INDEPENDENT AUDITOR'S REPORT

To the Honorable Edward Jones, Mayor
and Members of the City Council
City of Grambling, Louisiana

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Grambling, Louisiana (City), as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Governmental Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, and each major fund of the City of Grambling, Louisiana, as of and for the year ended December 31, 2015, and the respective changes in financial position and, where applicable, cash flows thereof and budgetary comparison schedules for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter Regarding Going Concern

The accompanying financial statements have been prepared assuming that the City of Grambling, Louisiana will continue as a going concern. As discussed in Note 13 to the financial statements, the City has suffered recurring losses from operations and has a fund balance deficiency in the General Fund that raises substantial doubt about its ability to continue as a going concern. Management's plans in regard to these matters are also described in Note 13. The financial statements do not include any adjustments that might result from the outcome of this uncertainty. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplemental Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 5-13 and 21-22 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's response to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Grambling, Louisiana's, basic financial statements. The accompanying supplementary information, as listed in the table of contents and the other information, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The accompanying supplementary information, as listed in the table of contents is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information, as listed in the table of contents, is fairly stated in all material respects in relation to the basic financial statements as a whole.

The accompanying other information, as listed in the table of contents, has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 10, 2016, on our consideration of the City of Grambling, Louisiana's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

CITY OF GRAMBLING, LOUISIANA
Management's Discussion and Analysis
December 31, 2015

Our discussion and analysis of the City of Grambling, Louisiana's financial performance provides an overall review of the City's financial activities for the year ended December 31, 2015.

FINANCIAL HIGHLIGHTS

Our financial statements provide these insights into the results of this year's operations:

Governmental activities reported an increase in net position of \$46,748 from 2014 to 2015, whereas business-type activities reported an increase of \$118,197. The increase in net position of the governmental activities was due to an increase in revenues. The net position of the business-type activities went from a decrease in 2014 of \$103,169 to an increase of \$118,197 in 2015.

Total governmental activities revenues decreased \$153,016 or 7.00% from 2014 to 2015. Program specific revenues increased by \$34,495 or 13.29%, due to an increase in operating grants and contributions. General revenues had a net increase of \$118,521 or 6.15%. Increases in property taxes revenue of \$(308,697), sales taxes of \$487,574, was more than enough to offset the decrease in fines and forfeitures of \$56,054 and miscellaneous revenue of \$19,112 included in general revenues.

Total business-type activities revenues increased \$215,869 or 18.59% from 2014 to 2015, while expenses increased only \$16,409. The decrease in expenses is primarily due to an increase in personnel costs of \$106,362 and a decrease in other services and charges of \$62,477.

Total expenses for governmental activities was \$2,293,358 in 2015. \$294,096 of these expenses were offset by program specific revenues. General revenues of \$2,046,010 were adequate to cover the remaining governmental activities expenses.

The General Fund's fund balance deficit decreased by \$136,892 during 2015 as compared to a net decrease in 2014 of \$10,401. Revenues increased by \$45,280 while expenditures decreased by \$(1,708) from 2014 to 2015. Transfers in were \$171,432 and \$166,728, for 2015 and 2014 respectively. Transfers out were \$9,120 and \$100,209, for 2015 and 2014 respectively.

The General Fund's fund balance has a deficit of \$454,525 due to several conditions. When the current administration took office on January 1, 2011, the deficit was \$216,945. There have been many instances since January 2011 whereby management has learned of prior obligations, such as liability insurance and worker's compensation insurance, that contributed to the current deficit in that these old bills had to be accrued. The old bills also took cash that was needed to pay current bills. Current management has made a concerted effort to make repairs and improvements to city facilities and systems. This effort has caused a temporary increase in expenditures that is expected to result in savings in the long run by properly maintaining facilities and systems and preventing unnecessary repairs. Also, the City has purchased property to include in the development of a hotel, restaurant, and other businesses in the City that are expected to generate significant property and sales tax revenues in the future as well as increasing licenses and permits and utility revenues.

CITY OF GRAMBLING, LOUISIANA
Management's Discussion and Analysis
December 31, 2015

In addition to the development plans, the City is analyzing expenditures to identify areas where costs can be reduced at least until revenue increases. Management is focusing on salaries and benefits as they are the largest expenditures of the City and because many costs are fixed costs that the City cannot reduce. Since 2013, the City has allocated expenditures to other funds where possible to ease the burden on the General Fund.

The Health and Sanitation Fund's fund balance decreased \$7,660 in 2015 as compared to a decrease of \$81,131 in 2014. Health and Sanitation Fund's revenues were \$585,605 which is \$115,840 or 24.66% greater than 2014 revenues. The increase was due to an increase in general property taxes of \$111,544 when compared to 2014.

Health and Sanitation Fund's 2015 expenditures increased by \$43,669 or 11.36% from 2014. The increase in total expenditures was due to an increase in operating costs.

The Debt Service Fund had a \$245 increase in fund balance in 2015 as compared to a net increase in 2014 of \$210.

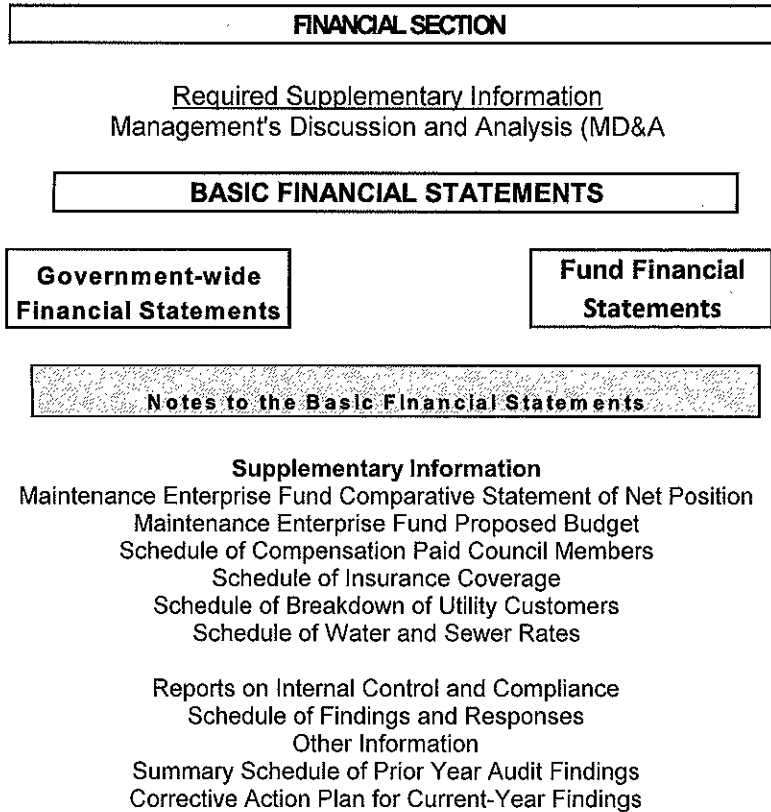

The Capital Project Fund had no change in fund balance from 2014 to 2015.

USING THIS ANNUAL REPORT

The City's annual report consists of a series of financial statements that show information for the City as a whole, and its funds. The Statement of Net Position and the Statement of Activities provide information about the activities of the City as a whole and present a long-term view of the City's finances. For our governmental activities, the fund financial statements tell how we financed our services in the short-term as well as what remains for future spending. Fund statements also may give you some insights into the City's overall financial health. Fund financial statements also report the City's operation in more detail than the government-wide financial statements by providing information about the City's most significant funds - the General Fund, Health & Sanitation Fund, Debt Service Fund and Capital Project Fund.

CITY OF GRAMBLING, LOUISIANA
Management's Discussion and Analysis
December 31, 2015

The following chart reflects the information included in this annual report.

Our auditor has provided assurance in the independent auditors' report, located immediately preceding this Management's Discussion and Analysis, that the Basic Financial Statements are fairly stated. Varying degrees of assurance are being provided by the auditor regarding the Supplementary Information, the Supplementary Information and Other Information identified above. A user of this report should read the independent auditors' report carefully to ascertain the level of assurance being provided for each of the other parts of this report.

Reporting the City as a Whole

The Statement of Net Position and the Statement of Activities

Our analysis of the City as a whole begins with the government-wide financial statements. One of the most important questions asked about the City's finances is, "Is the City as a whole better off or worse off as a result of the year's activities?" The Statement of Net Position and the Statement of Activities, which appear first in the City's financial statements, report information about the City as whole and its activities in a way that helps answer this question. We prepare these statements to include all assets, liabilities and deferred inflows/outflows of resources, using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

CITY OF GRAMBLING, LOUISIANA
Management's Discussion and Analysis
December 31, 2015

These two statements report the City's net position - the difference between assets, liabilities and deferred inflows/outflows of resources, as reported in the Statement of Net Position - as one way to measure the City's financial health, or financial position. Over time, increases or decreases in the City's net position - as reported in the Statement of Activities - are one indicator of whether its financial health is improving or deteriorating. The relationship between revenues and expenses is the City's operating results. However, the City's goal is to provide services to our citizens, not to generate profits as commercial entities do. One must consider other nonfinancial factors, such as the quality of police and fire protection, the conditions of the City's roads, and the quality of water, sewer and sanitation systems to assess the overall health of the City.

In the Statement of Net Position and the Statement of Activities, we divide the City into two kinds of activities:

Governmental Activities - most of the City's basic services are reported here, including the police, fire, street and general administration. Property taxes, franchise fees, licenses and fees, fines and forfeitures, and state and federal grants finance most of these activities.

Business-type Activities - The City charges a fee to customers to help it cover all or most of the cost of certain services it provides. The City's water and sewer systems are reported here.

Reporting the City's Most Significant Funds

Fund Financial Statements

The City's fund financial statements provide detailed information about the most significant funds - not the City as a whole. Some funds are required to be established by State law. However, the City establishes other funds to help it control and manage money for particular purposes (like the capital project fund) or to show that it is meeting legal responsibilities for using certain taxes, grants and other money. The City's two kinds of funds - governmental and proprietary - use different accounting approaches:

Governmental funds - Governmental fund reporting focuses on showing how money flows into and out of funds and the balances left at year-end that are available for spending. They are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's operations and the services it provides. Governmental fund information helps you determine whether there are more or less financial resources that can be spent in the near future to finance the City's programs. We describe the relationship (or differences) between governmental activities (reported in the Statement of Net Position and the State of Activities) and governmental funds in the reconciliations (Statements D and F).

Proprietary funds - When the City charges customers for the services it provides, these services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Position and the Statement of Activities. In fact, the City's maintenance enterprise fund (a component of proprietary funds) are the same as business-type activities we reported in the government-wide financial statements but provide more detail and additional information, such as cash flows, for proprietary funds.

CITY OF GRAMBLING, LOUISIANA
Management's Discussion and Analysis
December 31, 2015

Governmental Activities

The cost of all governmental activities this year was \$2,293,358. However, as shown in the Statement of Activities. The amount that our taxpayers ultimately financed for these activities through City taxes and other revenue was \$1,999,262 because some of the cost was paid by those who directly benefited from the programs and grants in the amount of \$294,096.

Table 3 presents the cost of each of the City's governmental activities as well as each program's net cost (total costs less revenues generated by the activities). The net cost shows the financial burden that was placed on the City's taxpayers by each of these functions.

**Table 3
Governmental Activities
For the Year Ended December 31, 2015 and 2014**

	<u>Total Cost of Services</u>		<u>Net Cost of Services</u>	
	2015	2014	2015	2014
General government	\$ 539,795	\$ 534,447	\$ (530,195)	\$ (534,447)
Public safety	1,176,806	1,200,815	(1,065,889)	(1,114,915)

Interest on long-term debt	4,477	6,401	(4,477)	(6,401)
Total Program Expenses	<u>\$ 2,293,358</u>	<u>\$ 2,286,734</u>	<u>\$(1,999,262)</u>	<u>\$(2,027,133)</u>

**Table 4
Business-Type Activities
For the Year Ended December 31, 2015 and 2014**

Business-Type Activities

The following table presents the cost of activities of the City. The table also shows the net cost (total cost less charges for services generated by the activity). The net cost shows the financial burden that was placed on taxpayers by the activities.

	<u>Total Cost of Services</u>		<u>Net Cost of Services</u>	
	2015	2014	2015	2014
Business-Type Activities				
Utility enterprise	<u>\$1,258,891</u>	<u>\$1,242,482</u>	<u>\$ 36,482</u>	<u>\$(161,032)</u>
Total Program Expenses	<u>\$1,258,891</u>	<u>\$1,242,482</u>	<u>\$ 36,482</u>	<u>\$(161,032)</u>

Revenues and expenses of the City's business-type activities as shown in table 3 remained relatively stable for 2015 compared to 2014.

CITY OF GRAMBLING, LOUISIANA
Management's Discussion and Analysis
December 31, 2015

THE CITY'S FUNDS

As the City completed the year, its governmental funds reported a combined fund balance of \$371,065 which is an increase of \$129,477 in fund balance from last year. See the financial highlights section for more details.

GENERAL FUND BUDGETARY HIGHLIGHTS

Original total budgeted expenditures in the General Fund were \$1,757,566. Amendments increased total budgeted expenditures by \$62,434. These amendments were the result of an analysis of variances from estimates at the time the original budget was prepared. Significant individual accounts amended were:

Salaries	\$	31,000
Employee group insurance		22,000
Travel expense		23,000
Contracted services		37,000
Attorney fees		(28,000)

CAPITAL ASSETS

At December 31, 2015 and 2014, the City had invested in the following capital assets:

	Governmental Activities		Business-type Activities		Total	
	2015	2014	2015	2014	2015	2014
Land	\$ 217,902	\$ 217,902	\$ 49,182	\$ 49,182	\$ 267,084	\$ 267,084

DEBT ADMINISTRATION

At December 31, 2015, the City's Maintenance Enterprise fund had \$1,315,450 in bonds payable outstanding and the Governmental funds had debt consisting of \$220,796 in certificate of indebtedness. For further details see Note 9 to the Basic Financial Statements.

CITY OF GRAMBLING, LOUISIANA
Management's Discussion and Analysis
December 31, 2015

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

Our elected and appointed officials and citizens consider many factors when setting the City's budget and tax rates. One of the most important factors affecting the budget is our property tax and sales tax collections. Property and sales tax make up more than 40% of 2015 revenues. The 2015 budget includes \$205,000 or a 26% increase in property tax and sales tax revenues. Major plans for 2015 include developing an area of the City to include a shopping area and restaurants. Management will strive to improve the City's financial condition by restricting expenditures to needs and by searching for ways to increase revenues. Management expects future needs to be more and more manageable as routine obligations and repair and maintenance needs are brought up to date.

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

Our financial report is designed to provide our citizens, taxpayers, and investors and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have questions about this report or wish to request additional financial information, contact Edward Jones, Mayor, at the City of Grambling, P. O. Box 108, Grambling, Louisiana 71245, telephone number (318) 247-6120.

Statement D

CITY OF GRAMBLING, LOUISIANA
 Reconciliation of the Governmental Funds Balance Sheet
 of the Statement of Net Position
 December 31, 2015

Total fund balances - governmental funds \$ 371,065

Amounts reported for governmental activities in the statement of net position are different because:

The cost of capital assets (land, buildings, furniture and equipment and infrastructure) purchased or constructed is reported as an expenditure in governmental funds. The Statement of Net Position includes those capital assets among the assets of the City as a whole. The cost of those capital assets is allocated over their estimated useful lives (as depreciation expense) to the various programs reported as governmental activities in the Statement of Activities. Because depreciation expense does not affect financial resources, it is not reported in governmental funds.

Cost of capital assets	3,838,218	
Accumulated depreciation	<u>(1,833,535)</u>	2,004,683

Long-term liabilities applicable to the City's governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities. All liabilities - both current and long-term - are reported in the Statement of Net Position.

Balances at December 31, 2015 are:

Compensated absences	(54,565)	
Bonds payable	(220,796)	
Interest payable	(3,036)	
Other reconciling adjustment	<u>5</u>	<u>(278,392)</u>

Net Position of Governmental Activities		\$ <u>2,097,356</u>
---	--	---------------------

CITY OF GRAMBLING, LOUISIANA
 Reconciliation of the Statement of Revenues
 Expenditures, and Changes in Fund Balances of Governmental Funds
 to the Statement of Activities
 For the Year Ended December 31, 2015

		<u>AMOUNTS</u>
Net change in fund balances - total governmental funds	\$	129,477
<p>Amounts reported for governmental activities in the Statement of Activities are different because:</p>		
<p>Capital outlays are reported in governmental funds as expenditures. However, in the Statement of Activities, the costs of those assets are allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation exceeds capital outlays in the period.</p>		
Capital outlays	38,822	
Depreciation expense	<u>(111,071)</u>	(72,249)
Activities from debt related transactions		
Debt proceeds reported in the fund level statement		(11,627)
Compensated absences are recognized in the Statement of Net Position as an increase to liabilities, but not in the Fund Financial Statements.		(3,256)
Interest on long-term debt in the Statement of Activities differs from the amount reporting in the governmental funds because interest is recognized as an expenditure in the funds when it is due, and thus requires the use of current financial resources. In the Statement of Activities, however, interest expense is recognized as the interest accrues, regardless of when it is due.		4,399
Other reconciling adjustment		<u>4</u>
Change in net position of governmental activities	\$	<u>46,748</u>

The Accompanying Notes are an intergral part of these Financial Statements.

Intergovernmental receivable	(200,790)
Increase (decrease)	
Accounts payable	177,474
Accrued and other liabilities	(584)
Interest payable	17,779
Customer deposits	13,730
Due to other funds	50,376
Compensated absences	<u>(573)</u>
	<u>230,111</u>
Net cash provided by operating activities	\$ <u>276,533</u>

The Accompanying Notes are an intergral part of these Financial Statements.

CITY OF GRAMBLING, LOUISIANA
Notes to the Financial Statements
December 31, 2015

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements of the City of Grambling, Louisiana have been prepared in conformity with accounting principles generally accepted in the United State of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

A. REPORTING ENTITY

The City of Grambling was founded in 1959 under the provisions of the "Lawrason Act" (Louisiana Revised Statutes (R.S.)33:321-481) of the constitution of the State of Louisiana. The City is located in the parish of Lincoln and has a population of approximately 4,693. The City is governed by the mayor and a five-member council. The mayor and council members serve four-year terms which expire on December 31, 2018.

As the governing authority of the City, for reporting purposes, the City of Grambling is considered a separate financial reporting entity. The financial reporting entity consists of (a) the primary government (the City), (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board (GASB) Statement No. 14 established criteria for determining which component units should be considered part of the City of Grambling for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. This criterion includes:

1. Appointing a voting majority of an organization's body, and
 - a. The ability of the municipality to impose its will on that organization and/or
 - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the City.
2. Organizations for which the City does not appoint a voting majority but are fiscally dependent on the City.
3. Organizations for which the reporting entity financial statements would be misleading if data of the organization were not included because of the nature or significance of the relationship.

As required by generally accepted accounting principles, these financial statements present the City of Grambling (the primary government). The City of Grambling has no component units.

B. FUND ACCOUNTING

The City uses funds to report on its financial position and the results of its operations. A fund is a separate accounting entity with a self-balancing set of accounts that comprises it assets, liabilities, fund equity, revenues, and expenditures/expenses. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions relating to certain government functions or activities.

CITY OF GRAMBLING, LOUISIANA
Notes to the Financial Statements
December 31, 2015

Funds are classified into two categories; governmental and proprietary. Each category, in turn, is divided into separate "fund types." Governmental funds are used to account for a government's general activities, where the focus of attention is on the providing of services to the public as opposed to proprietary funds where the focus of attention is on recovering the cost of providing services to the public or other agencies through service charges of user fees.

The City's current operations require the use of governmental and proprietary fund types described as follows:

Governmental Funds

General Fund - is the general operating fund of the City. It accounts for all financial resources, except those required to be accounted for in other funds.

Health and Sanitation Fund - is used to account for the expenses in providing garbage collection services.

Debt Service Fund - is used to account for the accumulation of resources for, and the payment of, long-term debt principal, interest, and related costs.

Capital Project Fund - is used to account for financial resources received and used for the acquisition, construction, or improvement of capital facilities not reported in the other governmental funds.

Proprietary Fund

Maintenance enterprise fund - accounts for the operations of the City's sewer and water systems. The operations are financed and operated in a manner similar to a private business enterprise, where the intent of the governing body is that the cost (expenses, including depreciation) of providing services on a continuing basis be financed or recovered primarily through user charges.

C. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Government-Wide Financial Statements (GWFS) The Statement of Net Position and the Statement of Activities displays information about the reporting government as a whole. The Statement of Net Position and the Statement of Activities was prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets, liabilities and deferred inflows/outflows of resources resulting from nonexchange transactions are recognized in accordance with the requirements of GASB Statement No. 33 "Accounting and Financial Reporting for Nonexchange Transactions."

CITY OF GRAMBLING, LOUISIANA
Notes to the Financial Statements
December 31, 2015

Program revenues - Program revenues include charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Allocation of indirect expenses - The City reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. Depreciation expense is specifically identified by function and is included in the direct expenses of each function. Interest on long-term debt is considered an indirect expense and is reported separately on the Statement of Activities for governmental activities and is included in Utility Enterprise for business-type activities.

FUND FINANCIAL STATEMENTS (FFS)

Governmental Funds - The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. Governmental fund types use the flow of current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting revenues are recognized when susceptible to accrual (i.e., when they are "measurable and available"). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The government considers all revenues available if they are collected within 60 days after year-end. Expenditures are recorded when the related fund liability is incurred, except for unmatured principal and interest on long-term debt which is recognized when due. Compensated absences and claims and judgments are reported in a governmental fund only if the claims are due and payable.

With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. Operating statements of these funds present increases and decreases in net current assets. The governmental funds use the following practices in recording revenues and expenditures:

Revenues Ad valorem taxes are recorded in the year the taxes are due and payable. Ad valorem taxes are assessed on a calendar-year basis and attach as an enforceable lien and become due and payable on the date the tax rolls are filed with the recorder of mortgages. Louisiana Revised Statute 47:1994 requires that the tax roll be filed on or before November 15 of each year. Ad valorem taxes become delinquent if not paid by December 31. The taxes are normally collected in December of the current year and January and February of the ensuing year.

Franchise taxes and intergovernmental revenues are recorded when the City is entitled to the funds.

Interest income on time deposits is recorded when the interest has been earned and the amount is determinable.

CITY OF GRAMBLING, LOUISIANA
Notes to the Financial Statements
December 31, 2015

Substantially all other revenues are recorded when they are received by the City.

Based on the above criteria, ad valorem taxes, franchise taxes and intergovernmental revenues have been treated as susceptible to accrual.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred.

Other Financing Source (Use) Transfers between funds that are not expected to be repaid are accounted for as other financing sources and are recognized when the underlying event occurs.

Proprietary Funds - Proprietary funds are accounted for on the flow of economic resources measurement focus and use the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time the liabilities are incurred. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the balance sheet. The City is currently in compliance with GASB Statement No. 62.

Operating revenues and expenses - Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services in connection with the fund's principal ongoing operations. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

D. BUDGET PRACTICES

A preliminary budget for the ensuing year is prepared in November. The proposed budget is reviewed by the Mayor and the City Council and made available to the public. During the December meeting of the City Council, the City holds a public hearing on the proposed budget in order to receive comments from citizens. Changes are made to the proposed budget based on the public hearing and the desires of the City Council as a whole. The budgets are then adopted during the December meeting, and notice is published in the official journal. During the year, the City Council receives monthly budget comparison statements which are used as a tool to control the operations of the City. Necessary budget amendments are presented to the Council when actual operations are differing materially from those anticipated in the original budget. The Council in regular session reviews the proposed amendments, makes necessary changes, and formally adopts the amendments. The adoption of amendments is included in the City's minutes published in the official journal. The budget is established and controlled by the mayor and council members at the fund level of expenditure. Unexpended appropriations lapse at year-end and must be reappropriated for the following year to be expended. All changes in the budget must be approved by the Mayor and the Council members. The City does not use encumbrance accounting in its accounting system.

E. CASH AND CASH EQUIVALENTS

Under state law, the City may deposit funds within a fiscal agent bank organized under the laws of the State of Louisiana, the laws of any other state in the union, or the laws of the United States of America. The City may invest in certificates and time deposits of state banks organized under Louisiana laws and national banks having principal offices in Louisiana. For purposes of the statement of cash flows, cash equivalents include all highly liquid investments with a maturity date of three months or less when purchased.

CITY OF GRAMBLING, LOUISIANA
Notes to the Financial Statements
December 31, 2015

F. INVESTMENTS

Investments are limited by R.S. 33:2955 and the City's investment policy. If the original maturities of investments exceed 90 days they are classified as investments; however, if the original maturities are 90 days or less, they are classified as cash equivalents.

The investments are reflected at fair value except for the following which are required/permitted as per GASB Statement No. 31:

1. Investments in nonparticipating interest-earning contracts, such as nonnegotiable certificates of deposit with redemption terms that do not consider market rates, are reported using a cost-based measure.
2. The City reports at amortized cost money market investments and participating interest-earning investment contracts that have a remaining maturity at time of purchase of one year or less.

Definitions:

Interest-earning investment contracts include time deposits with financial institutions (such as certificates of deposit), repurchase agreements, and guaranteed investment contracts.

Money market investments are short-term, highly liquid debt instruments that include U.S. Treasury obligations.

The City participates in the Louisiana Asset Management Pool, Inc., (LAMP) which is an external investment pool that is not SEC - registered. Because the LAMP is an arrangement sponsored by a type of governmental entity, it is exempt by statute from regulation by the SEC.

LAMP is administered by LAMP, Inc., a non-profit corporation organized under the laws of the State of Louisiana. Only local government entities having contracted to participate in LAMP have an investment interest in its pool of assets. The primary objective of LAMP is to provide a safe environment for the placement of public funds in short-term, high quality investments. The LAMP portfolio includes only securities and other obligations in which local governments in Louisiana are authorized to invest in accordance with LA-R.S. 33:2955.

LAMP is a 2a7-like investment pool. The following facts are relevant for 2a7-like investment pools:

- ◆ *Credit risk:* LAMP is rated AAA by Standard & Poor's.
- ◆ *Custodial credit risk:* LAMP participants' investments in the pool are evidenced by shares of the pool. Investments in pools should be disclosed, but not categorized because they are not evidenced by securities that exist in physical or book-entry form. The public entity's investment is with the pool, not the securities that make up the pool; therefore, no disclosure is required.
- ◆ *Concentration of credit risk:* Pooled investments are excluded from the 5 percent disclosure requirement.

CITY OF GRAMBLING, LOUISIANA
Notes to the Financial Statements
December 31, 2015

- ◆ *Interest rate risk:* LAMP is designed to be highly liquid to give its participants immediate access to their account balances. LAMP prepares its own interest rate risk disclosure using the weighted average maturity (WAM) method. The WAM of LAMP assets is restricted to not more than 60 days, and consists of no securities with a maturity in excess of 397 days. The WAM for LAMP's total investments as of December 31, 2015.
- ◆ *Foreign currency risk:* Not applicable to 2a7-like pools.

The investments in LAMP are stated at fair value based on quoted market rates. The fair value is determined on a weekly basis by LAMP and the value of the position in the external investment pool is the same as the net asset value of the pool shares.

LAMP, Inc. is subject to the regulatory oversight of the state treasurer and the board of directors. LAMP is not registered with the SEC as an investment company.

LAMP issues financial reports. These financial reports can be obtained by writing: LAMP, Inc., 228 St. Charles Ave., Suite 1123, New Orleans, LA 70130.

G. CAPITAL ASSETS

Capital assets are recorded at either historical cost or estimated historical cost and depreciated over their estimated useful lives (excluding salvage value). Donated capital assets are recorded at their estimated fair value at the date of donation. The City has a capitalization threshold of \$1,000. Estimated useful life is management's estimate of how long the asset is expected to meet service demands. Straight line depreciation is used for governmental fund-type based on the following estimated useful lives:

Buildings	40 years
Concrete block building	20 years
Equipment	8 years
Vehicles	5 years
Sewer system and lines	20 years
Water system and lines	20 years

The capital assets used in the proprietary fund-type operations are included on the statement of net position of the fund. Depreciation of all exhaustible fixed assets used by the proprietary fund type operations are charged as an expense against operations. Depreciation is computed using the straight-line method over estimated lives of 20 years for the plant, distribution system, and collection system, 5 to 8 years for furniture and equipment.

H. LONG-TERM DEBT

Long-term obligations, such as bonded debt and bank loans are recognized as liabilities of a governmental fund only when due.

I. COMPENSATED ABSENCES

Full time employees are allowed five days of annual leave in the first two years of employment. After the first two years, employees are eligible for ten annual leave days which can accumulate to 20 days. Employees earn ten days of sick leave each year which is not paid upon retirement or termination. The City of Grambling's recognition and measurement criteria for compensated absences follow:

CITY OF GRAMBLING, LOUISIANA
Notes to the Financial Statements
December 31, 2015

GASB State No.16 provides that vacation leave and other compensated absences with similar characteristics should be accrued as a liability as the benefits are earned by the employees if both of the following conditions are met:

- a. The employees' rights to receive compensation are attributable to services already rendered.
- b. It is probable that the employer will compensate the employees for the benefits through paid time off or some other means, such as cash payments at termination or retirement.

The cost of leave privileges, computed in accordance with GASB Codification Section C60, is recognized as current-year expenditure in the governmental funds when leave is actually taken or when employees are paid for accrued leave upon resignation or termination.

J. RESTRICTED ASSETS

Certain grants received by the City contained restrictions on spending for specific purposes. In the Maintenance Enterprise Fund, cash and investments are restricted for debt service payments, maintenance on the sewer system, and customer deposits payable.

K. RISK MANAGEMENT

The City is exposed to various risk of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and injuries to employees. To handle such risk of loss, the City maintains commercial insurance policies covering its automobiles, professional liability, general liability, and surety bond coverage. There were no significant reductions in insurance coverage during the year ended December 31, 2015.

L. RESTRICTED NET POSITION

For the government-wide statement of net position, net position is reported as restricted when constraints placed on net position use are either:

Externally imposed by creditors (such as debt covenants) grantors, contributors, or laws or regulations of other governments;

Imposed by law through constitutional provisions or enabling legislation. All restricted net position reported on Statement A are the result of enabling legislation.

M. FUND BALANCES OF FUND FINANCIAL STATEMENTS

GASB 54 requires the fund balance amounts to be reported within the fund balance categories as follows:

Non-spendable - Fund balance that is not in spendable form or legally or contractually required to be maintained intact. This category includes items that are not easily converted to cash such as inventories and prepaid items.

CITY OF GRAMBLING, LOUISIANA
Notes to the Financial Statements
December 31, 2015

Restricted - Fund balance that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation.

Committed - Fund balance that can only be used for specific purposes determined by the City's highest level of decision making authority. Committed amounts cannot be used for any other purpose unless the Council removes or changes the specified use by taking the same type of action it employed to previously commit the funds. Committed fund balance is the result of either a policy of the City or motions were passed at a City meeting committing the funds. The motions passed are usually the result of budget revisions.

Assigned - Fund balance that is constrained by the City's intent to be used for specific purposes, but are neither restricted nor committed. Intent should be expressed by the Council.

Unassigned - Fund balance that is the residual classification for the general fund.

The City reduces committed amounts, followed by assigned amounts and then unassigned amounts when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used. The City considers restricted amounts to have been spent when an expenditure has incurred for purposes for which both restricted and unrestricted fund balance is available.

N. SHORT-TERM INTERFUND RECEIVABLES/PAYABLES

During the course of operations, numerous transactions occur between individual funds for services rendered. These receivables and payables are classified as interfund receivable/payables on the balance sheet. Short-term interfund loans are also classified as interfund receivables/payables.

O. USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statement and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

P. ELIMINATION AND RECLASSIFICATIONS

In the process of aggregating data for the statement of net position and the statement of activities, some amounts reported as interfund activity and balances in the funds were eliminated or reclassified. Interfund receivables and payables were eliminated to minimize the "grossing up" effect on assets and liabilities within the governmental activities column.

CITY OF GRAMBLING, LOUISIANA
Notes to the Financial Statements
December 31, 2015

Q. SALES TAX

Sales taxes are collected by the Lincoln Parish Sales and Use Tax Commission and by the Lincoln Parish Police Jury. The City's sales tax percentage is two percent. The revenue from the Lincoln Parish Sales and Use Tax commission is for general operating expenses of the City. The Police Jury Tax Revenue is dedicated to Health and Sanitation.

R. DEFERRED OUTFLOWS/INFLOWS OF RESOURCES

The statement of financial position will often report a separate section for deferred outflows and (or) deferred inflows of financial resources. *Deferred outflows* of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. *Deferred inflows* of resources, represents an acquisition of net position that applies to future period(s) and so will not be recognized as an inflow of resources until that time.

The governmental funds report unavailable revenues from one source: property taxes. This amount is deferred and recognized as an inflow of resources in the period that the amount becomes available.

NOTE 2 - DEPOSITS AND INVESTMENTS

At December 31, 2015, the City had the following investments:

<u>Type of Investment</u>	<u>Carrying Amount Fair Value</u>
Investments not subject to categorization:	
External investment pool (LAMP)	\$ 1,541
Total investment	\$ 1,541

Total investments are \$1,541 in which \$1,011 is reported on Statement C and \$530 is included in restricted assets on Statement H.

Interest Rate Risk: The City's policy does not address interest rate risk.

Credit Risk: The City's policy does not address credit rate risk.

Custodial Credit-Deposits: At year end, the City's carrying amount of deposits was \$372,556 (Statement C-cash and cash equivalents of \$171,770 Statement H - cash and cash equivalents of \$63,037 and restricted assets cash of \$137,749 on Statement H). In the case of deposits, this is the risk that in the event of a bank failure, the City's deposits may not be returned to it. As of December 31, 2015, the City's bank balance was \$526,785 which was covered by federal depository insurance.

CITY OF GRAMBLING, LOUISIANA
Notes to the Financial Statements
December 31, 2015

NOTE 3 - LEVIED TAXES

The City levies property taxes on real and business property located within the City's boundaries. Property taxes are levied by the City on property values assessed by the Lincoln Parish Tax Assessor and approved by the State of Louisiana Tax Commission. The Lincoln Parish Tax Assessor prepares tax statements for the City.

The following is a summary of authorized and levied property taxes:

<u>Category</u>	<u>Authorized Millage</u>	<u>Levied Millage</u>	<u>Expiration Date</u>
Public streets	6.50	5.51	2019
Water system	5.00	4.24	2016
Police department	5.50	4.66	2019
Public improvement	11.20	9.49	2019
Fire department	20.80	17.63	2019
General Alimony Constitutional	7.00	6.00	Statutory
Total Levy	<u>56.00</u>	<u>47.53</u>	

Property Tax Calendar

Lien Date	12/31/15
Levy Date	10/31/15
Due Date	12/31/15
Collection Dates	November 1 through June 30

NOTE 4 - RECEIVABLES

The following is a summary of receivables at December 31, 2015:

<u>Class of Receivable</u>	<u>General Fund</u>	<u>Health & Sanitation Fund</u>	<u>Capital Projects</u>	<u>Proprietary Fund</u>	<u>Total</u>
Taxes:					
Property taxes	\$ 198,593	\$ -	\$ -	\$ 27,030	\$ 225,623
Sales and use	11,526	59,559	-	-	71,085
Intergovernmental revenue:					
Grants	30,000	-	1,599	200,790	232,389
Charges for services	-	25,375	-	173,969	199,344
Franchise fees	<u>43,465</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>43,465</u>
Gross Receivables	<u>283,584</u>	<u>84,934</u>	<u>1,599</u>	<u>401,789</u>	<u>771,906</u>
Less Allowance for uncollectibles	<u>-</u>	<u>(5,852)</u>	<u>-</u>	<u>(33,982)</u>	<u>(39,834)</u>
	<u>\$ 283,584</u>	<u>\$ 79,082</u>	<u>\$ 1,599</u>	<u>\$ 367,807</u>	<u>\$ 732,072</u>

CITY OF GRAMBLING, LOUISIANA
Notes to the Financial Statements
December 31, 2015

NOTE 5 - INTERFUND ASSETS/LIABILITIES (FFS LEVEL ONLY)

Individual balances due from/to other funds at December 31, 2015 are as follows:

<u>Receivable Fund</u>	<u>Amount</u>	<u>Payable Fund</u>	<u>Amount</u>
General fund	\$ 257,898	Proprietary	\$ 257,898
Health and sanitation	516,376	General fund	516,376
Health and sanitation	<u>167,296</u>	Proprietary	<u>167,296</u>
Total	<u>\$ 941,570</u>	Total	<u>\$ 941,570</u>

The Health and Sanitation Fund receivable from the General Fund is the result of a cash shortage in the General Fund. The other receivables are the result of bills being paid by one fund for another. The Health and Sanitation Fund receivable is not expected to be repaid within a year.

Transfers during the year ended December 31, 2015 were as follows:

	<u>Transfer From Other Funds</u>	<u>Transfer to Other Funds</u>
General Fund	\$ 171,432	\$ 9,120
Health and Sanitation Fund	-	171,432
Debt Service Fund	<u>9,120</u>	<u>-</u>
Total	<u>\$ 180,552</u>	<u>\$ 180,552</u>

NOTE 6 - ACCRUED AND OTHER LIABILITIES

The accrued and other liabilities consist of the following at December 31, 2015:

<u>Payable Category</u>	<u>General Fund</u>	<u>Health and Sanitation</u>	<u>Proprietary Fund</u>	<u>Total</u>
Wages payable	\$ 30,989	\$ -	\$ -	\$ 30,989
Payroll deductions payable	15,046	-	242	15,288
Deposits	<u>780</u>	<u>240</u>	<u>-</u>	<u>1,020</u>
Total	<u>\$ 46,815</u>	<u>\$ 240</u>	<u>\$ 242</u>	<u>\$ 47,297</u>

CITY OF GRAMBLING, LOUISIANA
Notes to the Financial Statements
December 31, 2015

NOTE 7 - CAPITAL ASSETS

The following presents the changes in capital assets for the year ended December 31, 2015:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Deletions</u>	<u>Adjustments</u>	<u>Ending Balance</u>
Governmental activities:					
Nondepreciable assets:					
Land	\$ 217,902	\$ -	\$ -	\$ -	\$ 217,902
Construction in progress	<u>35,304</u>	<u>26,097</u>	<u>-</u>	<u>-</u>	<u>61,401</u>
Total nondepreciable assets	<u>253,206</u>	<u>26,097</u>	<u>-</u>	<u>-</u>	<u>279,303</u>
Depreciable Assets:					
Building and improvements	1,869,005	-	-	-	1,869,005
Furniture and equipment	1,345,742	12,725	-	-	1,358,467
Infrastructure	<u>331,443</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>331,443</u>
Total depreciable assets	<u>3,546,190</u>	<u>12,725</u>	<u>-</u>	<u>-</u>	<u>3,558,915</u>
Less: accumulated depreciation					
Buildings and improvements	469,104	48,001	-	-	517,105

NOTE 8 - PENSION AND RETIREMENT PLAN

The City established a Simple IRA plan to be effective October 4, 2002. All city employees are eligible to participate in the plan. The plan is a defined contribution plan administered by Raymond James and Associates. Under the plan, the City matches each employee's salary reduction for contributions to the plan up to 5% for that calendar year. The funds are immediately vested when paid into the plan. The plan is based on the IRS Code and must comply with all IRS Code requirements. The City of Grambling's contributions to the plan for the year ending December 31, 2015 were \$8,502 and employees contributed \$8,502.

Total	<u>\$ 1,313,957</u>	<u>69,825</u>	<u>\$ 54,948</u>	<u>\$ 1,328,834</u>	<u>\$ 57,202</u>

CITY OF GRAMBLING, LOUISIANA
Notes to the Financial Statements
December 31, 2015

Bonded debt payable at December 31, 2015 is comprised of the following individual issues:

\$1,345,000 - Utilities revenue refunding bonds, Series 2013 - the remaining principal is due in annual installments through 2033 with an interest rate of 4.25%. The funds were used for the water system. Debt retirement payments are made from the Maintenance Enterprise Fund. \$ 1,255,000

\$575,000 - Utilities revenue bonds, Series 2015 - dated November 1, 2015 between the City and the Louisiana Department of Environmental Quality. Principal is due in annual installments through 2036 with an interest rate of 0.45% that shall increase by one-half on one percent (0.5%) per annum. The interest is payable March 1 and September 1 each year. The funds are to be used for the purpose of financial assistance for the improvement of the wastewater treatment facility. The project is under construction and has not been completed. Debt retirement payments will be made from the Maintenance Enterprise Fund. 60,450

Total \$ 1,315,450

Of the restricted cash and investments on Statement H, \$195,171 is restricted for debt service on the bonded debt. The annual requirement to amortize the Series 2013 outstanding bonded debt at December 31, 2015 are as follows:

Year	Principal	Interest	Total
2016	\$ 45,000	\$ 54,294	\$ 99,294

CITY OF GRAMBLING, LOUISIANA
Notes to the Financial Statements
December 31, 2015

NOTE 10 - COMMITMENTS AND CONTINGENCIES

Litigation and Claims

At December 31, 2015, the City is a defendant in several outstanding lawsuits. It is the opinion of legal counsel that the ultimate resolution of these lawsuits would not materially affect the financial statements.

Grant Disallowances

The City participates in a number of state and federally assisted grant programs. The programs are subject to compliance audits under the single audit approach. Such audits could lead to requests for reimbursement by the grantor agency for expenditures disallowed under terms of the grants. City management believes that the amount of disallowances, if any, which may arise from future audits will not be material.

Construction in Progress

The City has under construction the following projects:

<u>Project Description:</u>	Estimated Cost of Project	Balance 01/01/15	Additions	Deletions	Balance 12/31/15	Estimated Cost to Complete
Governmental Activities:						
Recreational Trail (FHWA)	\$ 250,000	-	23,950	-	23,950	\$ 226,050
Safe Route to Schools	<u>37,451</u>	<u>35,304</u>	<u>2,147</u>	<u>-</u>	<u>37,451</u>	<u>-</u>
Total	<u>\$ 287,451</u>	<u>35,304</u>	<u>26,097</u>	<u>-</u>	<u>61,401</u>	<u>\$ 226,050</u>
Business Activities:						
Water System Expansion						
East MLK Drive	\$ 733,823	46,290	-	-	46,290	\$ 687,533
Water treatment Rehab. (SRF)	575,000	-	60,450	-	60,450	514,550
Recreational Trail (FHWA)	<u>250,000</u>	<u>-</u>	<u>239,827</u>	<u>-</u>	<u>239,827</u>	<u>10,173</u>
Total	<u>\$ 1,558,823</u>	<u>46,290</u>	<u>300,277</u>	<u>-</u>	<u>346,567</u>	<u>\$ 1,212,256</u>

At December 31, 2015, the construction contractor estimates that the projects will be completed in fiscal year 2016 or 2017.

CITY OF GRAMBLING, LOUISIANA
Notes to the Financial Statements
December 31, 2015

NOTE 11 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Excess of Appropriations Over Expenditures in Individual Fund - The following individual fund had actual expenditures under budgeted expenditures for the year ended December 31, 2015:

Fund	Budget	Actual	Variance
General	\$ 1,820,000	\$ 1,789,398	\$ 30,602

Excess of Expenditures Over Appropriations in Individual Fund - The following individual fund had actual expenditures under budgeted expenditures for the year ended December 31, 2015:

Fund	Budget	Actual	Variance
Health and Sanitation	\$ 428,000	421,833	\$ 6,167

NOTE 12 - SUBSEQUENT EVENTS

Subsequent events have been evaluated through June 10, 2016, which represents the date the financial report was available to be issued. Subsequent events after that date have not been evaluated.

NOTE 13 - GOING CONCERN

The City has suffered recurring losses from operations and has a fund balance deficiency in the general fund that raises substantial doubt about its ability to continue as a going concern. The General Fund has a deficit fund balance at the end of the fiscal year of \$454,525. During the year 2014, the City reduced salaries by 5% across the board. During, 2015 the City Council appropriated the transfer of garbage fees to the General Fund in the amount of \$171,432, which provided additional support and reduced the General Fund fund balance deficit by \$136,892 during 2015. The City will continue to look at all expenditure line items in the financials to evaluate ways to decrease expenditures for the remainder of the 2016 calendar year. A new 34 housing unit was built within the City limits, which increased property and sales tax as well as sewer and water revenue. All of these activities are expected to increase the revenue base for the City. Additional revenues will be generated from the rate increases made to the City's water and sewer customer base.

NOTE 14 - NEW ACCOUNTING PRONOUNCEMENTS

In fiscal year 2015, the City implemented the following GASB Statements:

In June 2012, the GASB issued Statement No. 68, "Accounting and Financial Reporting for Pension". This statement will improve financial reporting of public employee pensions by state and local governments. The requirements of this statement are effective for financial statements for periods beginning after June 15, 2014. The implementation of GASB No. 68 had no impact on the City's financials.

CITY OF GRAMBLING, LOUISIANA
Notes to the Financial Statements
December 31, 2015

NOTE 14 - NEW ACCOUNTING PRONOUNCEMENTS (Continued)

In January 2013, the GASB issued Statement No. 69, "Government Combinations and Disposals of Government Operations". This statement establishes accounting and financial reporting standards related to government combinations and disposals of government operations. The requirements of this statement are effective for financial statements for periods beginning after December 15, 2013. The City has implemented GASB No. 69 in this annual report, however, it does not have a current impact on the City.

In November 2013, the GASB issued Statement No. 71, "Pension Transition for Contributions Made Subsequent to the Measurement Date". This statement will eliminate the source of a potential significant understatement of restated beginning net position and expense in the year of implementation of Statement 68 in the accrual-basis financial statements of employers and nonemployer contributing entities. The requirements of this statement are effective for financial statements for periods beginning after June 15, 2014. The City has implemented GASB No. 71 in this annual report.

The City will Adopt the following new accounting pronouncements in future years:

In February 2015, the GASB issued Statement No. 72, "Fair Value Measurement and Application." This statement addresses accounting and financial reporting issues related to fair value measurements. The requirements of this statement are effective for financial statements for periods beginning after June 15, 2015. The City is evaluating the impact, if any, upon its financial position, results of operations or cash flows upon adoption.

In June 2015, the GASB issued Statement No. 73, "Accounting and Financial Reporting for Pensions and Related Assets that are not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statement 67 and 68". This statement will improve the usefulness of information for decisions made by the various users of the general purpose external financial reports. The requirements of this statement are effective for financial statements for the periods beginning after June 15, 2015. The City is evaluating the impact, if any, upon its financial position, results of operations or cash flows upon adoption.

In June 2015, the GASB issued Statement No. 74, "Financial Reporting for Postemployment Benefits Plans Other Than Pension Plans". This statement will improve the usefulness of information about postemployment benefits other than pensions (Other Postemployment benefits or OPEB) included in the general purpose external financial reports of state and local governmental OPEB plans for making decisions and assessing accountability. The requirements of this statement are effective for financial statements for periods beginning after June 15, 2016. The City is evaluating the impact, if any, upon its financial position, results of operations or cash flows upon adoption.

In June 2015, the GASB issued Statement No. 75, "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions". This statement will improve accounting and financial reporting by state and local governments for postemployment benefits other than pensions (other postemployment benefits or OPEB). This requirements of this statement are effective for financial statements for periods beginning after June 15, 2017. The City is evaluating the impact, if any, upon its financial position, results of operations or cash flows upon adoption.

In June 2015, the GASB issued Statement No. 76, "The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments". This statement will establish the hierarchy of GAAP for state and local governments. The requirements of this statement are effective for financial statements for periods beginning after June 15, 2015. The City is evaluating the impact, if any, upon its financial position, results of operations or cash flows upon adoption.

CITY OF GRAMBLING, LOUISIANA
Notes to the Financial Statements
December 31, 2015

NOTE 15 - ON-BEHALF SUPPLEMENTAL PAY

Certain employees meeting statutory qualifications in the fire and police departments receive supplemental pay directly from the State of Louisiana. This supplemental pay in the amount of \$74,125 is recognized as intergovernmental revenue and public safety expenditures.

NOTE 16 - RISK MANAGEMENT

The City is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets, errors and omissions, and automobile liability for which the City carries commercial insurance. The City has a \$5,000 deductible for its commercial property insurance coverage, \$500 for automobile insurance, \$500 for fidelity bond, and no deductible for the other policies. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Honorable Edward Jones, Mayor
and Members of the City Council
City of Grambling
Grambling, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, and each major fund of the City of Grambling, Louisiana, (the City) as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated June 10, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a certain deficiency in internal control, described in the accompanying Schedule of Findings and Responses as item 2015-1 that we consider to be a significant deficiency.

Compliance and other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that is required to be reported under *Government Auditing Standards* and which is described in the accompanying Schedule of Findings and Response as item 2015-2.

The City's Response to Findings

The City's responses to the findings identified in our audit described in the accompanying Corrective Action Plan. The City's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Although the intended use of these reports may be limited, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

Banks & White & Co.
Jackson, Mississippi
June 10, 2016

CITY OF GRAMBLING, LOUISIANA
Schedule of Findings and Responses
For Year Ended December 31, 2015

Finding: 2015-1

Internal Control Over Financial Reporting

General Fund Chart of Accounts

Condition: The general fund chart of accounts is not designed in a manner that identify the departments/functions expenditures within the general fund. This is a repeated finding from fiscal year 2014 and 2013.

Cause: The City has not adopted the chart of accounts as recommended by the State of Louisiana Legislative Auditors as revised July 2004.

Effect: The City's expenditures are not readily identified in the accounting records.

Criteria and or Specific Requirement: Louisiana State Legislative Auditors "Chart of Accounts for Louisiana Local Government", Revised July 2004.

Recommendation: The City should adopt administrative accounting control procedures to adopt the chart of accounts as recommended by the State of Louisiana Legislative Auditors for local Governments. This will aid the City in monitoring spending within the various departments of the general fund and to budget its expenditures by department within the general fund.

Finding: 2015-2

Compliance and Other Matters

Louisiana Budget Law

Condition: The total balance for the General Fund was budgeted as a deficit in the original and final budget for the year. This is a repeated finding from the 2014 and 2013 audit.

Cause: The General Fund has a beginning deficit and deficit fund balance at year end. Therefore, funds were not available to absorb the the deficit.

Effect: The City is not in compliance with the state requirement to adopt a balanced budget.

Criteria and or Specific Requirement: Louisiana Revised Statutes LSA R. S. 39:1310 and 39:1311 require that the City have proposed expenditures less than or equal to the total estimated funds available for the ensuring year composed of the beginning fund balance plus estimated revenues/receipts for the year (a deficit fund balance is not allowed.)

Recommendation: The City should adopt administrative control procedures and a plan to eliminate the practice of budgeting deficits. Other revenues source should be identified in order to off set such deficits, thus, eliminating the practice of deficit budgeting.

CITY OF GRAMBLING, LOUISIANA
Status of Prior Year Audit Findings
For Year Ended December 31, 2015

Finding: 2014-01 - General Fund Chart of Accounts

Current Status: *Not fully corrected, however some improvements have been made.*

Finding: 2014-02 - Louisiana Budget Law

Current Status: *Not fully corrected, however some improvements have been made.*

**City of Grambling
Corrective Action Plan
For Audit Period: Year Ended December 31, 2015**

STATE OF LOUISIANA LEGISLATIVE AUDITORS

The City of Grambling respectfully submits the following corrective action plan for year ended December 31, 2015.

Name and address of independent public accounting firm: Banks, Finley, White & Company,
308 Highland Park Cove, Ridgeland, MS 39147.

Audit period: Year Ended December 31, 2015

The findings from December 31, 2015, schedule of findings and responses are discussed below. The findings are numbered consistently with the numbers assigned in the schedule of findings and responses.

2015-1 Internal Control of Financial Reporting: General Fund Chart of Actions

After the issuance of the 2013 audit report, the City consulted with its contracted accountants on the matter of the chart of accounts. The accountants began the process of converting the City's accounting system to use the latest chart of accounts required by the Legislative Auditor. However, the accountants estimated that it would cost between \$4,000 and \$10,000 to set up the new chart of accounts in the City's software and to train the City's personnel to use the new chart. Further, management is concerned that additional costs would be incurred in accounting fees due to the likelihood that errors may be made in recording transactions under the new chart of accounts. As the City is already working to eliminate a deficit in the City's General Fund, management concluded that the cost of implementing the new chart of accounts outweighed the benefits. The City's software is already set up to provide expenditures at the department level by use of classes in its accounting software. Expenditures are not tracked by department or readily identified in the accounting records, but at year end, the accountants prepare a trial balance by function/department using the class data in the software. As the City budgets at the account level of detail, the budget appears to adequately address the City's expenditures. Management will consider whether it would be cost efficient to present departments in the budget or in supplemental schedules accompanying the budget.

Changing the chart of accounts at this time appears to be cost prohibitive and may not be the best use of the City's limited funds. As the audited financial statements reflect, we have reduced the General Fund deficit; however, it will take some time to eliminate it.

2015-2 Compliance and other Matters: Louisiana Budget Law

As described in the notes to the financial statements, the current administration inherited a General Fund deficit that grew as unrecorded liabilities were identified over the last several years. As also described in the notes, the administration has been working to increase revenues by developing business and industry and increasing utility rates to levels recommended by state and federal entities. Additionally, the administration has implemented several measures to reduce expenditures. It will continue to employ only essential personnel to carry out day-to-day operations, create new streams of revenue, and implement preventive maintenance and conservation procedures. The administration expects the deficit to be eliminated in the near future.

Sincerely,

A handwritten signature in blue ink that reads "Edward R. Jones". The signature is written in a cursive style with a long, sweeping tail on the letter "s".

Edward R. Jones
Mayor
