Table with 2 columns: Description and Page(s). Includes items like Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements.

# **Introductory Section**

Chief Financial Officer

April 23, 2014

City-Parish President Joey Durel  
Members of the Council  
Citizens of Lafayette Parish, Louisiana

Dear City-Parish President and Members of the Council:

Pursuant to Louisiana State Statutes and The Home Rule Charter, I am pleased to submit the Comprehensive Annual Financial Report (CAFR) for Lafayette Consolidated Government for the fiscal year ended October 31, 2013. The Home Rule Charter requires that the Council provide an annual independent post fiscal year audit, and such additional audits as it deems necessary, of the accounts and other evidence of financial transactions of the City-Parish Government including those of all City-Parish Government departments, offices, or agencies. The Council shall designate a private auditor to make such audits.

The Accounting Division of the City-Parish Office of Finance and Management prepared this report in accordance with Generally Accepted Accounting Principles (GAAP). We believe the data, as presented, is accurate in all material respects; that it is presented in a manner designed to set forth fairly the financial position and results of operations of the City-Parish as measured by the financial activities of its various funds and the entity-wide presentation and that disclosures necessary to enable readers to gain an understanding of City-Parish financial affairs have been included. Responsibility for the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the local government.

Lafayette Consolidated Government's financial statements have been audited by Kolder, Champagne, Slaven & Company, LLC, a firm of licensed, independent, certified public accountants designated by the Council. The goal of the independent audit was to provide reasonable assurance that the financial statements are free of material misstatement. The independent audit involved examining, on a test basis, the evidence supporting the amounts and the disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditors concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the Lafayette Consolidated Government's financial statements for the fiscal year ended October 31, 2013, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first document of the financial section of this report.

Lafayette Consolidated Government (LCG) is required to undergo an annual single audit in conformance with the provisions of the Single Audit Act and the U.S. Office of Management and Budget's Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Information related to this single audit including the Schedule of Expenditures of Federal Awards, findings and recommendations, and the independent auditors' reports on the internal control structure and compliance with applicable laws and regulations is presented immediately following the Statistical Section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it.

### ***Profile of the Government***

The City of Lafayette, Louisiana is the parish seat of the Parish of Lafayette. The 2012 estimated population of the city is 123,973 and the parish is 226,110. The region was settled in 1763 by exiled Acadians from Nova Scotia (commonly called Cajuns). The Parish was created on January 17, 1823 and covers a total of 277 square miles. The City of Lafayette was originally founded as Vermilionville in 1821 and later renamed Lafayette in 1884. The City was incorporated in 1914. The Parish is located in the heart of Acadiana, an eight (8) parish area in the center of southern Louisiana between New Orleans and Houston. French, Creole, and Acadian culture, handwork and traditions are very much in evidence in and around the region and both French and English languages are still spoken. An estimated 14.37% of the parish population speaks both French and English.

The Governing Authority of LCG is the Lafayette City-Parish Consolidated Council, consisting of nine (9) members elected from nine (9) single member districts. The LCG chief executive is the City-Parish President. LCG's governance structure is by The Home-Rule Charter which, in its current form, was voted on by the citizenry in 1992. Although the governments were consolidated in 1996, The Home-Rule Charter states that "The City of Lafayette shall continue to exist as a legal entity"... and "shall exercise all powers granted by general state law and the state constitution for municipalities of the same population class." Tax rates vary between the various municipalities and the unincorporated areas; therefore, after consolidating administration and operations of the two governments, LCG continued to maintain separate accounts for the City of Lafayette and Parish funds.

Lafayette Consolidated Government provides a wide range of services including public safety, highways and streets, sanitation, airports, transportation, recreational activities, general administration functions and others. It also provides fiber optic networking services through LUS Fiber. Also, Lafayette Utilities Service provides electric, water, and sewer services.

### ***Mission Statement***

The mission of Lafayette Consolidated Government is to enhance the quality of life of our community by providing high-quality, cost-effective services that meet the needs and expectations of the public.

### ***Accomplishments***

In March 2013, the Lafayette Police Department received national accreditation from the Commission on Accreditation for Law Enforcement Agencies, Inc. (CALEA). With such a prestigious national award, the Police Department has demonstrated to the CALEA Commission that it complies with 480 nationally recognized professional law enforcement standards and procedures which, in turn, ensures that LCG provides quality and professional police services to all of its citizens.

During fiscal year 2013, Lafayette Consolidated Government opened its first public Compressed Natural Gas (CNG) fueling station. It has 49 CNG fleet vehicles and 7 CNG public buses in operation with another 12 CNG buses purchased for future operation.

Lafayette Consolidated Government's Department of Community Development administers U.S. Department of Housing and Urban Development (HUD) grants in Lafayette. Administration of HUD programs remains a major function of the department, with a focus on affordable housing. In 2013, a total of 57 loans were made to first time homebuyers in Lafayette Parish and thirty-five families were able to avoid foreclosure. There were 19 families that were able to overcome credit and economic barriers to achieve homeownership.

Commercial development continued at a healthy pace with notable projects including La Madeline French Café, Cavender's Boot City, Whole Foods, Five Guys Burgers, Holiday Inn, Lafayette General Medical Center, and a new Rouses Grocery.

### ***Budgetary Control***

The fiscal year for Lafayette Consolidated Government is November 1 through October 31. The Home Rule Charter requires that at least ninety days prior to the beginning of each fiscal year, an operating budget and capital improvement budget be submitted to the Council. The Council then publishes a public hearing notice at least ten days prior to the date the budget is presented to the public for a formal public hearing. The notice is required to include a general summary of the proposed budget, the times and places where copies of the budget are available for public inspection, and the location, date, and time of the hearing.

The annual budget serves as a policy document, a financial plan, an operations guide, and a communications device for the consolidated government. It is the foundation for LCG's allocation of resources toward service delivery plans for the coming fiscal year. The budget is reported using the current financial resources measurement focus and a cash basis. In a cash basis budget, appropriations define the cash limits that cannot be exceeded. No reference is given to when revenues are earned or expenses are incurred, only when these items are received or paid. Non-cash items such as depreciation and amortization are not budgeted.

Conversely, the government-wide proprietary and fiduciary fund financial statements are reported using the economic resources measurement focus and the modified accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Nonexchange transactions, in which the government gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, and entitlements. On an accrual basis, property taxes are recognized in the year for which the taxes are levied. Revenue from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied.

### ***Local Economy***

The business base of the parish includes energy services, manufacturing, health care, transportation and distribution, education, information technology, finance, tourism, and other service-related industries. Based on data from the Bureau of Labor Statistics, Lafayette was listed as the third best mid-sized MSA for manufacturing employment leaders in the United States. The population in Lafayette's trade market is over 500,000 with over a million tourists visiting the area each year. More than twenty percent of the dollars spent in the parish come from visitors outside the parish borders.

Sales taxes make up one of the largest parts of local revenues and are usually restricted (dedicated) to specific uses by the voters. Currently residents are charged a total of 8% sales tax. Lafayette Consolidated Government has a 2% general sales and use tax for the City of Lafayette and a 1% general sales and use tax for the Parish Government.

Proceeds of the 1961 1% general sales and use tax levied by the City of Lafayette are dedicated to capital improvements such as street improvements, building construction, drainage, and any other work of permanent public improvement. Proceeds of the 1985 1% general sales and use tax levied by the City of Lafayette are dedicated to capital improvements for streets and drainage. Both the 1961 and 1985 general sales and use taxes are dedicated to supplementing the revenues of the general fund after providing the debt service on outstanding bonds, provided that such an amount cannot exceed 35% of the annual sales tax revenues.

Lafayette Parish is authorized by the voters of the parish to levy and collect one percent (1%) general sales and use tax on a parish-wide basis except for territory located within the boundaries of any incorporated municipality situated within the Parish. The net proceeds of the sales tax will be deposited in the General Fund of the Parish for general expenditures.

Between 2012 and 2013 the total in sales tax revenues increased by \$3,145,240. Gains made in sales tax revenues in 2012 and 2013 were mainly due to an increased population and continued commercial development. The five (5) year trend for sales tax has been as follows:

<b>Year</b>	<b>City-1961</b>	<b>City-1985</b>	<b>Parish</b>	<b>TIF MM101</b>	<b>TIF MM103</b>	<b>Total</b>
2009	\$36,415,884	\$31,407,442	\$5,937,472	\$114,886	\$509,509	\$74,385,193
2010	\$36,745,810	\$31,067,607	\$4,965,905	\$240,483	\$555,803	\$73,575,608
2011	\$38,183,697	\$32,509,069	\$5,587,584	\$175,324	\$805,735	\$77,261,409
2012	\$40,814,786	\$34,659,644	\$6,101,929		\$1,117,970	\$82,694,329
2013	\$42,304,925	\$36,014,309	\$6,363,562		\$1,156,773	\$85,839,569

For further information regarding sales taxes, please refer to our statistical section that immediately follows the financial section.

*Forbes Magazine* lists Lafayette as one of the top 200 cities in its list of best places for business and careers. The parish was 12<sup>th</sup> in the nation in 2012 with respect to job growth noting a 3.2% increase with an annual projected job growth of 1.3%. The estimated household income is \$50,848 with a median home price of \$137,400. The overall cost of living is 2.3% below the national average. The unemployment rate in December 2013 was 3.2%, significantly below the national average of 7.0%.

***Major initiatives***

Lafayette’s Comprehensive Plan is a parish-wide initiative to develop a vision and action plan for Lafayette for the next 20 years. The plan will coordinate many aspects of the community including land use, transportation, public utilities, and environmental and historic resources. The development process of Lafayette’s Comprehensive Plan continued in 2013 with the Community Forum Series 3 held on May 14-15. The Forum was well attended with about 900 residents attending two (2) open houses. Also in 2013, Lafayette’s Comprehensive Plan gained a new name: Plan Lafayette. In 2014, Plan Lafayette is expected to be unveiled and work will begin to write a Unified Development Code to support and help implement the plan.

After three (3) years of collaborative effort between LCG, the University of Louisiana at Lafayette, and the Community Foundation of Acadiana, LCG purchased a 100-acre green space known as the “Horse Farm” located in the middle of the City of Lafayette. With funding provided by a nonprofit organization and private donations, the Horse Farm will be turned into a world-class city park and community destination. The property will retain many of its existing natural qualities, enhanced by features like walking trails, bike paths, and green space for relaxation. Enhancements to the property began during the latter part of fiscal year 2013 and will continue over the next several years.

LUS Fiber is the area’s only 100% community owned fiber optic network offering telephone, cable, and internet services to the home and local businesses. As a start-up company serving its first customer in 2009, it has made significant financial strides in a short amount of time by becoming cash positive in fiscal year 2013 and projecting sufficient revenues by fiscal year 2016 to cover its operating costs as well as depreciation and amortization.

### ***Relevant financial policies***

The fund structure for Lafayette Consolidated Government is especially complex. City and Parish funds are accounted for separately due to the source of revenue and authority granted by the voters of both the City and the Parish. There are two (2) general funds, one for the City and one for the Parish. Combined, there are over fifty general governmental funds (special revenue, debt service, and capital project), five internal service funds, and three business type funds.

### ***Long-term financial planning***

The City Of Lafayette, through the Lafayette Public Power Authority (LPPA), acquired a 50 percent ownership interest in the fossil fuel steam electric generating unit known as Rodemacher Unit 2 (“Unit 2”). The output of Unit 2 is sold by LPPA to the City in accordance with a long-term power sales contract, whereby LPPA agreed to sell and the City agreed to purchase LPPA’s share of the power and energy produced by Unit 2. The contract expires August 31, 2047. Payments under the contract are specified to be sufficient to pay all costs of LPPA in connection with Unit 2, including LPPA’s share of operation and maintenance of Unit 2, debt service requirements, and all other financial obligations of LPPA’s share of Unit 2. These obligations are payable as an operating expense of the Utilities System fund and payable solely from the revenues of the Utility System. Expenses related to fuel, purchased power and associated cost are recovered through a fuel charge established by the director of the Utilities System. The payments to LPPA are required to be made whether or not Unit 2 is operating or inoperable.

### ***Acknowledgements***

The preparation of this report on a timely basis could not have been accomplished without the dedicated services of a highly trained and qualified staff. I also would like to acknowledge the thorough, professional, and timely manner in which the audit was conducted by our independent auditors; Kolder, Champagne, Slaven & Company, LLC.

In addition, we express our appreciation to the City-Parish President Mr. Joey Durel and the Members of the Council for their interest and support in planning and conducting the financial affairs of the City-Parish in a responsible and progressive manner during their terms in office.

Respectfully Submitted,

## INDEPENDENT AUDITORS' REPORT

\* A Professional Accounting Corporation

To the Lafayette City-Parish  
Council of Lafayette, Louisiana

### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Lafayette City-Parish Consolidated Government (the Government), as of and for the year ended October 31, 2013, and the related notes to the financial statements, which collectively comprise the Government's basic financial statements, as listed in the table of contents. We did not audit the financial statements of Cajundome Commission, City Court of Lafayette, Marshal-City Court of Lafayette, Lafayette Regional Airport, Lafayette Parish Waterworks District North, Lafayette Parish Waterworks District South, District Attorney of the 15th Judicial District, Lafayette Parish Bayou Vermilion District, and Lafayette Parish Communication District, component units, which represent 76.63% and 84.79%, respectively, of the assets and program and general revenues of the aggregate discretely presented component units. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for Cajundome Commission, City Court of Lafayette, Marshal-City Court of Lafayette, Lafayette Regional Airport, Lafayette Parish Waterworks District North, Lafayette Parish Waterworks South, District Attorney of the 15th Judicial District, Lafayette Parish Bayou Vermilion District, and Lafayette Parish Communication District is based on the reports of other auditors.

### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### *Auditors' Responsibility*

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained and the audit evidence obtained by other auditors is sufficient and appropriate to provide a basis for our audit opinions.

### ***Opinions***

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Government, as of October 31, 2013, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Emphasis of Matter***

As discussed in Note 30 to the basic financial statements, the Government had prior period adjustments. Our opinion is not modified with respect to this matter.

### ***Other Matters***

#### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, budgetary comparison schedule, and schedule of funding progress on pages 4 through 14, 87, and 88, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Other Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Government's basic financial statements. The introductory section, governmental funds, nonmajor enterprise funds and internal service funds combining statements, budgetary comparison schedules, schedules of expenditures compared to capital budget, Criminal Court Fund statements and schedules, Utility System Fund statement, and statistical section, are presented for purposes of additional analysis and are not a required part of the financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements.

The governmental funds, nonmajor enterprise funds, and internal service funds combining statements, Criminal Court Fund statements, Utility System Fund statement, and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied by us and other auditors in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion and the opinion of other auditors, the governmental funds, nonmajor enterprise funds, and internal service funds combining statements, Criminal Court Fund statements and schedules, Utility System Fund statement, and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory section, budgetary comparison schedules, schedules of expenditures compared to capital budget, and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them. The prior year comparative information on the governmental funds, nonmajor enterprise funds, and internal service funds combining statements, budgetary comparison schedules, schedules of expenditures compared to capital budget, and Criminal Court Fund statements has been derived from the Government's 2012 financial statements, which was subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, was fairly presented in all material respects in relation to the financial statements as a whole.

#### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated April 21, 2014, on our consideration of the Government's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Government's internal control over financial reporting and compliance.

Management's Discussion and Analysis  
October 31, 2013

Lafayette City-Parish Consolidated Government (LCG) presents the following discussion and analysis of the financial performance during the fiscal year ending October 31, 2013. This discussion and analysis is intended to assist readers in focusing on significant financial issues and changes in financial position, and identifying any significant variances from the adopted budget. We encourage readers to consider the information presented here in conjunction with additional information presented in the financial statements provided in this report. All amounts, unless otherwise indicated, are expressed in millions of dollars.

**Financial Highlights**

- The assets of LCG exceeded its liabilities by \$952.3 (net position). Of this amount, \$46.5 (unrestricted) may be used to meet the government's ongoing obligations to citizens and creditors.
- At the end of the current fiscal year, LCG's governmental funds reported combined ending fund balance of \$282.9, an increase of \$9.1 compared to fiscal year 2012. Of this amount, \$286 thousand is non-spendable and \$282.6 is spendable. Of the total spendable fund balance, \$46.8 is restricted in use, \$145.7 has been committed, \$63.9 is assigned, and \$26.2 is unassigned, which is available for spending at the government's discretion.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$26.2, or 31.3% of total General Fund expenditures and other financing uses. This is an increase of \$4.3 or 18.1% over 2012.
- The Lafayette Public Power Authority (LPPA) issued 65.1 in revenue bonds, the proceeds of which will be used to do major upgrades to the Rodemacher power generating plant.
- The Lafayette Utility System issued refunding bonds during the fiscal year which resulted in a debt service reduction of \$24.1 and an economic gain of \$21.1.
- LCG implemented GASB Statement No 61 *The Financial Reporting Entity: Omnibus*. The new pronouncement amends previous announcements and enhances the usefulness of governmental financial reporting by modifying component unit criteria.
- LCG implemented GASB Statement No 62 *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*. The new pronouncement amends or supersedes previous announcements and incorporates into the authoritative literature certain accounting and financial guidance.
- LCG implemented GASB Statement No 63 *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*. The new pronouncement enhances the usefulness of governmental financial reporting by establishing new criteria and presentation for the changes to the government's net position.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Management's Discussion and Analysis  
October 31, 2013

**Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to LCG's basic financial statements, which have three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-wide Financial Statements**

The government-wide financial statements are designed to provide readers with a broad overview similar to private-sector business financial presentations.

The *statement of net position* is a presentation of LCG's assets and liabilities, including capital and infrastructure assets and long-term liabilities. This statement reports the difference between assets and liabilities as net position. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of LCG is improving or deteriorating.

The *statement of activities* presents information showing how the government's net position changed during the fiscal year. Changes in net position are recorded when the underlying event giving rise to the change occurs regardless of the timing of the cash flows. Therefore, revenues and expenses reported in this statement for some items that will not result in cash flows until future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave). Both of the government-wide financial statements distinguish functions of LCG that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees or charges (business-type activities). Governmental activities include general government, public safety, traffic and transportation, streets and drainage, urban redevelopment and housing, culture and recreation, health and welfare, economic opportunity, and economic development and assistance.

The business-type activities reflect private sector type operations where the fee for service typically covers all or most of the cost of operations including depreciation. The City's electric, water, wastewater, and fiber optics utilities funds along with LCG's solid waste collection, environmental services and animal shelter control funds are reported here.

**Fund Financial Statements**

The accounts of LCG are organized on the basis of funds, each of which is considered a separate accounting entity. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Fund financial statements are used to present financial information detailing resources that have been identified for specific activities. The focus of the fund financial statements is on LCG's major funds, although non-major funds are also presented in aggregate and further detailed in the supplementary statements.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Management's Discussion and Analysis  
October 31, 2013

LCG uses fund accounting to ensure and demonstrate compliance with requirements placed on resources. Funds are divided into three categories: governmental, proprietary and fiduciary. Fund financial statements allow LCG to present information regarding fiduciary funds, since they are not reported in the government-wide financial statements.

**Governmental Funds** are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. Unlike the government-wide financial statements, governmental fund financial statements focus on near-term outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's current financing requirements.

LCG has presented the General Fund and the Sales Tax Capital Improvement Fund as major funds. All non-major governmental funds are presented in one column, titled "Other Governmental Funds". Combining financial statements of the non-major funds can be found in the other supplementary information section that follows the basic financial statements.

**Proprietary Funds** encompass both enterprise and internal service funds on the fund financial statements. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. Internal service funds are an accounting device used to accumulate and allocate costs internally among the LCG's various functions. LCG uses internal service funds to account for its central vehicle maintenance, central printing, self-insured insurance and group hospitalization activities. Because all of these services predominantly benefit governmental rather than business-type functions, they have been included within the governmental activities section in the government-wide financial statements. Combining statements of the non-major individual enterprise and internal service funds can be found in the other supplementary information section following the basic financial statements.

**Fiduciary Funds** are used to account for resources held for the benefit of parties outside the primary government. Fiduciary funds are not reflected in the government-wide financial statements as the resources of those funds are not available to support LCG's programs and operations. With the exception of agency funds, the accounting for fiduciary funds is much like that used for the proprietary funds.

**Notes to the Financial Statements** provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements and are a required part of the basic financial statements.

**Other Information** - In addition to the basic financial statements and accompanying notes, this report also presents the required supplementary information of LCG's General Fund budgetary comparison schedules that demonstrate compliance with its budget.

Also included in the report are the Office of Management and Budget A-133 Single Audit Auditor reports, findings and schedules and the statistical section.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Management's Discussion and Analysis  
October 31, 2013

**Government-Wide Financial Analysis**

The following schedule reflects the condensed Statement of Net Position for October 31, 2013, with comparative figures for 2012:

Condensed Statement of Net Position (in millions)  
October 31, 2013 and 2012

	Governmental Activities		Business-Type Activities		Total Primary Government	
	2013	2012	2013	2012	2013	2012
<b>Assets:</b>						
Current and other assets	\$ 314.4	\$ 311.5	\$ 78.6	\$ 90.0	\$ 393.0	\$ 401.5
Restricted assets	4.4	-	224.6	184.0	229.0	184.0
Capital assets	587.4	582.6	728.9	698.1	1,316.3	1,280.7
Total assets	<u>906.2</u>	<u>894.1</u>	<u>1,032.1</u>	<u>972.1</u>	<u>1,938.3</u>	<u>1,866.2</u>
<b>Liabilities:</b>						
Current liabilities	50.0	55.2	31.7	34.7	81.7	89.9
Long-term liabilities	409.4	415.9	494.9	440.9	904.3	856.8
Total liabilities	<u>459.4</u>	<u>471.1</u>	<u>526.6</u>	<u>475.6</u>	<u>986.0</u>	<u>946.7</u>
<b>Net position:</b>						
Net Investment in						
Capital Assets	304.9	301.0	306.6	300.4	611.5	601.4
Restricted	170.0	161.4	124.3	119.5	294.3	280.9
Unrestricted	<u>(28.1)</u>	<u>(39.4)</u>	<u>74.6</u>	<u>76.6</u>	<u>46.5</u>	<u>37.2</u>
Total net position	<u>\$ 446.8</u>	<u>\$ 423.0</u>	<u>\$ 505.5</u>	<u>\$ 496.5</u>	<u>\$ 952.3</u>	<u>\$ 919.5</u>

For the year ended October 31, 2013, total assets exceeded liabilities by \$952.3. The largest portion of LCG's net position, \$611.5 (64.2%) represents its investment in capital assets less any related debt used to acquire those assets that are still outstanding, and includes assets such as land, infrastructure, improvements, buildings, machinery and equipment and intangibles.

Capital assets are used to provide services to the citizens of LCG and are not available for further spending. Although LCG's investment in capital assets is reported net of related debt, the resources needed to repay the debt must be provided from other sources as capital assets cannot be used to liquidate liabilities.

Of the total net position, \$294.3 represents resources that are subject to external restrictions on how they may be used.

The deficit of \$28.1 in unrestricted net position in governmental activities is mainly the result of the excess of non-capital related long-term debt (see the notes on the retirement systems and claims liabilities) and the liability for unused employee vacation and sick days not previously funded, which together exceed current assets that are not externally dedicated for specific purposes. The business-type activities unrestricted net position is \$74.6 at year end.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Management's Discussion and Analysis  
October 31, 2013

LCG's total revenues were \$550.5 and the total cost of all programs and services was \$517.0 resulting in an increase in net position of \$33.5. General revenues represented 30.9% of LCG's total revenue while program revenues provided 69.1% of total revenues. Business-type activity expenses totaled \$309.7 or 60% of the governments total expenses.

*Governmental Activities* net position increased \$24.5 in 2013. The cost of all governmental activities this year was \$207.3 and the amount funded by general taxpayer revenues was \$168.2. The remaining \$39.1 was paid by those who directly benefited from the governmental programs or by other governments and organizations that subsidized certain programs with grants and contributions. Of the \$39.1, only \$22.1 was paid by those benefiting and using these governmental programs. This accounted for only 10.7% of the total costs.

LCG's largest program in governmental activities is public safety, with \$65.6 of resources applied thereto. Following that is general government, streets and drainage, and culture and recreation.

The government's net position increased \$33.5 during the current fiscal year. *Governmental Activities* net position increased \$24.5. Some factors affecting the change in net position for governmental activities were:

- An increase of \$3.0 in sales taxes.
- An increase of \$4.6 in property taxes.
- A decrease of \$2.1 in general government expenses.
- An increase in operating and capital grants of \$4.0.
- A decrease of \$2.2 in urban and economic redevelopment expenses.
- An increase of \$3.9 in public safety expenses.

*Business-Type Activities* net position increased by \$9.0 in the current fiscal year compared to \$3.7 in the prior year. Charges for services make up 98.6% of the revenues in the business-type activities. The largest funds in this group are the Utilities System (LUS), Lafayette Public Power Authority (LPPA) and the Communications System. Charges for services increased \$18.5 in the current fiscal year due to fluctuations in the fuel adjustment charge for electric services. Communications System revenues increased by \$3.3 due to the additional customers served during 2013.

### Financial Analysis of Governmental Funds

Activities of the Primary Government's General Fund, Special Revenue Funds, Debt Service Funds and Capital Projects Funds are considered general government functions. The General Fund is LCG's primary operating fund. Special Revenue Funds are used to account for the proceeds of specific revenue sources that are restricted or committed to expenditures for specific purposes other than debt service or capital projects. Debt Service Funds are used to account for financial activity related to the government's general bonded indebtedness, as well as other long-term obligations. Capital Projects Funds are used to account for financial activity related to the government's indebtedness for capital projects, other agency contributions and the operating activities of those projects.

Total revenues increased \$10.5 primarily attributable to an increase in property tax and sales tax dollars of \$4.6 and \$3.1, respectively, and an increase in other revenues of \$3.6 offset by a net decrease of \$0.8 in federal and state grants. The increases in sales taxes are results of an improvement in the local economy, increased retail space and increased tourism. Increases in property taxes are the results of the state-wide reassessment of real property. Other revenues increased due to the recordation of public safety supplemental pay not recorded in previous years.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Management's Discussion and Analysis  
October 31, 2013

As of the end of the fiscal year, LCG's governmental funds reported combined ending fund balances of \$282.9, an increase of \$9.8 in comparison with the prior year. Less than 1% of governmental funds' fund balance is not spendable. The remaining 99.9% (or \$282.6) is spendable. This represents \$46.8 restricted in use, \$145.7 committed, \$63.9 assigned and \$26.2 unassigned. The unassigned fund balance represents amounts available for additional appropriations at the end of the fiscal year.

The total fund balance of the General Fund at year end was \$28.7, an increase of \$4.3 from the previous year. The total spendable General Fund balance for fiscal year 2013 is \$28.7, which represents \$1.3 in committed, \$1.2 in assigned and \$26.2 in unassigned fund balances. The unassigned fund balance represents amounts available for additional appropriations at the end of the fiscal year.

Fund balance in the Sales Tax Capital Improvement Fund had a increase of \$4.0 in 2013, primarily due to decreased construction activity.

#### **General Fund Budgetary Highlights**

Changes in original budget appropriations to the final amended budget appropriations resulted in a net \$1.1 increase in appropriations. This increase can be summarized by the following:

- General Government increased \$0.5 which is attributable to increased cost such as transportation.
- Public Safety increased \$4.5 which is attributable the recordation of fire and police supplemental pay that was not recorded in prior years. Supplemental pay is funded by the state and paid directly to police and fire personnel, but must be recognized by LCG as paid on the government's behalf. Parks & Recreation increased \$0.5 which is attributable to an increase in capital for City and Parish parks.
- Debt Service decreased by 4.2 due to the reclassification of principal and interest expense to the appropriate debt service funds.
- The remaining amount is primarily attributable to transfers to special revenue funds for the government's matching portion related to federal grants.

Final budgeted appropriations for the General Fund were \$97.1 while actual expenditures were \$90.7, creating a positive variance of \$6.4. Significant variances are as follows:

- Streets and drainage had a positive variance of \$1.1 primarily due to a temporary hiring freeze on vacant positions and reduction in costs associated with maintaining those positions.
- General government had a positive variance of \$1.7 primarily due to reductions in operating expenses such as personnel salaries, and contractual services.
- Public Safety had a positive variance of \$2.9 due to position vacancies and a reduction of uninsured losses.

Miscellaneous departmental operations and incomplete grant programs make up the remainder of the unexpended appropriations.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Management's Discussion and Analysis  
October 31, 2013

**Financial Analysis of Proprietary Funds**

*Proprietary Funds:* Activities of the Primary Government's Utilities System Fund, Communications System Fund, Lafayette Public Power Authority Fund, Environmental Services Disposal Fund and the Animal Control Shelter Fund are considered proprietary funds. Financial analysis of these activities is on the same basis as the business-type-activities. As of the end of the current fiscal year, the primary government's proprietary funds reported ending net position of \$509.3, an increase of \$8.3 in comparison with the prior year.

Details of the proprietary funds are covered under the section titled "Government-Wide Financial Statement Analysis" on page 8.

**Capital Asset and Debt Administration**

**Capital Assets:** LCG's investment in capital assets for its governmental and business-type activities as of October 31, 2013, amounts to \$1,316.3 (net of accumulated depreciation). This investment in capital assets includes land, buildings and improvements, machinery and equipment, parking facilities, electric, water, wastewater, fiber optic utility facilities, roads, highways, bridges and drainage systems. The net increase in LCG's investment in capital assets for the current fiscal year was \$35.6, or 2.78%.

Major capital asset events during the current fiscal year included the following:

- Continued or initiated construction of several major road improvements and extensions, such as turning lane improvements at Doucet Road and Johnston St., concrete street repairs at Settler's Trace subdivision.
- Continued or initiated construction of drainage projects such as Amaryllis Drive drainage project and Fanny Drive Coulee, PH I.
- Completion of various other street including Settler's Trace Extension, Eraste Landry Road, Louisiana Avenue Extension, intersection improvements at Moss Street and Gloria Switch, McKinley Street.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Management's Discussion and Analysis  
October 31, 2013

- Completion of various other drainage improvements including Kaliste Saloom Road drainage outfalls, East Pont Des Mouton water/sewer improvements, and Acorn Drive Coulee, L3.
- Completion of multiple bridge replacement projects including Rue Des Babineaux Bridges #1, #2, and #3, Kidder Road Bridge, Sellers Road Bridge, Esprit Road Bridge, Mermentau Road Bridge, and LeBlanc Road Bridge.
- Completion of various Parks & Recreation improvements such as O.J. Mouton Swimming Pool repairs, Nature Station Boardwalk repairs, Tennis Facility improvements, Hebert Park Golf Course cart path and driveway improvements, and cart path improvements at Les Vieux Chenes Golf Course.
- Completion of various building improvements including a/c chiller replacements, elevator upgrades, safety and security system upgrades, and asbestos abatement of elevator shafts.
- Continued replacement of most of the electric and water meters in LUS service territory with new remotely-read, digital smart meters.
- Various improvements and upgrades to the Doc Bonin, T.J. Labbe, and Hargis-Hebert Power Plants, various electrical substations, and transmission structures.
- Improvements to the wastewater collection system, particularly the South Treatment Plant sludge handling treatment facility.

Additional information on the LCG's capital assets can be found in Note 9 of this report.

**Long-Term Debt:** At the end of the current fiscal year, LCG had total bonded debt outstanding of \$907. Of this amount, \$64.2 comprises debt backed by the full faith and credit of the Lafayette Parish government. The remainder of the debt represents bonds secured solely by specified revenue sources such as the Utilities System revenues, Communications System revenues and the 2% City sales tax revenues. There are no general obligation bonds outstanding for the City of Lafayette at the end of the fiscal year.

Total	<u>\$ 443.8</u>	<u>\$ 452.1</u>	<u>\$ 500.0</u>	<u>\$ 450.1</u>	<u>\$ 943.8</u>	<u>\$ 902.2</u>

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Management's Discussion and Analysis  
October 31, 2013

The Lafayette Consolidated Government's total debt increased during the year by \$41.6 million. New bond issues for the Lafayette Public Power Authority combined with normal scheduled principal payments for existing debt account for this increase.

Standard & Poors (S & P), Moody's and Fitch's underlying rating for LCG'S obligations during fiscal year 2013 were as follows:

	Moody's	S & P	Fitch
City of Lafayette Sales Tax Revenue Bonds	Aa3	AA	AA-
Lafayette Parish General Obligation Bonds	Aa2	AA-	-
City of Lafayette Utilities System Revenue Bonds	A1	A+	-
Lafayette Public Power Authority Revenue Bonds	A1	A+	-
City of Lafayette Utilities Communications System Revenue Bonds	A3	A	-

Computation of the legal debt margin for general obligation bonds is as follows:

**Governing Authority: City of Lafayette, Louisiana**

Ad valorem Taxes:

Assessed Valuation, 2012 tax roll (FY2013)	\$ 1,298,554,207
Debt Limit: 10% of Assessed Valuation (for any one purpose)	\$ 129,855,421
Debt Limit: 35% of Assessed Valuation (aggregate, all purposes)	\$ 454,493,972

There are no outstanding bonds secured by ad valorem taxes of the City of Lafayette at this time.

**Governing Authority: Parish of Lafayette, Louisiana**

Ad valorem Taxes:

Assessed Valuation, 2012 tax roll (FY2013)	\$ 1,412,321,084
Debt Limit: 10% of Assessed Valuation (for any one purpose)	\$ 141,232,108
Debt outstanding	\$ 64,245,000

The Louisiana Revised Statutes limit the City's bonded debt for any one purpose to 10% of the assessed valuation, including homestead exemption property, and 35% for all purposes. The Parish bonded debt is limited to 10% of the assessed valuation of the taxable property for any one purpose.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Management's Discussion and Analysis  
October 31, 2013

**Economic Factors and Next Year's Budget**

Many factors were considered when preparing the fiscal year 2014 budget. The status of the Lafayette economy is assessed as well as historical revenue and expenditure trends. The Lafayette MSA unemployment rate at year end was 3.2%. This compares to a rate of 5.4% for the State of Louisiana and 7.0% for the United States. Per capita income has remained steady the past three years. Current per capita income of \$47,068 exceeds both the state and national levels.

The City's 2% general sales and use tax and the Parish's 1% general sales and use tax are major revenue sources to the General Fund, making up 33% of revenues. Although the City's sales tax declined for the first time in ten years in 2009, collections have been on the rise since April 2010, noting a 3.8% increase in FY 2013. The FY 2014 budget was prepared with a 2.5% growth assumption.

Another major revenue source to the City General Fund is the Utilities System's payment in-lieu-of-tax (ILOT), which makes up 21.7% of the City General Fund's revenues. The ILOT for fiscal year 2013 was \$22.1.

Amounts appropriated in the City General Fund FY 2014 budget totaled 92.8. To balance the 2014 budget and reduce the use of General fund balance, operating expenses related to the Department of Public Works were moved from the City General Fund to the Road & Bridge Maintenance Fund and the Drainage Maintenance Fund. Both of these special revenue funds are supported by ad-valorem taxes. The savings created by this move helped to offset increases in State mandated retirement system contributions and employee pay raises. In addition to these budgetary measures, LCG adopted a general fund budget increasing the ending budgeted fund balance from 10.8% of annual expenses to of 20% of annual expenses. As LCG enters its fiscal year 2015 budget preparation process (slated to begin May 2014), continued review of the budget will be done and further budgetary cuts and savings initiatives are contemplated.

**REQUESTS FOR INFORMATION**

This financial report is designed to provide a general overview of the finances of the Lafayette City-Parish Consolidated Government and to demonstrate accountability for monies received. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the Lafayette Consolidated Government, Office of Finance and Management, P.O. Box 4017-C, Lafayette, Louisiana, 70502.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Reconciliation of the Governmental Funds Balance Sheet  
to the Statement of Net Position  
October 31, 2013

Total fund balances for governmental funds at October 31, 2013		\$ 282,914,147
Total net position reported for governmental activities in the statement of net position is different because:		
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds. Those assets consist of:		
Land	\$ 38,517,490	
Construction in progress	31,680,505	
Land improvements, net of \$787,655 accumulated depreciation	5,863,864	
Buildings and improvements, net of \$80,096,203 accumulated depreciation	92,953,396	
Vehicles, net of \$32,059,511 accumulated depreciation	20,288,732	
Movables, net of \$22,794,294 accumulated depreciation	11,591,448	
Infrastructure, net of \$272,701,745 accumulated depreciation	<u>386,125,647</u>	587,021,082
Long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the governmental funds.		
Long-term liabilities at October 31, 2013:		
Bonds and certificates of indebtedness payable	(413,582,833)	
Compensated absences payable	(14,115,973)	
Accrued interest payable	<u>(1,916,210)</u>	(429,615,016)
Internal service funds are used by management to charge the costs of certain activities to individual funds. The assets and liabilities of internal service funds are included in governmental activities in the statement of net assets.		
		(4,827,794)
Some revenues were not considered measurable at year end and, therefore, are not available soon enough to pay for current period expenditures		
		6,913,219
Bond issue costs which are reported as expenditures in the year incurred in the governmental funds are deferred and amortized in the statement of activities.		
Bond issue costs, net of accumulated amortization		<u>4,415,993</u>
Total net position of governmental activities at October 31, 2013		<u>\$ 446,821,631</u>

The accompanying notes are an integral part of the basic financial statements.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Reconciliation of the Statement of Revenues, Expenditures, and  
Changes in Fund Balances of Governmental Funds  
to the Statement of Activities  
For the Year Ended October 31, 2013

Total net changes in fund balances at October 31, 2013 per  
statement of revenues, expenditures and changes in fund balances \$ 9,784,689

The change in net position reported for governmental activities in the  
statement of activities is different because:

Governmental funds report capital outlays as expenditures. However, in the  
statement of activities, the cost of those assets is allocated over their estimated  
useful lives and reported as depreciation expense.

Capital outlay and equipment purchases which are considered expenditures on the statement of revenues, expenditures and changes in fund balances	\$ 31,976,615	
Capital assets assigned from the Cajundome Commission	479,963	
Depreciation expense for the year ended October 31, 2013	(27,191,278)	
Gain (loss) on sale/disposal of capital assets	<u>(367,086)</u>	4,898,214

Because some revenues are not considered measureable at year end, they  
are not considered "available" revenues in the governmental funds.

Sales taxes	206,808
-------------	---------

Bond proceeds are reported as financing sources in governmental funds and thus  
contribute to the change in fund balance. In the statement of net assets, however,  
issuing debt increases long-term liabilities and does not affect the statement of  
activities. Similarly, repayment of principal and transfer to paying agent are  
recorded as expenditures in the governmental funds but reduce the liability in the  
statement of net assets.

Bond proceeds	(15,690,000)	
Principal payments	<u>20,580,000</u>	4,890,000

Governmental funds report the effect of issuance costs, premiums,  
discounts, and similar items when debt is first issued, whereas these  
amounts are deferred and amortized in the statement of activities.

Bond issuance costs on debt issued during the fiscal year	270,257	
Original issue premium on debt issued during the fiscal year	(1,263,270)	
Bond issue costs amortized	(305,872)	
Net bond premium, discount amortized	770,545	
Loss on refunding amortized	<u>(884,707)</u>	(1,413,047)

Governmental funds record bond interest expense when the payments are made.

Bond interest payments owed for the current fiscal year which will be paid during the next fiscal year were accrued and are recorded as an expense in the statement of activities.	992,250
--	---------

Differences between amounts reported as expenses in the statement of activities  
and those reported as expenditures in the fund financial statements.

Compensated absences	228,716	
Claims	<u>4,254,405</u>	4,483,121

Internal service funds are used by management to charge the costs of certain  
activities to individual funds. The net revenue (expense) of the internal service  
funds is reported with governmental activities

669,352

Total changes in net position at October 31, 2013 per statement of activities	<u>\$ 24,511,387</u>

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Notes to the Basic Financial Statements

(1) Summary of Significant Accounting Policies

The financial statements of the Lafayette City-Parish Consolidated Government (the "Government") are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). Governments are also required to follow the pronouncements of the Financial Accounting Standards Board (FASB) issued through November 30, 1989 (when applicable) that do not conflict with or contradict GASB pronouncements for both the business-type activities and proprietary fund financial statements. Although the Government has the option to apply FASB pronouncements issued after that date, they have chosen not to do so. The more significant of the Government's accounting policies are described below.

A. Reporting Entity

The financial reporting entity consists of (a) the primary government, (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the primary government is not accountable, but for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Primary Government -

The Government operates under an elected President-Council (nine members) administrative-legislative form of government. The Government's operations include police and fire protection, public transportation (a Government-owned bus system), streets and drainage, parks and recreation, certain social services (including urban redevelopment and housing) and general administration services. The Government owns and operates four enterprise activities: a utilities system which generates and distributes electricity and provides water and sewer services; a fiber optic network which provides telephone, cable TV and internet services; an environmental services fund which provides residential waste collection; and an animal control shelter which provides a parish-wide animal control program.

Component Units -

Section 2100 of the 2011 Governmental Accounting Standards Board (GASB) *Codification of Governmental Accounting and Financial Reporting Standards*, "Defining the Financial Reporting Entity" establishes criteria for determining which entities should be considered a component unit and, as such, part of the reporting entity for financial reporting purposes. The basic criteria are as follows:

1. Legal status of the potential component unit including the right to incur its own debt, levy its own taxes and charges, expropriate property in its own name, sue and be sued, and the right to buy, sell and lease property in its own name.
2. Whether the primary government's governing authority (City-Parish Council or City-Parish President) appoints a majority of board members of the potential component unit and is able to impose its will on the potential component unit or the potential component unit is fiscally dependent on the primary government.
3. Financial benefit/burden relationship between the primary government and the potential component unit.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

4. The nature and significance of the relationship between the potential component unit with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading.

Based on these criteria, the Government includes the component units detailed below in the financial reporting entity.

Blended Component Unit -

Lafayette Public Power Authority (LPPA) - LPPA was created by the Louisiana Legislature for the purpose of acquiring electric generating facilities in conjunction with other governmental entities or private enterprises. LPPA owns 50% of a coal-fired generating plant in Boyce, Louisiana (other owners: Cleco - 30%; Louisiana Energy and Power Authority - 20%). All energy produced from LPPA's share of the facility is sold to the Government. The Lafayette Public Utilities Authority (LPUA) is LPPA's governing authority and is comprised of City-Parish council members whose council district includes sixty percent (60%) or more of persons residing in the City of Lafayette and the Government's Director of Utilities is its Managing Director. Although it is legally separate from the Government, LPPA is reported as if it were part of the primary government because its governing body is composed of much of the governing body of the Government and all of the energy generated is sold to the Government's Utilities System.

Discretely Presented Component Units -

Downtown Development Authority - The Downtown Development Authority was created by the Louisiana Legislature to implement various plans to aid and encourage both private and public development of the Lafayette Centre Development District. The Council appoints the seven members of the Authority, and the Council must also approve any development plans of the Authority. Funding is provided by an ad valorem tax. The tax began in 1993 and renewed for a period of 15 years in 2008. The Authority's fiscal year end is December 31.

Fifteenth Judicial District Criminal Court - The Fifteenth Judicial District Court is composed of eleven judges elected from the parishes of Acadia, Vermilion and Lafayette. The Government's Council approves their operating budget and has responsibility for funding any deficits. In addition, one-half of any excess funds goes to the Government's General Fund.

Firemen's Pension and Relief Fund and Police Pension and Relief Fund - These entities were created by the Louisiana Legislature to provide retirement and disability benefits to the firemen and policemen of the City of Lafayette. During a prior fiscal year, each merged with its respective statewide system. The funds will continue to exist until all assets have been liquidated.

Cajundome Commission - The Commission was created in 1987 by an intergovernmental agreement between the City of Lafayette and the University of Louisiana - Lafayette, and is responsible for overseeing the operations of the Cajundome, a multi-purpose civic center. Three of the five members of the Commission are appointed by the Government, and the Government makes an annual contribution toward the operating and capital costs of the Cajundome.

City Court of Lafayette and Marshal-City Court of Lafayette - The day to day operations of City Court of Lafayette and the Marshal are funded through the Government's General Fund. In addition, the activities of the Court and the Marshal are primarily for City residents.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

Lafayette Regional Airport - Lafayette Regional Airport is a municipally owned, non-hub airport located on U.S. Highway 90 East in the City of Lafayette. The Airport provides passenger service through three regional carriers. The major source of revenue for the Airport is rentals on buildings, hangars, land, and terminal space. The Airport is governed by a seven member, non-elected commission. Five members are appointed by the Government, one member is appointed by the Parish President, and one member is appointed by the mayors of the various municipalities surrounding Lafayette. The Airport's fiscal year end is December 31.

Lafayette Parish Waterworks District North - The Lafayette Parish Waterworks District North was created under the provisions of Louisiana Revised Statutes 33:3811, for the purpose of providing potable drinking water to the rural areas of Lafayette Parish. The District is governed by a board of commissioners composed of nine members appointed by the Government. Each board of commissioners serves a four year term and cannot serve more than 12 years. The District's fiscal year end is December 31.

Lafayette Parish Waterworks District South - The Lafayette Parish Waterworks District South was issued a charter by the State of Louisiana and a franchise from the Parish of Lafayette on October 10, 1974. The District's purpose is to provide a water system for the southern district of Lafayette Parish. The Government's Council appoints the governing body of the District. The District's fiscal year end is August 31.

Lafayette Public Trust Financing Authority (LPTFA) - LPTFA was formed as a public trust on January 16, 1979 pursuant to Chapter 2-A of Title 9 of the Louisiana revised statutes. The beneficiary of the trust is the City of Lafayette. LPTFA was created to provide financing to low and moderate income families within the Parish of Lafayette. The governing body of LPTFA is comprised of a board of five trustees appointed by the Government's Council. LPTFA's fiscal year is April 1 through March 31.

District Attorney of the 15th Judicial District - As provided by Article V, Section 26 of the Louisiana Constitution of 1974, the District Attorney of the 15th Judicial District, Parishes of Acadia, Lafayette and Vermilion, Louisiana has charge of every criminal prosecution by the State in his district, is the representative of the State before the grand jury in his district, and is the legal advisor to the grand jury. He performs other duties as provided by law. The District Attorney is elected by the qualified electors of the judicial district for a term of six years. The District Attorney is fiscally dependent on the Government since the District Attorney's offices are located in the Parish Courthouse, the upkeep and maintenance of the Courthouse is paid by the Government and in addition, the Government pays salaries and certain operating expenditures of the District Attorney. The District Attorney's fiscal year end is December 31.

Lafayette Parish Bayou Vermilion District - Lafayette Parish Bayou Vermilion District is a corporate body created under Chapter 32 of Title 33 of the Louisiana Revised Statutes of 1950, comprised of R.S. 33:9201 through 33:9210. The District is governed by a Board of Commissioners composed of nine members. Two members are appointed by the chief executive officers of the incorporated municipalities of Lafayette Parish other than the City of Lafayette; two members are appointed by the chief executive officer of the Government; and five members, one of whom shall be a black citizen, shall be appointed by the governing authority of the City of Lafayette; one member shall be appointed by the chief executive officer of Lafayette Parish; and two members shall be appointed by the governing authority of the Government.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

The District's purpose is that of improving the water quality and the aesthetics of the Bayou Vermilion within the Parish of Lafayette in an effort to promote the bayou as a recreational and cultural asset, to create and control a new type of viable economic development adjacent to Bayou Vermilion so as to provide a diversified economic base for the City and Parish of Lafayette, and to do any and all other acts which would enhance the general condition of Bayou Vermilion. The District's fiscal year end is December 31.

Lafayette Parish Communication District - The Lafayette Parish Communication District consists of the "911" Fund, the Office of Homeland Security and Emergency Preparedness Fund, and The Communication System Management Fund. The "911" Fund was created by House Bill No. 480, Act No. 788 and signed into law July 18, 1979 for the purpose of establishing a local emergency telephone response service for Lafayette Parish. The Office of Homeland Security and Emergency Preparedness Fund (OHSEP) was consolidated with the Lafayette Parish Communication District on November 1, 1984. Funding for OHSEP is provided by the State of Louisiana Office of Homeland Security and Emergency Preparedness and the Government. Any revenues in excess of expenditures are refunded proportionately to the City and Parish of Lafayette at the end of each fiscal year. The Communication System Management Fund (CSMF) was established on November 1, 1986 to administer the City of Lafayette's 800 Megahertz Radio System. CSMF charges the Lafayette Utilities System and surrounding communities a rental fee for radio tower usage. The City of Lafayette reimburses CSMF for excess expenditures over revenues received from tower rentals.

Complete financial statements of the above component units that issue separate financial statements can be obtained at the office of the Legislative Auditor of the State of Louisiana, 1600 North 3rd, Baton Rouge, Louisiana 70802.

Related Organizations

The Government is responsible for appointing members of the boards of other organizations, but the Government's accountability for these organizations do not extend beyond making the appointments. The following agencies are related organizations to the Government. Each organization's financial statements, for those that issue financial statements, can be obtained at their respective administrative offices listed as follows:

Industrial Development Board  
(no financial statements)

Housing Authority of Lafayette  
115 Kattie Drive  
Lafayette, Louisiana 70501

Lafayette Parish Conventions and Visitors Commission  
Post Office Box 52066  
Lafayette, Louisiana 70505

Lafayette City/Parish Recreation Advisory Commission  
(no financial statement)

Lafayette Crime Prevention Advisory Commission  
(no financial statement)

Planning and Zoning Commission  
(no financial statements)

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

Joint Ventures

The Government, in conjunction with the Lafayette Parish Sheriff's Office, has entered into an agreement to create the Lafayette Metro Narcotics Task Force (Task Force). The Task Force is solely responsible for the operations of its office. Other than certain operating expenditures that are paid or provided by the members of the joint powers agreement, the Task Force is financially independent. For 2013, the Government's operating appropriation was \$38,028. The Task Force's financial statements can be obtained at the following:

Lafayette Metro Narcotics Task Force  
Post Office Box 60309  
Lafayette, Louisiana 70596-0309

The Acadiana Criminalistics Laboratory Commission (Acadiana Crime Lab) was created by State statute and is comprised of a 21 member board of commissioners, for which the Government has one appointment. The Acadiana Crime Lab is financed primarily through court costs with any deficit allocated on a pro rata basis to each participating Parish. For 2013, the Government did not have an operating appropriation. The Acadiana Crime Lab's financial statements can be obtained at the following:

Acadiana Criminalistics Laboratory Commission  
5004 West Admiral Doyle  
New Iberia, Louisiana 70560

Jointly Governed Organization

The Government is responsible for appointing one member of the Teche-Vermilion Fresh Water District. This appointment represents less than a voting majority of this respective board. There is no ongoing financial interest or ongoing financial responsibility for this organization.

B. Basis of Presentation

The Government's basic financial statements consist of the government-wide statements on all of the non-fiduciary activities of the primary government and its component units and the fund financial statements (individual major fund and combined nonmajor fund). The statements are prepared in accordance with accounting principles generally accepted in the United States of America as applied to governmental units.

Government-Wide Financial Statements - (GWFS)

The government-wide financial statements include the statement of net position and the statement of activities for all non-fiduciary activities of the primary government and the total for its component units. As a general rule, the effect of interfund activity has been removed from these statements. Exceptions to the general rule are payments between the enterprise funds and other various functions of government for charges such as electric fees and contributions between the primary government and its component units which are reported as external transactions. These statements distinguish between the governmental and business-type activities of the Government. Governmental activities generally are financed through taxes, intergovernmental revenues and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties. The primary government is reported separately from the legally separate component units as detailed in the previous section.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

In the government-wide statement of net position, both the governmental and business-type activities columns (a) are presented on a consolidated basis by column, (b) and are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The Government's net position is reported in three parts – net investment in capital assets, restricted net position; and unrestricted net position. The Government's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

The government-wide statement of activities reports both the gross and net cost of each of the Government's functions and business-type activities. The functions are also supported by general government revenues (property, sales and use taxes, certain intergovernmental revenues, etc.). The statement of activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function or a business-type activity. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants. The net cost (by function or business-type activity) is normally covered by general revenue (property, sales taxes, intergovernmental revenues, interest income, etc.).

The Government does not allocate indirect costs. An administrative service fee is charged by the General Fund to the other operating funds to recover the direct costs of services provided (finance, personnel, purchasing, etc.). This fee is eliminated by reducing the revenue and the expense in the General Fund because the expense is considered a direct expense of the program to which it was charged.

The government-wide focus is more on the sustainability of the Government as an entity and the change in the Government's net position resulting from the current year's activities.

Fund Financial Statements - (FFS)

The fund financial statements provide information about the Government's funds, including its fiduciary funds and blended component units. Separate statements for each fund category - governmental, proprietary, and fiduciary - are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies and investment earnings, result from nonexchange transactions or ancillary activities.

The Government reports the following major governmental funds:

General Fund -

This is the Government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. The Government is required to maintain two separate general funds as follows: 1) City General Fund which accounts for resources used to finance the legally defined services of the City government; and 2) Parish General Fund which accounts for resources used to finance the legally defined services of the Parish government.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

Sales Tax Capital Improvements Fund -

This fund accounts for the portion of proceeds derived from the City's sales and use tax that is dedicated for capital improvements.

The Government reports the following major enterprise funds:

Utilities System Fund -

This fund accounts for the provision of electric, water and sewer services to the residents of the City and some residents of the Parish. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations, maintenance, financing and related debt service, and billing and collections.

Communications System Fund -

This fund accounts for the provision of wholesale fiber bandwidth to retail companies for resale and the provision of telephone, cable TV and internet services to residents of the City. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations, maintenance, financing and related debt service, and billing and collections.

Lafayette Public Power Authority (LPPA) -

This fund accounts for the operations of a coal-fired electric generation plant in Boyce, Louisiana, and the sale of energy produced to the Government. LPPA owns 50% of the total plant and accounts for 50% of total costs. The City has agreed to purchase all electric power from the LPPA under the terms of a power sales contract. All activities necessary to provide such services are accounted for in the LPPA, which is a component unit of the Government.

In addition, the Government reports the following:

Internal Service Funds -

These funds account for vehicle and transportation services, printing services, and self-insurance including medical insurance coverage provided to other departments on a cost reimbursement basis.

Metrocode Retirement Fund -

This fund accounts for monies accumulated to provide supplemental retirement benefits to two employees so that benefits to all former Metrocode employees are equitable upon retirement.

Investment Trust Fund -

This fund accounts for the external portion of the investment pool operated by the Government.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

Agency Funds -

These funds account for assets held by the Government to cover estimated court costs in connection with criminal and civil suits and on behalf of other funds within the Government.

The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. Nonmajor funds by category are summarized into a single column. GASB No. 34 sets forth minimum criteria (percentage of assets, liabilities, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds.

The Government's internal service funds are presented in the proprietary funds financial statements. Because the principal users of the internal services are the Government's governmental activities, the financial statements of the internal services funds are consolidated into the governmental column when presented in the government-wide financial statements. To the extent possible, the cost of these services is reported in the appropriate functional activity.

The Government's fiduciary funds are presented in the fiduciary fund financial statements by type. Since by definition these assets are being held for the benefit of a third party and cannot be used to address activities or obligations of the Government, these funds are not incorporated into the government-wide statements.

C. Basis of Accounting

Government-wide, proprietary and fiduciary fund financial statements -

The government-wide, proprietary and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Nonexchange transactions, in which the Government gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements and donations. On an accrual basis, property taxes are recognized in the year for which the taxes are levied. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental fund financial statements -

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Sales taxes are considered "measurable" when in the hands of the Sales Tax Collector and are recognized as revenue at that time. Ad valorem taxes are recognized as revenue in the year for which budgeted, that is, in the year in which such taxes are billed and collected. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. All other receivables collected within 60 days after year-end are considered available and recognized as revenue of the current year.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments and compensated absences, which are recognized to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources. Except for miscellaneous supplies warehoused at central locations and issued to operating departments as needed, purchases of various operating supplies are regarded as expenditures at the time purchased.

D. Assets, Deferred Outflows, Liabilities, Deferred Inflows and Equity

Cash and Cash Equivalents

Cash includes amounts in demand deposits and on hand. For purposes of statements of cash flows, highly liquid investments (including restricted assets) with an original maturity of three months or less are considered to be cash equivalents.

The cash balances of substantially all funds and of other legally separate entities are pooled and invested by the Government for the purpose of increasing earnings through investment activities. The purpose of this consolidated account is to reduce administrative costs and provide a single cash balance available for the maximization of investment earnings. Each participating fund shares in the investment earnings according to its average cash and investment balance. The individual funds' portion of the pool's assets are presented as "Cash, Investments and Accrued Interest," as applicable based on its percentage of the total of each item. The balances related to component units are reported in the Investment Trust Fund. In addition, separate bank accounts have been established for certain restricted funds as required by bond indentures for related bond issues.

Investments

Under state law the Government may deposit funds with a fiscal agent organized under the laws of the State of Louisiana, the laws of any other state in the union, or the laws of the United States. The Government may invest in United States bonds, treasury notes and bills, government backed agency securities, or certificates and time deposits of state banks organized under Louisiana law and national banks having principal offices in Louisiana. In addition, local governments in Louisiana are authorized to invest in the Louisiana Asset Management Pool (LAMP), a nonprofit corporation formed by the State Treasurer and organized under the laws of the State of Louisiana, which operates a local government investment pool.

In accordance with professional standards, investments meeting the criteria specified in the standards are stated at fair value, which is either a quoted market price or the best estimate available. Investments which do not meet the requirements are stated at cost. These investments include overnight repurchase agreements and amounts invested in LAMP.

Receivables

In the government-wide statements, receivables consist of all revenues earned at year-end and not yet received. Major receivable balances for the governmental funds include sales and use taxes, federal and state grants.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

Accounts receivable for the Utilities System Fund, Communications System Fund, and the Environmental Services Disposal Fund are reported net of an allowance. The allowance amount at October 31, 2013 was \$1,282,193, \$56,859, and \$183,786, respectively.

Loans receivable in governmental funds consist of rehabilitation, first-time homebuyers loans, etc., that are generally not expected or scheduled to be collected in the subsequent year. These are reported net of allowances. The allowance amounts are reflected on the face of the financial statement, as applicable.

Interfund Receivables and Payables

Short-term cash borrowings between funds are considered temporary in nature. These amounts are reported as “due to/from other funds.” Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances.”

Inventories and Prepaid Items

Miscellaneous supplies warehoused at central locations are stated at cost (moving average). Building materials stockpiled for the Government’s housing rehabilitation program, which supplies are eligible for grant reimbursement only when actually used in a project, are stated at cost (moving average).

Inventories, other than fuel oil, held by the Utilities System Fund and the Internal Service Funds are stated at cost (moving average). Fuel oil inventory in the Utilities System Fund is stated at the lower of cost or market. Coal inventory held by LPPA is stated at the lower of cost or market as determined by the average cost method.

Governmental fund type inventories are recorded under the consumption method in the fund financial statements. Appropriate allowances have been recorded for obsolete items. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

Bond Discounts Issuance Costs and Start-up Costs

In governmental funds, bond discounts and issuance costs are recognized in the current period. In proprietary funds (and for governmental funds, in the government-wide statements), bond discounts/premiums, issuance costs, and gains or losses on refundings are deferred and amortized over the terms of the bonds to which they apply. Also included in assets of the proprietary funds are start-up costs of the Communications System (as defined by applicable professional standards). These costs will be recovered by future rates of the Communications System and will be amortized over their cost recovery period.

Restricted Assets

Certain resources of the Utilities System Fund, Communications System Fund and LPPA are classified as restricted assets on the statement of net position because their use is limited by bond ordinances or for self-insurance purposes, or because they represent customers’ deposits being held.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

Capital Assets

The accounting treatment over property, plant, and equipment (capital assets) depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements. The Government maintains a threshold level of \$1,000 or more for capitalizing fixed assets.

Government-Wide Financial Statements -

In the government-wide financial statements, all governmental capital assets of City of Lafayette, Lafayette Parish Government subsequent to 1979, and Lafayette Consolidated Government are valued at cost where historical records are available and at estimated historical cost where historical records cannot be located. Donated assets are valued at their estimated fair market value as of the date received. All capital assets of Lafayette Parish Government which were purchased prior to 1980 are valued at estimate historical cost with the exception of buildings. Buildings have been recorded at insured values in effect in 1980. This basis is not in accordance with generally accepted accounting principles which require that such assets be recorded at cost or estimated historical cost. The potential differences resulting from the use of insured values as opposed to cost have been determined to be insignificant to the Lafayette Consolidated Government. Prior to November 1, 2001, governmental funds' infrastructure assets were not capitalized.

Capital assets in the Utilities System Fund were initially recorded on November 1, 1949 at values assigned by a survey and analysis conducted by the City's consulting engineers. Capital assets acquired since the original capitalization and all other proprietary fund capital assets are valued at historical cost.

Depreciation of all exhaustible capital assets is recorded as an allocated expense in the statement of activities, with accumulated depreciation reflected in the statement of net assets. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

	<u>Years</u>
Buildings and improvements	8 - 40
Equipment (vehicles and movables)	3 - 20
Infrastructure	25 - 40
Utility plant and equipment	5 - 100
Acquisition adjustments	8 - 9

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Fund Financial Statements –

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Capital assets used in proprietary fund operations are accounted for the same as in the government-wide statements.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

The Government capitalizes interest cost during the construction phase of major capital projects of proprietary funds. The amount of interest cost capitalized on major capital projects acquired or constructed with proceeds of restricted tax exempt debt includes all interest cost of the borrowing less any interest earned on related interest-bearing investments purchased with proceeds of the related borrowings from the date of the borrowing until the assets are placed in service. Total interest incurred for the year ended October 31, 2013 for the proprietary funds and business-type activities was \$22,312,982. Of this amount, \$18,946,548 was charged to expense while the remaining \$3,062,746 and \$303,688 was capitalized as part of construction in the Utilities Systems Fund and the Communications System fund, respectively.

Total interest incurred for the year ended October 31, 2013 for the governmental funds was \$19,888,921 and for governmental activities was \$19,316,705. The total amount for both the governmental funds and the governmental activities was expensed.

Deferred Outflows of Resources and Deferred Inflows of Resources

In some instances, the GASB requires an entity to delay recognition of decreases in net position as expenditures until a future period. In other instances, entities are required to delay recognition of increases in net position as revenues until a future period. In these circumstances, deferred outflows of resources and deferred inflows of resources result from the delayed recognition of expenditures or revenues, respectively. There were no deferred outflows of resources and deferred inflows of resources as of October 31, 2013.

Compensated Absences

Employees earn vacation pay in varying amounts ranging from eight hours per month to 16 hours per month, depending upon length of service. At the end of each year, annual leave may be carried forward provided the amount carried forward does not exceed an employee's annual earning rate at the time. Unused annual leave (in excess of what can be carried forward) is credited to the employee's sick leave balance. Subject to the above limitation, unused vacation is paid to an employee upon retirement or resignation at hourly rates being earned at separation.

Sick leave is accumulated at the rate of 12 days per year, and any unused sick leave may be carried forward without limitation. No sick leave is paid upon resignation. Employees separated due to retirement or deaths are paid for all accumulated sick leave at the hourly rates being earned by that employee at separation.

In the government-wide and proprietary fund financial statements, the Government accrues accumulated unpaid vacation and sick leave and associated related costs when earned (or estimated to be earned) by the employee. The current portion is the amount estimated to be used/paid in the following year. The remainder is reported as non-current. Compensated absences typically have been liquidated by the General Fund and a few other governmental funds. Claims liabilities typically have been liquidated by the internal service funds.

Long-term Obligations

The accounting treatment of long-term obligations depends on whether the obligation relates to governmental or proprietary fund obligations and whether they are reported in the government-wide or fund financial statements.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

All long-term obligations to be repaid from governmental and business-type resources are reported as liabilities in the government-wide financial statements. The long-term obligations consists primarily of bonds payable, accrued compensated absences, and claims payable.

Long-term obligations for governmental funds are not reported as liabilities in the fund financial statements. The debt proceeds are reported as other financing sources and payment of principal and interest reported as expenditures. The accounting for proprietary funds is the same in the fund financial statements as it is in the government-wide financial statements.

Equity Classifications

Government-Wide Financial Statements –

Net position represents the difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources. The Government reports three components as follows:

- (1) Net investment in capital assets - This component consists of net capital assets reduced by the outstanding balances of any related debt obligations and deferred inflows of resources attributable to the acquisition, construction, or improvement of those assets and increased by balances of deferred outflows of resources related to those assets.
- (2) Restricted net position - This component is considered restricted if its use is constrained to a particular purpose. Restrictions are imposed by external organizations such as federal or state laws or buyers of the Government's bonds. Restricted net position is restricted assets reduced by liabilities and deferred inflows of resources related to the restricted assets.
- (3) Unrestricted net position - This component consists of all other net position that does not meet the definition of the above two components and is available for general use by the Government.

The government-wide statement of net position reports \$294,302,475 of restricted net position of which \$67,479,978 is restricted by enabling legislation.

Fund Financial Statements –

In the fund financial statements, governmental fund equity is classified as fund balance. Fund balance is further classified as follows:

- (1) Nonspendable – amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.
- (2) Restricted – amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

- (3) Committed – amounts that can be used only for specific purposes determined by a formal action of the council members. The City-Parish Council is the highest level of decision-making authority for the Government. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by council members.
- (4) Assigned – amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. Under the Government’s adopted policy, only the City-Parish Council may assign amounts for specific purposes.
- (5) Unassigned – all other spendable amounts.

At October 31, 2013, the governmental fund’s balance sheet reports committed fund balance for incomplete projects in the amount of \$145,736,207, of which the following amounts are for encumbrances:

	General	Sales Tax Capital Improvements	Other Governmental Funds	Total Governmental Funds
Encumbrances	<u>\$ 334,592</u>	<u>\$ 6,147,154</u>	<u>\$ 18,116,313</u>	<u>\$ 24,598,059</u>

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the Government considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the Government considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the City-Parish Council provided otherwise in its commitment or assignment actions.

Proprietary fund equity is classified the same as in the government-wide statements.

Interfund Transfers

Permanent reallocations of resources between funds of the primary government are classified as interfund transfers. For the purposes of the statement of activities, all interfund transfers between individual governmental funds and individual proprietary funds have been eliminated.

Accounting Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

Impairments

A capital asset is considered impaired when its service utility has declined significantly and unexpectedly. The Government is required to evaluate prominent events or changes in circumstances affecting capital assets to determine whether impairment of a capital asset has occurred. A capital asset generally should be considered impaired if both (a) the decline in service utility of the capital asset is large in magnitude and (b) the event or change in circumstance is outside the normal life cycle of the capital asset. The Government recorded no impairment losses during the year ended October 31, 2013.

E. New Accounting Pronouncements

In April 2012, the Governmental Accounting Standards Board (GASB) approved Statement No. 65, "Items Previously Reported as Assets and Liabilities." This statement clarifies the appropriate reporting of deferred outflows of resources and deferred inflows of resources to ensure consistency in financial reporting.

In June 2012, the GASB issue Statement No. 67, "Financial Reporting for Pension Plans". The statement establishes accounting and financial reporting requirements related to pensions for governments whose employees and provided with pensions through pension plans that are covered by the scope of the Statement, as well as for nonemployer governments that have a legal obligation to contribute to those plans.

The provisions of GASB No. 65 and 67 must be implemented for the year ending October 31, 2014. The effect of implementation on the Government's financial statements has not yet been determined.

(2) Stewardship, Compliance, and Accountability

The Government follows the procedures detailed below in adopting its budget.

- a. At least 90 days prior to the beginning of each fiscal year, the City-Parish President submits to the Council a proposed budget in the form required by the City-Parish Charter.
- b. A public hearing is conducted to obtain taxpayer comments and notice thereof is published in the official journal at least 10 days prior to such hearing. The notification includes the time and place of the public hearing in addition to a general summary of the proposed budget.
- c. Final adoption of the budget is required to be not later than the second-to-last regular meeting of the preceding fiscal year.
- d. The City-Parish President is authorized to transfer budgeted amounts within departments, except that no transfer can be made to or from any salary account, unless authorized by the City-Parish Council by ordinance. Any revisions which cause interdepartmental transfers or alter the total revenues or expenditures of any fund must likewise be approved by the City-Parish Council.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

- e. Formal budgetary integration is employed as a management control device during the year for all funds. No payment can be made or obligated against any appropriation unless the City-Parish President or his designee first certifies that sufficient unencumbered funds are or will be available to meet the obligation when it becomes due and payable. In practice, this has generally been interpreted (due to the flexibility for intradepartmental transfer of line item appropriations) to mean control at the departmental/fund level.
- f. Those budgets presented in the budgetary comparison schedules are adopted on a basis consistent with generally accepted accounting principles as applied to governmental units.
- g. Under the Charter, all appropriations, except for capital outlays, lapse at the close of the fiscal year to the extent that they have not been expended or encumbered. Appropriations for capital outlays lapse after completion of the project or abandonment. A capital outlay appropriation is deemed abandoned if three years pass without any disbursement or encumbrance of the appropriation.
- h. All budgeted amounts presented reflect the original budget and the final budget (which have been adjusted for legally authorized revisions during the year).

(3) Cash and Interest-Bearing Deposits

Under state law the Government may deposit funds with a fiscal agent bank organized under the laws of the State of Louisiana, the laws of any other state in the union, or the laws of the United States. The Government may invest in direct obligations of the United States government, bonds, debentures, notes or other evidence of indebtedness issued or guaranteed by federal agencies and/or the United States government, and time certificates of deposit of state banks organized under Louisiana law and national banks having principal offices in Louisiana. At October 31, 2013, the Government had demand deposits (book balances) totaling \$22,398,860 as follows:

	Primary Government	Fiduciary Funds	Total
Interest-bearing deposits	\$ 16,504,454	\$ 5,894,406	\$ 22,398,860

Custodial credit risk is the risk that in the event of a bank failure of a depository financial institution, the Government's deposits may not be recovered or the collateral securities that are in the possession of the outside party will not be recovered. These deposits are stated at cost, which approximates fair value. Under state law, deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent bank. These securities are held in the name of the Government or the pledging fiscal agent bank by a holding or custodial bank that is mutually acceptable to both parties.

Deposit balances (bank balances) at October 31, 2013, are secured as follows:

Bank balances	\$ 24,819,621
Federal deposit insurance	1,001,208
Pledged securities	23,818,413
Total federal deposit insurance and pledged securities	\$ 24,819,621

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

Deposits in the amount of \$23,818,413 were exposed to custodial credit risk. These deposits are uninsured and collateralized with securities held by the pledging institution's trust department or agent, but not in the Government's name. The Government does not have a policy for custodial credit risk.

(4) Investments

As of October 31, 2013, the primary government, excluding LPPA, a blended component unit, had the following investments and maturities:

<u>Investment Type</u>	<u>% of Portfolio</u>	<u>Investment Maturities</u>		
		<u>Fair Value</u>	<u>Less Than One Year</u>	<u>One - Five Years</u>
Repurchase agreements	21%	\$ 90,800,000	\$ 90,800,000	\$ -
U.S. Treasuries	30%	129,166,805	120,168,560	8,998,245
U.S. Instrumentalities	48%	207,781,719	142,597,719	65,184,000
State Investment Pool - (LAMP)	<u>1%</u>	<u>3,588,320</u>	<u>3,588,320</u>	<u>-</u>
Total	<u>100%</u>	<u>\$431,336,844</u>	<u>\$ 357,154,599</u>	<u>\$ 74,182,245</u>

**Interest Rate Risk** - As a means of limiting its exposure to fair value losses arising from rising interest rates, the Government's investment policy states that generally, the Government will only invest in "money market instruments," which are defined as very creditworthy, highly liquid investments with maturities of one year or less. Although there may be certain circumstances in which longer-term securities are utilized, such as investments of long-term sinking fund contributions, maturity-matched construction funds, or securities purchased under the terms of a short-term repurchase agreement, the general use of long-term securities shall be avoided.

**Credit Risk/Concentration of Credit Risk** - Credit risk is defined as the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Government's investment policy limits investments to fully insured and/or fully-collateralized certificates of deposits and direct and indirect obligations of U.S. government agencies. The Government's investment in U.S. Instrumentalities securities were rated AAA by Standard & Poor's and Aaa by Moody's Investors Service at October 31, 2013. More than 5% of the investments above are in U.S. Instrumentalities which are invested in Federal National Mortgage Association securities, Federal Home Loan Bank securities, Federal Farm Credit Bank and Federal Home Loan Mortgage Corporation securities. These investments represent 48% of the Government's total investments at October 31, 2013.

**Custodial Credit Risk** - Custodial credit risk is the risk that, in the event of the failure of the counterparty, the Government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Government's investment policy requires all investments to be in the Government's name and all ownership securities to be evidenced by an acceptable safekeeping receipt issued by a third-party financial institution which is acceptable to the Government. Accordingly, the Government had no custodial credit risk related to its investments at October 31, 2013.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

As of October 31, 2013, LPPA, a blended component unit, had the following investments and maturities:

<u>Investment Type</u>	<u>% of Portfolio</u>	<u>Investment Maturities</u>		
		<u>Fair Value</u>	<u>Less Than One Year</u>	<u>One - Five Years</u>
Repurchase agreements	89%	\$ 74,919,812	\$ 74,919,812	\$ -
U.S. Instrumentalities	11%	9,723,850	300,136	9,423,714
Total	100%	\$ 84,643,662	\$ 75,219,948	\$ 9,423,714

Interest Rate Risk - As a means of limiting its exposure to fair-value losses arising from rising interest rates, LPPA's investment policy limits the investment portfolio to "money market instruments," which are defined as very creditworthy, highly liquid investments with maturities of one year or less. Although there may be certain circumstances in which longer-term securities are utilized, the general use of long-term securities shall be avoided.

Credit Risk - LPPA's investment policy limits investments to fully insured and/or fully-collateralized certificates of deposits and direct and indirect obligations of U.S. government agencies. At October 31, 2013, LPPA's investments in Federal Home Loan Mortgage Corporation (as noted on the above chart) was rated AAA by Standard and Poor's and Aaa by Moody's Investment Service.

Concentration of Credit Risk - The LPPA's investment policy limits the investment instruments to: 1) certificates of deposit; 2) certain direct obligations of the U.S. Government; 3) other "direct obligations" of the U.S. Government; and 4) obligations of certain U.S. Government Agencies. More than 5% of the investments above are in U.S. Instrumentalities which are invested in Federal National Mortgage Association securities, Federal Home Loan Bank securities, Federal Farm Credit Bonds and Federal Home Loan Mortgage Corporation securities.

The Government participates in the Louisiana Asset Management Pool (LAMP). The LAMP is an investment pool established as a cooperative endeavor to enable public entities of the State of Louisiana to aggregate funds for investment; the LAMP is not registered with the Securities and Exchange Commission (SEC) as an investment company. The LAMP is operated by a non-profit corporation, Louisiana Asset Management Pool, Inc., whose officers include a President, normally the Treasurer of the State of Louisiana, and a Secretary/Treasurer who is charged with the day-to-day operations of the program. LAMP, Inc. is governed by a Board of Directors consisting of nine to fourteen members elected each year by the participating entities.

The LAMP is intended to improve administrative efficiency and increase investment yield of participating public entities. The LAMP's portfolio securities are valued at market value even though the amortized cost method is permitted by Rule 2a-7 of the Investment Company Act of 1940, as amended, which governs registered money market funds. Because the LAMP is not a money market fund, it has no obligation to conform to this rule. The investment objectives of the LAMP are to preserve capital and protect principal, maintain sufficient liquidity, provide safety of funds and investments, and maximize the return on the pool. The LAMP seeks to maintain a stable net asset value of \$1.00 per unit.

The dollar weighted average portfolio maturity of the LAMP assets is restricted to no more than 90 days and consists of no securities with a maturity in excess of 397 days. The LAMP is designed to be highly liquid to give its participants immediate access to their account balances. Investments in the LAMP are stated at fair value based on quoted market rates. The fair value is determined on a weekly basis by the LAMP and the fair value of the position of the pool is the same as the value of the pool shares.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

LAMP is rated AAAM by Standard & Poor's at October 31, 2013.

In accordance with GASB Statement No. 31, the Government recognized the net decrease in the fair value of investments for the year ended October 31, 2013 as detailed below. This amount takes into account all changes in fair value (including purchases and sales) that occurred during the year. The unrealized gain on investments held at October 31, 2013 and 2012 was \$43,606 and \$531,191, respectively.

	Primary Government	Fiduciary Funds
Lafayette City-Parish Consolidated Government	\$(531,344)	\$ (100)
LPPA	43,859	-
	\$(487,485)	\$ (100)

(5) Ad Valorem Taxes

Fund financial statements -

City of Lafayette:

Ad valorem taxes attach as an enforceable lien on property as of January 1 of each year. Taxes are levied by the City in April or May and are billed to taxpayers in November. The taxes are levied for the period of November 1 through October 31. Billed taxes become delinquent on January 1 of the year following the year they attach as an enforceable lien. Revenues from ad valorem taxes are budgeted and recognized as revenue in the year billed.

The City bills and collects its own property taxes using the assessed values determined by the Tax Assessor of Lafayette Parish. For the year ended October 31, 2013, taxes of 17.94 mills were levied on property with assessed valuations totaling \$1,298,554,207 and were dedicated as follows:

General corporate purposes	5.42 mills
Maintenance of public streets	1.29 mills
Maintenance of public buildings	1.13 mills
Recreation and parks	1.92 mills
Maintenance and operation of fire and police departments	8.18 mills

Total taxes levied were \$23,296,062. Taxes receivable at October 31, 2013 totaled \$697,097, all of which is considered uncollectible. Therefore, an allowance for uncollectible taxes was established for the entire balance, resulting in net taxes receivable of \$0.

Lafayette Parish:

Ad valorem taxes attach as an enforceable lien on property as of January 1 of each year. During the current fiscal year, taxes were levied by Lafayette Parish in August of 2012 and were billed to the taxpayers by the Assessor in November of 2012 for the period November 1, 2012 through October 31, 2013. Billed taxes are due by December 31, becoming delinquent on January 1 of the following year. Taxes are budgeted and the revenue recognized in the year following the assessment, which is the year for which the taxes are levied.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

The taxes are based on assessed values determined by the Tax Assessor of Lafayette Parish and are collected by the Sheriff. The taxes are remitted net of deductions for Pension Fund contributions. For the year ended October 31, 2013, taxes of 29.61 mills were levied on property with assessed valuations totaling \$1,767,973,082 and were dedicated as follows:

General corporate purposes, in city	1.52 mills
General corporate purposes	3.05 mills
Maintenance of buildings, roads, and bridges	19.60 mills
Debt service contingency	3.00 mills
Health unit maintenance	.94 mills
Mosquito control	1.50 mills

Total taxes levied during 2012 for 2013, exclusive of homestead exemptions, were \$47,726,466. Taxes receivable at October 31, 2013 totaled \$539,456, all of which is considered uncollectible. Therefore, an allowance for uncollectible taxes was established for the entire balance, resulting in net taxes receivable of \$0.

Government-wide financial statements -

Property taxes are recognized in the year for which they are levied, net of uncollectible amounts, as applicable.

(6) Due From Other Governmental Agencies

Amounts due from other governmental agencies consist of the following at October 31, 2013:

Fund financial statements:

Governmental funds -

Lafayette Parish School Board:

Sales and use taxes collected but not remitted \$ 7,226,877

Federal Grant funds 990,209

State of Louisiana:

Federal pass-through grant funds 1,856,219

State grant funds 1,231,245

Other 219,001

Total amount reported in governmental funds \$11,523,551

Proprietary funds -

FEMA grant funds \$ 1,862,606

US Department of Energy grant funds 1,234,069

State grant funds 359,523

Total amount reported in proprietary funds \$ 3,456,198

Government-wide financial statements:

Total amount reported in governmental funds \$11,523,551

Total amount reported in proprietary funds 3,456,198

Additional sales and use taxes due from Lafayette Parish School Board 6,976,367

\$21,956,116

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

(7) On-Behalf Payments for Salaries and Benefits

GASB Statement No. 24, *Accounting and Financial Reporting For Certain Grants and Other Financial Assistance* requires the Government to report and disclose in the financial statements on-behalf salary and fringe benefit payments made by the State of Louisiana to certain groups of Government employees.

Supplementary salary payments are made by the state directly to certain groups of employees. The Government is not legally responsible for these salaries. Therefore, the basis for recognizing the revenue and expenditure payments is the actual contribution made by the state. For the fiscal year ended October 31, 2013, the state paid supplemental salaries in the amount of \$2,924,472 to city marshal, fire, and law enforcement employees. The payments are recorded as intergovernmental revenue and public safety expenses/expenditures in the GAAP basis government-wide and General Fund financial statements.

(8) Restricted Assets - Enterprise Funds

Restricted assets of the Utilities System Fund were applicable to the following at October 31, 2013:

Bond reserve fund	\$ 23,397,218
Capital additions and contingencies fund	85,250,303
Bond construction fund	11,006,921
Customers' deposits	<u>8,053,279</u>
Total	<u>\$ 127,707,721</u>

Restricted assets of the Communications Services Enterprise Fund were applicable to the following at October 31, 2013:

Capital additions and contingencies fund	\$ 618,641
Bond construction fund	6,077,378
Customers' deposits	<u>98,235</u>
Total	<u>\$ 6,794,254</u>

Restricted assets of LPPA were applicable to the following at October 31, 2013:

Cash with paying agent	\$ 5,295,966
Bond reserve fund	9,751,976
Capital additions and contingencies	5,283,318
Bond construction fund	58,219,812
Fuel cost stability fund	<u>4,500,000</u>
Total	<u>\$ 83,051,072</u>

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

(9) Capital Assets

Capital asset activity for the year ended October 31, 2013 was as follows:

	Balance 11/01/12	Additions	Deletions	Balance 10/31/13
Governmental activities:				
Capital assets not being depreciated:				
Land	\$ 38,247,443	\$ 270,047	\$ -	\$ 38,517,490
Construction in progress	30,874,317	24,104,541	23,298,353	31,680,505

(10) Interfund Balances

Interfund balances at October 31, 2013 consist of the following:

	Due from	Due to
Major funds:		
General Fund	\$ 3,771,741	\$ 1,089,171
Sales Tax Capital Improvements	4,312,314	89,419
Nonmajor governmental funds:		
Special revenue funds	1,098,048	8,469,615
Debt service funds	712,563	1,013,103
Capital projects funds	731,672	148,214
Enterprise funds:		
Utilities System	3,458,593	2,729,101
Communications System	584,279	1,156,309
Lafayette Public Power Authority	-	1,347,309
Other	1,362,101	-
Internal service funds	10,930	-
	<u>\$16,042,241</u>	<u>\$16,042,241</u>

These balances resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

(11) Interfund Transfers

Internal transfers for the year ended October 31, 2013 consist of the following:

	<u>Transfers In</u>	<u>Transfers Out</u>
Major funds:		
General Fund	\$ 14,894,147	\$ 21,911,124
Sales Tax Capital Improvements	1,206,721	709,887
Nonmajor governmental funds:		
Special revenue funds	9,226,677	7,826,318
Debt service funds	5,944,422	880,588
Capital projects funds	-	1,108,359
Enterprise funds:		
Utilities System Fund	-	-
Communications System Fund	-	-
Other	1,161,223	-
Fiduciary Funds	3,086	-
	<u>\$ 32,436,276</u>	<u>\$ 32,436,276</u>

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund required, and (3) use unrestricted revenues collected in one fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

(12) Receivable and Payable Between Primary Government and Component Units

Receivable and payable balances at October 31, 2013 between the primary government and component units in the fund financial statements were as follows:

	<u>Receivable</u>	<u>Payable</u>
Primary Government:		
General Fund	\$ 177,735	\$ 73,188
Other enterprise funds	1,879	-
Component Units:		
Criminal Court	-	154,232
Police Pension and Relief Fund	1,372	-

Notes to the Basic Financial Statements (Continued)

(13) Transactions Between Primary Government and Discretely Presented Component Units

The following transactions between the primary government and its discretely presented component units for the year ended October 31, 2013 are reported as external transactions in the government-wide statement of activities:

Governmental activities:

Transfer to Criminal Court to subsidize operations	\$(2,556,634)
Transfer to Cajundome Commission to subsidize operations	(500,000)
Transfer from Cajundome Commission for assignment of capital assets	479,963
Transfer to Police Pension and Relief Fund to subsidize operations	(269,905)
Transfer from Lafayette Parish Communications District to fund operations	16,018
Transfer to Lafayette Parish Communications District for tower rental	(100,000)
Transfer loan collections to Downtown Development Authority as budgeted	(1,181)
Transfer First Time Homebuyer Program to Lafayette Public Trust Financing Authority	(3,783,560)
Transfer from Downtown Development Authority to help fund road and bridge maintenance	32,277
Total	\$(6,683,022)

(14) Interfund Loan – Note Receivable/Note Payable

The Communications System, operating as a separate system independent of the Utilities System, issued \$110,405,000 of Series 2007 Communications System Revenue Bonds on June 28, 2007 to provide funds for the Communications Project. The Communications Project includes (i) the construction of a communications network within the City and surrounding areas, (ii) the Fiber to the Home (“FTTH”) electronics which integrates the voice, video and data signals onto the fiber network and separates the signals for use at the customer premise, (iii) a cable television head-end facility, where incoming signals are amplified, converted, processed, and combined for transmission to customers, (iv) a telephone switch, (v) a network operations center where control and monitoring of the communications system takes place, (vi) internet servers and equipment, (vii) costs of issuance, (viii) capitalized interest, and (ix) working capital.

In addition to the sale of bonds to fund the Communications Project, the Communications System entered into various notes payable to the Utilities System for costs associated with the start-up of the new Communications System which were advanced by the Utilities System. During 2011, the notes were restructured in order to provide for a more consistent pay-out term and to reduce the interest rate to current market yields. Additionally, during the fiscal year ended October 31, 2013, the imputed tax note balances were reduced in order to correct a prior year error in the calculation of the imputed taxes.

The total of the notes is reported as an interfund loan – note receivable in the Utilities System Fund and an interfund loan – note payable in the Communications System Enterprise Fund.

Note Payable - Fiber Assets - This note covers the reimbursement to the Utilities System for the transfer of its fiber optic network, including various related vehicles and equipment, and its fiber inventory to the Communications Services Enterprise Fund. The original note payable was \$9,073,734 with a rate of 5.08% per annum for 25 years. As result of the restructuring, the Fiber Assets note in the amount of \$12,472,186 is payable in 20 years with annual payments ranging from \$249,444 through \$1,275,662 including interest at 4.0% beginning November 1, 2013.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

Note Payable - Start-up Costs - In accordance with La. R.S. 45:844.52(C) (2), funds advanced by the City General Fund or other enterprise fund for start-up costs of the Communications System must be repaid at interest rates and on terms and conditions available to private enterprises in the open market. As such, the Communications System executed a note payable dated June 29, 2007 in favor of the Utilities System in the amount of \$2,418,562 for the repayment of start-up costs at a rate of 6.45% per annum for 20 years. Start-up costs include legal, engineering, and other professional services, cost of a feasibility study, bond ratings, and other costs associated with obtaining financing occurred during the period of July 7, 2004 through June 28, 2007. As a result of the restructuring, the start-up costs and the 2007 expenses note balances were combined into one note balance of \$3,500,891 payable in 20 years with annual payments ranging from \$70,018 through \$320,549 including interest at 4.0% beginning November 1, 2013.

Note Payables - Imputed Taxes - These notes cover the amount to be paid to the Utilities System for imputed taxes which are obligated to be included in its rates an amount equal to all taxes, fees, and other assessments that would be applicable to a similarly situated private provider of the same services in accordance with the Louisiana Public Service Commission (LPSC) Cost Allocation and Affiliate Transaction Rules as adopted by the LPSC on September 14, 2005. The applicable imputed taxes include: property, franchise, and sales taxes. The note payable dated September 1, 2011 is equal to the 2009 and 2010 imputed taxes of \$5,244,704, payable in 20 years with annual payments of \$394,511 including interest at 4.5% beginning November 1, 2013. The note payable dated November 1, 2012 is equal to the 2011 imputed taxes of \$2,317,320, payable in 20 years with annual payments of \$197,230 including interest at 3.5% beginning November 1, 2017. Due to the error in computing the imputed taxes for the 2009 through 2012 fiscal years, the notes were reduced. The note for 2009 and 2010 taxes is \$3,139,464, payable in 20 years with annual payments ranging from \$62,789 through \$284,355, including interest at 4.0% beginning November 1, 2013. The note for 2011 taxes is \$1,571,967, payable in 20 years with annual payments ranging from \$31,439 through \$142,401, including interest at 4.0% beginning November 1, 2013. The note for 2012 taxes is \$1,202,261, payable in 21 years with annual payments ranging from \$24,045 through \$101,387, including interest at 4.0% beginning November 1, 2013.

Note Payable - 2011 Operating Loan - This note dated September 1, 2011, provides additional funds for operations in the amount of \$5,986,390. The terms of the note provided for annual interest payments through November 1, 2032 at 4.5%. Beginning November 1, 2033, the terms of the note provided for annual payments of \$1,668,668, including interest at 4.5%, through November 1, 2036. During the fiscal year ended October 31, 2013, the note was restructured to include 21 payments ranging from \$144,728 through 471,523, including interest at 4.0% beginning November 1, 2013.

The annual debt service requirements to maturity of these notes outstanding at October 31, 2013 follows:

Year	Principal	Interest	Total
2014	\$ 25,000	\$ 557,463	\$ 582,463
2015	50,000	1,113,926	1,163,926
2016	75,000	1,111,926	1,186,926
2017	100,000	1,108,926	1,208,926
2018	442,067	1,104,926	1,546,993
2019 - 2023	5,754,052	5,088,086	10,842,138
2024 - 2028	9,417,878	3,562,508	12,980,386
2029 - 2033	11,458,288	1,521,095	12,979,383
2034	550,875	22,034	572,909
	<u>\$ 27,873,160</u>	<u>\$ 15,190,890</u>	<u>\$ 43,064,050</u>

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

(15) Operating Leases

Discretely Presented Component Units:

The Lafayette Regional Airport leases buildings, hangars, land and terminal space to a number of tenants. Due to the nature of those leases, they are all classified as operating leases. The following is a schedule of minimum future rentals on non-cancelable operating leases as of December 31, 2012 (fiscal year included in this report):

Year Ended December 31	
2013	\$ 2,922,388
2014	2,668,366
2015	2,186,312
2016	2,052,410
2017	1,984,049
Thereafter	<u>8,588,602</u>
Total minimum future rentals	<u>\$ 20,402,127</u>

Certain rentals included above relate to tenants with scheduled annual CPI adjustments. Those annual adjustments could not be determined. Therefore, the 2012 rents were used for all years.

(16) Long-Term Liabilities

Primary Government

City of Lafayette:

Revenue Bonds/Certificates of Indebtedness - The City issues bonds/certificates which are repaid from specific revenue sources, either sales taxes or income derived from proprietary funds. Proceeds are used for the acquisition and construction of major capital facilities of both governmental and business-type activities. The bonds expected to be paid from business-type revenues are reported in the proprietary funds. Revenue bonds have also been issued to refund other revenue bonds.

Taxable Refunding Bonds - The City issued taxable refunding bonds to refund the outstanding notes with the Firefighters and Municipal Police Employees Retirement Systems. The Bonds are secured by and payable solely from a pledge and dedication of the excess of annual revenue above statutory, necessary and usual charges in each of the fiscal years during which the Bonds are outstanding.

Lafayette Parish Government:

General Obligation Bonds/Certificates of Indebtedness - The Parish issues general obligation bonds/certificates to provide funds for the acquisition and construction of major capital facilities. These bonds are direct obligations and pledge the full faith and credit of the Parish.

	\$ 96,585,000	\$55,434,210	\$152,019,210

Bond Refunding

On January 11, 2013, the Government issued \$153,960,000 of Utilities Revenue Refunding Bonds, Series (interest rate of 4.0% to 5.0% maturing in 2028) to advance refund \$167,810,000 of \$183,410,000 of outstanding Utilities Revenue Bonds, Series 2004 (interest rate of 4.0% to 5.25% maturing in 2029). The net proceeds of \$184,532,009 (after premiums of \$30,598,063, payment of issuance costs and deposit of \$15,904,000 to the debt service reserve fund) plus an additional \$1,212,063 of 2004 Series bonds reserve monies were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the refunded Series 2004 bonds. Therefore, the liability for the portion of 2004 Series bonds refunded has been removed from the financial statements. As a result of the refunding, the Government reduced its total debt service requirements by \$24,117,023, which resulted in an economic gain (difference between the present values of the debt service payments on the old and new debt) of \$21,121,410.

The advance refunding resulted in a difference between the reacquisition price and the net carrying amount of the old debt of \$13,754,720. The difference, reported in the accompanying financial statements as a deduction from bonds payable, will be charged to operations through the year 2028. The loss amortization for the year ended October 31, 2013 was \$1,057,688. The remaining unamortized loss at October 31, 2013 was \$12,697,032.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

Prior Year Debt Defeasance

The Government has defeased certain revenue bonds by placing the proceeds of new bonds in irrevocable trusts to provide for all future debt service payments on old bonds. Accordingly, the trust accounts' assets and the liabilities for the defeased bonds are not included in the Government's financial statements. At October 31, 2013, the following bonds are considered defeased:

Primary government:

City sales tax revenue bonds:

1961 sales tax	\$ 5,650,000
1985 sales tax	13,955,000
Parish general obligation bonds	16,630,000
	<u>\$ 36,235,000</u>

Discretely presented component units:

Lafayette Public Trust Financing Authority	\$ 900,000
--	------------

(17) Authorization for Sale of Additional Bonds

At elections held on April 4, 1981, July 20, 1985 and July 17, 1997, voters of the City of Lafayette approved the issuance of additional sales tax revenue bonds. At October 31, 2013, the remaining approved amounts are as follows:

	1961 Sales Tax	1985 Sales Tax
Street improvements	\$ 72,108,491	\$ 57,505,306
Drainage improvements	10,221,025	16,069,030
Recreation/parks improvements	2,186,510	4,703,664
North University Underpass	2,762,141	-
Public buildings	203,833	-
Total	\$ 87,482,000	\$ 78,278,000

(18) Risk Management

The Government is exposed to various risks of loss, which are handled through internal service funds as described below:

Self-Insurance Fund

In November 1, 1979, the Government became self-insured with regard to workers' compensation, general liability, law enforcement, errors and omissions, automobile liability, automobile physical damage and property. The Self-Insurance Fund was established to account for claims, expenses, and administrative costs related to these self-insured and retained risks. The fund uses a third party administrator to service and estimate claim losses and uses both in-house legal staff and outside counsel for defense of self-insured claims. Excess risk or stop-loss coverage is used to limit retained risk where feasible and the cost of such coverage is also paid through the Risk Management Fund. The following is a summary of the Government's self-insured retentions.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

Workers' compensation	
Police and Fire	\$ 750,000
Other	\$ 500,000
General liability	Unlimited
Errors and omissions	Unlimited
Automobile liability	Unlimited
Fleet collision	Unlimited
Property:	
Power plant	\$ 500,000
Other	\$ 50,000

As an internal service activity, the Self Insurance Fund is a proprietary fund in which both current and long-term liabilities for claims and losses are recognized and reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Claim liabilities are based upon the estimated ultimate cost of settling the claims including specific, incremental claim adjustment expenses, salvage, and subrogation and considering the effects of inflation and recent claim settlement trends including frequency and amount of payouts and other economic and social factors. Liabilities include an amount for claims that have been incurred but not reported (IBNRs). The Government currently does not discount its claims liabilities.

The following is a summary of changes in claims liability for the year ended October 31, 2013:

	2013	2012
Unpaid claims liability, beginning	\$ 10,951,174	\$ 9,019,337
Current year claims and changes in estimates	3,464,735	5,720,749
Claims paid	(3,806,441)	(3,788,912)
Unpaid claims liability, ending:	\$ 10,609,468	\$ 10,951,174
Claims due within one year	6,296,792	5,063,048
Claims payable after one year	4,312,676	5,888,126
	\$ 10,609,468	\$ 10,951,174

Although the Government's Self-Insurance Fund is operated on a unitary basis, contributions for premiums, reserves and losses for coverage is divided between those applicable to the Government's utilities and communications systems and those applicable to non-utility funds (funded primarily from General Fund revenues). These contributions are also reported as external transactions. The net position at October 31, 2013 is applicable to utility and non-utility activity as follows:

Net position:	
Utilities	\$ (2,318)
Communications	(149,034)
Other	(10,706,341)
Total	\$ (10,857,693)

Each year, the Utilities and Communications systems and those non-utility funds reimburse the Self-Insurance Fund based on the prior year actual losses.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

Group Hospitalization Fund

During the fiscal year ending October 31, 1988, the City became self-insured for group hospitalization, at which time a Group Hospitalization Fund was established to account for claims, expenses, and administrative costs related to these self-insured and retained risks. Upon consolidation in September of 1996, the Parish employees were included in the program. Both employer's and employees' portions of premiums are paid into the Group Hospitalization Fund and are available to pay claims and administrative costs. Excess risk or stop-loss coverage is used to limit retained risk where feasible and the cost of such coverage is also paid through the Group Hospitalization Fund. The stop-loss retention is limited to \$150,000 per person. The insurance policy provides a maximum benefit of \$1,850,000 per person per year.

As an internal service activity, the Group Hospitalization Fund is a proprietary fund in which liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Claim liabilities are based upon the estimated ultimate cost of settling the claims including specific, incremental claim adjustment expenses, salvage, and subrogation and considering the effects of inflation and recent claim settlement trends including frequency and amount of payouts and other economic and social factors. Liabilities include an amount for claims that have been incurred but not reported (IBNRs). The Government currently does not discount its claims liabilities.

Changes in the balances of claims liabilities (all due in one year) during the last two years ended October 31 are as follows:

	2013	2012
Claims liability, beginning	\$ 1,688,937	\$ 2,076,662
Current year claims and changes in estimates	16,922,163	15,752,224
Claims paid	(17,251,775)	(16,139,949)
Claims liability, ending	\$ 1,359,325	\$ 1,688,937

Claims payable for group hospitalization of \$1,359,325 at October 31, 2013 was determined as follows:

1. Claims incurred prior to October 31, 2013 and paid subsequently:

Paid as of	Amount	
November 2013	\$ 908,159	
December 2013	188,616	
January 2014	125,388	1,222,163
2. Provision for claims incurred but not reported		137,162
Total claims payable		\$ 1,359,325

The provision for claims incurred but not reported of \$137,162 was calculated utilizing historical information adjusted for current trends.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

(19) Commitments and Contingencies

A. Contingent Liabilities

The Government is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the Consolidated Government's attorneys, any judgments rendered in favor of the plaintiff or payments resulting from compromise settlements, if any, will be within the limits of the various insurance coverages carried by the Consolidated Government or funded through its self-insurance program.

B. Grant Audits

The Government receives grants for specific purposes that are subject to review and audit by the agencies providing the funding. Such audits and reviews could result in expenses being disallowed under the terms and conditions of the grants. In the opinion of management, such disallowances, if any, would be immaterial.

C. Arbitrage Rebate

Section 148 of the Internal Revenue Code of 1986, as amended, requires that issuers of tax-exempt debt make arbitrage calculations annually on bonds issued after August 31, 1986 to determine whether an arbitrage rebate liability exists between the issuer and the U.S. Department of the Treasury. Arbitrage is the difference (or profit) earned from borrowing funds at tax-exempt rates and investing the proceeds in higher yielding taxable securities.

Based upon arbitrage rebate calculations made as of October 31, 2013, it was determined that no liability existed at October 31, 2013.

D. Construction Commitments

At October 31, 2013, the Government had several uncompleted construction contracts. The remaining commitment on these contracts was \$5,727,270.

E. Purchase Commitments

On March 26, 2012 the LPPA and the Louisiana Energy and Power Authority (LEPA) entered into a two-year contract with Arch Coal Sales Company, Inc. which expires on December 31, 2014. The LPPA's share of the contract tonnage to be purchased is 1,800,000 tons.

The terms of the contracts and annual quantities to be purchased are as follows:

<u>Calendar Year</u>	<u>Annual Quantity</u>	<u>Committed Cost</u>	<u>Purchase Commitment</u>
2013	900,000	12.00	10,800,000
2014	900,000	13.00	11,700,000
	<u>1,800,000</u>		<u>\$ 22,500,000</u>

The contract price per ton is to be adjusted quarterly based upon the changes in certain economic indices stated in the contract. As of October 31, 2013, LPPA purchased 786,153 tons at \$12 per ton for a total cost of \$9,433,836 under the calendar year 2013 contract.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

(20) Contract for Purchase of Power

On May 1, 1977, the City of Lafayette entered into a power sales contract with the LPPA for purchase of all electric power and energy which is capable of generation from LPPA's 50% ownership interest in a fossil fuel steam electric generating plant near Boyce, Louisiana. The generating unit has a net generating capability of approximately 530 MW.

Under the terms of the power sales contract, which will terminate on April 30, 2017, the City makes monthly payments sufficient to cover: all debt service of LPPA (including debt service reserve requirements); the amount which LPPA is required under its bond resolution(s) to pay or set aside during such month into any other fund or account established by the bond resolutions including working capital funds; any payments which LPPA is required to make for the cost of renewals, replacements or preventive maintenance of the facility; and the costs of producing or delivering power and energy during such month (including general and administrative expenses, but excluding depreciation). Such payments will continue throughout the term of the contract whether or not the unit is operable or whether power or energy is being delivered to the City under the terms of the contract.

(21) Post Retirement Health Care Benefits

**Plan Description:** The Lafayette Consolidated Government's medical benefits are provided through insured programs and are made available to employees upon actual retirement.

Employees are covered by four different Retirement Systems: Municipal Employees Retirement System (MERS), whose retirement eligibility (D.R.O.P. entry) provisions are as follows: 25 years of service at any age; or, age 60 and 10 years of service; Parochial Employees Retirement System (PERS), whose retirement eligibility (D.R.O.P. entry) provisions are as follows: 30 years of service at any age; age 55 and 25 years of service; age 60 and 10 years of service; or, age 65 and 7 years of service; Firefighters' Retirement System (FRS), whose retirement eligibility (D.R.O.P. entry) provisions are as follows: 25 years of service at any age; or, age 50 and 20 years of service; and, the Municipal Police Employees' Retirement System (MPERS), whose retirement eligibility (D.R.O.P. entry) provisions are as follows: 25 years of service at any age; age 50 and 20 years of service; or, age 55 and 12 years of service. The plan provisions are contained in the official plan documents.

**Contribution Rates:** Employees do not contribute to their post employment benefits costs until they become retirees and begin receiving those benefits. The contribution rates are contained in the official plan documents.

**Funding Policy:** Until 2007, the Government recognized the cost of providing post-employment medical (the Government's portion of the retiree medical benefit premiums) as an expense when the benefit premiums were due and thus financed the cost of the post-employment benefits on a pay-as-you-go basis. Effective fiscal year beginning November 1, 2007, the Government implemented Government Accounting Standards Board Statement Number 45, *Accounting and Financial Reporting by Employers for Post employment Benefits Other than Pensions* (GASB 45).

In the fiscal year ending October 31, 2013, the Government's portion of health care funding cost for retired employees totaled \$1,656,165. This amount was applied toward the Net OPEB Obligation as shown in the following table.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

Annual Required Contribution: The Government's other postemployment benefit (OPEB) cost is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with GASB 45. The ARC is the sum of the normal cost plus the contribution to amortize the unfunded actuarial liability (UAAL). A level-dollar, open amortization period of 30 years (the maximum amortization period allowed by GASB 45) has been used for the post-employment benefits. The actuarially computed ARC is as follows:

Normal Cost	\$ 617,940
30-year UAL amortization amount	<u>1,448,865</u>
Annual required contribution	<u>\$ 2,066,805</u>

The following table shows the components of the Government's annual OPEB cost for the year, the amount contributed to the plan, and the changes in the Government's net OPEB obligation:

Annual required contribution	\$ 2,066,805
Interest on Net OPEB Obligation	135,974
ARC adjustment	<u>(196,585)</u>
Annual OPEB cost (expense)	2,006,194
Contributions made	-
Current year retiree premium	<u>(1,656,165)</u>
Increase in net OPEB obligation	350,029
Net OPEB obligation - beginning of year	<u>3,399,360</u>
Net OPEB obligation - end of year	<u>\$ 3,749,389</u>

The Government's annual OPEB cost, the percentage of the annual OPEB cost contributed to the plan, and the net OPEB obligation as of 2011, 2012, and 2013 follows:

Fiscal Year Ended	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
10/31/2011	\$ 1,700,163	64.17%	\$ 2,999,007
10/31/2012	\$ 1,933,839	79.30%	\$ 3,399,360
10/31/2013	\$ 2,006,194	82.55%	\$ 3,749,389

Funded Status and Funding Progress: In the fiscal year ending October 31, 2013, the Government made no contributions to its post employment benefits plan. The plan was not funded, has no assets, and hence has a funded ratio of zero. Based on the November 1, 2011 actuarial valuation, the most recent valuation, the Actuarial Accrued Liability (AAL) at the end of the year October 31, 2013 was \$25,053,530, which is defined as that portion, as determined by a particular actuarial cost method (the Government used the Projected Unit Credit Cost Method), of the actuarial present value of post employment plan benefits and expenses which is not provided by normal cost.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

Actuarial Accrued Liability (AAL)	\$ 25,053,530
Actuarial Value of Plan Assets	<u>-</u>
Unfunded Act Accrued Liability (UAAL)	<u>\$ 25,053,530</u>
Funded Ratio (Act Val. Assets/AAL)	0.00%
Covered payroll (active plan members)	\$100,701,898
UAAL as a percentage of covered payroll	24.88%

The schedule of funding progress included in required supplementary information following the notes to the financial statements presents multi-year trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits. Because GASB 45 allows bi-annual valuations, no actuarial valuation has been performed since November 1, 2011.

**Actuarial Methods and Assumptions:** Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. The actuarial valuation for post employment benefits includes estimates and assumptions regarding (1) turnover rate; (2) retirement rate; (3) health care cost trend rate; (4) mortality rate; (5) discount rate (investment return assumption); and (6) the period to which the costs apply (past, current, or future years of service by employees). Actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future.

The actuarial calculations are based on the types of benefits provided under the terms of the substantive plan (the plan as understood by the Government and its employee plan members) at the time of the valuation and on the pattern of sharing benefit costs between the Government and its plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations on the pattern of cost sharing between the Government and plan members in the future. Consistent with the long-term perspective of actuarial calculations, the actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial liabilities and the actuarial value of assets.

**Actuarial Cost Method:** The ARC is determined using the Projected Unit Credit Cost Method. The employer portion of the cost for retiree medical care in each future year is determined by projecting the current cost levels using the healthcare cost trend rate and discounting this projected amount to the valuation date using the other described pertinent actuarial assumptions, including the investment return assumption (discount rate), mortality, and turnover.

**Actuarial Value of Plan Assets:** As of the valuation date, there are not any assets. It is anticipated that in future valuations a smoothed market value consistent with Actuarial Standards Board ASOP 6, as provided in paragraph number 125 of GASB Statement 45.

**Turnover Rate:** An age-related turnover scale based on actual experience as described by administrative staff has been used. The rates, when applied to the active employee census, produce an annual turnover of approximately 13.75%. Based on plan experience, it has also been assumed that 10% of retirees decline health insurance upon retirement because of the required retiree premium.

**Post employment Benefit Plan Eligibility Requirements:** It is assumed that entitlement to benefits will commence six years after earliest eligibility to enter the D.R.O.P. as described above under the heading "Plan Description". This consists of three to five years in D.R.O.P. in combination with an additional one to three years delay. Medical benefits are provided to employees upon actual retirement.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

**Investment Return Assumption (Discount Rate):** GASB Statement 45 states that the investment return assumption should be the estimated long-term investment yield on the investments that are expected to be used to finance the payment of benefits. Based on the assumption that the ARC will not be funded, a 4% annual investment return has been used in this valuation.

**Health Care Cost Trend Rate:** The expected rate of increase in medical cost is based on projections performed by the Office of the Actuary at the Centers for Medicare & Medicaid Services as published in National Health Care Expenditures Projections: 2003 to 2013, Table 3: National Health Expenditures, Aggregate and per Capita Amounts, Percent Distribution and Average Annual Percent Change by Source of Funds: Selected Calendar Years 1990-2013, released in January, 2004 by the Health Care Financing Administration (www.cms.hhs.gov). "State and Local" rates for 2008 through 2013 from this report were used, with rates beyond 2013 graduated down to an ultimate annual rate of 5.0% for 2016 and later.

**Mortality Rate:** The 1994 Group Annuity Reserving (94GAR) table, projected to 2002, based on a fixed blend of 50% of the unloaded male mortality rate and 50% of the unloaded female mortality rates, was used. This is a published mortality table which was designed to be used in determining the value of accrued benefits in defined benefit pension plans.

**Method of Determining Value of Benefits:** The "value of benefits" has been assumed to be the portion of the premium after retirement date expected to be paid by the employer for each retiree and has been used as the basis for calculating the actuarial present value of OPEB benefits to be paid. The medical rates provided are "blended" rates for active and retired. Since "unblended" rates are required by GASB 45 for valuation purposes, we have estimated the unblended retiree rates for pre-Medicare eligibility as being 130% of the blended rates. Coverage is provided for retirees only, not dependents, and ceases after Medicare eligibility.

**Post-retirement Benefit Increases:** The plan benefit provisions in effect for retirees as of the valuation date have been used and it has been assumed for valuation purposes that there will not be any changes in the future.

**Inflation Rate:** Included in both the investment return assumption and the healthcare cost trend rates above is an implicit inflation assumption of 2.50% annually.

**Projected Salary Increases:** This assumption is not applicable since neither the benefit structure nor the valuation methodology involves salaries.

(22) Employee Retirement Systems

The Government participates in the Municipal Employees Retirement System (MERS), Parochial Employees' Retirement System (PERS), State of Louisiana - Municipal Police Employees' Retirement System (MPERS) and State of Louisiana - Firefighters' Retirement System (FRS). These systems are cost-sharing, multi-employer retirement systems which cover virtually all Lafayette Consolidated Government employees. Substantially all Government employees participate in one of the following retirement systems:

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

A. Municipal Employees' Retirement Systems (MERS)

Plan description: Employees are eligible to retire under Plan A of the System at age 60 with 10 years of creditable service, or at any age with 25 years of creditable service. Monthly benefits consist of 3% of a member's final compensation, multiplied by years of service with certain limitations. The System also provides disability and survivor benefits. All benefits are established by state statute. MERS issues a publicly available financial report that includes the required supplemental information. That report may be obtained by writing to Municipal Employees' Retirement System of Louisiana, 7937 Office Park Boulevard, Baton Rouge, Louisiana 70809.

Funding policy: Plan members were required to contribute 9.25% through June 30, 2013 and 9.50% beginning July 1, 2013 of their annual covered salary and the Government is required to contribute at an actuarially determined rate. The employer contribution rate was 17.00% through June 30, 2013 and 18.75% beginning July 1, 2013. The contribution requirements of plan members and the Government are established by statute. The Government's contributions to MERS for the years ended October 31, 2013, 2012, and 2011 were \$3,513,288, \$3,383,712, and \$2,812,354, respectively, equal to the required contribution each year.

B. Parochial Employees' Retirement System (PERS)

Plan description: Members of the plan may retire with 30 years of creditable service regardless of age, with 25 years of service at age 55, and with 10 years of service at age 60. Benefit rates are 1% of final compensation (average monthly earnings during the highest 36 consecutive months, or joined months if service was interrupted) plus \$2.00 per month for each year of service credited prior to January 1, 1980, and 3% of final compensation for each year of service after January 1, 1980. The System also provides disability and survivor benefits. Benefits are established by state statute. PERS issues a publicly available financial report that includes the required supplemental information. That report may be obtained by writing to Parochial Employees' Retirement System of Louisiana, Post Office Box 14619, Baton Rouge, Louisiana 70898.

Funding policy: Plan members are required to contribute 9.50% of their annual covered salary to the plan and the Government is required to contribute at an actuarially determined rate. The rate was 15.75% through June 30, 2013 and 16.75% beginning July 1, 2013. The contribution requirements of plan members and the Government are established by statute. The Government's contribution to PERS for the years ended October 31, 2013, 2012, and 2011 were \$5,863,778, \$6,010,588, and \$6,081,449, respectively, equal to the required contribution each year.

C. State of Louisiana - Municipal Police Employees' Retirement System (MPERS)

Plan description: Members may retire at age 50 with at least 20 years of credited service, or at age 55 with at least 12 years of credited service. Benefit rates are 3-1/3 percent of a member's average final compensation, multiplied by the employee's years of credited service. The System also provides death and disability benefits. Benefits are established by state statute. The MERS issues a publicly available financial report that includes the required supplemental information. That report may be obtained by writing to Municipal Police Employees' Retirement System, 7722 Office Park Boulevard, Suite 200, Baton Rouge, Louisiana 70809-7601.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

Funding policy: Plan members are required to contribute 10.00% of their annual covered salary and the Government is required to contribute at a rate established by State statute. The rate was 31.00% for the fiscal year ended October 31, 2013. The Government's contributions to MERS for the years ended October 31, 2013, 2012, and 2011 were \$3,940,495, \$3,701,351, and \$3,403,155, respectively, equal to the required contribution for each year.

D. State of Louisiana – Firefighters' Retirement System (FRS)

Plan description: Members of the plan may retire at age 50 with at least 20 years of credited service, age 55 with at least 12 years of credited service, or at least 25 years of credited service at any age. Benefits are 3-1/3 percent of a member's average final compensation, multiplied by the employee's years of credited service. The System also provides death and disability benefits. Benefits are established by state statute. The Firefighters' Retirement System issues a publicly available financial report that includes the required supplemental information. That report may be obtained by writing to Firefighters' Retirement System, Post Office Box 94095 Capital Station, Baton Rouge, Louisiana 70804-9095.

Funding policy: Plan members are required to contribute 8.00% through June 30, 2013 and 10.00% beginning July 1, 2013 of their annual covered salary and the Government is required to contribute at an actuarially determined rate. The rate was 24.00% through June 30, 2013 and 28.25% beginning July 1, 2013. The contribution requirements of plan members are established and may be amended by the System's Board of Trustees. The Government's contributions to FRS for the years ended October 31, 2013, 2012, and 2011 were \$2,587,392, \$2,446,162, and \$2,318,930, respectively, equal to the required contribution for each year.

(23) Lawsuit Settlement

On July 11, 2008, a final settlement was reached whereby the Lafayette City Parish Consolidated Government agreed to pay the plaintiffs of a class action lawsuit a total settlement of \$7,500,000, including attorney fees and costs. The terms of the settlement required an initial payment of \$2,200,000 and the remaining balance to be paid in six (6) annual installments. As of October 31, 2013, the final installment of \$830,518 has been recorded as a liability/expenditure in the fund financial statements of the City of Lafayette - General Fund.

(24) Environmental Liabilities and Regulations

A. LUS

The site upon which the City's first power generation plant was once located has been identified as containing environmental contamination. In 1979, the City built an electrical substation on the site after the 80 year old generation plant was destroyed by fire. While performing electrical upgrades to the substation in 1991, the City discovered traces of petroleum products and began an investigation as to the source of the contaminants and the extent of contamination. As a result of extensive testing on the substation site and adjacent properties, it appears that the source of the contamination is likely to have been caused from underground storage tanks which once contained fuel oil and diesel fuel used in the generation of electrical power by the former utility plant.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

The City currently is working with the Louisiana Department of Environmental Quality (LaDEQ) to determine what, if any, further remediation or testing at the site will be required. LaDEQ's Risk Evaluation and Corrective Action Program or "RECAP" now governs the remediation that may be required. While all investigations performed in the past were done with the approval of the LaDEQ, the RECAP regulations require testing and analyses not required during the initial investigations. The City is in the process of performing the required additional investigations at the site. The LaDEQ continues to be involved with all aspects of the project. Approval will be obtained from the LaDEQ prior to any additional investigation.

Based on information currently available, it appears that the site will require some minimal remediation and future monitoring. Costs for those tasks are estimated at \$60,000 and are accrued in the Utilities System Fund at October 31, 2013.

B. LPPA

The Authority is subject to federal, state and local laws and regulations governing the protection of the environment. Violations of these laws and regulations may result in substantial fines and penalties. The Authority has obtained the environmental permits necessary for its operation, and management believes the Authority is in compliance in all material respects with these permits, as well as all applicable environmental laws and regulations. Environmental requirements affecting electric power generation facilities are complex, change frequently, and have become more stringent over time as a result of new legislation, administrative actions, and judicial interpretations. Therefore, the capital costs and other expenditures necessary to comply with existing and new environmental requirements are difficult to determine.

The Environmental Protection Agency (EPA) has proposed and adopted rules under the authority of the Clean Air Act (CAA) relevant to the emissions of sulfur dioxide (SO<sub>2</sub>) and nitrogen oxide (NO<sub>x</sub>) from the Authority's generating units. The CAA established the Acid Rain Program to address the effects of acid rain and imposed restriction on SO<sub>2</sub> emissions from certain generating units. The CAA requires these generating units to possess a regulatory "allowance" for each ton of SO<sub>2</sub> emitted beginning in the year 2000. The EPA allocates a set number of allowances to each affected unit based on its historic emissions. As of October 31, 2012, the Authority had sufficient allowances for 2012 operations and expects to have sufficient allowances for 2013 operations under the Acid Rain Program. The Acid Rain Program also established emission rate limits on NO<sub>x</sub> emissions for certain generating units. The Authority is able to achieve compliance with the Acid Rain Program permit limits for NO<sub>x</sub> at the Rodemacher Unit. On July 6, 2011, the EPA finalized a rule titled "Federal Implementation Plans to Reduce Interstate Transport of Fine Particulate Matter and Ozone" known as CSAPR that would require significant reductions in SO<sub>2</sub> and NO<sub>x</sub> emissions from electric generating units (EGUs) in 28 states, including Louisiana. Under CSAPR, the EPA would set total emissions limits for each state allowing limited interstate (and unlimited intrastate trading) of emission allowances among power plants to comply with these limits beginning January 1, 2012. Specifically for Louisiana, CSAPR would limit NO<sub>x</sub> emissions for the ozone season, consisting of the months of May through September.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

On December 30, 2011, in response to numerous petitions by both state and industry participants, the D. C. Circuit Court of Appeals issued an order staying implementation of CSAPR pending resolution of legal challenges to the rule. The Court further ordered that the Clean Air Interstate Rule, a predecessor rule to CSAPR, remain in place while CSAPR is stayed. Oral arguments are scheduled to be heard in April 2012 and the Court could decide the case as early as the summer of 2012. The Authority is considering various options for meeting the NOx allocation established by CSAPR for the Rodemacher Unit in the event the stay is eventually lifted. These options include the installation of additional emission controls and the implementation of alternate dispatch schedules for generation units.

The EPA also has adopted rules under Section 112 of the CAA governing the emissions of mercury and other hazardous air pollutants from certain EGUs. The EPA established maximum achievable control technology (MACT) standards for coal-fired EGUs in late 2011, and signed a final rule setting forth national emissions standards for hazardous air pollutants from coal- and oil-fired electric utility steam generating units on December 16, 2011. The final rule is now known as MATS. MATS requires affected EGUs to meet specific numeric emission standards and work practice standards to address hazardous air pollutants.

In order to comply with these regulations, the Authority's 50% share of costs is approximately \$74,600,000. Compliance with CSAPR is estimated to be completed during the 2012-2013 fiscal year at a cost of \$6,100,000. Compliance with MATS is estimated to be completed during the 2013-2014 fiscal year at a cost of \$68,500,000. Funding for these projects will be obtained from existing funds and proceeds from the issuance of bonds. On December 21, 2012, Series 2012 Electric Revenue Bonds were issued and the net proceeds of approximately \$74,600,000 were deposited into the construction fund account.

(25) Flow of Funds; Restrictions on Use - Utility Revenues

Under the terms of various bond indentures on outstanding Utilities Revenue Bonds, all income and revenues of the Utilities System are pledged and dedicated to the retirement of said bonds and are to be deposited in funds as indicated below.

All revenue, except income received from the sale of capital assets and charges between divisions of the Utilities System, shall be deposited daily into a Receipts Fund. Out of the Receipts Fund, there shall be transferred to an Operating Fund from time to time as needed during each sinking fund year amounts sufficient to provide for the payment of costs of operation and maintenance.

After meeting the requirements of the Operating Fund, the monies in the Receipts Fund shall be transferred to the Sinking Fund in amounts sufficient to pay promptly and fully the principal of, premium, if any, and the interest on the outstanding revenue bonds as they become due and payable whether by maturity or mandatory call. Appropriate amounts shall also be placed in the Sinking Fund to allow for the payment of the charges of the paying agent. On or before the day before the interest payment date, sufficient funds to make the payment of the principal and/or interest owed on the obligations, as of that interest payment date, shall be deposited with the paying agent.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

After meeting the requirements of the Operating and Sinking Funds, monies in the Receipts Fund are transferred to the Reserve Fund to satisfy the reserve requirements for reserve secured bonds. Amounts in the Reserve Fund are used solely for the purposes of curing deficiencies in the Sinking Fund for the payment when due of the principal of, premium, if any, and interest on the reserve secured bonds.

After meeting the requirements of the Reserve Fund, the monies in the Receipts Fund shall be deposited in the Capital Additions Fund. The monies in the Capital Additions Fund shall be used for the payment of principal and redemption price of and interest on obligations when due at any time monies are not available. It shall also be used to make the in lieu of tax payment to the City General Fund. The remaining money in the Capital Additions Fund may be used for (1) paying capital costs, (2) creation of a rate stabilization account to provide for temporary loss of revenue, (3) payment of subordinated indebtedness and subordinated contract obligations, (4) purchase of outstanding obligations, or (5) making any payment or investment for any lawful purpose.

(26) Flow of Funds; Restrictions on Use – Communications Revenues

Under the terms of 2007 Communications System Revenue Bonds, all income and revenues of the Communications System are pledged and dedicated to the retirement of said bond and are to be deposited in accounts as indicated below.

All revenue, except income received from the sale of capital assets and proceeds from the issuance of bonds shall be deposited daily into a Receipts Account. Out of the Receipts Account, after the application of bond proceeds deposited for working capital have been exhausted, there shall be transferred to an Operating Account from time to time as needed during each debt service account year amounts sufficient to provide for the payment of costs of operation and maintenance.

After meeting the requirements of the Operating Account and after the capitalized interest deposited into the Debt Service Account has been exhausted, the monies in the Receipts Account shall be transferred to the Debt Service Account in amounts equal to 1/6 of the next semi-annual interest payment due and 1/12 of the next principal payment due on or before the 20<sup>th</sup> day of each month. On or before the 21<sup>st</sup> day of the month preceding each interest payment date, sufficient funds to make the payment of the principal and/or interest owed on the obligations, as of that interest payment date, shall be deposited with the paying agent.

After meeting the requirements of the Operating and Debt Service Sinking Accounts, monies in the Receipts Account are transferred to the Reserve Account to satisfy the reserve requirements for reserve secured bonds. Amounts in the Reserve Account are used solely for the purposes of curing deficiencies in the Sinking Account for the payment when due of the principal of, premium, if any, and interest on the reserve secured bonds.

After meeting the requirements of the Reserve Account, the monies in the Receipts Account shall be deposited in the Capital Additions Account. The monies in the Capital Additions Account shall be used for the payment of principal and redemption price of and interest on obligations when due at any time monies are not available. It shall also be used to make the in lieu of tax payment to the City General Fund. The remaining money in the Capital Addition Account may be used for: (1) paying capital costs, (2) payment of subordinated indebtedness and subordinated contract obligations, (3) purchase of outstanding obligations, or (4) making any payment or investment for any lawful purpose.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

(27) Flow of Funds; Restrictions on Use - LPPA

Under the terms of the ordinance authorizing and providing for the issuance of electric revenue bonds to finance the acquisition of an ownership interest in a fossil fuel steam electric generating plant and for other purposes relating thereto, the bonds are special obligations payable solely from and secured by the revenues and other funds including bond proceeds. Such revenues consist of all income, fees, charges, receipts, profits, and other monies derived from its ownership and operation of the fossil fuel steam electric generating plant, other than certain money derived during the period of construction. Monies in the revenue fund shall first be applied to the payment of operating expenses of the plant. Monies in the revenue fund shall then be deposited into the bond fund to pay principal and premium, if any, and interest on all bonds as they become due and payable; and then applied to maintain in the bond fund reserve account an amount equal to the maximum annual debt service requirements on all bonds. After making the required payments into the operating account and bond fund, there shall be paid out of the revenue fund into the reserve and contingency fund an amount equal to \$1,500,000 or such greater amount as may be determined by the consulting engineer, provided that there shall not be required to be paid therein during any month an amount in excess of 25% of the amounts required to be paid during such month to the bond fund. If on any October 31st following the date of commercial operation, the monies credited (or to be credited as of such date) to the revenue fund shall exceed the required amount of working capital for the operation of the plant, the amount of such excess shall be applied (1) to reduce monthly power costs to the Government under the power sales contract, (2) to pay the cost of making repairs, renewals and replacements, additions, betterments and improvements to and extensions of the plant operations, (3) to the purchase or redemption of bonds, (4) to any other purpose in connection with the plant operation, or (5) to any other lawful purpose, including the payment of subordinated indebtedness.

The fuel cost stability fund was established to allow level billings to the retail customer when the generating plant is out of service for a period of seven days or more. In those instances, a credit may be applied to the monthly power bill to the Government. When the unit has been returned to operation, the funds which were applied as a credit are recovered by application of a surcharge to restore the fund balance over a reasonable period of time.

(28) Dedication of Proceeds and Flow of Funds - Sales and Use Taxes

City of Lafayette

- A. Proceeds of the 1961 1% sales and use tax levied by the City of Lafayette (2013 collections \$42,389,177) are dedicated to the following purposes:
1. Capital improvements (as more fully described in the tax proposition) for streets, sidewalks and bridges; drains, drainage canals and sub-surface drainage; fire department stations and equipment; police department stations and equipment; garbage disposal and health and sanitation equipment and facilities; public buildings; public parks and recreational facilities and equipment; civil defense; and any other work of permanent public improvement, title to which shall be in the public.
  2. Supplementing the revenues of the General Fund, after providing for debt service on outstanding bonds, provided that such an amount cannot exceed 35% of the annual sales tax revenues.

Proceeds of the tax have been pledged and dedicated to the retirement of various Public Street and Drainage Bonds with outstanding principal balances totaling \$185,555,000 at October 31, 2013.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

- B. Proceeds of the 1985 1% sales and use tax levied by the City of Lafayette (2013 collections \$36,082,574) are dedicated to the following purposes:
1. Capital improvements (as more fully described in the tax proposition) for street and drainage improvements.
  2. Supplementing the revenues of the General Fund, after providing for debt service on outstanding bonds, provided that such an amount cannot exceed 35% of the annual sales tax revenues.

Proceeds of the tax have been pledged and dedicated to the retirement of Public Streets and Drainage Bonds with outstanding principal balances totaling \$119,845,000 at October 31, 2013.

Under the terms of the various bond indentures:

1. All proceeds of the tax are to be deposited daily into a Sales Tax Trust Fund.
  2. Each month, there will be transferred from the Sales Tax Trust Fund an amount estimated to be required to pay for all reasonable and necessary costs and expenses of collecting and administering the tax during the next succeeding month.
  3. On or before the 20th day of each month, there shall be transferred to a Sales Tax Bond Sinking Fund an amount equal to 1/6 of the interest falling due on the next interest payment date and 1/12 of the principal falling due on the next principal payment date.
  4. On or before the 20th day of each month, there shall also be transferred to a Sales Tax Bond Reserve Fund a prescribed sum until such time as there is on deposit in that fund a sum equal to the highest combined principal and interest requirements in any succeeding fiscal year on the outstanding bonds.
  5. Any funds remaining after the above transfers will be considered surplus and may be used for the purposes for which the tax was levied.
- C. Proceeds of the 1% sales and use tax levied by the City of Lafayette beginning October 1, 2006 on businesses located in the Lafayette I-10 Corridor District at Mile Marker 103 (2013 collections \$1,170,409) are dedicated for financing economic development projects in the District.

Lafayette Parish

Lafayette Parish is authorized by the voters of the parish to levy and collect a one percent (1%) sales and use tax on a parish-wide basis except for territory located within the boundaries of any incorporated municipality situated within the Parish. The sales tax ordinance provides that the net proceeds of the sales tax will be deposited in the General Fund of the Parish for general expenditures. Revenues from this tax totaled \$6,412,928 for the period ended October 31, 2013.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

(29) Deficit Fund Balance and Unrestricted Net Position of Individual Funds

The following funds reported deficits at October 31, 2013:

Enterprise funds:	
Communications System	\$(47,036,153)
Internal service funds:	
Self-Insurance	\$(10,857,695)

These deficits will be funded by future excess revenues.

(30) Prior Period Adjustments

Enterprise Funds – Business-type Activities

During the current year, it was determined that imputed taxes were improperly calculated by a third party resulting in an overstatement of \$3,534,183 for the years 2009 through 2012. This error affected both the Utilities System Fund and the Communications System Fund. Additionally, the Communications System Fund erroneously duplicated depreciation on certain assets. As a result of these errors, the beginning net position of business-type activities in the statement of activities in the amount of \$496,478,485, as originally reported, has been increased by \$54,548 to \$496,533,033 and the beginning net position of the enterprise funds of \$500,926,809, as originally reported, has been increased by \$54,548 to \$500,981,357. The effect of these errors on the individual enterprise fund financial statements is as follows:

Utilities System Fund

	2012		
	As Previously Reported	Restatement	As Restated
Statement of net position:			
Other assets	\$ 28,337,329	\$ (3,534,183)	\$ 24,803,146
Net position	469,047,995	(3,534,183)	465,513,812
Statement of revenues, expenses, and changes in fund net position			
Change in net position	10,232,144	(823,293)	9,408,851

Communications System Fund

	2012		
	As Previously Reported	Restatement	As Restated

Net position (deficit)	(40,714,121)	3,588,731	(37,125,390)
Statement of revenues, expenses, and changes in fund net position			
Change in net position	(11,869,564)	1,669,794	(10,199,770)

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Notes to the Basic Financial Statements (Continued)

Special Revenue Fund – Governmental Activities

During the current year, it was determined that receipt of grant revenues in the Parishwide Drainage Maintenance Fund in the amount of \$660,209 was erroneously recorded as grant revenue in a prior year. This revenue had been previously accrued in a capital projects construction fund. The effect of this error on the financial statements is as follows:

	2012		
	As Previously Reported	Restatement	As Restated
Statement of net position:			
Beginning net position - governmental activities	\$ 422,970,453	\$ (660,209)	\$ 422,310,244
Statement of revenues, expenditures, and changes in fund balance - governmental funds			
Beginning fund balances	273,789,667	(660,209)	273,129,458
Statement of revenues, expenditures, and changes in fund balances - Parishwide Drainage Maintenance Special Revenue Fund:			
Change in fund balance	11,044,891	(660,209)	10,384,682

(31) Compensation of Council

A detail of compensation paid to individual council members for the period ended October 31, 2013 follows:

Jared Bellard	\$ 25,480
Donald Bertrand	25,480
Kenneth Boudreaux	25,480
Jay Castille	25,480
Andre Naquin	25,480
Kevin Naquin	25,480
Keith Patin	25,480
Brandon Shelvin	25,480
William Theriot	25,480
	<u>\$ 229,320</u>

(32) Subsequent Events

On February 5, 2014, the Government agreed to pay a plaintiff in a lawsuit \$1,400,000 in consideration and final resolution of the plaintiff's litigation against the Government. The terms of the settlement required one lump sum payment of \$1,400,000 to be made on February 5, 2013. As of October 31, 2013, \$1,400,000 has been included as a claim payable/expense in the Self Insurance Internal Service statements of net position and revenues, expenses, and changes in fund net position.

(33) Subsequent Event Review

The Government's management has evaluated subsequent events through April 21, 2014, the date which the financial statements were available to be issued.

Special Revenue Funds**

## Nonmajor Governmental Funds

### Special Revenue Funds

Special Revenue funds account for and report the proceeds of specific revenue sources that are legally restricted for specific purposes other than debt service or capital projects.

**Federal Narcotics Seized/Forfeited Property** - this fund accounts for the cash proceeds received from federal narcotic seizures and forfeitures, as well as any interest earned on these funds.

**State Narcotics Seized/Forfeited Property** - this fund accounts for the cash proceeds received from state narcotic seizures and forfeitures, as well as any interest earned on these funds.

**Urban Infill Home Program** - this fund accounts for federal and state grants to fund the development of vacant, abandoned, passed over or underutilized land within built-up areas of existing neighborhoods in the community.

**F.T.A. Planning Grant Fund** - this fund accounts for the collection and disbursement of federal grants from the Federal Transit Administration to Lafayette Consolidated Government's Transit Department. These funds are used to cover the costs of planning, meetings, and the payroll of employees.

**F.T.A. Capital** - this fund accounts for the collection and disbursement of federal grants from the Federal Transit Administration to Lafayette Consolidated Government's Transit Department. These funds are used to cover the costs of operating, improving, and maintaining buses and the Rosa Parks Transit Facility.

**F.H.W.A. Planning Grant** - this fund accounts for the collection and disbursement of federal grants from the Federal Highway Administration. These funds are used to cover the costs of planning, meetings, and the payroll of employees.

**F.H.W.A. I49/MPO** - this fund accounts for the collection and disbursement of federal grants from the Federal Highway Administration to improve and maintain I49 and other highways.

**State D.O.T.D. MPO Grants** - this fund accounts for the collection and disbursement of various federal and state grants to construct, improve, and maintain sidewalks and crosswalks in the Parish.

**Federal Grants Other** - this fund accounts for the collection and disbursement of various federal grants received by Lafayette Consolidated Government.

**State Grants Other** - this fund accounts for the collection and disbursement of various state and federal grants received by Lafayette Consolidated Government.

**Emergency Shelter Grant** - this fund is used to account for the collection and disbursement of a federal grant to cover the costs of providing, operating, and maintaining shelters for residents in need.

**Drug Court Program Grant** - this fund accounts for the collections and disbursements of various state and federal grants. It also accounts for test and administrative fees collected by the 15<sup>th</sup> Judicial District Drug Court. These revenues are to cover the costs of operating and maintaining the drug court programs.

**Justice Dept. Federal Equitable Sharing** - this fund accounts for the cash proceeds received from seizures and forfeitures, as well as any interest earned on these funds. These funds are dedicated to public safety.

(Continued)

**Nonmajor Governmental Funds**  
**Special Revenue Funds (Continued)**

**Parking Program** - this fund is used to account for parking revenues to promote improved parking facilities.

**Health Unit Maintenance** - this fund accounts for proceeds of ad valorem taxes assessed by the Parish. Proceeds from the tax shall be used for the purpose of operating and maintaining the Health Unit.

**Traffic Safety** - this fund accounts for safe light and safe speed ticket fees collected by Redflex for Lafayette Consolidated Government.

**Juvenile Detention Home Maintenance** - this fund accounts for ad valorem taxes assessed by the Parish, collection and disbursement of various federal and state grants, state shared revenue, charges for services, and any interest earned on these funds. Revenues are dedicated to covering the cost of operating, improving, and maintaining the Juvenile Detention Home.

**DHH-Acadiana Recovery Center Inpatient** - this fund was used to account for the collections and disbursements of a state health grant to cover the cost of medical services, meals, medications provided to patients, and other operating expenses for the Acadiana Recovery Center. This fund along with all of the Acadiana Recover Center funds have been returned to the facility and will no longer be included with Lafayette Consolidated Government's funds.

**Municipal Transit System** - this fund accounts for the activities necessary to provide bus service for the residents of the City.

**Codes and Permits** - this fund is used to account for the revenues from permits and other services provided by the Codes Division to cover the costs of operating and maintaining the Planning, Zoning, and Development Department.

**Urban Development Action Grant** - this fund accounts for the collections and disbursements of various federal and state grants dedicated to the Lafayette Downtown Development Authority. This grant was been paid in full in 2013.

**Acadiana Recovery Center Non-Grant** - this fund was used to record cash proceeds from client fees, vending machine concessions, and any interest earned on these funds. These funds are to cover costs of Acadiana Recovery Center's operations and maintenance expenses that are not funded by federal or state grants. This fund along with all of the Acadiana Recover Center funds have been returned to the facility and will no longer be included with Lafayette Consolidated Government's funds.

**ARC – U.S. Probation Outpatient Grant** - this fund was used to account for the collections and disbursements of a state health grant to cover the costs of the Acadiana Recovery Center Probation Program. This fund along with all of the Acadiana Recover Center funds have been returned to the facility and will no longer be included with Lafayette Consolidated Government's funds.

**Natural History Museum and Planetarium** - this fund is used to account for revenues from ticket sales, facility rentals, and other services provided to cover the costs of operating and maintaining the museum and planetarium.

(Continued)

## Nonmajor Governmental Funds

### Special Revenue Funds (Continued)

**Golf Courses** - this fund is used to account for the operations of the City's three golf courses. The fund's operations are financed by green fees, golf equipment rentals, memberships, and tournament fees.

**Road and Bridge Maintenance** - this fund accounts for proceeds of ad valorem taxes assessed by the Parish, State Parish Transportation funds, State shared revenue and any interest earned on these funds to cover the costs of maintaining and improving the roads and bridges in the parish.

**Parish Wide Drainage Maintenance** - this fund accounts for proceeds of ad valorem taxes assessed by the Parish, State shared revenue, and interest earned on these funds to cover the costs of improving and maintaining drainage throughout Lafayette Parish.

**Lafayette Parish Public Library** - this fund accounts for proceeds of ad valorem taxes assessed by the Parish, State shared revenue, and charges for services provided by the library. These revenues are to cover the cost of operating and maintaining all branches of the Lafayette Parish Public Library.

**Courthouse and Jail Maintenance** - this fund accounts for proceeds of ad valorem taxes assessed by the Parish, State shared revenue, and interest earned on these funds. These revenues are dedicated to the courthouse and jail in the Parish for operations and maintenance costs.

**Local Workforce Investment Act Grant** - this fund accounts for the collections and disbursements of federal grants used to promote education, job growth and to decrease the unemployment rates in Lafayette Parish.

**Mosquito Abatement and Control** - account for special property tax levy required to cover the cost of controlling mosquitoes and other arthropods.

**Coroner's Expense** - this fund accounts for revenues from services provided by the Coroner's office. Proceeds from these services are dedicated to covering the costs of operating and maintaining the Coroner's office in Lafayette Parish.

**Adult Correctional Facility Maintenance** - this fund accounts for proceeds of ad valorem taxes, State shared revenue, and interest earned on these funds to cover the costs of operating and maintaining the adult correctional facility in the Parish.

**Recreation and Parks** - monies in this fund are primarily from the proceeds of ad valorem taxes assessed by the City. Proceeds from the tax will be used for the purpose of maintaining and operating recreation programs in the City.

**1961 Sales Tax Trust** - this fund is used to account for the 1% sales and use tax levied by the City of Lafayette. These revenues are dedicated to capital improvements, the general fund, and debt service.

**1985 Sales Tax Trust** - this fund is used to account for the 1% sales and use tax levied by the City of Lafayette. These revenues are dedicated to capital improvements, the general fund, and debt service.

**TIF Sales Tax Trusts** - this fund is used to account for sales and use tax levied by the City of Lafayette. These revenues are dedicated to redevelopment, infrastructure, and other community-improvement projects in the defined district.

(Continued)

## Nonmajor Governmental Funds

### Special Revenue Funds (Continued)

**Criminal Justice Support Services** - this account is used to account for deposited fines and forfeitures to cover the following expenses: the criminal courts, petit jury, grand jury, witness fees, parish law library, and other expenses related to the judges of the criminal courts and the office of the district attorney.

**Community Development Block Grant** - to account for funds granted by the Community Development Block Grant program administered by the Department of Housing and Urban Development.

**Housing Rehabilitation Program Grant** - this fund is used to account for the collection and disbursement of various federal and state grants to the Community Development Department. These grants go toward improving and restoring housing in Lafayette Parish.

**Neighborhood Housing Services Loan Program** - this fund is used to account for the issuance and payments of housing loans issued by Community Development.

**CD-First Time Homebuyer** - this fund is dedicated to recording the issuance and payments of first time homebuyer loans issued by Community Development.

**LPTFA-First Time Homebuyer** - this fund was used to account for money received from the Lafayette Public Trust Financing Authority dedicated to issuing loans to first time homebuyers in the Parish. This program has been returned to LPTFA who will now issue their own loans, therefore this will no longer be a part of Lafayette Consolidated Government's funds.

**War Memorial** - this fund is used to account for the money received from Veteran's Affairs for operating and maintaining the War Memorial Building.

**Hurricane Katrina** - accounts for the collection and disbursement of various state and federal grants to Lafayette Consolidated Government, to cover costs incurred during Hurricane Katrina.

**Hurricane Rita** - accounts for the collection and disbursement of various state and federal grants to Lafayette Consolidated Government, to cover costs incurred during Hurricane Rita.

**Hurricane Gustav** - accounts for the collection and disbursement of various state and federal grants to Lafayette Consolidated Government, to cover costs incurred during Hurricane Gustav.

**Hurricane Isaac** - accounts for the collection and disbursement of various state and federal grants to Lafayette Consolidated Government, to cover costs incurred during Hurricane Isaac.

**Heymann Performing Arts Center** - this fund is used to account for all proceeds from ticket sales and facility rental fees at the Heymann Performing Arts Center. The proceeds of these sales go toward operating and maintaining the facility.

**Nonmajor  
Debt Service Funds**

## Nonmajor Governmental Funds

### Debt Service Fund

Debt Service Funds account for and report financial resources that are restricted or committed for payment of general long-term debt principal, interest, and paying agent fees.

**1961 Sales Tax Bonds Sinking Fund** - accounts for sales tax revenues dedicated for the payment of principle and interest requirements of the 2003A, 2003, 2003C, 2005, 2005B, 2006B, 2007A, 2009A, 2011A, 2011, 2011C, 2012A, and 2013 Public Improvement Sales Tax Bonds of the City of Lafayette. Also accounts for the portion of the bonds issued for the purpose of advance refunding for certain outstanding obligations of the City.

**1961 Sales Tax Bonds Reserve Fund** - this fund accounts for a specified amount or balance that is required to be kept in case any pledged revenues are insufficient to pay debt service requirements for the 1961 City Sales Tax Bonds.

**1985 Sales Tax Bonds Sinking Fund** - accounts for sales tax revenues dedicated for the payment of principle and interest requirements of the 2003B, 2003D, 2004, 2004A, 2005A, 2005C, 2006C, 2007B, 2009B, 2011B, 2011D, and 2012B Public Improvement Sales Bonds of the City of Lafayette. Also accounts for the portion of the bonds issued for the purpose of advance refunding for certain outstanding obligations of the City.

**1985 Sales Tax Bonds Reserve Fund** - this fund accounts for a specified amount or balance that is required to be kept in case any pledged revenues are insufficient to pay debt service requirements for the 1985 City Sales Tax Bonds.

**Paving Assessment Bonds** - to account for the payment of principal and interest on bonds issued for the acquisition, development, and improvements to Lafayette Parish's sidewalks. Funding consists of special assessment taxes to the public who will benefit from the improvements.

**Sewer Assessment Bonds** - to account for the payment of principal and interest on bonds issued for the acquisition, development, and improvements to Lafayette Parish's sewers. Funding consists of special assessment taxes to the public who will benefit from the improvements.

**Contingencies Sinking Fund** - accounts for revenues from ad valorem taxes assessed by the Parish dedicated for the payment of principle and interest requirements of the 2001, 2003, 2005, 2010, and 2012 General Obligation Bonds of Lafayette Parish.

**Certificates of Indebtedness, Series 2011 Sinking Fund** - accounts for excess annual revenue dedicated for the payment of principle and interest requirements of the 2011 City Certificate.

**Limited Tax Series 2012 Refund Bond Sinking Fund** - this fund is used to account for the payment of principal, interest, and related charges for the 2012 Bond Series. Funding consists of proceeds from ad valorem taxes assessed by the Parish.

CONSOLIDATED GOVERNMENT

**Nonmajor  
Capital Projects Funds**

## **Nonmajor Governmental Funds**

### **Capital Project Funds**

Capital Project Funds are used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds.

**City Sales Tax Bond Construction fund** - to account for the proceeds from bond issues to finance capital improvement projects within the City of Lafayette. The following Sales Tax bonds have been issued for capital improvement projects: 1993, 1997A, 1997B, 1998, 1999A, 1999B, 2000A, 2000B, 2001A, 2003A, 2003B, 2003C, 2003D, 2005B, 2005C, 2007A, 2007B, 2009A, 2009B, 2011, and 2013.

**1999 Certificates of Indebtedness** - this fund is to account for proceeds from Certificates of Indebtedness issued to finance improvements at the Parish correctional center and the courthouse complex.

**Parish Library General Obligation Bonds** - this fund accounts for the proceeds from bond issues to finance construction and improvements of libraries in Lafayette Parish.

**Parish G.O. Bond Construction fund** - to account for the proceeds from bond issues to finance capital infrastructure improvement projects within Lafayette Parish. The following General Obligation (G.O.) bonds have been issued for capital infrastructure projects: 2001, 2003, 2005, and 2009.

Lafayette

CONSOLIDATED GOVERNMENT

**Nonmajor  
Enterprise Funds**

## Nonmajor Enterprise Funds

Enterprise funds account for operations: (a) that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

**Animal Control Shelter Fund** – this fund is to account for the revenues and expenses associated with the operations of the Animal Shelter in Lafayette Parish. The Animal Shelter ensures the humane treatment of animals through in-house vaccinations as well as a spay/neuter program.

**Environmental Services Fund** – this fund is to account for the revenues, expenses, and fixed assets associated with the operations of the Environmental Services Disposal which consists of compost disposal, solid waste disposal and other environmental issues in Lafayette Parish.

**CNG Service Station Fund** – this fund is to account for the revenues and expenses associated with the operation and maintenance of the Compressed Natural Gas (CNG) service station which services both public and private vehicles.

# **Internal Service Funds**

## Internal Service Funds

Internal Service Funds account for the financing of goods or services provided by one department or agency to other departments or agencies of the governmental unit, or to other governmental units, on a cost-reimbursement basis.

**Central Vehicle Maintenance Fund** – manages, maintains, and repairs LCG fleet vehicles, consisting predominately of city buses, public safety vehicles, and various heavy equipment.

**Central Printing Fund** – this fund is to account for revenues received by the printing department for performing printing and binding services for departments.

**Self-Insurance Fund** – this fund is also called the Risk Management fund. This fund is used to account for self-insurance activities involving property damage, worker’s compensation and general liability claims.

**Group Hospitalization Fund** – this fund is used to account for self-insurance activities involving medical care claims and payment of insurance premiums by the City’s employees, retirees, and dependents.

Reconciliation of the Statement of Revenues, Expenditures, and Change in  
Fund Balance of the Governmental fund to the Statement of Activities  
Component Unit  
Criminal Court Fund  
For the Year Ended October 31, 2013

Net change in fund balance at October 31, 2013 per  
statement of revenues, expenditures and changes in fund balances \$ -

The change in net position reported for governmental activities in the  
statement of activities is different because:

Governmental funds report capital outlays as expenditures. However,  
in the statement of activities, the cost of those assets is allocated over  
their estimated useful lives and reported as depreciation expense.

Capital outlay which is considered expenditures on the statement of revenues, expenditures and changes in fund balances	\$ 109,402	
Capital assets assigned from primary government	17,099	
Depreciation expense for the year ended October 31, 2013	(21,182)	
Loss on disposition of assets	<u>(5,815)</u>	<u>99,504</u>

Total changes in net position at October 31, 2013 per statement of activities \$ 99,504

Louisiana Revised Statutes limit the Parish's General Obligation bonded debt for other purposes to 10% of the assessed valuation of the taxable property for a single purpose with no limit on the number of purposes. The City may issue general obligation bonded debt in excess of 10% of the assessed valuation of the taxable property for any single purpose provided that the aggregate for all such purposes (determined at the time of issuance of the bonds) does not exceed 35% of the assessed valuation of the taxable property of the City.

## INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Lafayette City-Parish  
Council of Lafayette, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Lafayette City-Parish Consolidated Government, (the Government) as of and for the year ended October 31, 2013, and the related notes to the financial statements, which collectively comprise the Government's basic financial statements and have issued our report thereon dated April 21, 2014.

### Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Government's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Government's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying summary schedule of current and prior year audit findings and corrective action plan as items 13-02(IC) and 12-03(IC) to be significant deficiencies.

## Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Government's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying summary schedule of current and prior year audit findings and corrective action plan as item 13-01(C).

We noted certain matters that we reported to management of the Government in a separate letter dated April 21, 2014.

## The Government's Responses to Findings

The Government's responses to the findings identified in our audit are described in the accompanying summary schedule of current and prior year audit findings and corrective action plan. We did not audit the Government's response and, accordingly, we express no opinion on it.

## Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. The report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However, this report is a matter of public record and its distribution is not limited.

## INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

To the Lafayette City-Parish  
Council of Lafayette, Louisiana

### Report on Compliance for Each Major Federal Program

We have audited the Lafayette City-Parish Consolidated Government's (the Government) compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the Government's major federal programs for the year ended October 31, 2013. The Government's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

#### *Management's Responsibility*

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

#### *Auditors' Responsibility*

Our responsibility is to express an opinion on compliance for each of the Government's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Government's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Government's compliance.

### ***Opinion on Each Major Federal Program***

In our opinion, the Government complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended October 31, 2013.

### ***Other Matters***

The results of our auditing procedures disclosed an instance of noncompliance, which is required to be reported in accordance with OMB Circular A-133 and which is described in the accompanying schedule of findings and questioned costs as item 13-01(C).

The Government's response to the noncompliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The Government's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

### **Report on Internal Control over Compliance**

Management of the Government is responsible for establishing and maintaining effective internal control over compliance with the types of compliance referred to above. In planning and performing our audit of compliance, we considered the Government's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Government's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit the attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified certain deficiencies in internal control over compliance, as described in the accompanying summary schedule of current and prior year audit findings and corrective action plan as items 13-02(IC) and 13-03(IC) that we consider to be significant deficiencies.

The Government's response to the internal control over compliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The Government's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose. However, this report is a matter of public record and its distribution is not limited.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Notes to the Schedule of Expenditures of Federal Awards  
For the Year Ended October 31, 2013

(1) Basis of Presentation

The accompanying schedule of expenditures of federal awards includes the federal grant activity of Lafayette Consolidated Government and is presented on the modified accrual basis of accounting and the accrual basis, as appropriate, which is described in Note 1 of the Financial Statements of the Government's financial statements. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations." Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

(2) Relationship to Financial Statements

Federal awards revenues are reported in Lafayette City-Parish Consolidated Government's financial statements as follows:

Major proprietary funds:	
Utilities System Fund	\$ 2,730,634
Nonmajor governmental funds:	
Special revenue funds	<u>10,319,825</u>
Total	<u>\$ 13,050,459</u>

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Schedule of Findings and Questioned Costs  
For the Year Ended October 31, 2013

Part I. Summary of Auditors' Results:

1. The auditors' report expresses an unmodified opinion on the financial statements of the Government.
2. Two significant deficiencies disclosed during the audit of the financial statements. No material weaknesses are reported.
3. No instances of noncompliance material to the financial statements of the Government, which would be required to be reported in accordance with *Government Auditing Standards*, were disclosed during the audit.
4. Two significant deficiencies in internal control over major federal award program disclosed during the audit. No material weaknesses are reported.
5. The auditors' report on compliance for the major federal award programs for the Government expresses an unmodified opinion on all major federal programs.
6. Audit findings that are required to be reported in accordance with Section 510(a) of OMB Circular A-133 are included in this Schedule.
7. The programs tested as major programs were: Federal Transit Formula Grants (20.507), Federal Transit Formula Grants – ARRA (20.507), HOME (14.239), Electricity Delivery and Energy Reliability - ARRA (81.122), Justice Assistance Grant Program - ARRA (16.804), Staffing for Adequate Fire and Emergency Response (97.083), LA Workforce Commission – Adult Program and NEG Oil Spill (17.258), LA Workforce Commission – Youth Activities (17.259), LA Workforce Commission – Dislocated Workers and LA JET (17.260), and Justice Assistance Grant Program (16.738).
8. The threshold used to distinguish between Type A and Type B programs, as described in Section 520(b) of OMB Circular A-133 was \$391,514.
9. The Government was not determined to be a low-risk auditee.

Part II. Findings which are required to be reported in accordance with generally accepted Governmental Auditing Standards:

Compliance Findings –

See Compliance Finding 13-01 (C) on the Summary Schedule of Current and Prior Year Audit Findings and Corrective Action Plan.

Internal Control Findings –

See Internal Control Findings 13-02 (IC) and 13-03 (IC) on the Summary Schedule of Current and Prior Year Audit Findings and Corrective Action Plan.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Schedule of Findings and Questioned Costs (Continued)  
For the Year Ended October 31, 2013

Part III. Findings and questioned costs for Federal awards which include audit findings as defined in Section 510(a) of OMB Circular A-133:

U.S. DEPARTMENT OF ENERGY:

Compliance Findings -

13-01(C)

Electricity Delivery and Energy Reliability – ARRA (81.122)

Criteria:

OMB Circular A-87 Attachment A, Section C (1) states that, in order to be allowable under Federal awards, costs must be authorized or not prohibited under State or local laws or regulations, and must be adequately documented.

Condition:

The Government entered into a contract to implement and install a new meter system for Lafayette Utilities System (LUS). The agreement states that travel and per diem expenses for contracted personnel working on-site shall be billed monthly at a cost plus ten percent. The Government reimbursed the contractor for travel expenses rather than per diem costs, which directly conflicts with the signed agreement. The contractor was reimbursed for actual travel expenses that did not have itemized receipts.

Questioned Costs:

There is \$2,132 in specific questioned costs relative to this finding.

Context:

The proper review of supporting documentation was not performed to ensure that all expenses paid and requested for reimbursement by the Government were allowable under federal and/or state regulations and in accordance with vendor contracts.

Cause and Effect:

Due to ineffective policies and procedures, the Government reimbursed a contractor for unallowable costs and subsequently requested reimbursement from the federal government.

Recommendation:

Appropriate policies and procedures should be implemented to ensure that the Government adheres to the signed vendor contract when reimbursing contractors and requesting reimbursement from the federal government.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Schedule of Findings and Questioned Costs (Continued)  
For the Year Ended October 31, 2013

Views of Responsible Officials and Planned Correction Action:

The vendor who submitted the inadequate documentation has since been instructed that only complete, detailed invoices will be accepted for reimbursement. Lafayette Utilities System administrative staff that processes these payments has also been instructed to approve only complete, detailed invoices for payment.

U.S. DEPARTMENT OF ENERGY:

Internal Control Finding –

13-02 (IC)

See Compliance finding 13-01 (C) above.

U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT AND U.S. DEPARTMENT OF ENERGY

Internal Control Finding –

13-03 (IC)

HOME Investment Partnership Program (14.239) and Electricity Delivery and Energy Reliability – ARRA (81.122)

Criteria:

2 CFR §1180.300 required a grantee to verify that a vendor or contracting party entering into a covered transaction is not excluded, disqualified, or otherwise ineligible for participation in federal assistance programs b: (1) Checking the Excluded Parties Listing System (EPLS); (2) Collection a certification from the vendor or contacting party; or (3) Adding a clause or condition to the covered transaction with that party. 2 CFR §180.220 defines a covered transaction as a subcontract expected to equal or exceed \$25,000.

Condition:

The Government awarded contracts to be paid in part by or wholly with federal funds, without verifying whether the contracting party was suspended, debarred, or otherwise ineligible for participation in federal assistance programs.

Questioned Costs:

There are no questioned costs relative to this finding.

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Schedule of Findings and Questioned Costs (Continued)  
For the Year Ended October 31, 2013

Context:

Prior to awarding contracts for covered transactions, the Government did not perform the required verification that the contracting party was not suspended, debarred, or ineligible to participate in federal assistance programs.

Cause and Effect:

Due to ineffective policies and procedures, the Government entered into covered transactions without performing the appropriate verification that the contracting party is not suspended, debarred, or otherwise ineligible to participate in federal assistance programs.

Recommendation:

Appropriate policies and procedures should be implemented to ensure that proper verification of contracting parties is performed prior to entering into covered transactions.

Views of Responsible Officials and Planned Correction Action:

A detailed policy has been implemented which will utilize [www.sam.gov](http://www.sam.gov), the U.S. contractors' registration and database, to ensure each vendor has not been disbarred or suspended. Printed validations will be kept on file in a central location within the Purchasing division for review.

Summary Schedule of Current and Prior Year Audit Findings  
and Corrective Action Plan (Continued)  
For the Year Ended October 31, 2013

Ref. No	Fiscal Year Finding Initially Occurred	Description of Finding	Corrective Action Taken
<b>PRIOR YEAR (10/31/12)</b>			
<u>Compliance:</u>			
12-01 (C)	2012	OMB Circular A-87 Attachment A, Section C (1) states that, in order to be allowable under Federal awards, costs must be authorized or not prohibited under State or local laws or regulations, and must be adequately documented. The Government did not have controls in place to effectively identify contractor invoices that contained inadequate supporting documentation and/or unallowable costs. Unallowable costs must not be paid by the Government nor submitted for reimbursement from the Federal Government.	No
<u>Internal Control:</u>			
12-02 (IC)	2012	See Compliance Finding 12-01 (C).	No
12-03 (IC)	2011	Balance sheet accounts are not being reconciled to supporting documentation. As a result, numerous adjusting journal entries were required throughout the Governmental and Enterprise funds with material changes to the financial statements. Procedures should be implemented and monitored to ensure that appropriate balance sheet accounts are reconciled to supporting documentation on a monthly basis.	Yes
12-04 (IC)	2012	The Government does not have effective controls in place to record and monitor grant related reimbursements. Due to ineffective controls, material adjustments were required in order to correct the revenues reported within the respective special revenue funds. Additionally, the lack of proper grant monitoring resulted in the Government not being reimbursed in a timely manner, thus limiting their interest-earning potential.	Yes

Corrective Action Plan	Name of Contact Person	Anticipated Date of Completion
<p>LCG did, in a few limited instances, pay for vendor cost with a summary debit receipt rather than an itemized receipt showing sufficient detail, or for unallowable costs overlooked in its review of invoices. The total amount of the contract under the questioned grant was in excess of \$26.7 million. The total amount of the questioned costs was approximately \$300. LCG has gone back to the vendor and received credit for the entirety of the questioned costs. In addition, LCG has strengthened its invoice review process to avoid paying costs without a detailed receipt or those that might be unallowable. LCG has also discussed these issues with the technical project officer for the granting federal government agency to improve the reimbursement process.</p>	<p>Lorrie Toups, Chief Financial Officer</p>	<p>4/30/2013</p>
<p>Management's response to this finding is the same as found above under the Compliance Finding 12-01(C).</p>		
<p>This is a repeat finding from Fiscal Year 2011 where implementation of an Enterprise Resource Planning System caused several issues which delayed the reconciliation of general ledger accounts. During Fiscal 2012, Accounting staff were made aware of the deficiencies and additional procedures were put into place to aid in the timely reconciliation of the balance sheet accounts. While some improvement was noted, at the end of the fiscal year all accounts were not reconciled. Currently, the general ledger is closed in a timely manner and the deficiencies seen during the audit have been corrected. Balance sheet accounts are reconciled in a timely manner to the appropriate documentation. Staff continues to be monitored for adherence to internal policies concerning the reconciliation of all accounts. This finding is not expected to reoccur.</p>	<p>Lorrie Toups, Chief Financial Officer</p>	<p>7/31/2013</p>
<p>In order to correct the finding as stated, regular meetings have been scheduled with the grant administrators to review all grant activity and monitor reimbursement requests and deadlines. Additionally, both procedural and personnel changes have been made in order to address errors found during the audit. Additional personnel have been trained in grant accounting procedures and Management will perform periodic performance checks of the grant files.</p>	<p>Lorrie Toups, Chief Financial Officer</p>	<p>6/30/2013</p>

(continued)

LAFAYETTE CITY-PARISH CONSOLIDATED GOVERNMENT  
Lafayette, Louisiana

Summary Schedule of Current and Prior Year Audit Findings  
and Corrective Action Plan (Continued)  
For the Year Ended October 31, 2013

Ref. No	Fiscal Year Finding Initially Occurred	Description of Finding	Corrective Action Taken
PRIOR YEAR (10/31/12)			
<u>Management Letter (continued):</u>			
12-05 (ML)	2012	During the year ended October 31, 2012, costs paid from the Sales Tax Capital Improvements Fund and various special revenue funds for capital projects were not adequately identified and accumulated for inclusion in the capital asset listing. The Government should establish and maintain a system which would provide for the identification and tracking of project costs from the inception of each project until final completion and addition to the capital asset listing.	Yes
12-06 (ML)	2011	Although losses were anticipated during the initial five years of offering retail services to customers, management should carefully monitor the financial results of operations of the Communications System. The projections calculated by Operating and Finance management should be compared to actual results on a regular basis and appropriate measures should be taken to minimize any significant negative variances. Additionally, management should continue to enhance its market strategy in order to increase its revenue base.	No

Corrective Action Plan	Name of Contact Person	Anticipated Date of Completion
<p>In the implementation and subsequent “go-live” of the Government’s Enterprise Resource Planning System, new procedures were put into place to track capital costs to be added to the capital asset listing. Part of the procedures implemented included “in-system” templates. The current audit highlighted for the Government areas where these templates either failed or where they were not being used properly and thus costs were not captured. The Finance staff has been made aware of these problems and has been begun discussions on needed corrections. The cost tracking procedures will be revisited and changes will be made to ensure the capture of those costs and the correct additions to the capital asset listing.</p>	Lorrie Toups, Chief Financial Officer	7/31/2013
<p>The actual financial performance of the start-up Communications System is following the anticipated financial performance trend indicated in feasibility studies. These were disclosed prior to a successful public referendum vote and were included in the Official Statement related to the issuance of the bonds for this enterprise. The financial performance of this system has actually shown an improvement during FY2011-2012. The system continues to show substantial positive growth each year. The projections of the financial performance calculated by operations and finance management are compared against the actual results each month, with adjustments to the projections being made where warranted to increase the profitability of this competitive Communications System. Management is continuing to take aggressive steps in it marketing and sales strategy through a combination of increasing its customer base and offering additional products.</p>	Lorrie Toups, Chief Financial Officer	4/30/2013

## MANAGEMENT LETTER

To the Lafayette City-Parish  
Council of Lafayette, Louisiana

During our audit of the basic financial statements of the Lafayette City-Parish Consolidated Government (the Government) for the year ended October 31, 2013, we noted a certain area in which improvements in the accounting system and financial practices of the Government should be considered.

- (1) Although losses were anticipated during the initial five years of offering retail services to customers, management should carefully monitor the financial results of operations of the Communications System. The projections calculated by Operating and Finance management should be compared to actual results on a regular basis and appropriate measures should be taken to minimize any significant negative variances. Additionally, management should continue to enhance its market strategy in order to increase its revenue base.

We would like to express our appreciation to you and your staff, particularly your office staff, for the courtesies and assistance rendered to us in the performance of our audit. Should you have any questions or need assistance, please feel free to contact us.
