INDEPENDENT AUDITOR'S REPORT

To the Honorable Lavelle Brown, Mayor, and Members of the Town Council Town of Oak Grove, Louisiana

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the businesstype activities, and each major fund of the Town of Oak Grove, Louisiana, as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the Town of Oak Grove's basic financial statements as listed in the table of contents

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and the *Louisiana Governmental Audit Guide*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions

Town of Oak Grove Independent Auditor's Report June 30, 2013

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, and each major fund of the Town of Oak Grove, Louisiana, as of June 30, 2013, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 4 through 7 and 36 through 40 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Oak Grove, Louisiana's basic financial statements. The schedule of compensation to Mayor and Town Council is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of compensation paid to Mayor and Town Council is fairly stated in all material respects in relation to the basic financial statements as a whole

Town of Oak Grove Independent Auditor's Report June 30, 2013

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated November 12, 2013, on our consideration of the Town of Oak Grove's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Town of Oak Grove, Louisiana's internal control over financial reporting and compliance.

Management's Discussion and Analysis As of and for the Year Ended June 30, 2013

Our discussion and analysis of the Town of Oak Grove, Louisiana (the Town) provides an overview of the Town's activities for the year ended June 30, 2013 Please read it in conjunction with the Town's financial statements

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities provide information about the activities of the Town as a whole

Reporting the Town as a Whole The Statement of Net Position and the Statement of Activities

These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid. These two statements report the Town's net position and changes in them. The Town's net position (i.e., the difference between assets and liabilities) is a measure of the Town's financial position. The increases or decreases in the Town's net position are an indicator of whether its financial position is improving or deteriorating.

THE TOWN AS A WHOLE

At June 30, 2013, net position was as follows

NET POSITION

	Governmen	tal Activities	Business-typ	e Activities
	2013	2012	2013	2012
Current and other assets	\$ 2,512,500	\$2,650,707	\$ 570,136	\$ 477,255

Management's Discussion and Analysis As of and for the Year Ended June 30, 2013

Net position of the Town's governmental activities decreased four percent during the year ended June 30, 2013 Unrestricted net position, the part that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements, changed from \$1,828,556 to \$1,680,990 The decrease is primarily due to a transfer of \$261,687 from the Sales Tax Fund to the Water Fund The Council made a decision to use Sales Tax Funds which can be used for any lawful purpose, to pay off the Water Fund's bonds early which will save the Town a significant amount in interest expense

Net position of the business-type activities increased from \$3,350,989 to \$3,662,853. This increase can be explained by the transfer discussed above

For the year ended June 30, 2013, net position changed as follows

Management's Discussion and Analysis As of and for the Year Ended June 30, 2013

As of June 30, 2013, none of the Town's funds have a deficit balance. The General Fund has a fund balance of \$226,171 which is a nine percent decrease from prior year. Fund balance is equal to approximately six months of expenditures. The Street Fund balance decreased \$17,459 or 18% Other funds' balances changed less than ten percent.

BUDGETARY HIGHLIGHTS

During the year, in the General Fund, there was a \$7,923 increase in anticipated revenues. It was primarily due to increases in anticipated taxes and licenses, offset by a decrease in interest revenue. Anticipated expenditures decreased \$2,774. The decrease was a combination of a decrease of \$14,600 in general government and an increase of \$11,826 in public safety. The increase in public safety was comprised of several minor changes including changes in salaries and benefits, uniforms, and training. The decrease in the General Fund includes a \$15,500 decrease in workman's compensation insurance and smaller changes.

During the year in the Sales Tax Fund, there was no change in anticipated revenues Budgeted expenditures were increased \$44,873. The increase is composed of increases in salaries and benefits and costs for the sheriff's dispatcher offset by minor changes in other line items.

In the Street Fund, budgeted revenue increased \$2,845 while budgeted expenditures decreased by \$500

There were no amendments to the Economic Development Fund budget

In the Cemetery Fund, budgeted revenue increased by only \$8 budgeted expenditures decreased by \$8,025 due to a change in estimated costs for the cemetery mapping project

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

As of June 30, 2013, the Town's investment in capital assets for its governmental and business-type activities amounts to \$5,486,510 (net of accumulated depreciation). This investment includes the water and sewer systems, buildings and improvements, vehicles, machinery, equipment, and land

This year's additions of \$45,212 include a new roof at the water plant, a security enclosure in the utility department office, and repairs to the water plant

Debt

At year end, the Town had a total of \$614,000 in general obligation bonds, Series 2009, outstanding The bonds bear interest at 3 69% and are due to mature in 2017 During the year, the Town paid off Water and Sewer Revenue Bonds totaling \$307,831 that were scheduled to be paid off March 20, 2038

In addition, the Town had a total liability of \$35,114 for compensated absences payable

Management's Discussion and Analysis As of and for the Year Ended June 30, 2013

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The Town of Oak Grove is located in a depressed area of the state. The Town's revenues are derived mainly from a special sales and use tax, property tax assessments, and fees for services. The Town intends to use monies from the Local Government Assistance Program and Community Water Enrichment Fund grants to make necessary repairs and upgrades to the town's water plant.

CONTACTING THE TOWN'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, and creditors with a general overview of the Town's finances and to show the Town's accountability for the money it receives If you have any questions about this report or need additional financial information, contact the Town Clerk, Mrs Mellissa Corley

RECONCILIATION OF THE GOVERNMENTAL FUNDS' STATEMENT OF REVENUES, EXENDITURES, AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED JUNE 30, 2013

Amounts reported for governmental activities in the statement of net position are different because:	
Net change in fund balances - total governmental funds	\$ (138,611)
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation expense exceeded capital outlays in the current period	(141,016)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds	(2)
The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.	111,000
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds	(2,491)
Change in net position of governmental activities	\$ (171,120)

NOTES TO THE FINANCIAL STATEMENTS (Continued) AS OF AND FOR THE YEAR ENDED JUNE 30, 2013

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Town of Oak Grove, Louisiana, (the Town) was incorporated January 13, 1909, and on January 4, 1966, adopted the provisions of The Home Rule Charter as provided by State Law Reference L R S 33 1381-1390 A copy of the ratified charter is recorded in Charter Book "B" at page 401 of the records of West Carroll Parish, Louisiana As of 2010, the Town had a population of 1,727 The citizens elect the Mayor, who is the executive officer, and the five Council members The Council elects the Mayor Pro-Tem

The accompanying basic financial statements of the Town of Oak Grove have been prepared in conformity with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB)

The basic financial statements present the financial position and results of operations of the various funds by the Town and the cash flows of the proprietary funds as of and for the year ended June 30, 2013

Reporting Entity

The Town reporting entity consists of the various departments and activities that are within the control and authority of the Mayor and the Town Council

As required by GASB Statement No 14, The Financial Reporting Entity, as amended by GASB Statement No 39, Determining Whether Certain Organizations are Component Units, a legally separate entity is considered a component unit of the Town if at least one of the following criteria is met

- The Town appoints a voting majority of the organization's governing body and is either able to impose its will on the organization or there is a potential financial benefit/burden to the Town
- The entity is fiscally dependent on the Town
- The nature and significant of the relationship between the Town and the entity is such that exclusion would cause the financial statements of the Town to be misleading or incomplete

Under provisions of this Statement, the Town is considered a primary government since it is a special purpose government that has a separately elected governing body, is legally separate, and is fiscally independent of other state or local governments. The Town has no component units

Basis of Presentation

The financial report consists of Management's Discussion and Analysis (MD&A), basic financial statements, notes to basic financial statements, and required supplementary information other than the MD&A The MD&A provides an overview of the financial activities of the Town The basic financial statements include the government-wide financial statements, fund financial statements, and the notes to the basic financial statements

NOTES TO THE FINANCIAL STATEMENTS (Continued) AS OF AND FOR THE YEAR ENDED JUNE 30, 2013

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Presentation (Continued)

The government-wide financial statements consist of a Statement of Net Position and a Statement of Activities These statements are prepared using the economic resources measurement focus and the accrual basis of accounting Major revenues such as ad valorem taxes and sales taxes are assessed, collected and susceptible to accrual Assets, liabilities, revenues, and expenses of the government are reported in the financial statements. The statements distinguish between the governmental and business-type activities of the Town by reporting each in a separate column.

All capital (long-lived) assets, receivables, and long-term obligations are reported in the Statement of Net Position. The Statement of Activities reports revenues and expenses in a format that allows the reader to focus on the net cost of each function of the Town. Both the gross and net cost per function, which is otherwise being supported by general government revenues, is compared to the revenues generated directly by the function. In the Statement of Activities, gross expenses, including depreciation, are reduced by related program revenues, which are comprised of charges for services, operating grants, and capital grants. Direct and indirect expenses are reported as program expenses for individual functions and activities. The program revenues must be directly associated with the function or a business-type activity. The types of transactions included in program revenues are licenses and permits, fines, lease income, court costs, charges for mowing, and charges for gravesites. The operating grants include operating-specific and discretionary (either operating or capital) grants, while the capital grants column reflects capital-specific grants.

The fund financial statements report the Town as a collection of major and nonmajor funds presented on separate schedules by fund category – governmental, proprietary, and fiduciary funds

- The governmental fund statements include a balance sheet and a statement of revenues, expenditures, and changes in fund balances, with one column for the general fund, one for each of the other major funds, and one column combining all the nonmajor governmental funds. The Town does not have any nonmajor governmental funds. The statements are prepared using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized in the accounting period in which they become measurable and available to finance expenditures of the current period, generally considered sixty days after the end of the fiscal year Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest payments on general long-term liabilities which are recognized when due
- The proprietary fund statements include a statement of net position, a statement of revenues, expenses, and changes in fund net position, and a statement of cash flows. Each statement has a column for each major enterprise fund. The Town does not have any nonmajor proprietary funds or internal service funds. The proprietary fund statements are prepared using the economic resources measurement focus and the accrual basis of accounting in order to make a determination of net income, financial position, and cash flows.

Although the financial statements presented in each of these three schedules contain "total" columns, they merely combine rather than consolidate the funds. Hence, interfund transactions that generate receivables and payables or transfers from one fund to another are not eliminated.

NOTES TO THE FINANCIAL STATEMENTS (Continued) AS OF AND FOR THE YEAR ENDED JUNE 30, 2013

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Presentation (Continued)

Major funds are those whose revenues, expenditures/expenses, assets, or liabilities are at least ten percent of the total for their fund category or type (governmental or enterprise) and at least five percent of the corresponding element total for all governmental and enterprise funds combined

The data on the face of the three sets of financial statements must be accompanied by certain disclosures to ensure accurate information is presented in the form of a single set of notes to the basic financial statements

The major governmental funds of the Town are the General Fund, the Sales Tax Fund, the Street Fund, the Economic Development Fund, The Debt Service Fund, the Cemetery Fund, and the LCDBG Capital Projects Fund

The General Fund is the Town's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Sales Tax Special Revenue Fund accounts for a twenty-year one percent sales tax levied in 1997 for the purpose of maintaining streets and drainage, purchasing police equipment, and other legal purposes consistent with the Town's purpose

The Street Special Revenue Fund accounts for property taxes dedicated to street maintenance

The Economic Development Fund accounts for funds committed by the Council for economic development within the Town

The Debt Service Fund accounts for funds reserved for repayment of general obligation bonds

The Cemetery Special Revenue Fund accounts for property taxes dedicated to the operation and maintenance of the cemetery

The LCDBG Capital Projects Fund accounts for grants received from the Louisiana Community Development Block Grant program and expenditures related to those grants. There was no activity in this fund during the fiscal year ended June 30, 2013.

The Town reports two major enterprise funds, the Water and Sewer Funds

NOTES TO THE FINANCIAL STATEMENTS (Continued) AS OF AND FOR THE YEAR ENDED JUNE 30, 2013

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Assets, Liabilities, and Net Position, Equity, or Net Fund Balances

Cash and Investments

The Town Clerk pools those cash resources for which she is responsible and invests them accordingly. For purposes of the financial statements, including the Statement of Cash Flows, the Town considers all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash equivalents

Investments are reported at fair value in accordance with GASB Statement No 31, Accounting and Financial Reporting for Certain Investments and for External Investment Pools Cash and investment earnings are recorded in the Fund that holds the investment

Receivables and Payables

Activity between funds that is outstanding at the end the fiscal year is referred to as either "due to or from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances". All internal balances are eliminated in the total primary government column. Receivables include all amounts susceptible to accrual that have not been collected at June 30, but will be collected soon enough after the end of the year to pay liabilities of that year. They include all amounts earned, but not collected at June 30. Receivables (net of any uncollectible amounts) and payables are reported on separate lines.

Property taxes attach as an enforceable lien on property as of January 1 Taxes are levied by the Town in September or October, are actually billed on October 1, and are mailed to the taxpayers in November Billed taxes become delinquent on January 1 of the following year Revenues from ad valorem taxes are budgeted in the year they are billed The Town bills and collects its own property taxes using the assessed value determined by the assessor of West Carroll Parish For the year ended June 30, 2013, taxes of 18 3 mills were levied on property with assessed valuations totaling \$10,416,362, as follows

General corporate purposes	9 42 mılls
Street maintenance	6 35 mills
Cemetery	2 53 mills

The following are the principal taxpayers and related property tax revenue for the Town

Taxpayer	Assessed aluation	% of Total Assessed Valuation	Re	/alorem Tax evenue for unicipality

Totals	\$ 2,604,149	25%		47,656

NOTES TO THE FINANCIAL STATEMENTS (Continued) AS OF AND FOR THE YEAR ENDED JUNE 30, 2013

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Assets, Liabilities, and Net Position, Equity, or Net Fund Balances

Inventories and Prepaid Items

Inventories consisting of office supplies and water and sewer plant supplies held for consumption are valued using the average cost method. The consumption method is used for financial reporting. Certain payments reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

Restricted Assets

Restricted assets represent primarily cash and investments held separately and restricted according to bond indenture agreements. Cash held for water customer meter deposits is also reported as restricted

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements Infrastructure is reported from 1997 and forward and includes streets. Capital assets are recorded as expenditures in each fund and capitalized at the government-wide level, fixed assets of enterprise funds are reported in the respective funds. The cost of normal maintenance and repairs that do not add to the value of the assets or materially extend assets' lives are not capitalized. For reporting purposes, the Town defines capital assets as follows.

- Land is an inexhaustible asset with no capitalization threshold and an unlimited useful life, therefore, it is not depreciated
- Buildings are permanent structures erected above ground, while improvements are major repairs, renovations, or additions that increase the future service potential of the asset Leasehold improvements are improvements made by the lessee to leased property. The capitalization threshold for buildings and improvements is \$5,000. They are depreciated principally using the straight-line method with an estimated useful life typically of 40 years for structures and improvements and 20 years for depreciable land improvements. Leasehold improvements are depreciated using the straight-line method with an estimated useful life depending on the term of the lease. Construction-in-progress is not depreciated.
- Movable property (furniture, equipment, and vehicles) consists of assets that are not fixed or stationary in nature with an initial, individual cost of at least \$1,000. The straight-line method of depreciation is used, which divides the historical cost by the estimated useful life of the asset, generally 5 to 10 years.
- Infrastructure assets are roads, bridges, tunnels, drainage systems, water and sewer systems, dams, and lighting systems Infrastructure has a capitalization threshold of \$5,000, and is depreciated using the straight-line method with an estimated useful life of 40 years
- Purchased computer software has a capitalization threshold of \$1,000 and is depreciated using the straight-line method over an estimated useful life of 3 years
- Donated capital assets are recorded at their estimated fair value at the date of donation

NOTES TO THE FINANCIAL STATEMENTS (Continued) AS OF AND FOR THE YEAR ENDED JUNE 30, 2013

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Assets, Liabilities, and Net Position, Equity, or Net Fund Balances

Compensated absences

An employee must have been in the service of the Town for at least one year to be eligible for annual leave Employees' vacations are determined by length of service with the Town according to the following one—two years, one week, two—ten years, two weeks, and more than ten years, three weeks Employees may not carry over or accumulate annual leave from one year to another After one year, employees are entitled to three hardship days to be approved by the department head and the mayor Unused annual leave is paid to an employee upon retirement, separation, or death at hourly rates being earned by that employee upon separation

Leave from work with pay may be charged as sick leave if the absence is due to sickness, bodily injury, quarantine, required physical or dental examinations or treatment, exposure to a contagious disease when continued work might jeopardize the health of others, and illness in the employee's immediate family Employees are entitled to sick leave when they have worked full-time for the Town for six months Each employee earns sick leave at the rate of one day for each month worked. An employee cannot accumulate more than 30 days sick leave. All accumulated sick leave is forfeited upon termination of employment except upon retirement.

A municipal employee who is called for jury duty or as a witness for the federal or state governments or a subdivision thereof is entitled to leave with pay for such duty during the required absence. A municipal employee who is a member of Reserved Military or National Guard is entitled to leave with pay for up to 15 days per year.

The Town does not provide compensatory time as a means of compensation

Long-Term Obligations

In the government-wide financial statements, long-term obligations are reported as liabilities in the applicable governmental or business-type activities. In the fund financial statements, proprietary fund long-term obligations are reported as liabilities in the proprietary fund type statement of net position. Individual funds have been used to liquidate other long-term liabilities such as compensated absences, claims and litigation payable, etc. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds. In accordance with paragraph 16 of the Accounting Principles board Opinion No. 21, unamortized balances of premiums and discounts are netted against the outstanding balance of the related bonds payable.

Fund Balance Classifications and Net Position

Fund balances are reported under the following fund balance classifications

Non-spendable Includes fund balance amounts that cannot be spent either because it is not in spendable form or are legally or contractually required to be maintained intact

Assigned

Unassigned

NOTES TO THE FINANCIAL STATEMENTS (Continued) AS OF AND FOR THE YEAR ENDED JUNE 30, 2013

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fund Balance Classifications and Net Position (Continued)

Restricted Includes amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors or amounts constrained due to constitutional provisions or enabling legislation

Committed Includes amounts that can only be used for specific purposes pursuant to constraints that are internally imposed by the government through formal action of the Town Council and does not lapse at year-end

Includes amounts that are constrained by the Council's intent to be used for specific purposes that are neither considered restricted or committed

Includes amounts that have not been assigned to other funds and that have not been restricted, committed or assigned to specific purposes within the General Fund Negative fund balances in other governmental funds can also be classified as unassigned

The Town has a general policy to first use restricted resources for expenditures incurred for which both restricted and unrestricted (committed, assigned, and unassigned) resources are available. When expenditures are incurred for which only unrestricted resources are available, the general policy of the Town is to use committed resources first, followed by assigned, and then unassigned. The use of restricted/committed resources may be deferred based on a review of the specific transaction.

The difference between assets and liabilities is "net position" on the government-wide, proprietary, and fiduciary fund statements. Net position is segregated into three categories on the government-wide statement of net position.

Net investment in capital assets - Consists of capital assets including restricted capital assets net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction or improvement of those assets

Restricted net position - Consists of net position with constraints placed on the use either by (1) external groups, such as creditors, grantors, contributors, or laws or regulations of other governments, or (2) law through constitutional provisions or enabling legislations. The Town first uses restricted net position for expenses incurred when both restricted and unrestricted net position are available for use. The use of restricted net position may be deferred based on a review of the specific transaction.

Unrestricted net position – The balance of net position that does not meet the definition of "restricted" or "net investment in capital assets"

NOTES TO THE FINANCIAL STATEMENTS (Continued) AS OF AND FOR THE YEAR ENDED JUNE 30, 2013

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fund Balance Classifications and Net Position (Continued)

Reconciliation of Government-wide and Fund Financial Statements

The governmental fund balance sheet includes a reconciliation of the government-wide statements to the governmental fund financial statements. This reconciliation is necessary to bring the financial statements from the current financial resources measurement focus and modified accrual basis of accounting to the economic measurement focus and full accrual basis of accounting Major items included in the reconciliation are capital assets, inventories and prepaids, long-term debt, accrued interest, long-term liabilities, and deferred revenue, which are shown on the government-wide but not the governmental fund statements

Budgets

The Town of Oak Grove (Mayor and Council) uses the following budget practices

Prior to June 30, the Town Clerk submits to the Mayor and Council Members a proposed operating budget for the fiscal year commencing the following July 1. The operating budget includes proposed expenditures and the means of financing them for the upcoming year. The budget is submitted in summary form. In addition, more detailed line item budgets are included for administrative control. The level of control for the detailed budgets is at the department head/function level.

Public hearings are conducted to obtain taxpayer comment

During the month of July, the budget is legally enacted through passage of an ordinance

Formal budgetary integration is employed as a management control device during the year for the General Fund, Special Revenue Funds, and the Debt Service Fund

Budgets are adopted on the modified accrual basis

Appropriations lapse at the end of each fiscal year

The Mayor and Council Members may authorize supplemental appropriations during the year

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates

NOTES TO THE FINANCIAL STATEMENTS (Continued) AS OF AND FOR THE YEAR ENDED JUNE 30, 2013

NOTE 2 - CASH AND CASH EQUIVALENTS

Custodial credit risk is the risk that, in the event of a bank failure, the Town's deposits may not be returned to it. The Town's policy to ensure that there is no exposure to this risk is to require each financial institution to pledge its own securities to cover any amount in excess of Federal Depository Insurance. Coverage The policy is not a formal written policy. Louisiana Revised Statute 39, 1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within ten days of being notified by the Town that the fiscal agent bank has failed to pay deposited funds upon demand.

At June 30, 2013, the Town has cash and cash equivalents (book balances) totaling \$2,832,297 as follows

Cash and cash equivalents:	
Demand deposits	\$ 745,535
Time deposits	1,871,450
Other	863_
Total	2,617,848
Cash and cash equivalents - restricted:	
Demand deposits	90,589
Time deposits	123,860
Total	214,449
Total	\$ 2,832,297

These deposits are stated at cost which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent.

These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. As of June 30, 2013, \$536,002 of the Town's bank balances of \$2,884,512 was exposed to custodial credit risk as follows

Insured by FDIC	\$ 2,348,510
Uninsured and uncollateralized	-
Collateralized by pledged securities not in the Town's name	 536,002
Total balances exposed to custodial credit risk	536,002
Total bank balances	\$ 2,884,512

NOTES TO THE FINANCIAL STATEMENTS (Continued) AS OF AND FOR THE YEAR ENDED JUNE 30, 2013

NOTE 3 – RECEIVABLES

The following is a summary of receivables at June 30, 2013

Transfers are used to (1) move revenues from the fund with collection authorization to the debt service fund as debt service principal and interest payments become due, (2) move restricted amounts from borrowings to the debt service fund to establish mandatory reserve accounts, and (3) move unrestricted general fund and sales tax fund revenues to finance various programs that the Town must account for in other funds in accordance with budgetary authorizations, including amounts provided as subsidies or matching funds for various grant programs

NOTE 6 – LONG-TERM OBLIGATIONS

The Town issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds have been issued for governmental activities. The Town also issues bonds where the Town pledges income derived from the acquired or constructed asset to pay debt service.

Bonds payable at June 30, 2013, are comprised of the following issue

General Obligation Bonds:

\$926,000 State of Louisiana Sales Tax Refunding Bonds Series 2009, dated December 1, 2009, payable in incrementally increasing annual installments commencing December 1, 2010, through December 1, 2017, interest payable each year on June 1 and December 1 at a rate of 3 69% The Debt Service Fund services this debt

\$ 614,000

2018	133,000	2,454
Totals	\$ 614,000	\$ 58,560

There are a number of limitations and restrictions contained in the various bond indentures. The Town is in compliance with all significant limitations and restrictions.

Interest expense for governmental activities and business-type activities for the year ended June 30, 2013, totaled \$25,461 and \$9,621, respectively

NOTES TO THE FINANCIAL STATEMENTS (Continued) AS OF AND FOR THE YEAR ENDED JUNE 30, 2013

NOTE 7 – RETIREMENT SYSTEMS

Municipal Employees Retirement System of Louisiana (the System)

Plan Description

The System is composed of two distinct plans, Plan A and Plan B, with separate assets and benefit provisions. Substantially all full-time employees except police officers of the Town of Oak Grove are members of Plan B.

All permanent employees working at least 35 hours per week who are not covered by another pension plan and are paid wholly or in part from municipal funds and all elected municipal officials are eligible to participate in the System Under Plan B, employees who retire at or after age 60 with at least 10 years of creditable service, at or after age 55 with at least 30 years of creditable service are entitled to a retirement benefit, payable monthly for life, equal to 2% of their final-average monthly salary in excess of \$100 for each year of creditable service

Furthermore, employees with at least 10 years of creditable service, but less than 30 years, may take early retirement benefits commencing at or after age 60, with the basic benefit reduced 3% for each year retirement precedes age 62, unless he has at least 30 years of creditable service. In any case, monthly retirement benefits paid under Plan B cannot exceed 100% of final-average salary. Final-average salary is the employee's average salary over the 36 consecutive or joined months that produce the highest average. Employees who terminate with at least the amount of creditable service stated above, and do not withdraw their employee contributions, may retire at the ages specified above and receive the benefit accrued to their date of termination. The System also provides death and disability benefits. Benefits are established or amended by state statute.

The System issues an annual publicly available financial report that includes financial statements and required supplementary information for the System That report may be obtained by writing to the Municipal Employees Retirement System of Louisiana, 7937 Office Park Boulevard, Baton Rouge, Louisiana 70809, or by calling (504) 925-4810

NOTES TO THE FINANCIAL STATEMENTS (Continued) AS OF AND FOR THE YEAR ENDED JUNE 30, 2013

NOTE 7 – RETIREMENT SYSTEMS (Continued)

Funding Policy

Under Plan B, members are required by state statute to contribute 5% of their annual covered salary and the Town of Oak Grove is required to contribute at an actuarially determined rate. The current rate is 8 00% of annual covered payroll. Contributions to the System also include one-fourth of 1% (except Orleans and East Baton Rouge parishes) of the taxes shown to be collectible by the tax rolls of each parish. These tax dollars are divided between Plan A and Plan B based proportionately on the salaries of the active members of each plan. The contribution requirements of plan members and the Town of Oak Grove are established and may be amended by state statute. As provided by R.S. 11 103, the employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year. The Town's contributions to the System under Plan B for the years ended June 30, 2013, 2012, and 2011, were \$22,544, \$22,635, and \$21,334, respectively, equal to the required contributions for each year.

Municipal Police Employees Retirement System of Louisiana (System)

Plan Description

All full-time police department employees engaged in law enforcement are required to participate in the System Employees who retire at or after age 50 with at least 20 years of creditable service or at or after age 55 with at least 12 years of creditable service are entitled to a retirement benefit, payable monthly for life, equal to 3 1/3% of their final-average salary for each year of creditable service. Final-average salary is the employee's average salary over the 36 consecutive or joined months that produce the highest average Employees who terminate with at least the amount of creditable service stated above, and do not withdraw their employee contributions, may retire at the ages specified above and receive the benefit accrued to their date of termination. The System also provides death and disability benefits. Benefits are established or amended by state statute.

The System issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained by writing to the Municipal Police Employees Retirement System of Louisiana, 8401 United Plaza Boulevard, Baton Rouge, Louisiana, 70809-2250, or by calling (504) 929-7411

Funding Policy

Plan members are required by state statute to contribute 10 0% of their annual covered salary and the Town of Oak Grove is required to contribute at an actuarially determined rate. The current rate is 31% of annual covered payroll. The contribution requirements of plan members and the Town of Oak Grove are established and may be amended by state statute. As provided by R. S. 11 103, the employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year. The Town's contributions to the System for the years ended June 30, 2013, 2012, and 2011, were \$57,936, \$52,836, and \$48,884, respectively, equal to the required contributions for each year.

NOTES TO THE FINANCIAL STATEMENTS (Continued) AS OF AND FOR THE YEAR ENDED JUNE 30, 2013

NOTE 8 - ON-BEHALF PAYMENTS

Certain employees in the Town's police department receive supplemental pay from the state of Louisiana In accordance with GASB Statement No 24, the Town has recorded revenues and expenditures for these payments in the General Fund Revenues under this arrangement totaled \$33,114 The related expenditures of \$33,114 are included in public safety expenditures in the General Fund

NOTE 9 – CONTINGENCIES

The Town operates water and sewer treatment plants These operations pose a high risk for environmental liabilities. The Town is required to have EPA permits for wastewater. The Town relies on the EPA for periodic testing and inspections to help identify environmental liabilities or contingencies. The Town contracts with a professional wastewater management company to ensure compliance with the EPA regulations.

There was no litigation pending at June 30, 2013

NOTE 10 - RISK MANAGEMENT

The Town is exposed to various risks of loss relating to torts, theft of, damage to, and destruction of assets, errors and omissions, injuries to employees, and natural disasters. These risks are covered by commercial insurance purchased from independent third parties.

NOTE 11 – SUBSEQUENT EVENTS

Management has evaluated subsequent events through November 12, 2013, the date on which the financial statements were available to be released

NOTE 12 – STEWARDSHIP

For the year ended June 30, 2013, for the sum of expenditures and other uses, actual amounts exceeded budgeted amounts in the following funds

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

To the Honorable Lavelle Brown, Mayor and Honorable Members of the Town Council Town of Oak Grove Oak Grove, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, and each major fund, of Town of Oak Grove, Louisiana, as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the Town of Oak Grove, Louisiana's basic financial statements, and have issued our report thereon dated November 12, 2013

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town of Oak Grove, Louisiana's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Town of Oak Grove, Louisiana's internal control Accordingly, we do not express an opinion on the effectiveness of Town of Oak Grove, Louisiana's internal control

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town of Oak Grove, Louisiana's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Town of Oak Grove
Oak Grove, Louisiana
Independent Auditor's Report on Internal Control over Financial Reporting
and on Compliance and Other Matters
June 30, 2013

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Although the intended use of this report may be limited, under Louisiana Revised. Statute 24 513, it is issued by the Legislative Auditor as a public document.
