Statement D

STATE OF LOUISIANA

Hoaring And Doglor 5 (BTA)

Notes to the Financial Statement

As of and for the year ended June 30, 20

INTRODUCTION

The Haring And Opalers (BTA) was created by the Louisiana State Legislature under the provisions of Louisiana Revised Statute 25 37:2441-2465. The following is a brief description of the operations of Haring And Opalers (BTA) which includes the parish/parishes in which the (BTA) is located:

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. BASIS OF ACCOUNTING

In April of 1984, the Financial Accounting Foundation established the Governmental Accounting Standards Board (GASB) to promulgate generally accepted accounting principles and reporting standards with respect to activities and transactions of state and local governmental entities. The GASB has issued a Codification of Governmental Accounting and Financial Reporting Standards (GASB Codification). This codification and subsequent GASB pronouncements are recognized as generally accepted accounting principles for state and local governments. The accompanying financial statements have been prepared in accordance with such principles.

The accompanying financial statements of Hearing And Dealers present information only as to the transactions of the programs of the Hearing And Dealers as authorized by Louisiana statutes and administrative regulations.

Basis of accounting refers to when revenues and expenses are recognized and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The accounts of the <u>traring Aid Dealers</u> are maintained in accordance with applicable statutory provisions and the regulations of the Division of Administration – Office of Statewide Reporting and Accounting Policy as follows:

Revenue Recognition

Revenues are recognized using the full accrual basis of accounting; therefore, revenues are recognized in the accounting period in which they are earned and become measurable.

Expense Recognition

Expenses are recognized on the accrual basis; therefore, expenses, including salaries, are recognized win the period incurred; if measurable.

B. BUDGETARY ACCOUNTING

The appropriations made for the operations of the various programs of the Haring And (BTA) are annual lapsing appropriations.

1. The budgetary process is an annual appropriation valid for one year.

2. The agency is prohibited by statute from over expending the categories established in the budget.

3. Budget revisions are granted by the Joint Legislative Budget Committee, a committee of the Louisiana Legislature. Interim emergency appropriations may be granted by the Interim Emergency Board.

4. The budgetary information included in the financial statements include the original appropriation plus subsequent amendments as follows:

D. CAPITAL ASSETS-INCLUDING CAPITAL LEASE ASSETS

The fixed assets used in the Special Purpose Government engaged only in Business-Type Activities are included on the balance sheet of the entity and are capitalized at cost. Depreciation of all exhaustible fixed assets used by the entity are charged as an expense against operations. Accumulated depreciation is reported on the balance sheet. Depreciation for financial reporting purposes is computed by the straight-line method over the useful lives of the assets.

E.	INVENTORIES NA		
-	The unit's inventories are valued at (method of valuation). These are perpetual inventories and are expensed when used. NOTE: Do not include postage. This must be shown as a prepayment.		
F.	RESTRICTED ASSETS NA		
م ئۇمىد	Restricted assets in the(BTA) at(fiscal year end), reflected at \$ in the non-current assets section on Statement A, consist of \$ in cash with fiscal agent, \$ in receivables, and \$ investment in (identify the type of investments held.) State the purpose of the restriction:		
G.	1. COMPENSATED ABSENCES The Horizon Ad ItaleS (BTA) has the following policy on annual and sick leave: (Describe leave policy.) No policy related to sick leave. Adm. Sec. on contract. No An example disclosure follows. Employees earn and accumulate annual and sick leave at various rates depending on their years of service. The amount of annual and sick leave that may be accumulated by each employee is unlimited. Upon termination, employees or their heirs are compensated for up to 300 hours of unused annual leave at the employee's hourly rate of pay at the time of termination. Upon retirement, unused annual leave in excess of 300 hours plus unused sick leave is used to compute retirement benefits.		
	The cost of leave privileges, computed in accordance with GASB Codification Section C60, is recognized as a current year expenditure in the fund when leave is actually taken; it is recognized in the enterprise funds when the leave is earned. The cost of leave privileges applicable to general government operations not requiring current resources is recorded in long-term obligations.		
	2. COMPENSATORY LEAVE		
	Employees who are considered having non-exempt status according to the guidelines contained in the Fair Labor Standards Act may be paid for compensatory leave earned (K-time). Upon termination or transfer, an earned and may or may not be paid for any straight hour-for-hour compensatory leave earned. Compensation paid will be based on the employees' hourly rate of pay at termination or transfer. The liability for accrued payable compensatory leave at(fiscal close) computed in accordance with the Codification of Governmental Accounting and Financial Reporting Standards, Section C60.105 is estimated to be \$ The leave payable (is) (is not) recorded in the accompanying financial statements.		

H. RETIREMENT SYSTEM NA

Substantially all of the employees of the (BTA) are members of the Louisiana State Employees Retirement System (LASERS), a single employer defined benefit pension plan. The System is a statewide public employee retirement system (PERS) for the benefit of state employees, which is administered and controlled by a separate board of trustees.

STATE OF LOUISIANA

| Waring And Dooler 5 (BTA)

Notes to the Financial Statement

As of and for the year ended June 30, 20 OL p

All full-time (BTA) employees are eligible to participate in the System unless they elect to continue as a contributing member in any other retirement system for which they remain eligible for membership. Certain elected officials and officials appointed by the governor may, at their option, become members of LASERS. Normal benefits vest with 10 years of service. Generally, retirement age employees are entitled to annual benefits equal to \$300 plus 2.5% of their highest consecutive 36 months' average salary multiplied by their years of credited service except for members eligible to begin participation in the Defined Benefit Plan (DBP) before July 1, 2006. Act 75 of the 2005 Regular Session changes retirement eligibility and final average compensation for members who are eligible to begin participation in the DBP beginning July 1, 2006. Retirement eligibility for these members is limited to age 60, or thereafter, upon attainment of ten years of creditable service. Final average compensation will be based on the member's average annual earned compensation for the highest 60 consecutive months of employment.

Vested employees eligible to begin participation in the DBP before July 1, 2006 are entitled to a retirement benefit, payable monthly for life at (a) any age with 30 years of service, (b) age 55 with 25 years of service, or (c) age 60 with 10 years of service. In addition, these vested employees have the option of reduced benefits at any age with 20 years of service. Those hired on or after 7/1/2006 have only a single age option. They cannot retire until age 60 with a minimum of 10 years of service. The System also provides death and disability benefits and deferred benefit options, within qualifications and amounts define by statute. Benefits are established or amended by state statute. The System issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. For the full description of the LASERS defined benefit plan, please refer to LASERS 2005 Financial Statements, specifically footnotes A- Plan Description and C-Contributions. That report may be obtained by writing to the Louisiana State Employees Retirement System, Post Office Box 44213, Baton Rouge, Louisiana 70804-4213, or by calling (225) 922-0608 or (800) 256-3000. The footnotes to the Financial Statements contain additional details also available on-line http://www.lasers.state.la.us/PDFs/Publications and Reports/Fiscal Documents/Comprehensive Financial Reports/Comprehensive%20Financial%20Reports_05.pdf

Members are required by state statute to contribute with the single largest group ("regular members") contributing 7.5% of gross salary, and the (BTA) is required to contribute at an actuarially determined rate as required by R.S. 11:102. The contribution rate for the fiscal year ended June 30, 20__, decreased/increased to __% of annual covered payroll from the __% and __% required in fiscal years ended June 30, 2005 and 2004, respectively. The (BTA) contributions to the System for the years ending June 30, 2006, 2005, and 2004, were \$____, \$___, and \$____, respectively, equal to the required contributions for each year:

I. POST RETIREMENT HEALTH CARE AND LIFE INSURANCE BENEFITS

GASB 12 requires the following disclosures about an employer's accounting for post retirement health care and life insurance benefits: (NOTE: Ensure that the number of retirees is disclosed below)

No post retirement health care or life ins. benefits.

1. A description of the benefits provided and the employee group covered.

market in the

- 2. A description of the accounting and funding policies followed for those benefits.
- 3. The cost of those benefits recognized for the period, unless the costs are not readily determinable.*
- 4. The effect of significant matters affecting the comparability of the costs recognized for all periods presented.

*If the cost of any post retirement health care or life insurance benefits for retirees cannot readily be separated from the cost of providing such benefits for active employees or otherwise be reasonably approximated, the total cost of providing those benefits to active employees and retirees, as well as the number of active employees and the number of retirees covered by the plan must be disclosed (part b below).

The	(BTA) provides certain continuing health care and life insurance benefits
for its retired employees.	Substantially all (BTA) employees become eligible for post employment health
care and life insurance be	enefits if they reach normal retirement age while working for the (BTA). These
benefits for retirees and si	imilar benefits for active employees are provided through an insurance company

Note	es to the Financial Statement of and for the year ended June 30, 20 <u>0</u>

3. LESSOR DIRECT FINANCING LEASES

A lease is classified as a direct financing lease (1) when any one of the four capitalization criteria used to define a capital lease for the lessee is met and (2) when both the following criteria are satisfied:

- Collectibility of the minimum lease payments is reasonably predictable.
- No important uncertainties surround the amount of the unreimbursable costs yet to be incurred by the lessor under the lease.

Provide a general description of the direct financing agreement, and complete the chart below:

DD. EMPLOYEE TERMINATION BENEFITS NIA

Termination benefits are benefits, other than salaries and wages that are provided by employers as settlement for involuntary terminations initiated by management, or as an incentive for voluntary terminations initiated by employees. Involuntary termination benefits include benefits such as payment for unused leave balances. Voluntary termination benefits include benefits such as enhanced early retirement options resulting from an approved early retirement plan and payment for unused leave balances.

Other termination benefits may include:

- 1. Early retirement incentives, such as cash payments, enhancement to defined benefit formula
- 2. Health care coverage when none would otherwise be provided (COBRA)
- 3. Compensated absences, including payments for leave balances
- 4. Payments due to early release from employment contracts

GASB 47 requires the following disclosures about an employer's accounting for employee termination benefits.

- 1. A description of the termination benefit arrangement(s).
- 2. Year the state becomes obligated
- 3. Number of employees affected
- 4. Cost of termination benefits
- 5. Type of benefit(s) provided
- 6. The period of time over which the benefits are expected to be provided
- 7. If the termination benefit affects the defined benefit pension (OPEB) obligations, disclose the change in the actuarial accrued liability for the pension or OPEB plan attributable to the termination benefit.

SŢA	TE OF	LOUIS	LANA		
HOC	irina	Aid_	IANA <u> }valer5</u> ncial Stateme	(BTA)	
Note	s to th	e Finaı	ncial Stateme	ent	
As o	f and f	or the y	year ended J	une 30, 20 <u>OL</u>	

8. When termination liabilities are reported, disclose the significant methods and assumptions used to determine the liabilities to be disclosed (for as long as the liability is reported).

The GASB 47 note discipsures listed below are provided as an example and should be modified as necessary.
Substantially all employees are eligible for termination benefits upon separation from the state. The agency recognizes the cost of providing these benefits as expenditures when paid during the year. For 2006, the cost of providing those benefits for (number of) voluntary terminations totaled \$ For 2006, the cost of providing those benefits for (number of) involuntary terminations totaled \$ [The termination benefits (voluntary and involuntary) paid in FY 2006 should also be included in the Statement of Revenues, Expenses, and Changes in Fund Net Assets on the account line "Administrative" in the Operating Expense Section.]
The liability for the accrued voluntary terminations benefits payable at June 30, is \$ This liability consists of (number of) voluntary terminations. The liability for the accrued involuntary terminations benefits payable at June 30, is \$ This liability consists of (number of) involuntary terminations. [The termination benefits (voluntary and involuntary) payable at fiscal year end should also be included on the Balance Sheet in the "compensated absences payable" account line.]
If a termination benefit is not recognized because the expected benefits are not estimable, the employer should disclose that fact. Briefly describe termination benefits provided to employees as discussed above. If none, please state that fact.

A terminated employee can continue to access health benefits, however, if the COBRA participant is paying the ENTIRE premium then there is no state contribution on behalf of this individual. Therefore, when a terminated employee pays 100% of the premium, the state would not have a termination liability.
