## INDEPENDENT AUDITORS' REPORT

Board of Directors of  
Bayou Care Housing, Inc.

We have audited the accompanying statements of financial position of Bayou Care Housing, Inc., as of December 31, 2010 and 2009, and the related statements of activities and cash flows for the years then ended. These financial statements are the responsibility of Bayou Care Housing's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Bayou Care Housing, Inc., as of December 31, 2010 and 2009, and the changes in its net assets and cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated May 20, 2011, on our consideration of Bayou Care Housing's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audits.

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEARS ENDED DECEMBER 31, 2010 AND 2009

Note 1 - Nature of Activities and Summary of Significant Accounting Policies

Nature of Activities

Bayou Care Housing, Inc. was incorporated to provide housing opportunities for persons with AIDS.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Basis of Accounting

The financial statements of Bayou Care Housing have been prepared on the accrual basis and, accordingly, reflect all significant receivables and payables.

Basis of Presentation

FASB Accounting Standards Codification (ASC) Section 958-205 *Not-for-Profit Entities, Presentation of Financial Statements* establishes standards for external financial reporting by not-for-profit organizations and requires that resources be classified for accounting and reporting purposes into three net asset categories according to externally (donor) imposed restrictions. ASC section 958-605 *Not-for-Profit Entities, Revenue Recognition* requires that unconditional promises to give (pledges) be recorded as receivables and revenues and requires the organization to distinguish between contributions received for each net asset category in accordance with donor-imposed restrictions.

*Unrestricted Net Assets* – Net assets that are not subject to donor-imposed stipulations.

*Temporarily Restricted Net Assets* – Net assets subject to donor-imposed stipulations that may or will be met either by actions of Bayou Care Housing and/or passage of time. As of December 31, 2010, there were no temporarily restricted net assets.

*Permanently Restricted Net Assets* – Net assets subject to donor-imposed stipulations that they be maintained permanently by Bayou Care Housing. Generally, the donors of these assets permit Bayou Care Housing to use all of, or part of, the income earned on the related investments for general or specific purposes. As of December 31, 2010, there were no permanently restricted net assets.

Grants Receivable

Grants receivable represent amounts that have been expensed for grant purposes and are to be reimbursed in full by the grantor and have been promised over the next twelve months.

Economic Dependency

Bayou Care Housing receives all of its support through federal government grant funding. The continued yearly renewal of these grants is vital to the continuation of the facility. During 2010, Bayou Care Housing received and expended \$106,785 that was provided by the Department of Community Planning and Administration through the Office of Public Health – Housing Opportunities for Persons with AIDS.

Note 2 - Cash and Cash Equivalents

Bayou Care Housing is a nonprofit corporation exempted from federal income taxes under Sec. 501(c)(3) of the Internal Revenue Code. Accordingly, no provision for income taxes has been made; however, should Bayou Care engage in activities unrelated to its exempt purpose, taxable income could result. ## **REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Board of Directors of  
Bayou Care Housing, Inc.

We have audited the financial statements of Bayou Care Housing, Inc. as of and for the years ended December 31, 2010 and 2009, and have issued our report thereon dated May 20, 2011. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

### **Internal Control Over Financial Reporting**

In planning and performing our audits, we considered Bayou Care Housing's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Bayou Care Housing's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Bayou Care Housing's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency or a combination of deficiencies in internal control such that there is a reasonable possibility that a material misstatement of the organization's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Bayou Care Housing's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management of Bayou Care Housing, federal awarding agencies, and pass-through entities and is not intended to be or should not be used by anyone other than these specified parties.
