues in the amount of \$589,203 in ad valorem taxes collected from non-employee contributing entities.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

At October 31, 2016, the Government reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 519	\$ 7,181,542
Changes of assumptions	8,893,311	94,182
Net difference between projected and actual earnings on pension plan investments	47,679,407	-
Change in proportion and differences between employer contributions and proportionate share of contributions	5,994,797	361,898
Employer contributions subsequent to the measurement date	<u>9,049,162</u>	<u>-</u>
Total	<u>\$71,617,196</u>	<u>\$ 7,637,622</u>

Deferred outflows of resources of \$9,049,162 resulting from the employer contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability during the year ending October 31, 2017. Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions to be recognized in pension expense are as follows:

<u>Year Ended October 31</u>	<u>Net Amount to be Recognized in Pension Expense</u>
2017	\$ 16,130,156
2018	13,014,151
2019	15,827,627
2020	9,380,688
2021	408,469
Thereafter	<u>169,321</u>
	<u>\$ 54,930,412</u>

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

Sensitivity of the Government's Proportional Share of the Net Pension Liabilities to Changes in the Discount Rate:

The following presents the Government's proportionate shares of the net pension liabilities of the plans, calculated using their respective discount rates, as well as what the Government's proportionate shares of the net pension liabilities would be if they were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

Plan	Current Discount Rate	Net Pension Liability		
		1% Decrease	Current Discount Rate	1% Increase
MERS	7.50%	\$ 87,904,229	\$ 69,151,342	\$ 53,149,383
MPERS	7.50%	67,511,701	50,643,169	36,480,507
FRS	7.50%	52,398,643	38,459,999	26,737,859
PERS	7.00%	39,506,121	15,768,618	(4,292,431)
LASERS	7.75%	1,102,044	896,997	722,771
ROVERS	7.00%	304,630	219,113	145,440
DARS	7.00%	1,228,673	325,610	(219,570)
Total		<u>\$ 249,956,041</u>	<u>\$ 175,464,848</u>	<u>\$ 112,723,959</u>

Payables to the Pension Plans

The Government recorded accrued liabilities to each of the pension plans for the year ended October 31, 2016 for the contractually required contributions for the month of October 2016. The amounts are included in liabilities under the amounts reported as accounts and other payables. The balance due to each plan at October 31, 2016 is as follows:

Plan	
MERS	\$ 940,863
MPERS	588,428
FRS	434,853
PERS	708,599
Total	<u>\$ 2,672,743</u>

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

(21) On-Behalf Payments for Salaries and Benefits

GASB Statement No. 24, *Accounting and Financial Reporting For Certain Grants and Other Financial Assistance* requires the Government to report and disclose in the financial statements on-behalf salary and fringe benefit payments made by the State of Louisiana to certain groups of Government employees.

Supplementary salary payments are made by the state directly to certain groups of employees. The Government is not legally responsible for these salaries. Therefore, the basis for recognizing the revenue and expenditure payments is the actual contribution made by the state. For the fiscal year ended October 31, 2016, the state paid supplemental salaries in the amount of \$3,005,927 to city marshal, fire, and law enforcement employees. The payments are recorded as intergovernmental revenue and public safety expenses/expenditures in the GAAP basis government-wide and General Fund financial statements.

(22) Environmental Liabilities and Regulations

A. LUS

The site upon which the City's first power generation plant was once located has been identified as containing environmental contamination. In 1979, the City built an electrical substation on the site after the 80 year old generation plant was destroyed by fire. While performing electrical upgrades to the substation in 1991, the City discovered traces of petroleum products and began an investigation as to the source of the contaminants and the extent of contamination. As a result of extensive testing on the substation site and adjacent properties, it appears that the source of the contamination is likely to have been caused from underground storage tanks which once contained fuel oil and diesel fuel used in the generation of electrical power by the former utility plant.

The City currently is working with the Louisiana Department of Environmental Quality (LaDEQ) to determine what, if any, further remediation or testing at the site will be required. LaDEQ's Risk Evaluation and Corrective Action Program or "RECAP" now governs the remediation that may be required. While all investigations performed in the past were done with the approval of the LaDEQ, the RECAP regulations require testing and analyses not required during the initial investigations. The City is in the process of performing the required additional investigations at the site. The LaDEQ continues to be involved with all aspects of the project. Approval will be obtained from the LaDEQ prior to any additional investigation.

Based on information currently available, it appears that the site will require some minimal remediation and future monitoring. Costs for those tasks are estimated at \$29,639 and are accrued in the Utilities System Fund at October 31, 2016.

B. LPPA

The Authority is subject to certain federal, state and local laws and regulations governing the protection of the environment. Violations of these laws and regulations may result in substantial fines and penalties. The Authority has obtained the environmental permits necessary for the operation of its electric power generation facilities, and management believes the Authority is in compliance in all material respects with these permits, as well as all applicable environmental laws and regulations.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

Environmental requirements affecting electric power generation facilities are complex, change frequently, and have become more stringent over time as a result of new legislation, administrative actions, and judicial interpretations. Therefore, the capital costs and other expenditures necessary to comply with existing and new environmental requirements are difficult to determine.

The Environmental Protection Agency (EPA) has proposed and adopted rules under the authority of the Clean Air Act (CAA) relevant to the emissions of sulfur dioxide (SO₂) and nitrogen oxide (NO_x) from the Authority's generating units. The CAA established the Acid Rain Program to address the effects of acid rain and imposed restrictions on SO₂ emissions from certain generating units. The CAA requires these generating units to possess a regulatory "allowance" for each ton of SO₂ emitted beginning in the year 2000. The EPA allocates a set number of allowances to each affected unit based on its historic emissions. The Authority has sufficient allowances for operations and expects to have sufficient allowances operations in the foreseeable future under the Acid Rain Program.

On July 6, 2011, the EPA finalized a rule titled "Federal Implementation Plans to Reduce Interstate Transport of Fine Particulate Matter and Ozone" that later became known as Cross-State Air Pollution Rule (CSAPR) to address air pollution from upwind states that crosses state lines and affects air quality in downwind states. CSAPR imposes significant reductions in SO₂ and NO_x emissions from electric generating units (EGUs) that cross state lines. Under CSAPR, the EPA sets total emissions limits for each state, allowing limited interstate (and unlimited intrastate trading) of emission allowances among power plants to comply with these limits beginning January 1, 2012. Specifically for Louisiana, CSAPR limits NO_x emissions for the ozone season, consisting of the months of May through September.

On December 30, 2011, the D. C. Circuit Court of Appeals issued an order staying implementation of CSAPR. The Court further ordered that the Clean Air Interstate Rule (CAIR), a predecessor rule to CSAPR, remain in place while CSAPR was stayed. On April 29, 2014, the U.S. Supreme Court issued an opinion reversing the August 21, 2012 D. C. Court decision that vacated CSAPR and remanded the case back to the D. C. Circuit, where outstanding issues in the case were to be resolved. The stay remained in place until those issues were settled. On October 23, 2014, the D. C. Circuit granted EPA's request to lift the CSAPR stay. EPA issued a rule that tolled the CSAPR compliance deadlines by three years. CSAPR Phase I implementation became effective January 1, 2015, with Phase 2 beginning in 2017. EPA proposed a CSAPR Update Rule on November 20, 2015 to address interstate transport of air pollution under the 2008 ozone National Ambient Air Quality Standard (NAAQS) and to help downwind states and communities meet and maintain the 2008 ozone NAAQS. The proposal is set to reduce the NO_x emissions for Phase 2 effective in 2017.

On December 3, 2015, EPA published the proposed update to CSAPR for the 2008 ozone NAAQS. The Authority filed comments to EPA by the deadline of February 2, 2016. EPA finalized the CSAPR Update Rule on October 26, 2016, and the rule became effective on December 27, 2016.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

The EPA also has adopted rules under Section 112 of the CAA governing the emissions of mercury and other hazardous air pollutants from certain electric generating units (EGUs). The EPA established maximum achievable control technology (MACT) standards for coal-fired EGUs in late 2011, and signed a final rule setting forth national emissions standards for hazardous air pollutants from coal- and oil-fired electric utility steam generating units on December 16, 2011. The final rule is now known as Mercury & Air Toxic Standards (MATS). The MATS rule requires affected EGUs to meet specific numeric emission standards and to establish work practice standards to address hazardous air pollutants. As a result of litigation due to the cost of the regulation, on December 15, 2015, the U.S. Court of Appeals for the D.C. Circuit issued an order remanding the MATS rule without vacatur.

The court expected EPA to provide a response to the issue raised by the Supreme Court on the relevance of costs that affected facilities will incur because of MATS, on or before April 15, 2016, with a possible one year extension on the implementation period for industry. On April 15, 2016, the EPA issued a final finding that it is appropriate and necessary to set standards for emissions of air toxics from coal- and oil-fired power plants. The EPA found that the cost of compliance with MATS is reasonable and that the electric power industry can comply with MATS and maintain its ability to provide reliable electric power to consumers at a reasonable cost.

In order to comply with these regulations, the Authority's 50% share of costs is approximately \$74,600,000. Compliance with CSAPR was completed during the 2012-2013 fiscal year at a cost of \$5,500,000. Environmental upgrades for compliance with MATS were completed at the beginning of 2015 at a cost of \$67,400,000. Funding for these projects was obtained through existing funds and the issuance of \$74,600,000 Series 2012 Electric Revenue Bonds.

On June 2, 2014, EPA released the rule under Section 111(d) of the Clean Air Act, known as the Clean Power Plan (CPP), which proposed guidelines for Carbon Dioxide (CO₂) emissions from existing fossil fuel-fired power plants. The rule would "set state-specific goals" for CO₂ emissions from the power sector, in addition to developing plans to achieve the state-specific goals. EPA finalized the CPP on August 3, 2015. The U.S. Supreme Court issued a stay of the implementation on February 9, 2016.

(23) Flow of Funds: Restrictions on Use - Utility Revenues

Under the terms of various bond indentures on outstanding Utilities Revenue Bonds for acquiring and constructing extensions and improvements to the Utilities System, all income and revenues (2016 collections \$222,150,942) of the Utilities System are pledged and dedicated to the retirement of the bonds with outstanding principal and interest balances in the amount of \$214,410,000 and \$90,135,111, respectively. All revenues are to be deposited in funds as indicated below.

All revenue, except income received from the sale of capital assets and charges between divisions of the Utilities System, shall be deposited daily into a Receipts Fund. Out of the Receipts Fund, there shall be transferred to an Operating Fund from time to time as needed during each sinking fund year amounts sufficient to provide for the payment of costs of operation and maintenance.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

After meeting the requirements of the Operating Fund, the monies in the Receipts Fund shall be transferred to the Sinking Fund in amounts sufficient to pay promptly and fully the principal of, premium, if any, and the interest on the outstanding revenue bonds as they become due and payable whether by maturity or mandatory call. Appropriate amounts shall also be placed in the Sinking Fund to allow for the payment of the charges of the paying agent. On or before the day before the interest payment date, sufficient funds to make the payment of the principal and/or interest owed on the obligations, as of that interest payment date, shall be deposited with the paying agent.

After meeting the requirements of the Operating and Sinking Funds, monies in the Receipts Fund are transferred to the Reserve Fund to satisfy the reserve requirements for reserve secured bonds. Amounts in the Reserve Fund are used solely for the purposes of curing deficiencies in the Sinking Fund for the payment when due of the principal of, premium, if any, and interest on the reserve secured bonds.

After meeting the requirements of the Reserve Fund, the monies in the Receipts Fund shall be deposited in the Capital Additions Fund. The monies in the Capital Additions Fund shall be used for the payment of principal and redemption price of and interest on obligations when due at any time monies are not available. It shall also be used to make the in lieu of tax payment to the City General Fund. The remaining money in the Capital Additions Fund may be used for (1) paying capital costs, (2) creation of a rate stabilization account to provide for temporary loss of revenue, (3) payment of subordinated indebtedness and subordinated contract obligations, (4) purchase of outstanding obligations, or (5) making any payment or investment for any lawful purpose.

(24) Flow of Funds: Restrictions on Use – Communications Revenues

Under the terms of the ordinance authorizing and providing for the issuance of Communications System Revenue Bonds to construct a fiber optic infrastructure, all income and revenues (2016 collections \$35,704,723) of the Communications System are pledged and dedicated to the retirement of the bonds with outstanding principal and interest balances in the amount of \$105,255,000 and \$48,053,513, respectively. All revenues are to be deposited in accounts as indicated below.

All revenue, except income received from the sale of capital assets and proceeds from the issuance of bonds shall be deposited daily into a Receipts Account. Out of the Receipts Account, after the application of bond proceeds deposited for working capital have been exhausted, there shall be transferred to an Operating Account from time to time as needed during each debt service account year amounts sufficient to provide for the payment of costs of operation and maintenance.

After meeting the requirements of the Operating Account and after the capitalized interest deposited into the Debt Service Account has been exhausted, the monies in the Receipts Account shall be transferred to the Debt Service Account in amounts equal to 1/6 of the next semiannual interest payment due and 1/12 of the next principal payment due on or before the 20th day of each month. On or before the 21st day of the month preceding each interest payment date, sufficient funds to make the payment of the principal and/or interest owed on the obligations, as of that interest payment date, shall be deposited with the paying agent.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

After meeting the requirements of the Operating and Debt Service Sinking Accounts, monies in the Receipts Account are transferred to the Reserve Account to satisfy the reserve requirements for reserve secured bonds. Amounts in the Reserve Account are used solely for the purposes of curing deficiencies in the Sinking Account for the payment when due of the principal of, premium, if any, and interest on the reserve secured bonds.

After meeting the requirements of the Reserve Account, the monies in the Receipts Account shall be deposited in the Capital Additions Account. The monies in the Capital Additions Account shall be used for the payment of principal and redemption price of and interest on obligations when due at any time monies are not available. The remaining money in the Capital Addition Account may be used for: (1) paying capital costs, (2) payment of subordinated indebtedness and subordinated contract obligations, (3) purchase of outstanding obligations, or (4) making any payment or investment for any lawful purpose.

(25) Flow of Funds: Restrictions on Use - LPPA

Under the terms of the ordinance authorizing and providing for the issuance of electric revenue bonds to finance the acquisition of an ownership interest in a fossil fuel steam electric generating plant and for other purposes relating thereto, the bonds are special obligations payable solely from and secured by the revenues and other funds including bond proceeds. All income and revenues (2016 collections \$48,326,966) of LPPA are pledged and dedicated to the retirement of the bonds with outstanding principal and interest balances in the amount of \$85,170,000 and \$38,093,275, respectively. Such revenues consist of all income, fees, charges, receipts, profits, and other monies derived from its ownership and operation of the fossil fuel steam electric generating plant, other than certain money derived during the period of construction. Monies in the revenue fund shall first be applied to the payment of operating expenses of the plant. Monies in the revenue fund shall then be deposited into the bond fund to pay principal and premium, if any, and interest on all bonds as they become due and payable; and then applied to maintain in the bond fund reserve account an amount equal to the maximum annual debt service requirements on all bonds. After making the required payments into the operating account and bond fund, there shall be paid out of the revenue fund into the reserve and contingency fund an amount equal to \$1,500,000 or such greater amount as may be determined by the consulting engineer, provided that there shall not be required to be paid therein during any month an amount in excess of 25% of the amounts required to be paid during such month to the bond fund. If on any October 31st following the date of commercial operation, the monies credited (or to be credited as of such date) to the revenue fund shall exceed the required amount of working capital for the operation of the plant, the amount of such excess shall be applied (1) to reduce monthly power costs to the Government under the power sales contract, (2) to pay the cost of making repairs, renewals and replacements, additions, betterments and improvements to and extensions of the plant operations, (3) to the purchase or redemption of bonds, (4) to any other purpose in connection with the plant operation, or (5) to any other lawful purpose, including the payment of subordinated indebtedness.

The Fuel Cost Stability Fund was established to allow level billings to the retail customer when the generating plant is out of service for a period of seven days or more. In those instances, a credit may be applied to the monthly power bill to the Government. When the unit has been returned to operation, the funds which were applied as a credit are recovered by application of a surcharge to restore the fund balance over a reasonable period of time.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

(26) Dedication of Proceeds and Flow of Funds - Sales and Use Taxes

City of Lafayette

A. Proceeds of the 1961 1% sales and use tax levied by the City of Lafayette (2016 collections \$43,391,836) are dedicated to the following purposes:

1. Capital improvements (as more fully described in the tax proposition) for streets, sidewalks and bridges; drains, drainage canals and sub-surface drainage; fire department stations and equipment; police department stations and equipment; garbage disposal and health and sanitation equipment and facilities; public buildings; public parks and recreational facilities and equipment; civil defense; and any other work of permanent public improvement, title to which shall be in the public.
2. Supplementing the revenues of the City General Fund, after providing for debt service on outstanding bonds, provided that such an amount cannot exceed 35% of the annual sales tax revenues.

Proceeds of the tax have been pledged and dedicated to the retirement of various Public Street and Drainage Bonds with outstanding principal and interest balances in the amount of \$150,175,000 and \$64,617,329, respectively, at October 31, 2016.

B. Proceeds of the 1985 1% sales and use tax levied by the City of Lafayette (2016 collections \$36,192,939) are dedicated to the following purposes:

1. Capital improvements (as more fully described in the tax proposition) for street and drainage improvements.
2. Supplementing the revenues of the City General Fund, after providing for debt service on outstanding bonds, provided that such an amount cannot exceed 35% of the annual sales tax revenues.

Proceeds of the tax have been pledged and dedicated to the retirement of Public Streets and Drainage Bonds with outstanding principal and interest balances in the amount of \$87,905,000 and \$29,038,323, respectively, at October 31, 2016.

Under the terms of the various bond indentures:

1. All proceeds of the tax are to be deposited daily into a Sales Tax Trust Fund.
2. Each month, there will be transferred from the Sales Tax Trust Fund an amount estimated to be required to pay for all reasonable and necessary costs and expenses of collecting and administering the tax during the next succeeding month.
3. On or before the 20th day of each month, there shall be transferred to a Sales Tax Bond Sinking Fund an amount equal to 1/6 of the interest falling due on the next interest payment date and 1/12 of the principal falling due on the next principal payment date.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

4. On or before the 20th day of each month, there shall also be transferred to a Sales Tax Bond Reserve Fund a prescribed sum until such time as there is on deposit in that fund a sum equal to the highest combined principal and interest requirements in any succeeding fiscal year on the outstanding bonds.
 5. Any funds remaining after the above transfers will be considered surplus and may be used for the purposes for which the tax was levied.
- C. Proceeds of the 1% sales and use tax levied by the City of Lafayette beginning October 1, 2006 on businesses located in the Lafayette I-10 Corridor District at Mile Marker 103 (2016 collections \$1,539,855) are dedicated for financing economic development projects in the District.

Lafayette Parish

Lafayette Parish is authorized by the voters of the parish to levy and collect a one percent (1%) sales and use tax on a parish-wide basis except for territory located within the boundaries of any incorporated municipality situated within the Parish. The sales tax ordinance provides that the net proceeds of the sales tax will be deposited in the General Fund of the Parish for general expenditures. Revenues from this tax totaled \$4,714,018 for the period ended October 31, 2016.

(27) Fair Value Measurements

Professional standards require the disclosure for fair value measurements of financial assets and liabilities and for fair value measurements of nonfinancial items that are recognized or disclosed at fair value in the financial statements on a recurring basis. The standards establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of inputs used to measure fair value are as follows:

- a. Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- b. Level 2 inputs are observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- c. Level 3 inputs are unobservable inputs for the asset or liability.

The following methods and assumptions were used by the Government in estimating fair values of financial instruments:

- a. The carrying amount reported in the statement of net position for the following approximates fair value due to the short maturities of these instruments: cash, accounts receivable, and accounts payable.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

- b. The fair value for investment securities are based on quoted market prices at the reporting date multiplied by the quantity held. The carrying value equals fair value.

The following table presents assets that are measured at fair value on a recurring basis at October 31, 2016:

Primary Government:

Description	Total	(Level 1)	(Level 2)	(Level 3)
U.S. Treasuries	\$ 219,468,303	\$ 219,468,303	\$ -	\$ -
U.S. Instrumentalities	105,409,496	-	105,409,496	-
	<u>\$ 324,877,799</u>	<u>\$ 219,468,303</u>	<u>\$ 105,409,496</u>	<u>\$ -</u>

Fiduciary Funds:

Description	Total	(Level 1)	(Level 2)	(Level 3)
U.S. Treasuries	\$ 15,779	\$ 15,779	\$ -	\$ -
U.S. Instrumentalities	1,661	-	1,661	-
	<u>\$ 17,440</u>	<u>\$ 15,779</u>	<u>\$ 1,661</u>	<u>\$ -</u>

(28) Deficit Fund Balance and Unrestricted Net Position of Individual Funds

The following funds reported deficit fund balance and net position at October 31, 2016:

Enterprise fund:

Communications System - net position \$ (51,395,823)

Internal service fund:

Self-Insurance - fund balance \$ (5,040,767)

These deficits will be funded by future excess revenues.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

(29) Compensation, Benefits, and Other Payments to Agency Head

The schedule of compensation, benefits, and other payments to the Government's Mayor-President for the year ended October 31, 2016 follows:

	L.J. "Joey" Durel, Jr. November 1, 2015 - January 4, 2016	Joel Robideaux January 4, 2016 - October 31, 2016
Salary	\$ 21,608	\$ 94,311
Benefits (insurance, retirement, medicare)	5,747	24,989
Vehicle subsidy lease	1,165	4,835
Expense allowance	3,600	-
Per diem	703	768
Transportation	370	329
Travel	1,972	5,438
Registration fees	-	75
Telecommunications	121	-
Special meals	41	899

(30) Compensation of Council

The compensation paid to the council members for the year ended October 31, 2016 follows:

Kevin Naquin	\$ 28,264
Jay Castille	28,364
Brandon Shelvin	5,174
Patrick Lewis	23,715
Kenneth P. Boudreaux	30,292
Jared Bellard	25,480
Andre "Andy" Naquin	4,704
Bruce Conque	23,876
Donald L. Bertrand	5,174
Nanette Cook	22,584
Keith Patin	4,894
Liz W. Hebert	22,584
William G. Theriot	25,480
	<u>\$250,585</u>

(31) Change in Estimate

As a result of an experience based study conducted on the Communications System's capital assets, the Government increased its estimate of the useful lives of certain classes of fiber optic assets. The change is being applied prospectively, beginning November 1, 2015. The effect of this change in the current period is a decrease of \$4,379,353 in Communications System's operating expenses and business-type activities expenses and the corresponding increases in changes in net position for the enterprise funds and the business-type activities.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

(32) New Accounting Pronouncements

The Governmental Accounting Standards Board (GASB) has issued the following statements which were not required to be implemented by the Government during the current fiscal year.

- GASB Statement No. 74, “Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans.” The requirements of this Statement are effective for fiscal years beginning after June 15, 2016.
- GASB Statement No. 75, “Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions.” The requirements of this Statement are effective for fiscal years beginning after June 15, 2017.
- GASB Statement No. 77, “Tax Abatement Disclosures.” The requirements of this Statement are effective for fiscal years beginning after December 15, 2015.
- GASB Statement No. 78, “Pensions Provided through Certain Multiple-Employer Defined Benefit Pension Plans.” The requirements of this Statement are effective for fiscal years beginning after December 15, 2015.
- GASB Statement No. 79, “Certain External Investment Pools and Pool Participants.” The requirements of this Statement are effective for fiscal years beginning after December 15, 2015.
- GASB Statement No. 80, “Blending Requirements for Certain Components.” The requirements of this Statement are effective for fiscal years beginning after June 15, 2016.
- GASB Statement No. 81, “Irrevocable Split-Interest Agreements.” The requirements of this Statement are effective for fiscal years beginning after December 15, 2016.
- GASB Statement No. 82, “Pension Issues – an amendment of GASB Statements No. 67, No. 68, and No. 73.” The requirements of this Statement are effective for fiscal years beginning after June 15, 2016, except for the requirements of paragraph 7 in a circumstance in which an employer’s pension liability is measured as of a date other than the employer’s most recent fiscal year-end. In that circumstance, the requirements of paragraph 7 are effective for that employer in the first reporting period in which the measurement date of the pension liability is on or after June 15, 2017.
- GASB Statement No. 83, “Certain Asset Retirement Obligations.” The requirements of this Statement are effective for fiscal years beginning after June 15, 2018.
- GASB Statement No. 84, “Fiduciary Activities.” The requirements of this Statement are effective for fiscal years beginning after December 15, 2018.
- GASB Statement No. 85, “Omnibus 2017.” The requirements of this Statement are effective for fiscal years beginning after June 15, 2017.

The effect of implementation of these new pronouncements on the Government’s financial statements has not yet been determined.

(33) Subsequent Events

On February 16, 2017, the State Bond Commission approved the following:

- A. Issuance of \$71,000,000 Public Improvement Sales Tax Revenue Bonds, in one or more series, not exceeding 5% interest rate and 25 year term for the purpose of purchasing, constructing, acquiring, extending and/or improving public works or capital improvements.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

- B. Issuance of \$79,000,000 Public Improvement Sales Tax Refunding Bonds, in one or more series, not exceeding 5% interest rate and maturing no later than March 1, 2036, refunding all or a portion of certain existing public improvement sales tax bonds.
- C. Issuance of \$22,000,000 General Obligation Refunding Bonds, in one or more series, not exceeding 5% interest rate and maturing no later than March 1, 2035, refunding all or a portion of the existing general obligation bonds.

(34) Prior Year Restatement

Effective November 1, 2015, the Government changed the Animal Control Shelter Fund from an enterprise fund (business-type activities) to a special revenue fund (governmental activities). Enterprise funds are intended to operate in a manner similar to private business enterprises, where the costs of services (including depreciation) are financed or recovered primarily through user charges. Since the operations of the Animal Control Shelter are not entirely dependent upon charges for services, but are financed primarily through governmental fund transfers, it should be accounted for in a separate special revenue fund. This change resulted in a restatement of previously reported net position as follows:

	Government-Wide Financial Statements	
	Governmental Activities	Business-type Activities
	November 1, 2015 net position, as previously reported	\$ 424,464,818
Net effect of reclassifying Animal Control Shelter Fund	605,099	(605,099)
November 1, 2015 net position, as restated	\$ 425,069,917	\$ 518,472,100

	Fund Financial Statements			
	Other Governmental Funds	Total Governmental Funds	Other Enterprise Funds	Total Enterprise Funds
	November 1, 2015 net position, as previously reported	\$ 196,861,456	\$ 282,029,624	\$ 5,749,023
Net effect of reclassifying Animal Control Shelter Fund	771,227	771,227	(605,099)	(605,099)
November 1, 2015 net position, as restated	\$ 197,632,683	\$ 282,800,851	\$ 5,143,924	\$ 518,871,377

Notes to the Required Supplementary Information

(1) Budget and Budgetary Accounting

The budgets for the General, Special Revenue, and Debt Service funds for fiscal year 2016 were prepared on the modified accrual basis of accounting, consistent with generally accepted accounting principles (GAAP). The Capital Projects Funds' budgets were prepared on a project basis and, therefore, are not presented. No budget is presented for the Paving and Sewer Special Assessment Bonds Funds because no expenditures were anticipated for these funds.

The Government follows the procedures detailed below in adopting its budget.

- a. At least 90 days prior to the beginning of each fiscal year, the Mayor-President submits to the Council a proposed budget in the form required by the City-Parish Charter.
- b. A public hearing is conducted to obtain taxpayer comments and notice thereof is published in the official journal at least 10 days prior to such hearing. The notification includes the time and place of the public hearing in addition to a general summary of the proposed budget.
- c. Final adoption of the budget is required to be not later than the second-to-last regular meeting of the preceding fiscal year.
- d. The Mayor-President is authorized to transfer budgeted amounts within departments, except that no transfer can be made to or from any salary account, unless authorized by the City-Parish Council by ordinance. Any revisions which cause interdepartmental transfers or alter the total revenues or expenditures of any fund must likewise be approved by the City-Parish Council.
- e. Formal budgetary integration is employed as a management control device during the year for all funds. No payment can be made or obligated against any appropriation unless the Mayor-President or his designee first certifies that sufficient unencumbered funds are or will be available to meet the obligation when it becomes due and payable. In practice, this has generally been interpreted (due to the flexibility for intradepartmental transfer of line item appropriations) to mean control at the departmental/fund level.
- f. Those budgets presented in the budgetary comparison schedules are adopted on a basis consistent with generally accepted accounting principles as applied to governmental units.
- g. Under the Charter, all appropriations, except for capital outlays, lapse at the close of the fiscal year to the extent that they have not been expended or encumbered. Appropriations for capital outlays lapse after completion of the project or abandonment. A capital outlay appropriation is deemed abandoned if three years pass without any disbursement or encumbrance of the appropriation.
- h. All budgeted amounts presented reflect the original budget and the final budget (which have been adjusted for legally authorized revisions during the year).

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Notes to the Required Supplementary Information

(2) Pension Plans

Changes of Assumptions – Changes of assumptions about future economic or demographic factors or of other inputs were recognized in pension expense using the straight-line amortization method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with pensions through the pension plans. These assumptions include the rate of investment return, mortality of plan members, rate of salary increase, rates of retirement, rates of termination, rates of disability, and various other factors that have an impact on the cost of the plan.

Special Revenue Funds**

Nonmajor Governmental Funds

Special Revenue Funds

Special Revenue funds account for and report the proceeds of specific revenue sources that are legally restricted for specific purposes other than debt service or capital projects.

Road and Bridge Maintenance - this fund accounts for proceeds of ad valorem taxes assessed by the City and Parish, State's Parish Transportation funds, state shared revenue, and any interest earned on these funds to cover the costs of maintaining and improving the roads and bridges in the City and the Parish.

Parishwide Drainage Maintenance - this fund accounts for proceeds of ad valorem taxes assessed by the Parish, state shared revenue, and interest earned on these funds to cover the costs of improving and maintaining drainage throughout Lafayette Parish.

Adult Correctional Facility Maintenance - this fund accounts for proceeds of ad valorem taxes, state shared revenue, and interest earned on these funds to cover the costs of operating and maintaining the Adult Correctional Facility in the Parish.

Courthouse and Jail Maintenance - this fund accounts for proceeds of ad valorem taxes assessed by the Parish, state shared revenue, and interest earned on these funds. These revenues are dedicated to the courthouse and jail in the Parish for operations and maintenance costs.

Juvenile Detention Home Maintenance - this fund accounts for ad valorem taxes assessed by the Parish, collection and disbursement of various federal and state grants, state shared revenue, charges for services, and any interest earned on these funds. Revenues are dedicated to covering the cost of operating, improving, and maintaining the Juvenile Detention Home.

Combined Public Health Fund - this fund accounts for ad valorem taxes assessed by the Parish, collection and disbursement of those taxes to funds dedicated to operating and maintaining the Health Unit, Animal Control, and Mosquito Abatement and Control.

Health Unit Maintenance - this fund accounts for proceeds of ad valorem taxes assessed by the Parish. Proceeds from the tax shall be used for the purpose of operating and maintaining the Health Unit.

Mosquito Abatement and Control - this fund accounts for a special property tax levy required to cover the cost of controlling mosquitoes and other arthropods.

Lafayette Parish Public Library - this fund accounts for proceeds of ad valorem taxes assessed by the Parish, state shared revenue, and revenues from services provided by the library. These revenues are to cover the cost of operating and maintaining all branches of the Lafayette Parish Public Library.

Municipal Transit System - this fund accounts for the activities necessary to provide bus service for the residents of the City.

Recreation and Parks - funded primarily from a transfer of City general governmental funds and ad valorem taxes assessed by the City. These proceeds are used for the purpose of maintaining and operating recreation programs in the City and unincorporated areas.

Nonmajor Governmental Funds

Special Revenue Funds (Continued)

Golf Courses - this fund is used to account for the operations of the City's three golf courses. The fund's operations are financed by green fees, golf equipment rentals, memberships, and tournament fees.

Natural History Museum and Planetarium - this fund is used to account for revenues from ticket sales, facility rentals, and other services provided to cover the costs of operating and maintaining the museum and planetarium.

Heymann Performing Arts Center - these funds are used to account for all proceeds from ticket sales and facility rental fees at the Heymann Performing Arts Center. The proceeds of these sales go toward operating and maintaining the facility.

Animal Control Shelter Fund - this fund is to account for dedicated ad valorem taxes assessed by the Parish and other revenues and expenses associated with the operations of Animal Control Shelter in Lafayette Parish. The Animal Control Shelter ensures the humane treatment of animals through in-house vaccinations as well as a spay/neuter program.

Parking Program - this fund is used to account for parking revenues to promote improved parking facilities.

Codes and Permits - this fund is used to account for the revenues from permits and other services provided by the Codes Division to cover the costs of operating and maintaining the Planning, Zoning, and Development Department.

Coroner's Expense - this fund accounts for revenues from services provided by the Coroner's office. Proceeds from these services are dedicated to covering the costs of operating and maintaining the Coroner's office in Lafayette Parish.

War Memorial - this fund is used to account for the money received from Veteran's Affairs and the operating subsidy from the Parish General Fund for operating and maintaining the War Memorial Building.

Criminal Court Fund - this fund is used to account for deposited fines and forfeitures to be used and paid for certain specific and specified expenses generally related to the Judges of the 15th Judicial District and of the Office of the District Attorney, upon a motion by the District Attorney and order of the District Court. One half of any surplus remaining in the fund on December 31st of each year shall be transferred to the Parish General Fund.

Criminal Justice Support Services - this fund accounts for collections from various federal, state, and local sources and the disbursements used to assist repeat offenders with rehabilitative education.

Justice Department Federal Equitable Sharing - this fund accounts for the cash proceeds received from seizures and forfeitures, as well as any interest earned on these funds. These funds are dedicated to public safety.

Nonmajor Governmental Funds
Special Revenue Funds (Continued)

Traffic Safety - this fund accounts for safe light and safe speed ticket fees collected by Redflex for Lafayette Consolidated Government.

Narcotics Seized/Forfeited Property - these funds account for the cash proceeds received from federal and state narcotic seizures and forfeitures, as well as any interest earned on these funds.

1961 Sales Tax Trust - this fund is used to account for the 1% sales and use tax levied by the City of Lafayette. These revenues are dedicated to capital improvements, the general fund, and debt service.

1985 Sales Tax Trust - this fund is used to account for the 1% sales and use tax levied by the City of Lafayette. These revenues are dedicated to capital improvements, the general fund, and debt service.

TIF Sales Tax Trusts - this fund is used to account for sales and use tax levied by the City of Lafayette. These revenues are dedicated to redevelopment, infrastructure, and other community-improvement projects in the defined district.

Community Development Grants - these funds are to account for the collection and disbursement of various federal and state grants administered by the Community Development Department. These grants go toward programs to increase opportunities, assist in the creation of employment, and improving and restoring housing in Lafayette Parish.

Federal Transportation and Planning Grants - these funds are to account for the collection and disbursement of various federal and state grants administered by the Public Works Department. These funds are used to cover the costs of planning, operating, improving, and maintaining buses, Interstate 49, other state and local roadways, sidewalks and crosswalks in the Parish.

Other Federal Grants - this fund accounts for the collection and disbursement of various federal grants received by Lafayette Consolidated Government.

Other State Grants - this fund accounts for the collection and disbursement of various state and federal grants received by Lafayette Consolidated Government.

Debt Service Funds**

Nonmajor Governmental Funds

Debt Service Funds

Debt Service Funds account for and report financial resources that are restricted or committed for payment of general long-term debt principal, interest, and paying agent fees.

1961 Sales Tax Bonds Sinking Fund - accounts for sales tax revenues dedicated for the payment of principle and interest requirements of all outstanding Public Improvement Sales Tax Bonds of the City of Lafayette. Also accounts for the portion of the bonds issued for the purpose of advance refunding for certain outstanding obligations of the City.

1961 Sales Tax Bonds Reserve Fund - this reserve fund accounts for a specified amount or balance that is required to be kept in case any pledged revenues are insufficient to pay debt service requirements for the 1961 City Sales Tax Bonds.

1985 Sales Tax Bonds Sinking Fund - accounts for sales tax revenues dedicated for the payment of principle and interest requirements of all outstanding Public Improvement Sales Tax Bonds of the City of Lafayette. Also accounts for the portion of the bonds issued for the purpose of advance refunding for certain outstanding obligations of the City.

1985 Sales Tax Bonds Reserve Fund - this reserve fund accounts for a specified amount or balance that is required to be kept in case any pledged revenues are insufficient to pay debt service requirements for the 1985 City Sales Tax Bonds.

Paving Assessment Bonds - to account for the payment of principal and interest on bonds issued for the acquisition, development, and improvements to City of Lafayette's sidewalks. Funding consists of special assessment taxes to the public who will benefit from the improvements.

Sewer Assessment Bonds - to account for the payment of principal and interest on bonds issued for the acquisition, development, and improvements to City of Lafayette's sewers. Funding consists of special assessment taxes to the public who will benefit from the improvements.

Contingencies Sinking Fund - accounts for revenues from ad valorem taxes assessed by the Parish dedicated for the payment of principle and interest requirements for the Lafayette Parish General Obligation Bonds.

Certificates of Indebtedness, Series 2011 Sinking Fund - accounts for excess annual revenue dedicated for the payment of principle and interest requirements of the 2011 City Certificate.

Limited Tax Series 2012 Refund Bond Sinking Fund - this fund is used to account for the payment of principal, interest, and related charges for the 2012 Bond Series. Funding consists of proceeds from ad valorem taxes assessed by the Parish.

Capital Project Funds

Capital Project Funds are used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds.

1961 City Sales Tax Bond Construction Funds - these funds are to account for the proceeds from bond issues used to finance capital improvement projects within the City of Lafayette. These bond issues are secured and payable from a pledge and dedication of the proceeds of the 1961 City sales and use tax.

1985 City Sales Tax Bond Construction Funds - these funds are to account for the proceeds from bond issues used to finance capital improvement projects within the City of Lafayette. These bond issues are secured and payable from a pledge and dedication of the proceeds of the 1985 City sales and use tax.

Parish General Obligation Bonds Construction Funds - these funds are to account for the proceeds from bond issues to finance capital infrastructure improvement projects within Lafayette Parish.

Enterprise Funds**

Nonmajor Enterprise Funds

Enterprise funds account for operations: (a) that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

Environmental Services Disposal Fund - this fund is to account for the revenues, expenses, and fixed assets associated with the operations of the Environmental Quality Division which consists of compost disposal, solid waste disposal and other environmental issues in Lafayette Parish.

CNG Service Station Fund - this fund is to account for the revenues and expenses associated with the operation and maintenance of the Compressed Natural Gas (CNG) service station which services both public and private vehicles.

Internal Service Funds

Internal Service Funds

Internal Service funds account for the financing of goods or services provided by one department or agency to other department or agencies of the governmental unit, or to other governmental units, on a cost-reimbursement basis.

Central Vehicle Maintenance Fund - manages, maintains, and repairs LCG fleet vehicles consisting predominately of City buses, public safety vehicles, and various heavy equipment.

Central Printing Fund - this fund is to account for revenues received by the Information Services Operations Division performing printing and binding services for departments.

Self-Insurance Fund - this fund is also called the Risk Management Fund. This fund is used to account for self-insurance activities involving property damage, worker's compensation, and general liability claims.

Group Hospitalization Fund - this fund is used to account for self-insurance activities involving medical care claims and payment of insurance premiums by the City's employees, retirees, and dependents.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
LAFAYETTE, LOUISIANA

STATISTICAL SECTION INDEX
(Unaudited)

This part of Lafayette Consolidated Government's Comprehensive Annual Financial Report presents detailed information as a context for understanding what the information in the Financial Statements, Note Disclosures, Required Supplementary Information, and Other Supplementary Information says about the City-Parish's overall financial health.

<u>Contents</u>	<u>Pages</u>	<u>Tables</u>
Financial Trends		
These schedules contain trend information to help the reader understand how the City-Parish's financial performance and well-being has changed over time.	212-225	1-6
Revenue Capacity		
These schedules contain information to help the reader assess the City-Parish's most significant local revenue sources, the sales tax, as well as the property tax.	226-237	7-14
Debt Capacity		
These schedules contain information to help the reader assess the affordability of the City-Parish's current levels of outstanding debt and the City-Parish's ability to issue additional debt in the future.	238-246	15-22
Demographic and Economic Information		
These schedules offer demographic and economic indicators to help the reader understand the environment within which Lafayette Consolidated Government's financial activities take place.	247-248	23-24
Operating Information		
These schedules contain service and infrastructure data to help the reader understand how the information in the City-Parish's financial report relates to the services that the City-Parish provides and the activities it performs.	249-254	25-28

Sources: Unless otherwise noted, the information in these tables is derived from the annual financial reports for fiscal years 2005-2012 and the Comprehensive Annual Financial Reports for fiscal years 2013-2016.

Louisiana Revised Statutes limit the Parish's general obligation bonded debt for other purposes to 10% of the assessed valuation of the taxable property for a single purpose with no limit on the number of purposes. The City may issue general obligation bonded debt in excess of 10% of the assessed valuation of the taxable property for any single purpose provided that the aggregate for all such purposes (determined at the time of issuance of the bonds) does not exceed 35% of the assessed valuation of the taxable property of the City.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Lafayette City-Parish
Council of Lafayette, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Lafayette City-Parish Consolidated Government, (the Government) as of and for the year ended October 31, 2016, and the related notes to the financial statements, which collectively comprise the Government's basic financial statements and have issued our report thereon dated April 13, 2017. Our report includes a reference to other auditors who audited the financial statements of Cajundome Commission, City Court of Lafayette, Lafayette Regional Airport, Lafayette Parish Waterworks District North, Lafayette Parish Waterworks South, Lafayette Parish Bayou Vermilion District, and Lafayette Parish Communication District, as described in our report on the Government's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Government's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Government's internal control. Accordingly, we do not express an opinion on the effectiveness of the Government's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We consider the deficiency described in the accompanying summary schedule of current and prior year audit findings and management's correction action plan as item 2016-001 to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Government's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The Government's Responses to Findings

The Government's responses to the findings identified in our audit are described in the accompanying summary schedule of current and prior year audit findings and management's corrective action plan. We did not audit the Government's response and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However, this report is a matter of public record and its distribution is not limited.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Lafayette City-Parish
Council of Lafayette, Louisiana

Report on Compliance for Each Major Federal Program

We have audited Lafayette City-Parish Consolidated Government's (the Government) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Government's major federal programs for the year ended October 31, 2016. The Government's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. The Government's basic financial statements include the operations of Lafayette Regional Airport, which received \$7,505,905 in federal awards which is not included in the Government's schedule of expenditures of federal awards for the year ended October 31, 2016. Our audit, described below, did not include the operations of Lafayette Regional Airport because the component unit engaged other auditors to perform an audit of compliance.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the Government's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Government's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Government's compliance.

Opinion on Each Major Federal Program

In our opinion, the Government complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended October 31, 2016.

Report on Internal Control over Compliance

Management of the Government is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Government's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Government's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose. However, this report is a matter of public record and its distribution is not limited.

Notes to the Schedule of Expenditures of Federal Awards
For the Year Ended October 31, 2016

(1) Basis of Presentation

The accompanying schedule of expenditures of federal awards includes the federal grant activity of Lafayette City-Parish Consolidated Government and is presented on the modified accrual basis of accounting and the accrual basis, as appropriate, which is described in Note 1 of the Financial Statements of the Government's financial statements. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

(2) Indirect Cost Rate

The Government has elected not to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

(3) Relationship to Financial Statements

Federal awards revenues are reported in Lafayette City-Parish Consolidated Government's financial statements as follows:

Major proprietary fund:	
Utilities System Fund	\$ 497,562
Nonmajor governmental funds:	
Special revenue funds	<u>10,803,753</u>
Total	<u>\$11,301,315</u>

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Schedule of Findings and Questioned Costs
For the Year Ended October 31, 2016

Part I. Summary of Auditors' Results:

1. The auditors' report expresses an unmodified opinion on the financial statements of the Government.
2. One significant deficiency in internal control was disclosed during the audit of the financial statements. No material weaknesses are reported.
3. No instances of noncompliance material to the financial statements of the Government, which would be required to be reported in accordance with *Government Auditing Standards*, were disclosed during the audit.
4. There were no significant deficiencies or material weakness in internal control over a major federal award program disclosed during the audit.
5. The auditors' report on compliance for the major federal award programs for the Government expresses an unmodified opinion on all major federal programs.
6. There were no audit findings that are required to be reported in accordance with 2 CFR section 200.516(a) in this Schedule.
7. The programs tested as major programs were: Community Development Block Grants (14.218) and Staffing for Adequate Fire and Emergency Response (SAFER) – (97.083).
8. The threshold used to distinguish between Type A and Type B programs as described in 2 CFR section 200.518(b)(1) was \$750,000.
9. The Government did qualify as a low-risk auditee.

Part II. Findings which are required to be reported in accordance with generally accepted Governmental Auditing Standards:

Compliance Findings –

There were no compliance findings for the year ended October 31, 2016.

Internal Control Findings –

See Internal Control Finding 2016-001 on the Summary Schedule of Current and Prior Year Audit Findings and Management's Corrective Action Plan.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT
Lafayette, Louisiana

Schedule of Findings and Questioned Costs (Continued)
For the Year Ended October 31, 2016

Part III. Findings and questioned costs for Federal awards which include audit findings as defined in 2 CFR section 200 of the Uniform Guidance:

Compliance Findings -

There were no compliance findings for the year ended October 31, 2016.

Internal Control Finding –

There were no internal control findings for the year ended October 31, 2016.

Lafayette, Louisiana

Summary Schedule of Current and Prior Year Audit Findings
and Management's Corrective Action Plan
For the Year Ended October 31, 2016

Ref. No	Fiscal Year Finding Initially Occurred	Description of Finding	Corrective Action Taken
CURRENT YEAR (10/31/16)			
2016-001	2015	<p>During the period from approximately May 2014 through March 2016, an employee of Lafayette Consolidated Government, Michael P. Tolbert, and an outside accomplice, Gregory Davis, Jr., conspired and stole coins (\$77,600 - \$100,000) from parking meters. Mr. Tolbert worked in the parking division of the Department of Public Works as a facilities maintenance repairman assigned to parking meter repairs. The theft occurred and was not timely detected since management did not properly monitor the employee's activities and there were inadequate controls over access to meter keys, money canisters, and surplus collection carts. Additionally, management did not properly monitor financial revenue trends. The City Police Department, the District Attorney, and the Legislative Auditor's office have been notified. The Police Department completed its criminal investigation and both parties were arrested on March 16, 2016. Mr. Tolbert resigned his employment on March 17, 2016 prior to the scheduled pre-disciplinary hearing. The individuals involved in this matter are being prosecuted. No restitution has been made, nor has an insurance claim been filed. Internal human resources and finance investigations determined that no other employees were involved with the theft.</p>	Yes

Corrective Action Plan	Name of Contact Person	Anticipated Date of Completion
<p>Upon discovery of the issues discussed in the finding, the Government cooperated with the Lafayette Police Department in its investigation and subsequent arrest of the individuals. Management has conducted an investigation and review of all parking meter collection and deposit procedures. Changes to several procedures such as proper safekeeping of keys, collection carts, and money canisters are being implemented. Stricter review of revenues will also be implemented. The Office of Finance and Management has prepared a procedural manual which is currently under review for implementation.</p>	<p>Lorrie Toups, Chief Financial Officer</p>	<p>10/31/2016</p>

Summary Schedule of Current and Prior Year Audit Findings
and Management's Corrective Action Plan (Continued)
For the Year Ended October 31, 2016

Ref. No	Fiscal Year Finding Initially Occurred	Description of Finding	Corrective Action Taken
<u>PRIOR YEAR (10/31/15)</u>			
<u>Compliance:</u>			
2015-001	2015	In accordance with OMB Circular A-133, section 205(a) and section 300, the Government did not have internal controls and procedures in place over the U.S. Department of Energy - Electricity Delivery and Energy Reliability grant to properly track reimbursable expenditures in order to recognize them as federal expenditures in the year in which they were incurred. As a result, grant expenditures in the amount of \$427,590 were not properly reported on the Schedule of Expenditures of Federal Awards in prior fiscal years.	Yes
<u>Internal Control:</u>			
2015-002	2015	See Compliance Finding 2015-001.	Yes
2015-003	2014	During the period from approximately February 2014 through December 2014, Mosquito Control Contractors, Inc. (MCCI) submitted inaccurate performance reports, which are used as a basis for invoicing the Government. As a result, the Mosquito Control and Abatement Fund was charged an additional \$37,424.50 for services that were not rendered. The misappropriation occurred and was not timely detected because control procedures were not in place to ensure that contractual services are provided in accordance with the provisions of the contractual agreement. The District Attorney and the Legislative Auditor's Office were notified. A criminal investigation was held which could not definitely prove any misrepresentation in the course of the performance under the contract. In May 2015, the Government entered into a forbearance agreement with MCCI and the contractor has reimbursed the Government \$37,424.50 for discrepancies between the work actually performed and what was subsequently billed.	Yes

Corrective Action Plan	Name of Contact Person	Anticipated Date of Completion
<p>This finding has been addressed with staff. Going forward, all grants will be assigned and closely monitored by our grant accountants who are trained on the federal requirements related to grants. In addition, all grants will be budgeted in specific activities designated for grant transactions only. This will enable us to capture all expenditures related to the grant within a given fiscal year and ensure they are properly reported in the Schedule of Expenditures of Federal Awards.</p>	<p>Lorrie Toups, Chief Financial Officer</p>	<p>10/31/2016</p>
<p>Same as IC finding 2015-001 above.</p>	<p>Lorrie Toups, Chief Financial Officer</p>	<p>10/31/2016</p>
<p>In May 2015, the Government entered into a forbearance agreement with MCCI. Contract employees believed to have prepared and submitted inaccurate performance reports are restricted from performing any direct or indirect services with regard to the contract. Additionally, existing procedures have been strengthened to ensure that invoices and performance reports are substantiated prior to payment authorization to alleviate this situation from recurring.</p>	<p>Lorrie Toups, Chief Financial Officer</p>	<p>10/31/2016</p>

Summary Schedule of Current and Prior Year Audit Findings
and Management's Corrective Action Plan (Continued)
For the Year Ended October 31, 2016

Ref. No	Fiscal Year Finding Initially Occurred	Description of Finding	Corrective Action Taken
PRIOR YEAR (10/31/15)			
2015-004	2015	<p>During the period from approximately May 2014 through March 2016, an employee of Lafayette Consolidated Government, Michael P. Tolbert, and an outside accomplice, Gregory Davis, Jr., conspired and stole coins (\$77,600 - \$100,000) from parking meters. Mr. Tolbert worked in the parking division of the Department of Public Works as a facilities maintenance repairman assigned to parking meter repairs. The theft occurred and was not timely detected since management did not properly monitor the employee's activities and there were inadequate controls over access to meter keys, money canisters, and surplus collection carts. Additionally, management did not properly monitor financial revenue trends. The City Police Department, the District Attorney, and the Legislative Auditor's office have been notified. The Police Department completed its criminal investigation and both parties were arrested on March 16, 2016. Mr. Tolbert resigned his employment on March 17, 2016 prior to the scheduled pre-disciplinary hearing. As of the date of the auditor's report, both parties were charged and are awaiting due process. No restitution has been made, nor has an insurance claim been filed. Internal human resources and finance investigations are still on-going to determine if there were any contributory negligent actions on the part of other staff.</p>	Yes
<u>Management letter:</u>			
2015-005	2011	<p>Although losses were anticipated during the initial five years of offering retail services to customers, management should carefully monitor the financial results of operations of the Communications System. The System realized an operating income of \$4,486,282 for the current fiscal year. However, after nonoperating revenues/expenses, the System experienced a net loss of \$3,177,316. Management should continually strive to determine ways to increase revenues and/or decrease expenses in order to generate net profits.</p>	Yes

Corrective Action Plan	Name of Contact Person	Anticipated Date of Completion
<p>Upon discovery of the issues discussed in the finding, the Government cooperated with the Lafayette Police Department in its investigation and subsequent arrest of the individuals. Management has conducted an investigation and review of all parking meter collection and deposit procedures. Changes to several procedures such as proper safekeeping of keys, collection carts, and money canisters are being implemented. Stricter review of revenues will also be implemented. Other changes may be made pending the outcome of further testing and review. No other Government employees have been implicated in this theft, however, the matter has been turned over to Human Resources to determine if any additional disciplinary action is warranted.</p>	<p>Lorrie Toups, Chief Financial Officer</p>	<p>10/31/2016</p>
<p>Management continues to carefully monitor sales and expenses of the Communication System in both weekly and monthly meetings which include Communications and Finance staff. These meetings are used to compare financial projections to the actual results of operations and make appropriate changes to ensure continued growth. Management continues to aggressively develop plans to increase revenue through new offerings and promotions to existing customers as well as increase marketing efforts and design optimal pricing packages to attract new customers.</p>	<p>Lorrie Toups, Chief Financial Officer</p>	<p>10/31/2016</p>
