## INDEPENDENT AUDITORS' REPORT

Honorable Mayor and Board of Aldermen of the  
City of West Monroe, Louisiana

We have audited the accompanying basic primary government financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of West Monroe, Louisiana (which is "the City" as well as "the primary government"), as of and for the year ended June 30, 2008, which collectively comprise the basic primary government financial statements of the City's primary government as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

The financial statements referred to above include only the primary government of the City, which consists of all funds, organizations, institutions, agencies, departments and offices that comprise the City's legal entity. The financial statements do not include financial data for the City's legally separate component unit, which accounting principles generally accepted in the United States of America require to be reported with the financial data of the City's primary government. As a result, the primary government financial statements do not purport to, and do not, present fairly the financial position of the reporting entity of the City as of June 30, 2008, and the changes in its financial position and its cash flows, where applicable, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information for the primary government of the City as of June 30, 2008, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Honorable Mayor and Board of Aldermen of the  
City of West Monroe, Louisiana  
Page 2

In accordance with *Government Auditing Standards*, we have also issued our report dated October 10, 2008, on our consideration of the City of West Monroe's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The management's discussion and analysis and budgetary comparison information on pages 3 through 11 and 44 through 46, are not a required part of the basic primary government financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic primary government financial statements. The introductory section, combining and individual nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic primary government financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic primary government financial statements. The combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards have been subjected to the auditing procedures applied in the audit of the basic primary government financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic primary government financial statements taken as a whole. The introductory section has not been subjected to the auditing procedures applied in the audit of the basic primary government financial statements and, accordingly, we express no opinion on it.

REQUIRED SUPPLEMENTAL INFORMATION (PART A)  
MANAGEMENT'S DISCUSSION AND ANALYSIS

## CITY OF WEST MONROE, LOUISIANA

### Management's Discussion and Analysis Year Ended June 30, 2008

---

As management of the City of West Monroe, we offer readers of the Financial Statement this narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2008. We encourage readers to consider the information presented here in conjunction with the accompanying transmittal letter and the accompanying basic financial statements. The intent of this discussion and analysis is to look at the City's financial performance as a whole.

#### FINANCIAL HIGHLIGHTS

- The assets of the City of West Monroe, on a government-wide basis, exceeded its liabilities at the close of the fiscal year by \$48.5 million (net assets). Of this amount, \$6.53 million is unrestricted.
- The City's total net assets increased by \$1.56 million for the current fiscal year.
- At the end of the current fiscal year, the City of West Monroe's governmental funds reported combined ending fund balances of \$9.19 million.
- At the end of the current fiscal year, the unreserved fund balance for the general fund was \$5.2 million, or 32% of the total general fund expenditures.
- The general fund reported a deficit of \$22,000.00 before transfers, and a deficit of \$430,000.00 after transfers.
- The City's bonded debt had a net increase of \$3,685,000. Total bonded debt at 6-30-08 was \$10,355,000.

#### OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the City of West Monroe's basic financial statements. The City's basic financial statements comprise three components:

- *Government-wide financial statements,*
- *Fund financial statements,*
- *Notes to the financial statements.*

This report contains other supplementary information in addition to the basic financial statements themselves.

The basic financial statements include two kinds of statements that present different views of the City:

- The first two statements are government-wide financial statements that provide both long-term and short-term information about the City's overall financial status.

- The remaining statements are fund financial statements that focus on individual parts of the City's government, reporting the City's operations in more detail than the government-wide statements.
  - The governmental fund statements tell how general government services like public safety were financed in the short term as well as what amounts remain for future spending.
  - Proprietary fund statements offer short-and long-term financial information about the activities the government operates like businesses, such as the public utilities (water, sewer, sewer treatment systems).
  - Fiduciary fund statements provide information about the financial relationship in which the City acts solely as a trustee or agent for the benefit of others, to whom the resources in question belong.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the information in the financial statements.

In the past, the primary focus of local government financial statements has been summarized fund type information on a current financial resources basis. However, with the implementation of Statement No. 34 of the Governmental Accounting Standards Board (GASB Statement No. 34) for June 30, 2003, the new focus is on both the City as a whole (government-wide) and the fund financial statements. Each view provides a different snapshot of the City's finances. The government-wide financial statements provide both long-term and short term information about the City's overall financial status. The fund financial statements focus on the individual parts of the City government, reporting the City's operations in more detail than the government-wide statements. Both perspectives (government-wide and fund) allow the user to address relevant questions, broaden the basis of comparison (year-to-year or government-to-government) and enhance the City's accountability.

## **GOVERNMENT-WIDE STATEMENTS**

The government-wide statements report information about the City of West Monroe as a whole using accounting methods similar to those used by private-sector companies. The Statement of Net Assets and the Statement of Activities, which are the government-wide statements, include all of the government's assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two government-wide statements report the City's net assets and how they have changed. Net assets—the difference between the City's assets and liabilities — are one way to measure the City's financial health, or financial position. Over time, increases or decreases in the City's net assets are an indicator of whether its financial health is improving or deteriorating. Other non-financial factors such as changes in the City's property tax base and the condition of the City's roads and other infrastructure may need to be considered to assess the overall health of the City.

In the Statement of Net Assets and the Statement of Activities, the City is divided into three categories:

- Governmental activities — Most of the City's basic services are included here, such as the activities of the police, fire, public works, social services, and parks and recreation

- departments, and general administration. Sales taxes and grants finance most of these activities.
- Business-type activities – The City charges fees to customers to cover the cost of certain services it provides. The City’s water, sewer, and sewer treatment are included here.

## **FUND FINANCIAL STATEMENTS**

The format of the fund financial statements will be more familiar to traditional users of government financial statements. The fund financial statements provide more detailed information about the City’s most significant funds – not the City as a whole. Funds are accounting mechanisms that the City uses to keep track of specific sources of funding and spending for particular purposes.

The City has three kinds of funds:

- Governmental funds – Most of the City’s basic services are included in governmental funds, which focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances remaining at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed short-term view that helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance the City’s programs. Because this information does not encompass the long-term focus of the government-wide statements, additional information is provided on a subsequent page that explains the relationship (or differences) between the government-wide and fund statements.
- Proprietary funds – Services for which the City charges customers a fee are generally reported in proprietary funds. Proprietary funds, like the government-wide statements, provide both short-term and long-term financial information. The City’s enterprise funds (one type of proprietary fund) are the same as its business-type activities, but they provide more detail and additional information, such as cash flows. The City also uses internal service funds (another kind of proprietary fund) to report activities that provide supplies and services for the City’s other programs and activities – such as the Employees Health Insurance Fund.
- Fiduciary funds – Fiduciary funds are used to report assets held in a trustee or agency capacity for others outside the government. The City maintains a Cemetery Trust Fund and a Workers Compensation Reserve Fund. These activities are reported in a separate statement of fiduciary net assets. The City excludes this activity from its government-wide financial statements because the City cannot use these assets to finance its operations.

The Total Governmental Funds column requires reconciliation because of the different measurement focus from the government-wide statements (current financial resources versus total economic resources) which is reflected at the bottom of or following each statement. The flow of current financial resources will reflect bond proceeds and interfund transfers as other financing sources as well as capital expenditures and bond principal payments as expenditures. The reconciliation will eliminate these transactions and incorporate the capital assets and long-term obligations (bond and others) into the Governmental Activities column (in the government-wide statements).

## FINANCIAL ANALYSIS OF THE CITY AS A WHOLE

The City's combined net assets for the 2007-2008 fiscal year increased by \$1.56 million. Table 1 shows the statement of net assets for the year ending 2007 and the year ending 2008. The table also shows the net assets for governmental activities, business type activities and combines them into the total primary government.

### Statement of Net Assets

The following table reflects the condensed statement of net assets:

TABLE 1  
NET ASSETS OF GOVERNMENTAL AND BUSINESS TYPE ACTIVITIES  
(in Millions)

	GOVERNMENTAL ACTIVITIES		BUSINESS TYPE ACTIVITIES		TOTAL PRIMARY GOVERNMENT	
	2007	2008	2007	2008	2007	2008
<b>ASSETS:</b>						
Current and other assets	\$ 6.05	\$ 9.60	\$ 0.50	\$ 0.53	\$ 6.55	\$ 10.13
Capital Assets	45.90	46.01	5.50	6.26	51.40	52.27
<b>Total Assets</b>	<b>\$ 51.95</b>	<b>\$ 55.61</b>	<b>\$ 6.00</b>	<b>\$ 6.79</b>	<b>\$ 57.95</b>	<b>\$ 62.40</b>
<b>LIABILITIES:</b>						
Long-term debt outstanding	\$ 9.40	\$ 13.28	\$ 0.13	\$ 0.13	\$ 9.53	\$ 13.41
Other liabilities	0.91	0.41	0.12	0.13	1.03	.54
<b>Total Liabilities</b>	<b>\$ 10.31</b>	<b>\$ 13.69</b>	<b>\$ 0.25</b>	<b>\$ 0.26</b>	<b>\$ 10.56</b>	<b>\$ 13.95</b>
<b>NET ASSETS:</b>						
Invested in Capital Assets						
Net of debt	\$ 39.00	\$ 35.66	\$ 5.50	\$ 6.26	\$ 44.50	\$ 41.92
Restricted	(1.40)	-	-	-	(1.4)	-
Unrestricted	4.0	6.26	0.30	0.27	4.30	6.53
<b>Total Net Assets</b>	<b>\$ 41.60</b>	<b>\$ 41.92</b>	<b>\$ 5.80</b>	<b>\$ 6.53</b>	<b>\$ 47.40</b>	<b>\$ 48.45</b>

Net assets (assets less liabilities) may serve over time as a useful indicator of a government's financial position. The City of West Monroe's assets exceeded liabilities by \$48.45 million at the close of the fiscal year. The largest portion of the City's net assets (87%) reflects its investment in capital assets (e.g., land, buildings, equipment, infrastructure, less accumulated depreciation and less any related outstanding debt used to acquire those assets). The city uses these assets to provide services to its citizens and these assets are not available for spending. The resources needed to repay any debt related to these capital assets will be provided from other sources.

None of the City's net assets are subject to restrictions. The unrestricted net assets \$6.53 million may be used to meet the City's ongoing obligations.

### Governmental Activities

Net assets of the City's governmental activities increased from \$41.60 million to \$41.92 million. This increase is mainly due to an increase in current assets.

**Business-type Activities**

Net assets of the City's business-type activities increased by approximately \$780,000

**Statement of Activities**

The following table shows the revenues and expenses of the governmental and business-type activities:

TABLE 2

<b>Increase/decrease in assets</b>	<b>\$ 1.70</b>	<b>\$ .78</b>	<b>\$ .11</b>	<b>\$ .78</b>	<b>\$ 1.81</b>	<b>\$ 1.56</b>

**Governmental Activities**

The City's total revenues from governmental activities decreased from \$27.49 million (year end 2007) to \$27.38 million (year end 2008). West Monroe's largest source of general revenue (\$16.32 million) is taxes, composed of property tax, sales tax, insurance premium taxes, and beer tax. Sixty percent of the City's revenue from governmental activities comes from these taxes.

Charges for services (\$4.68 million) were the second largest revenue source for governmental activities.

The City's expenses for the fiscal year end June 30, 2008 were \$26.57 million, an increase of \$1.1 million from year end 2007. These expenses cover a wide range of services with the largest being public safety \$9.40 million or 35%, general government \$6.28 million or 24% and public works \$3.25 million or 12%.

#### **Business-Type Activities**

The total revenues from business-type activities were \$4.03 million for the fiscal year ended June 30, 2008. This is an increase of \$1.08 million from last year. This increase is a result of an increase in capital contributions. Charges for services increased by \$320,000. Expenses for the City's business-type activities were \$3.28 million. The business-type activities had a net gain of \$780,000.00 for the fiscal year ended June 30, 2008.

#### **FINANCIAL ANALYSIS OF THE CITY'S FUNDS**

The City of West Monroe uses Fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

#### **Government Funds**

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$9.18 million. Approximately \$9.18 million constitutes unreserved fund balance, which is available for spending at the government's discretion.

The general fund is the chief operating fund of the City. At the end of the fiscal year, unreserved fund balance of the general fund was \$5.3 million, a decrease of \$450,000.00 from year end June 30, 2007. As a measure of the general fund liquidity, it may be useful to compare unreserved fund balance to total expenditures. Unreserved fund balance represents 32% of the total general fund expenditures. Due to the uncertain economic conditions, expenditures were closely monitored and correlated to revenues received.

The City spent a total of \$3.8 million out of the 86 Sales Tax Capital Fund to fund major capital projects and purchases. This amount decreased by \$700,000.00 from last year. The fund transferred out \$987,000.00 to pay for debt service.

#### **Proprietary Funds**

The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Net assets of the Utilities Enterprise Fund at the end of the year were \$6.53 million. The fund had an operating profit for the year of \$780,000.00 after depreciation and transfers.

Net assets of the Internal Service fund (Employees Health Insurance Fund) ended the year with a zero balance. The year ending June 30, 2008 had a \$299,000.00 operating loss. The City General Fund transferred \$299,000.00 to cover the operating loss for the current year.

**General Fund Budgetary Highlights**

Over the course of the year, the City Council revised the City budget twice. The difference between the original expenditure budget and the actual amount of expenditures was an increase of \$230,000.00. Actual total revenues exceed the original budget by \$202,000.00 or 1.2%.

**CAPITAL ASSETS AND DEBT ADMINISTRATION**

**Capital Assets**

The following table shows the Capital Assets (net of depreciation) of the governmental and business type activities:

TABLE 3  
CAPITAL ASSETS  
(NET OF DEPRECIATION in millions)

	GOVERNMENTAL ACTIVITIES		BUSINESS TYPE ACTIVITIES		TOTAL	
	2007	2008	2007	2008	2007	2008
Land	\$ 5.40	\$ 5.70	\$ 0.06	\$ 0.06	\$ 5.46	\$ 5.76
Construction in progress	5.30	-	0.60	-	5.90	-
Buildings	17.40	16.89	-	-	17.40	16.89
Improvements	0.88	2.15	-	-	0.88	2.15
Equipment	0.56	0.49	0.34	0.57	0.90	1.06
Vehicles	0.68	0.73	-	-	0.68	0.73
Infrastructure	15.70	20.05	-	-	15.70	20.05
Water Plant			1.48	2.00	1.48	2.00
Treatment Plant			3.00	3.63	3.00	3.63
<b>Total</b>	<b>\$ 45.90</b>	<b>\$ 46.01</b>	<b>\$ 5.48</b>	<b>\$ 6.26</b>	<b>\$ 51.38</b>	<b>\$ 52.27</b>

The City of West Monroe's investment in Capital assets for its governmental and business-type activities as of June 30, 2008, amounts to \$52.27 million (net of depreciation). This is up \$890,000.00 from last year. This investment includes land, construction in progress, buildings and improvements, equipment, vehicles, infrastructure, water and sewer treatment plant.

## Long-term Debt

The following table shows the City's outstanding debt:

TABLE 4  
OUTSTANDING DEBT AT YEAR END

	YR END 6/30/07	YR END 6/30/08
Capital Lease Obligations	\$ 212,953	\$ -
Bond Payable Series 2003	\$ 5,790,000	\$ 5,055,000
Bond Payable Series 2005	\$ 250,000	\$ 225,000
Bond Payable Series 2006	\$ 630,000	\$ 575,000
Bond Payable Series 2007		\$ 4,500,000
Community Dev. Block Grant for Economic Development	\$ 500,000	\$ 456,257
Firefighters Retirement System	\$ 1,023,120	\$ 923,398
Heart and Lung Disability	\$ 907,259	\$ 882,525
Vacation, Sick and Comp. Time	\$ 587,956	\$ 661,974
Total	\$ 9,901,288	\$ 13,279,154

At the end of the fiscal year, the City of West Monroe had total bonded debt outstanding of \$10.35 million. This is an increase of \$3.68 million in total bond debt. In November 2007 the City did a \$4.5 million debt issue. The proceeds of the debt issue will be used to finance capital projects. All of the debt is backed by the full faith and credit of the City and is being repaid from the Sales Tax Capital Fund and the City's sales tax.

The City of West Monroe's total long-term debt obligations at year end were \$13.28 million.

Additional information of the City's long-term debt can be found in Note 12 in the Notes to the Financial Statements.

## ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

The City's management and elected officials considered many factors when preparing the 2008-2009 budget. The major factor in preparing the budget is to determine the revenue that will be generated from sales tax. Sales tax accounts for 61% of the total General Fund revenue. With current economic conditions, sales tax revenue is projected to increase by 1.1% for the 2008-2009 fiscal year. All other General Fund revenues should remain fairly consistent with prior year collections. The total General Fund revenue budget for the 2008-2009 fiscal year is \$17.1 million compared to \$16.6 million last year.

During the 2008-2009 fiscal year, the City will continue to develop the 60 acres along I-20 into a retail center.

The budgeted expenses for the 2008-2009 fiscal year were \$17 million, an increase of \$800,000.00 over the prior year. The City gave all employees a 3% pay raise for the 2008-2009 year. The largest expense for the City is personnel cost. The City's administration has taken steps to reduce all overtime to minimal levels in the current year's budget.

Most of the City's expenses have remained fairly constant except for fuel and energy cost. Fuel and energy cost have stabilized and started to decline during the current fiscal year. The City's matching contributions to the pension systems have decreased slightly for the 2008-2009 fiscal year. However, the current condition of the investment markets may cause the City's contribution to the pension systems to rise during this fiscal year or the next. The City's administration will closely monitor all revenues and expenses to ensure the City maintains a positive fund balance. The projected General Fund balance for the year ending June 30, 2009 is \$5.5 million.

#### REQUEST FOR INFORMATION

The financial report is designed to provide citizens, taxpayer, customers, investors, and creditors with a general overview of the City's finances and to demonstrate the city's accountability for the funds it receives. If you have any questions about this report or need additional information, contact the financial Director, City of West Monroe, 2305 North 7<sup>th</sup> Street, West Monroe, Louisiana 71291.

CITY OF WEST MONROE, LOUISIANA  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2008

**INTRODUCTION**

The City of West Monroe, Louisiana (the City) consists of an executive branch of government headed by a mayor and a legislative branch of government consisting of five aldermen. The City's major operations include police and fire protection, garbage and trash collection, a senior center, street and drainage maintenance, administrative services, and other health and welfare activities. In addition, the City operates a Utility Enterprise Fund to provide water and sewerage services.

**Note 1 – Summary of Significant Accounting Policies**

The Governmental Accounting Standards Board (GASB) promulgates generally accepted accounting principles and reporting standards with respect to activities and transactions of state and local government entities. The GASB has issued a codification of governmental accounting and financial reporting standards. This codification and subsequent GASB pronouncements are recognized as generally accepted accounting principles for state and local government. The financial reporting practices of the City comply with the financial reporting standards established by the GASB.

**A. Financial Reporting Entity**

As the municipal governing authority, for reporting purposes, the City of West Monroe, Louisiana is considered a separate financial reporting entity. The financial reporting entity consists of (a) the primary government, the City of West Monroe, Louisiana, (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the City are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

GASB Statement 14 established criteria for determining which component units should be considered part of the City of West Monroe, Louisiana for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is *accountability*. The GASB has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the City to impose its will on that organization or (2) the potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the City. Organizations for which the City does not appoint a voting majority but are fiscally dependent on the City and organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship. Based on the previous criteria, the City has determined that the following component unit is part of the reporting entity:

<u>Component Unit</u>	<u>Fiscal Year-End</u>	<u>Criteria Used</u>
City Court of West Monroe	June 30	2

CITY OF WEST MONROE, LOUISIANA  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2008

**Note 1 – Summary of Significant Accounting Policies (continued)**

**A. Financial Reporting Entity (continued)**

The City Court of West Monroe meets only one of the criteria for the inclusion in this report and it has not been included.

Since the City Court is legally separate and fiscally independent of other state and local governments and has a separately elected governing body, it meets the definition of a primary government as defined by GASB Statement 14.

GASB Statement 14 provides for the issuance of primary government financial statements that are separate from those of the reporting entity. However, the City of West Monroe, Louisiana financial statements are not a substitute for the reporting entity's financial statements. The accompanying primary government financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governmental units. These financial statements are not intended to and do not report on the reporting entity but rather are intended to reflect only the financial statements of the City of West Monroe, Louisiana.

**B. Government-Wide and Fund Financial Statements**

The government-wide financial statements (the statement of net assets and the statement of activities) report information of all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these government-wide statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely, to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function, segment or component unit are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function, segment or component unit. Program revenues include charges to customers who purchase, use or directly benefit from goods or services provided by a given function, segment or component unit. Program revenues also include grants and contributions that are restricted to meeting the operational or capital requirements of a particular function, segment or component unit. Taxes and other items not properly included among program revenues are reported instead as general revenues. Resources that are dedicated internally are reported as general revenues rather than as program revenues. The City does not allocate general government (indirect) expenses to other functions.

Net assets are restricted when constraints placed on them are either externally imposed or imposed by constitutional provisions or enabling legislation. Internally imposed designations of resources are not presented as restricted net assets. When both restricted and unrestricted resources are available for use, generally it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds. However, the fiduciary funds are not included in the government-wide financial statements. Major individual government funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

CITY OF WEST MONROE, LOUISIANA  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2008

Note 1 – Summary of Significant Account Policies (continued)

**C. Measurement Focus, Basis of Accounting and Financial Statement Presentation**

*Government-Wide Financial Statements* – The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

*Governmental Fund Financial Statements* – The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities for the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal year end. Principal revenue sources considered susceptible to accrual include federal grants, interest on investments, sales and income taxes, and lease payments receivable. Some revenue items that are considered measurable and available to finance operations during the year from an accounting perspective are not available for expenditure due to the City's present appropriation system. These revenues have been accrued in accordance with accounting principles generally accepted in the United States of America since they have been earned and are expected to be collected within sixty days of the end of the period. Other revenues are considered to be measurable and available only when cash is received by the City.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. Modifications to the accrual basis of accounting include:

- Employees' vested annual leave is recorded as an expenditure when utilized. The amount of accumulated annual leave unpaid at June 30, 2008 has been reported only in the government-wide financial statements.
- Interest on general long-term obligations is recognized when paid.
- Debt service expenditures are recorded only when payment is due.

*Proprietary Funds and Fiduciary Funds* – The financial statements of the proprietary and fiduciary funds are reported using the economic resources measurement focus and the accrual basis of accounting, similar to the government-wide statements described above.

Each proprietary fund has the option under Governmental Accounting Standards Board (GASB), Statement 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting* to elect to apply all Financial Accounting Standards Board (FASB) pronouncements issued after November 30, 1989, unless FASB conflicts with GASB. The primary government's enterprise fund has elected to not apply FASBs issued after the applicable date.

CITY OF WEST MONROE, LOUISIANA  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2008

**Note 1 – Summary of Significant Account Policies (continued)**

**C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (continued)**

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

**D. Fund Accounting**

The financial activities of the City are recorded in individual funds, each of which is deemed to be a separate accounting entity. The City uses fund accounting to report on its financial position and results of operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities. A fund is a separate accounting entity with a self-balancing set of accounts.

**1. Major Governmental Funds**

*General Fund* – This fund accounts for all activities of the City not specifically required to be accounted for in other funds. Included are transactions for services such as general government, health services, public safety, regulatory services and social services.

*1986 Sales Tax 75% Capital Fund* – These funds account for monthly transfers from sales tax collections 75% of the one cent sales tax passed in 1986. The funds are predominately used for capital expenditures.

*2007 Debt Capital Fund* – These funds are predominately used for capital expenditures. The income is provided by proceeds from general obligation bonds for that purpose.

**2. Debt Service Funds** – These funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs.

**3. Capital Projects Funds** – These funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities.

**4. Proprietary Funds**

*Utilities Enterprise Fund* – This fund is to account for the provision of water and sewerage to residents of the City of West Monroe. This fund is used to account for operations (a) that are financed and operated in a manner similar to private business enterprises – where the intent of the governing body is that the costs (expenses including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges, or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

CITY OF WEST MONROE, LOUISIANA  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2008

**Note 1 – Summary of Significant Accounting Policies (continued)**

**D. Fund Accounting (continued)**

**4. Proprietary Funds (continued)**

*Internal Service Fund* – This fund accounts for the financing of services provided by one fund to other funds of the City. The Self Insurance Fund, which purchases an insurance policy and accounts for third-party administrative costs and claims, is reported as an internal service fund.

**5. Fiduciary Funds**

*Trust Funds* – These funds are used to account for assets held by the City in a trustee capacity or as an agent for the individuals, private organizations, other governments and/or other funds. These include Expendable Trust Funds. Expendable trust funds are accounted for in essentially the same manner as governmental funds.

**E. Cash and Cash Equivalents**

Under state law, the City may deposit funds in demand deposits, interest bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

For purposes of the statement of cash flows, cash equivalents include all highly liquid investments (including restricted assets) with a maturity date of three months or less when purchased.

**F. Investments**

Deposits with original maturity dates exceeding 90 days are classified as investments. Investments are reported at fair value. The Louisiana Asset Management Pool (LAMP) is an investment pool established as a cooperative endeavor to enable public entities of the State of Louisiana to aggregate funds for investment. LAMP operates in accordance with state laws and regulations. The reported value of the pool is the same as the fair value of the pool shares.

**G. Noncurrent Receivables**

Noncurrent portions of long-term receivables due to government funds are reported on their balance sheets, in spite of their spending measurement focus. Special reporting treatments are used to indicate that they should not be considered “available spendable resources” since they do not represent net current assets. Recognition of governmental fund type revenues represented by noncurrent receivables is deferred until they become current receivables.

CITY OF WEST MONROE, LOUISIANA  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2008

**Note 1 – Summary of Significant Accounting Policies (continued)**

**H. Bad Debts**

Uncollectible amounts for ad valorem taxes and convention center receivables are generally not significant. As a result, the direct write-off method for recognizing bad debts is used. Under this method, the receivable is charged to expense when the account is deemed to be uncollectible. For customers' utility receivables, the allowance method is used to account for uncollectible amounts. Under this method, an allowance account is set up for what is deemed to be uncollectible.

**I. Inventories**

Special reporting treatments are applied to governmental fund inventories to indicate that they do not represent "available spendable resources", even though they are a component of net current assets. Such amounts are generally offset by fund balance reserve accounts.

Inventories are valued at the lower of cost (first-in, first-out) or market. Inventory in the General Fund consists of expendable supplies held for consumption. The cost is recorded as an expenditure at the time individual inventory items are used.

**J. Short-Term Interfund Receivables/Payables**

During the course of operation, numerous transactions occur between individual funds for services rendered. These receivables and payables are classified as due from other funds or due to other funds on the fund financial statements' balance sheet. In the process of aggregating data for the statement of net assets and the statement of activities, some amounts reported as *interfund activity and balances in the funds were eliminated or reclassified*. Interfund receivables and payables were eliminated to minimize the "grossing up" effect on assets and liabilities within the governmental activities column.

**K. Capital Assets**

Capital assets, which include property, plant, equipment and infrastructure assets (which is normally immovable and of value only to the City, such as roads, bridges, streets and sidewalks, drainage systems, lighting systems, and similar items), are reported in the applicable governmental or business-type columns in the government-wide financial statements. Purchased or constructed capital assets are valued at historical cost or estimated historical cost. Donated fixed assets are recorded at their fair market value at the date of donation.

Infrastructure constructed prior to July 1, 2000 has been recorded at estimated historical cost. The estimated historical cost for years prior to July 1, 2000 was based on capital outlay expenditures reported by the City's engineer who performed a road, street and bridge inventory for the City. The costs of normal maintenance and repairs that do not add to the asset's value or materially extend an asset's useful life are not capitalized.

Capital assets utilized in the governmental funds are recorded as expenditures in the governmental fund financial statements. Depreciation expense is recorded in the government-wide financial statements, as well as the proprietary funds financial statements.

CITY OF WEST MONROE, LOUISIANA  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2008

**Note 1 – Summary of Significant Account Policies (continued)**

**K. Capital Assets (continued)**

Capital assets of the primary government are depreciated on the straight-line method over the assets' estimated useful life. There is no depreciation recorded for land and construction in progress. Generally, estimated useful lives are as follows:

Vehicles, Machinery and Equipment	5-20 years
Buildings and Other Improvements	30-40 years
Infrastructure	20-40 years

**L. Electrical System Operating Agreement**

On December 31, 1988, the City Council of West Monroe authorized an operating agreement between the City of West Monroe and Louisiana Power and Light (LP&L) for the operation by LP&L of the electric system within the corporate limits of West Monroe for a period of twenty-five years. The agreement provides that LP&L will pay to the City three percent of gross receipts (as defined) collected from the sale of electric service to residential and commercial customers within the City.

**M. Lease Obligations**

The City leases various assets under both operating and capital lease agreements. In the government-wide financial statements, capital leases and the related lease obligations are reported as liabilities in the applicable governmental activities statement of net assets.

**N. Compensated Absences**

Accumulated unpaid vacation, sick pay, and other employee benefit amounts are accrued when incurred in enterprise funds under the accrual basis of accounting. Employees of the City earn vacation pay in varying amounts ranging from 10 to 28 working days per year depending upon length of service. At the end of each year, employees may carry forward earned vacation time. Up to a maximum of 40 days of unused vacation is paid to an employee upon retirement, separation, or death at hourly rates being earned by that employee upon separation.

Firemen and policemen may receive up to one year's sick leave per illness as prescribed under Louisiana law. For all other City employees, sick leave is accumulated at rates ranging up to 12 days per year. Unused sick leave may be carried forward, however, up to a maximum of 36 days of unused sick leave is paid to an employee upon retirement, separation, or death at hourly rates being earned by that employee upon separation.

**O. Long-Term Liabilities**

Bond premiums and discounts, as well as issuance costs, are recognized in the period the bonds are issued. Bond proceeds are reported as other financing sources net of the applicable premium or discount. Issuance costs, even if withheld from the actual net proceeds received, are reported as debt service expenditures.

CITY OF WEST MONROE, LOUISIANA  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2008

**Note 1 – Summary of Significant Account Policies (continued)**

**P. Restricted Net Assets**

For the government-wide statement of net assets, net assets are reported as restricted when constraints placed on net asset use are either (a) externally imposed by creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation.

*Portions of fund equity are reserved for future use and are, therefore, not available for future appropriation or expenditure. Designations of unreserved fund balances indicate the City's tentative plans for the use of financial resources in a future period.*

**Q. Dedicated Revenues**

Two cents of the sales tax revenue assessment is dedicated as follows: one cent is dedicated to capital improvements; seventy-five percent of the remaining cent is dedicated for purchase and improvements of assets having a life of one year or greater, related professional services and programs, and for paying capital improvements, construction, and repairs; the remaining twenty-five percent shall be used for general operations.

**R. Fund Equity**

Equity is classified as net assets and displayed in three components:

- a. Invested in capital assets, net of related debt – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction or improvement of those assets.
- b. Restricted net assets – Consists of net assets with constraints placed on their use either by (1) external groups, such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net assets – All other net assets that do not meet the definitions of “restricted” or “invested in capital assets, net of related debt”.

**S. Accounting Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions. Those estimates affect the reported amounts of assets and liabilities and disclosure of assets and liabilities at the date of the financial statements. They may also affect the reported amounts of revenues and expenses of proprietary funds and the government-wide financial statements during the reporting period. Actual results could differ from these estimates.

CITY OF WEST MONROE, LOUISIANA  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2008

**Note 2- Cash and Cash Equivalents**

*Custodial Credit Risk – Deposits*

The custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned to it. The City's policy to ensure there is no exposure to this risk is to require each financial institution to pledge its own securities to cover any amount in excess of Federal Depository Insurance Coverage. Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the City that the fiscal agent bank has failed to pay deposited funds upon demand. Accordingly, the City had no custodial risk related to its deposits at June 30, 2008.

At June 30, 2008, the City has cash and cash equivalents (book balances net of overdrafts) in the amount of \$6,966,474.

These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent.

These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable by both parties. Cash and cash equivalents (bank balances) at June 30, 2008, are secured as follows:

Bank Balances	\$ <u>6,197,541</u>
Federal Deposits Insurance	\$ 100,000
Pledged Securities (Uncollateralized)	<u>7,438,206</u>
<b><u>TOTAL</u></b>	<b><u>\$ 7,538,206</u></b>

**Note 3 – Investments**

*Custodial Credit Risk – Investments*

The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty, the government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The City had no custodial credit risk related to its investments at June 30, 2008.

Under state law, the City may invest funds in obligations of the United States, in federally-insured investments, or in time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana. At June 30, 2008, the City had the following investments stated at cost, which approximates market:

Louisiana Asset Management Pool	\$ <u>17,859</u>
---------------------------------	------------------

CITY OF WEST MONROE, LOUISIANA  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2008

**Note 3 – Investments (continued)**

*Interest Rate Risk*

In accordance with its investment policy, the City manages its exposure to declines in fair market values by limiting investment portfolio to “money market investments”, which are defined as creditworthy, highly liquid investments with maturities of one year or less. Although there may be certain circumstances in which longer-term securities are utilized, the general use of long-term securities shall be avoided.

*Credit Risk*

The City’s investment policy limits investments to fully insured and/or fully-collateralized certificates of deposits and direct and indirect obligations of U.S. government agencies.

*Concentration of Credit Risk*

The City’s investment policy limits the City’s investment instruments to: 1) certificates of deposit; 2) certain direct obligations of the U.S. Government; 3) bonds, debentures, notes, or other evidence of indebtedness issued or guaranteed by federal agencies and provided such obligations are backed by the full faith and credit of the United States of America; and 4) the Louisiana Asset Management Pool.

The City participates in the Louisiana Asset Management Pool (LAMP). The LAMP is an investment pool established as a cooperative endeavor to enable public entities of the State of Louisiana to aggregate funds for investment.

**Note 4 – Fund Deficits**

The following funds had deficits at June 30, 2008:

Major Funds	
'86 Sales Tax Fund	\$ 702,512
Non-Major Funds	
Special Revenue Funds	
Celtic Festival	7,376
Brownfields Assessment Grant	28,976
Debt Service Funds	
Firemen’s Pension Merger	16,921
2003 Debt Service Fund	269,195
Capital Project Funds	
Detention Basin	340,195

The deficit in the special revenue funds and debt service funds are to be financed with future revenues or transfers from other funds. The deficits in the capital project funds will be funded with future drawdowns from state and federal agencies and/or transfers from the general fund.

CITY OF WEST MONROE, LOUISIANA  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2008

**Note 5 – Ad Valorem Taxes**

Property taxes are due as of January 1. An enforceable lien attaches to the property with unpaid taxes and is sold at a tax sale.

Property Tax Calendar

Assessment Date	January 1, 2007
Levy Date	September 1, 2007
Tax Bills Mailed	November 27, 2007
Total Taxes Are Due	December 31, 2007
Penalties and Interest are Added	March 31, 2008
Tax Sales – 2007 Delinquent Property	June 27, 2008

The Ouachita Parish Tax Assessor establishes assessed values each year on a uniform basis at the following ratios to fair market value:

10% Land	15% Machinery
10% Residential Improvements	15% Commercial Improvements
15% Industrial Improvements	25% Public Service Properties, Excluding Land

The ad valorem tax millage is as follows:

CITY OF WEST MONROE, LOUISIANA  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2008

**Note 10 - Pension and Retirement Plans**

CITY OF WEST MONROE-SPONSORED PENSION PLANS

Effective January 1, 1986, the City-Sponsored West Monroe Firemen's Pension and Relief System merged with the State Firefighters' Retirement System. As a result of that merger, the City of West Monroe was indebted to the State Firefighters' Retirement System for \$923,399 at June 30, 2008 which represents the remaining principal balance of the accrued liability for those employees transferred to the Firefighters' Retirement System. This amount is being paid over 30 years at 7% interest. The City paid principal and interest payments of \$171,340 during fiscal year 2008 from sales tax revenues.

STATE RETIREMENT SYSTEMS

MUNICIPAL EMPLOYEES' RETIREMENT SYSTEM OF LOUISIANA

Substantially all city employees, except firemen and policemen are members of the Municipal Employees' Retirement System of Louisiana (MERS), a multiple-employer (cost-sharing), public employee retirement system (PERS), controlled and administered by a separate board of trustees. The MERS is composed of two distinct plans, Plan A and Plan B, with separate assets and benefit provisions. All members participate in Plan A.

All permanent employees working at least 35 hours per week and elected city officials are eligible to participate in the system. Under the MERS, a member who retires at or after age 60 with at least 10 years of creditable service, at or after age 55 with 25 years of creditable service, or at any age with at least 30 years of creditable service is entitled to a retirement benefit, payable monthly for life, equal to 3 percent of the member's final compensation multiplied by his years of creditable service.

Final compensation is a member's average monthly earnings during the highest 36 consecutive months or joined months if service was interrupted. A member who withdraws from active service prior to retirement eligibility is entitled to receive benefits beginning on the normal retirement date, assuming completion of ten years of creditable service and no prior refund of contributions. The system also provides death and disability benefits. Benefits are established by state statute.

Funding Policy - State statute requires covered employees to contribute 9.25 percent of their salaries to the System. As provided by Louisiana Revised Statute 11:103, the employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year. The current actuarially-determined rate is 13.50 percent of annual covered payroll. The City's contributions to the System under Plan A for the years ending June 30, 2008, 2007 and 2006 were \$736,016, \$827,139 and \$791,918, respectively, equal to the required contributions for each year.

The System issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained by writing to the Municipal Employees' Retirement System, 7937 Office Park Blvd., Baton Rouge, Louisiana 70809, or by calling (225) 925-4810.

CITY OF WEST MONROE, LOUISIANA  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2008

**Note 10 - Pension and Retirement Plans (continued)**

MUNICIPAL POLICE EMPLOYEES' RETIREMENT SYSTEM

All full-time police officers engaged in law enforcement are eligible to participate in the Municipal Police Employees' Retirement System (MPERS), a multiple-employer (cost-sharing), public employee retirement system (PERS), controlled and administered by a separate board of trustees. Members who retire at or after age 55 with 12 years of creditable service, at or after age 50 with 20 years of creditable service, or at any age with 25 years of creditable service are entitled to a retirement benefit, payable monthly for life, equal to 3-1/3 percent of the member's average final compensation multiplied by his years of creditable service, not to exceed 100 percent of his average final compensation.

Average final compensation is the average annual earned compensation of a member for any period of 36 successive or joined months of service that produces the highest average. The system also provides death and disability benefits. Benefits are established by state statute.

Funding Policy - State statute requires covered employees to contribute 7.50 percent of their salaries to the system. The City is required to contribute 13.75 percent of covered employees' salaries. As provided by Louisiana Revised Statute 11:103, the employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year.

The City's contributions to the System for the years ending June 30, 2008, 2007 and 2006 were \$402,864, \$415,479 and \$406,779, respectively, equal to the required contributions for the year.

The System issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained by writing to the Municipal Police Employees' Retirement System, 8401 United Plaza Blvd., Baton Rouge, Louisiana 70809-7017, or by calling (225) 929-7411.

FIREFIGHTERS' RETIREMENT SYSTEM

All full-time firefighters for the City who are engaged in fire protection are eligible to participate in the Firefighters' Retirement System (FRS), a multiple-employer (cost-sharing), public employee retirement system (PERS), controlled and administered by a separate board of trustees. A member who has completed 20 years of creditable service, has been a member at least 1 year, and has reached the age of 50 is eligible for retirement.

A member with at least 12 years of service who has reached the age of 55 is eligible for retirement, provided he has been a member for at least 1 year. Upon retirement, the benefit amount is 3-1/3 percent of average final compensation multiplied by years of creditable service, not to exceed his average final compensation. Average final compensation is the member's average annual earned compensation for any period of 36 successive or joined months of service that produce the highest average. The system also provides death and disability benefits. Benefits are established by state statute.

CITY OF WEST MONROE, LOUISIANA  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2008

**Note 10 - Pension and Retirement Plans (continued)**

Funding Policy - State statute requires covered employees to contribute 8.00 percent of their salaries to the system. The City is required to contribute 13.75 percent of covered employees' salaries. As provided by Louisiana Revised Statute 11:103, the employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year. The City's contribution to the System for the years ending June 30, 2008, 2007 and 2006 were \$179,588, \$186,698, and \$224,801, respectively, equal to the required contributions for the year.

The System issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained by writing to the Firefighters' Retirement System, 3100 Brentwood Drive, Baton Rouge, Louisiana 70809-1752, or by calling (225) 925-4060.

LOUISIANA STATE EMPLOYEES' RETIREMENT SYSTEM

The City Judge is eligible to participate in the Louisiana State Employees' Retirement System (LASERS), a multiple-employer (cost-sharing), public employee retirement system (PERS), controlled and administered by a separate board of trustees. LASERS provides benefits for certain elected officials and officials appointed by the governor. A member who has completed 20 years of creditable service is eligible for retirement. Upon retirement, the benefit amount is 2-1/2 percent of average compensation multiplied by the number of years of creditable service. Average compensation is defined as the member's average annual earned compensation for the highest thirty-six consecutive months of employment. Judges, court officers, and certain elected officials receive an additional annual retirement benefit equal to 1% of average compensation multiplied by the number of years of creditable service in their respective capacity. The system also provides death and disability benefits. Benefits are established by state statute.

Funding Policy - State statute requires covered employees to contribute 11.50 percent of their salaries to the system. The City is required to contribute 20.4 percent of covered employees' salaries. As provided by Louisiana Revised Statute 11:103, the employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year. The City's contribution to the plan for the years ending June 30, 2008, 2007 and 2006 were \$8,009, \$7,097 and \$6,822, respectively, equal to the required contributions for the year.

The System issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained by writing to the Louisiana State Employees' Retirement System, 3401 United Plaza Blvd., Baton Rouge, Louisiana 70809, or by calling (225) 922-0600.

**Note 11 - Postemployment Health Care Benefits**

The City does not provide medical coverage for its retirees; consequently there is no liability for postemployment health care benefits. Retirees are able to continue their insurance coverage but must pay for it in its entirety without any City assistance.

CITY OF WEST MONROE, LOUISIANA  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2008

**Note 12 - Long-Term Debt**

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balance</u>	<u>Amounts Due Within One Year</u>
<b>Governmental Activities:</b>					
<b>Bonds and Notes Payable:</b>					
Certificates of Indebtedness, Series 2003	\$ 5,790,000	\$ -	\$ 735,000	\$ 5,055,000	\$ 765,000
Series 2005	250,000	-	25,000	225,000	30,000
Series 2006	630,000	-	55,000	575,000	60,000

State Firefighters' Retirement System	<u>1,023,120</u>	<u>-</u>	<u>99,722</u>	<u>923,398</u>	<u>106,702</u>
<b><u>Total Bonds and Notes Payable</u></b>	<b>8,193,120</b>	<b>4,500,000</b>	<b>958,465</b>	<b>11,734,655</b>	<b>1,131,702</b>
<b>Other Liabilities:</b>					
Accrued Heart and Lung Disability	907,259	-	24,734	882,525	58,829
Capital Lease Obligations	212,953	-	212,953	-	-
Accrued Vacation, Sick And Compensatory Time	<u>587,953</u>	<u>74,018</u>	<u>-</u>	<u>661,971</u>	<u>661,974</u>
<b>Total Other Liabilities</b>	<b><u>1,708,165</u></b>	<b><u>74,018</u></b>	<b><u>237,687</u></b>	<b><u>1,544,496</u></b>	<b><u>720,803</u></b>
<b><u>Total Governmental Activities Long-Term Debt</u></b>	<b><u>\$ 9,901,285</u></b>	<b><u>\$ 4,574,018</u></b>	<b><u>\$ 1,196,152</u></b>	<b><u>\$ 13,279,151</u></b>	<b><u>\$ 1,852,505</u></b>

Payments on the bonds and notes payable that pertain to the City's governmental activities are made by the debt service funds. The accrued heart and lung disability and accrued vacation, sick and compensatory time will be liquidated primarily by the General Fund. Payment of compensated absences is dependent upon many factors; therefore, the timing of future payments is not readily determinable.

CITY OF WEST MONROE, LOUISIANA  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2008

**Note 13 - Long-Term Firemen's Disability Payments**

The City of West Monroe is self-insured with respect to workers' compensation claims up to \$250,000 per occurrence. Consequently, the City is responsible for providing Louisiana State Workers Compensation benefits under the Heart and Lung Act. Under this act, special treatment has been accorded firemen who develop any disease or infirmity of the heart and lungs. Louisiana Revised Statute 33.2581 provides a presumption in favor of firemen that the disease is related to employment even if they are not on duty when stricken with the disease, if the disease manifests itself after the first five years of employment. At June 30, 2008, the City is responsible for payment of lifetime benefits to five firemen. The actuarial estimate of the liability is \$882,525.

The annual payment requirements outstanding at June 30, 2008 are as follows:

2009	\$ 58,829
2010	58,829
2011	58,829
2012	58,829
2013	58,829
2013-2017	294,145
2018-2022	176,487
2023-2027	90,590
2028-2032	<u>27,158</u>
<b>TOTAL</b>	<b>\$ 882,525</b>

CITY OF WEST MONROE, LOUISIANA  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2008

**Note 14 - Operating Lease**

The City is obligated under a lease accounted for as an operating lease with IBM for one of its computer mainframes and other computer equipment. The lease renews every three years. The following is a schedule by years of future minimum rental payments required under operating leases that have initial or remaining noncancelable lease terms in excess of one year as of June 30, 2008:

<u>Year Ended</u> <u>June 30,</u>	<u>Amount</u>
2009	\$ 45,744
2010	45,744

The City is also obligated under an operating lease for a building. This lease is a triple net lease for a period of ten years for \$1,000 per month. At the end of the initial ten year term, the lease shall automatically renew for an additional five years. The following is a schedule by years of future minimum rental payments:

<u>Year Ended</u> <u>June 30,</u>	<u>Amount</u>
2009	\$ 12,000
2010	12,000
2011	12,000
2012	12,000
2013	12,000
2014-2015	24,000

**Note 15 - Northeast Louisiana Arts Council**

The City provides office space and utilities at no charge to the Northeast Louisiana Arts Council. The amount of the services provided has not been determined.

**Note 16 - Litigation**

There are several pending lawsuits in which the City is involved. The City Attorney is unaware of any pending litigation from which he would reasonably expect the City to incur a liability in excess of its applicable deductible on any insurance policy, and is further unaware of any litigation where the City may not be insured as to any claim where he would reasonably expect the City to incur a liability in excess of \$50,000.

**Note 17 - Self-Insurance Program**

During 1998, the City began a self-insurance program for hospitalization and medical coverage for its active employees and retirees. The City limits its losses through the use of reinsurers. The City's aggregate annual loss limitation is based on a formula that considers, among other things, the total number of employees. At June 30, 2008, the City's annual cost, excluding reinsurance premiums, is limited to approximately \$1,847,735 which was for active employees. Approximately 30 retirees receive benefits under this plan. These retirees reimbursed the City for \$136,564 during the year ended June 30, 2008 for their cost of the health care benefits.

CITY OF WEST MONROE, LOUISIANA  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2008

**Note 18 - Cooperative Endeavor Agreement**

The Monroe-West Monroe Convention & Visitor's Bureau of Ouachita Parish (the Bureau) entered into a cooperative endeavor agreement with the City for the construction of an addition to the Livestock Pavilion and equipment purchased. The agreement is for the Bureau to pay the City up to \$400,000 toward the cost of construction of the addition. As of June 30, 2008, the Bureau had paid \$331,597.

**Note 19 - Deferred Compensation Plan**

Employees of the City may participate in a deferred compensation plan adopted under the provisions of Internal Revenue Code Section 457 (Deferred Compensation Plans with Respect to Service for State and Local Governments). The deferred compensation plan is available to all full time employees of the City. Under the plan, employees may elect to defer a portion of their salaries and avoid paying taxes on the deferred portion until the withdrawal date. The deferred compensation amount is not available for withdrawal by employees until termination, retirement, death or unforeseeable emergency.

Since the assets of the plans are held in a custodial account with a third party administrator, the assets and liabilities are not presented in the City's financial statements in accordance with GASB 32. Assets with a fair market value of \$167,656 are held by Nationwide Retirement Solutions, Inc.

**Note 20 - Interfund Receivables and Payables**

Interfund balances at June 30, 2008, were as follows:

<u>Fund</u>	<u>Receivables</u>	<u>Interfund</u>	<u>Payables</u>
<b>Major Funds:</b>			
General Fund	\$ 2,350,000		\$ 135,541
'86 Sales Tax	135,541		2,350,000
2007 Debt Capital Fund	-		31,753
<b>Enterprise Fund</b>	<b>-</b>		<b>67,690</b>
<b>Non-Major Funds:</b>			
Special Revenue Funds	471,785		159,936
Capital Project Funds	-		340,195
Expendable Trust Funds	417,866		-
Debt Service Funds	-		285,856
Internal Service Fund	-		4,221
<b><u>TOTAL</u></b>	<b><u>\$ 3,375,192</u></b>		<b><u>\$ 3,375,192</u></b>

These balances resulted from the time lag between the dates that interfund goods and services are provided or reimbursable expenditures occur, transactions are recorded in the accounting system and payments between funds are made.

CITY OF WEST MONROE, LOUISIANA  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2008

**Note 21 - Interfund Operating Transfers In and Out**

Interfund operating transfers in and out during the year ended June 30, 2008, were as follows:

<u>Fund</u>	<u>Operating Transfers</u>	
	<u>In</u>	<u>Out</u>
<b>Major Funds:</b>		
General Fund	\$ 207,000	\$ 636,859
'86 Sales Tax Capital	-	1,194,000
<b>Enterprise Fund</b>	<b>32,501</b>	<b>-</b>
<b>Non-Major Funds:</b>		
Special Revenue Funds	162,996	-
Expendable Trust Funds	141,560	-
Debt Service Funds	987,000	-
Internal Service Fund	<u>299,802</u>	<u>-</u>
<b><u>TOTAL</u></b>	<b><u>\$ 1,830,859</u></b>	<b><u>\$ 1,830,859</u></b>

Transfers are used to (a) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and (b) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

**Note 22 - On-Behalf Payments**

Certain City employees in the City Marshal's office, the West Monroe Police and Fire departments receive supplemental pay from the state of Louisiana. In accordance with GASB Statement No. 24, the City has recorded revenues and expenditures for these payments in the General Fund. Revenues under this arrangement totaled \$491,899 and the related expenditures are as follows:

Marshal's Office	\$ 15,127
Police Department	269,476
Jail	33,980
Fire Department	<u>173,316</u>
Total	<u>\$ 491,899</u>

**Note 23 - Minimum Lease Payments Receivable - Direct Financing Lease**

On September 29, 2006, the City purchased a building for \$1,250,000 and renovated it for an additional \$165,000 with the intent of leasing it as a commercial building with an option to purchase. The company that leased the building created 50 new jobs at the facility. In addition to this arrangement, the City was awarded a community development block grant for \$500,000 (\$10,000 for each job created). This \$500,000 was added to the \$915,000 in bond issuances that were secured during fiscal year 2006 to pay for the building for a total \$1,415,000.

CITY OF WEST MONROE, LOUISIANA  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2008

**Note 23 - Minimum Lease Payments Receivable – Direct Financing Lease (continued)**

The following lists the components of the minimum lease payments to be received under the direct financing lease as of June 30, 2008:

Total minimum lease payments to be received	\$ 1,465,612
Less: Amounts representing estimated executory costs (such as taxes, maintenance, and insurance), including profit thereon, included in total minimum lease payments	-
Minimum lease payments receivable	1,465,612
Estimated residual values of leased property (unguaranteed)	-
Less: Unearned Income	( 214,557)
<b><u>NET MINIMUM LEASE PAYMENTS RECEIVABLE –</u></b> <b><u>DIRECT FINANCING LEASE</u></b>	<b><u>\$ 1,251,055</u></b>

Future minimum lease payments are as follows:

<u>Year Ended</u> <u>June 30,</u>	<u>Amount</u>
2009	\$ 147,000
2010	147,000
2011	147,000
2012	147,000
2013	147,000
2014-2018	521,535
2019-2023	125,100
2024-2027	83,977
<b>Total</b>	<b><u>\$ 1,465,612</u></b>

**Note 24 - Operating Lease – Golf Course Lease Agreement**

The City leases the municipal golf course to a third party that is responsible for its management and maintenance for a term of fifteen years beginning January 15, 2002 and ending January 15, 2017 in the amount of \$875 per month. This third party constructed and improved, at his own expense, buildings, structures, fences, cart paths, etc. to improve the appearance and overall look of the course. In return, all green fees, cart fees, practice range fees, and charges for the sale of items through the club house belong to the third party. Future minimum rental payments to be received are as follows:

<u>Year Ended</u> <u>June 30,</u>	<u>Amount</u>
2009	\$ 10,500
2010	10,500
2011	10,500
2012	10,500
2013	10,500
2014-2017	37,625
<b>Total</b>	<b><u>\$ 90,125</u></b>

CITY OF WEST MONROE, LOUISIANA  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2008

**Note 25 - Prior Period Adjustment**

During the year ended June 30, 2007 the City was awarded a \$500,000 economic development grant for the building project mentioned in Note 23. At the time it was awarded, it was not clear if this was a grant or if the award was to be paid back over time. It was classified as grant income. During the year ended June 30, 2008, the City was notified that it was to be repaid at no interest over a 20 year period. Twenty one months of payments were made at one time during 2008. An adjustment was made to the government-wide financial statements to reclassify the note payable. The adjustment had the following effect on beginning net assets:

Net Assets Prior to Restatement	\$ 47,396,740
Adjustment for Economic Development Note Payable	<u>( 500,000)</u>
<b><u>NET ASSETS AFTER RESTATEMENT</u></b>	<b><u>\$ 46,896,740</u></b>

CITY OF WEST MONROE, LOUISIANA  
NOTES TO BUDGETARY COMPARISON SCHEDULES  
FOR THE YEAR ENDED JUNE 30, 2008

The City follows these procedures in establishing the budgetary data reflected in these financial statements:

1. In May of each year, the Mayor submits to the Board of Aldermen an operating and capital budget for the succeeding year.
2. A public hearing is scheduled by the Mayor and the Board of Aldermen after allowing for at least ten days notice to the public at the time the budget is initially submitted to the Board of Aldermen.
3. Final adoption of the budget by the Board of Aldermen is on the second Tuesday in June.
4. The Mayor may authorize transfers of budgetary amounts within departments. However, any revision requiring alteration of levels of expenditures or transfers between departments must be approved by the Board of Aldermen.
5. Operating appropriations and nonmajor capital appropriations, to the extent not expended, lapse at year-end. Major capital appropriations continue in force until the project is completed.

All legally adopted budgets of the City are adopted on a basis consistent with accounting principles generally accepted in the United States of America (GAAP). Budgets are adopted for the General Fund, Special Revenue Funds, Debt Service Funds, Capital Project Funds, and Expendable Trust Funds.

Budget comparison schedules included in the accompanying financial statements include the original adopted budgets and all subsequent adopted amendments.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS**

Honorable Mayor and Board of Aldermen of  
West Monroe, Louisiana

We have audited the primary government financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of West Monroe, Louisiana (the City) as of and for the year ended June 30, 2008, which collectively comprise the City's basic primary government financial statements and have issued our report thereon dated October 10, 2008. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States

#### **Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the City's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the basic primary financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control over financial reporting that we consider to be significant deficiencies.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or a combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control. We consider the deficiencies described in the accompanying schedule of findings and questioned costs to be significant deficiencies in internal control over financial reporting and which are described as items 08-1 through 08-5.

Honorable Mayor and Board of Aldermen of  
West Monroe, Louisiana  
Page 2

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. However, we believe that none of the significant deficiencies described above is a material weakness.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether The City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management, the Legislative Auditor, the City of West Monroe, Louisiana and federal awarding agencies and is not intended to be and should not be used by anyone other than these specified parties. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

## REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Honorable Mayor and Board of Aldermen of  
West Monroe, Louisiana

### Compliance

We have audited the compliance of the City of West Monroe, Louisiana (the City), with the types of compliance requirements described in the *U. S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2008. The City's major federal programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of The City's management. Our responsibility is to express an opinion on The City's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we consider necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the City's compliance with those requirements.

In our opinion, the City complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2008.

### Internal Control Over Compliance

The management of the City is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the City's internal control over compliance with the requirements that could have a material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

Honorable Mayor and Board of Aldermen of  
West Monroe, Louisiana  
Page 2

A control deficiency in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A significant deficiency is a control deficiency, or a combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management, the City of West Monroe, Louisiana, the Louisiana Legislative Auditor, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

*Cameron, Hines & Hartt (APAC)*

West Monroe, Louisiana  
October 10, 2008

CITY OF WEST MONROE, LOUISIANA  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
FOR THE YEAR ENDED JUNE 30, 2008

**SUMMARY OF AUDIT RESULTS**

1. The auditors' report expresses an unqualified opinion on the basic primary government financial statements of the City of West Monroe, Louisiana.
2. Five significant deficiencies disclosed during the audit of the financial statements are reported in the Report On Compliance And On Internal Control Over Financial Reporting Based On An Audit Of Financial Statements Performed In Accordance With *Government Auditing Standards* and the Report On Compliance With Requirements Applicable To Each Major Program And Internal Control Over Compliance In Accordance With OMB Circular A-133. None of the significant deficiencies are deemed to be material weaknesses.
3. No instances of noncompliance material to the financial statements of the City of West Monroe, Louisiana, which would be required to be reported in accordance with *Government Auditing Standards*, were disclosed during the audit.
4. No significant deficiencies were disclosed during the audit of the major federal award programs are reported in the Report On Compliance With Requirements Applicable To Each Major Program And Internal Control Over Compliance In Accordance With OMB Circular A-133.
5. The auditors' report on compliance for the major federal award programs for the City of West Monroe, Louisiana expresses an unqualified opinion on all major federal programs.
6. Audit findings that are required to be reported in accordance with Sections 510(a) of OMB Circular A-133 are reported in this schedule.
7. The programs tested as major programs included the Department of Housing and Urban Development Voucher Program, CFDA No. 14.871 and Community Planning and Development Program, CFDA No. 14.228.
8. The threshold for distinguishing between Types A and B programs was \$300,000.
9. The City of West Monroe, Louisiana does qualify to be a low-risk auditee.

CITY OF WEST MONROE, LOUISIANA  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
FOR THE YEAR ENDED JUNE 30, 2008 (continued)

**FINDINGS AND QUESTIONED COSTS – MAJOR FEDERAL AWARD PROGRAMS AUDIT**

There were no findings relating to this category.

**FINDINGS – FINANCIAL STATEMENT AUDIT**

**08-1 Bank ETF Funds for July 2007 not Recorded in General Ledger**

Condition:

During our audit it was noted that none of the ETF direct deposits in the operating account had been recorded.

Criteria:

All activity during the month should be recorded during the reconciling process for each bank account.

Effect:

Since the direct deposits had not been recorded, the City had an inaccurate reconciled amount during the entire year.

Recommendation:

The City should review each month that all direct deposits, as well as all other activity, be recorded as each bank account is reconciled.

Response:

The unrecorded direct deposits resulted during a time of employee transition in the accounting department. No other incidents such as these have happened since July 2007 and the City feels that it is being monitored effectively.

**08-2 Operating Cash not Reconciled to General Ledger at Year End**

Condition:

During the audit of the operating cash account of the City of West Monroe, it was noted that the account was not reconciled to the year end general ledger.

Criteria:

The operating bank account, along with all other bank accounts, should be properly reconciled monthly so that the City's management has a true cash position each month.

Effect:

If these amounts are not reconciled, the cash balances are inaccurate. Also errors, intentional or unintentional would not be easily discovered.

Recommendation:

Each reconciliation should be performed carefully and reviewed by a responsible employee each month.

CITY OF WEST MONROE, LOUISIANA  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
FOR THE YEAR ENDED JUNE 30, 2008 (continued)

**FINDINGS – FINANCIAL STATEMENT AUDIT (continued)**

**08-2 Operating Cash not Reconciled to General Ledger at Year End (continued)**

Response:

The main reason for the account not reconciling was because of the condition noted in finding 08-1. Also, the accounting department will ensure that the reconciled bank accounts will agree to the general ledger each month.

**08-3 Grant Administrator**

Condition:

Currently, the City of West Monroe receives numerous federal and state grants and other funding. At the present time, several departments and individuals oversee their particular grants. When the funds are electronically transferred to the City, some are difficult to determine which grant they belong to and are being recorded in the general ledger in the wrong accounts.

Criteria:

Federal agencies require accountability for the funds given to recipients.

Effect:

Because of the numerous agencies paying the City electronically and not recording the amounts consistently in the general ledger, it is difficult to identify the total amount paid to the City for amounts being paid by the same agency for different grants.

Recommendation:

The City's management should consider creating a position of grant administrator to oversee all federal and state grants the City receives. Also, each department should be required to notify the grant administrator if a new grant is applied for or received.

Response:

At this time, the City feels that it is not cost beneficial to hire another employee or give this responsibility to an existing employee because of the work involved.

**08-4 Delinquent Accounts in Utility Billing System**

Condition:

During our testwork of delinquent utility customers, we noted that in many instances customers were allowed to remain on the water and sewer system longer than the established minimum for cutoff for non-payment. In some cases, the customers leave the City owing the payment and the City never collects it which causes the penalties to grow exponentially.

Criteria:

The City has policies and guidelines to protect against non payment of water and sewer services. These policies should be followed so that revenues will be collected to cover the costs of providing the water and sewer services.

CITY OF WEST MONROE, LOUISIANA  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
FOR THE YEAR ENDED JUNE 30, 2008 (continued)

**FINDINGS – FINANCIAL STATEMENT AUDIT (continued)**

Effect:

When the City does not adhere to its policy regarding cutoff for nonpayment of utility bills, it causes loss of revenues that are essential to the operation of the utility enterprise fund.

Recommendation:

The City should enforce more rigidly its water and sewer cutoff procedures for customers that don't make timely payments or any payments at all.

Response:

The City's administration will work with the Utility Department to make sure the cutoff policies will be enforced. All delinquent accounts will be cutoff timely.

**08-5 Utility Fund Accounts Receivable**

Condition:

As noted in prior year, during the audit of the utility fund, it was noted that accounts receivable had numerous accounts that were old and no longer collectible because the customer had moved and not notified the City. This resulted in substantial penalties accruing on these accounts causing an overstatement of accounts receivable.

Criteria:

The accounts receivable subsidiary ledger should contain only collectible amounts and tie to the general ledger.

Effect:

The accounts receivable is overstated at year end. The allowance for doubtful accounts was increased to offset this overstatement.

Recommendation:

The City should determine which accounts are not collectible and write them off the subsidiary ledger and adjust the receivable accordingly.

Response:

The City will examine the Utility accounts receivable and determine the accounts which are not collectible. Once accounts have been determined to be uncollectible, they will be written off.

CITY OF WEST MONROE, LOUISIANA  
NOTES TO SCHEDULE OF EXPENDITURES  
OF FEDERAL AWARDS  
FOR THE YEAR ENDED JUNE 30, 2008

1. General

The Schedule of Expenditures of Federal Awards presents the activity of all federal award programs of the City of West Monroe, Louisiana. The City of West Monroe, Louisiana reporting entity is defined in Note 1 to the City's primary government financial statements. All federal award programs received directly from federal agencies, as well as federal awards passed through other government agencies, is included on the schedule.

2. Basis of Accounting

The Schedule of Expenditures of Federal Awards is presented using the accrual basis of accounting, which is described in Note 1 to the City's primary government financial statements. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

CITY OF WEST MONROE, LOUISIANA  
SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS  
FOR THE YEAR ENDED JUNE 30, 2008

**Internal Control and Compliance Material to Federal Awards**

There were no findings relating to this category.

**Internal Control and Compliance Material to the Financial Statements**

07-1 Internal Controls for Kiroli Park Entrance Fees

Condition:

During our audit, it was noted that there are little to no controls over the gate fees collected at the entrance to Kiroli Park. Vehicles stop at the gate and pay the attendant fifty cents per person in the vehicle up to a maximum of \$2. No receipt or ticket is given in return.

Recommendation:

Controls should be put in place at the Kiroli Park entrance, as well as any other City department that collects money, to minimize the possibility of lost revenue due to human error or to misappropriation.

Current Status:

The City's management feels the costs of applying controls far outweigh the benefits when each person is only charged twenty-five cents to enter the park.

07-2 Individual Funds' Claim on Pooled Cash

Condition:

During the audit of the City's pooled cash account, which is its main operating account, it was noted that each of the City's individual funds' claim on its share of the pooled cash is not being compared and reconciled to the pooled cash reconciliation monthly. The pooled cash account is, however, being reconciled to its bank statement on a monthly basis. The total of each funds' claim on cash did not agree with what was on the bank reconciliation at year end.

Recommendation:

The person reconciling the bank accounts should also make sure the total claim on cash per the funds agrees to the bank reconciliation.

Current Status:

The City has done a much better job of accounting for each funds' share of pooled cash and is being reconciled monthly.

07-3 Federal Reimbursement of Police Department Overtime

Condition:

Currently, the West Monroe Police Department has four federal grants that reimburse the City for a portion of the overtime paid to police officers that work detail associated with the programs these grants support. The overtime is submitted to the granting agencies monthly and the reimbursements are electronically deposited in the City's operating bank account.

CITY OF WEST MONROE, LOUISIANA  
SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS  
FOR THE YEAR ENDED JUNE 30, 2008 (Continued)

07-3 Federal Reimbursement of Police Department Overtime (continued)

Condition:

There is no reconciling of amounts submitted and its corresponding reimbursement. The reports are submitted and there is no follow up to ensure that the funds were received for the correct amounts or if received at all. Also, there is no consistency in recording the reimbursements in the general ledger. Some are recorded as federal grant revenue and some are recorded as credits to police department salary account.

Recommendation:

The police department should reconcile the amounts received to the reports submitted for reimbursement monthly for each grant. A duplicate copy of the report submitted to the grantor should be given to the City so those amounts can be tracked as they are received. Also, the amounts received should be recorded as grant revenue or credits to the salaries expenditures, but not both.

Current Status:

The amounts are being recorded in their own project accounting system within the general ledger. The City is doing a better job at recording each payment into its project, but there is still some miscoding of amounts.

07-4 Section 8 Housing Authority General Ledger

Condition:

Housing assistance payments (HAP) and monthly HUD revenue are not recorded on the City's general ledger but on a separate ledger system maintained at the West Monroe Housing Authority. The City records salaries and other expenditures it pays on behalf of Section 8 on its general ledger. At year end, the two ledgers are combined for reporting purposes.

Recommendation:

The City should incorporate the housing authority's bookkeeping system into its general ledger accounting system.

Current Status:

The City's management feels the cost of applying a system that is compatible with the existing general ledger far outweighs the benefits. The City's current general ledger system has no way of tracking housing assistance payments to owners and tenants.

07-5 Fixed Assets and General Long Term Debt

Condition:

The purchases of fixed assets and the debt principal and interest payments are recorded on the ledger but the City's general fixed assets and long-term debt balances are not recorded on the general ledger. These amounts are maintained separately and added to the financial statements at year end.

Recommendation:

The City should record all fixed assets in the fixed asset module of its general ledger software package. The City should also record its debt in a long term debt account group.

CITY OF WEST MONROE, LOUISIANA  
SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS  
FOR THE YEAR ENDED JUNE 30, 2008 (Continued)

07-5 Fixed Assets and General Long Term Debt (continued)

Current Status:

The management of the City can refer to the annual financial statements to determine how much is owed on long-term debt and the total of fixed assets when the additions and deletions are considered. The City has a detailed inventory of material buildings, vehicles and equipment, but the cost to input every item into the general ledger system that was put in place a couple of years ago would outweigh the benefit of having it all in the system.

07-6 Section 8 Bank Reconciliations

Condition:

The Section 8 bank statements were not reconciled for any month during the year ended June 30, 2007.

Recommendation:

The accounting department should reconcile the Section 8 bank statement monthly as well as all other bank accounts.

Current Status:

The bank statements are reconciled monthly.

07-7 Utility Fund Accounts Receivable

Condition:

During the audit of the utility fund, it was noted that accounts receivable had numerous accounts that were old and no longer collectible because the customer had moved and not notified the City. This resulted in substantial penalties accruing on these accounts causing an overstatement of accounts receivable at year end.

Recommendation:

The City should determine which accounts are not collectible and write them off the subsidiary ledger and adjust the receivable accordingly.

Current Status:

Management will look at the accounts and investigate the delinquent amounts. We will also purge old accounts from the system if deemed uncollectible by management.

07-8 Utility Fund Repayment Schedules

Condition:

During the audit of the utility fund, it was noted that repayment schedules are set up for delinquent customers. These schedules are not monitored on a regular basis as to payments being made timely.

Recommendation:

The City should set up a system whereby each overdue balance is tracked and monitored for repayment.

Current Status:

The City feels that this type of system would be too expensive to implement because of the time it would take and the cost of hiring extra employees would outweigh the benefit.
