Independent Auditors' Report

We have audited the accompanying statements of financial position of Innovative Student Facilities, Inc. at June 30, 2012 and 2011, and the related statements of activities and cash flows for the years then ended. These financial statements are the responsibility of Innovative Student Facilities' management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. *We believe that our audits provide a reasonable basis for our opinion.*

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Innovative Student Facilities, Inc. at June 30, 2012 and 2011, and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report dated August 10, 2012, on our consideration of Innovative Student Facilities' internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. *The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance.* That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audits.

INNOVATIVE STUDENT FACILITIES, INC.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2012 AND 2011

1. Summary of Significant Accounting Policies

Nature of Activities

Innovative Student Facilities, Inc. (the "Corporation") was formed July 1, 2003 to acquire, construct, develop, manage, lease as lessor or lessee, mortgage and/or convey student housing and other facilities (the "Facilities") on the campus of Louisiana Tech University (the "University"). The construction projects are funded by Louisiana Local Government Environmental Facilities and Community Development Authority (the "Authority") Revenue Bonds. The proceeds of the bonds have been loaned by the Authority to the Corporation pursuant to a Loan and Assignment Agreement dated July 1, 2003 and September 1, 2007 and are to be used for (1) financing the cost of acquiring immovable property to be purchased by the Board; (2) financing a portion of the cost of the development, design, construction and equipping of the Facilities; (3) paying capitalized interest on the Bonds; (4) funding a debt service reserve fund; (5) paying the costs of issuance of the Bonds, including the premium for the Financial Guaranty Insurance Policy; and (6) payment for construction of new facilities and repairs and maintenance to existing facilities.

The Corporation will lease the land upon which the Facilities are constructed for \$1 per year from the Board of Supervisors for the University of Louisiana System (the "Board") pursuant to the Ground Lease Agreements dated July 1, 2003 and September 1, 2007. Upon completion of construction, the Board will lease back the Facilities from the Corporation pursuant to the Agreements to Lease with Option to Purchase (the "Facilities Lease") dated July 1, 2003 and September 1, 2007. In accordance with the Facilities Lease, the Board, on behalf of the University, will pay Rental to the Corporation in an amount sufficient to pay debt service and related expenses on the Bonds. The Facilities Lease is a triple net lease and the Board agrees that the Rental shall be an absolute net return to the Corporation free and clear of any expenses, charges, taxes or set-offs whatsoever of any kind, character or nature; the Board shall bear responsibility for the payment of all costs and expenses associated with the ownership, operation and maintenance of the Facilities. Under no circumstances will the Corporation be required to make any payments on the Board's behalf or assume any monetary obligation of the Board under the Facilities Lease.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles of the United States of America. Accordingly, they reflect revenues and related receivables when earned rather than when received and expenses and related payables when incurred rather than when paid.

Net assets, revenues, expenses, gains and losses are classified based upon the existence or absence of donor-imposed restrictions.

Financial Statement Presentation

The Corporation is required to report information regarding its financial position and activities according to three classes of net assets:

Unrestricted net assets - Net assets that are not subject to donor-imposed stipulations. However, these assets may be designated by management for specific purposes.

1. Organization and Significant Accounting Policies (Continued)

Temporarily restricted net assets - Net assets subject to donor-imposed stipulations that may or will be met either by actions of the Corporation and/or passage of time. This classification includes gifts, annuities and unconditional promises to give for which the ultimate purpose of the proceeds is not permanently restricted.

Permanently restricted net assets - Net assets subject to donor-imposed stipulations that they be maintained permanently by the Corporation. Generally, the donors of these assets permit the Corporation to use all of, or part of, the income earned on the related investments for general or specific purposes.

Net Assets Released from Restrictions

Expirations of temporary restrictions on net assets (i.e., the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as reclassifications between the applicable classes of net assets.

Cash Equivalents

For financial statement purposes, the Corporation considers all deposits in money market funds to be cash equivalents. Cash equivalents are stated at cost, which approximates market value.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. Cash and Cash Equivalents

Cash and cash equivalents consist of money market funds collateralized by U.S. Treasury securities in the amount of \$7,761,179 at June 30, 2012 and \$13,199,691 at June 30, 2011. Such money market funds are exposed to custodial credit risk because the money market funds are uninsured and collateralized with securities held by the trust department of J. P. Morgan Chase and Bank of New York.

3. Prepaid Bond Costs

The Series 2007 Bonds were issued to include some additional prepaid bond costs, including but not limited to, bond issuance premium (discount), underwriter's discount, and other costs. These costs are being amortized over the life of the bond on the straight-line basis. Amortization expense recorded in the statement of activities totaled \$86,463 for the years ended June 30, 2012 and 2011.

4. Construction in Progress

Construction in progress consisted of construction costs completed through the date of the financial statements on the Corporation's new construction on the University's campus. The scope of the construction will include three (3) segments: Phase II Housing, Recreation Facilities, and Other Athletic/Intramural Facilities. Phase II Housing includes construction of an approximately 500-bed apartment style development, with Phase I, a 448-bed development being completed in 2005. The Recreation Facilities include renovation and new construction at the University's Maxie Lambright Intramural Sports Center to include a new 25-meter competition pool, a new atrium, food service, seating, a rock-wall, new bowling lanes and new classroom space. The Other Athletic/Intramural Facilities include new tennis courts, new locker and restroom facilities for intramural and athletic use, and construction of a new track surface and football stadium jumbotron.

4. Construction in Progress (Continued)

The Corporation entered into a contract (the "Architecture Contract") with Tipton Associates (the "Architects") to provide for the design and engineering of the project. Additionally, the Corporation entered into a contract (the "Construction Contract") with Lincoln Builders, Inc. (the "Builder") to provide for the construction of the described project.

The Architecture Contract required the Architects to perform the design and engineering of the development as generally described in a master plan prepared for the Board. The Architects worked concurrently with the Builder, the Corporation and the Corporation's Advisory Committee to design the development. Upon the Corporation's approval of the designed development, the Builder provided the Corporation with a guaranteed maximum price to construct the development including all fees for the Builder and its subcontractors.

All costs recorded in construction in progress are directly related to the construction of Phase II Housing, Recreational Facilities, and the Other Athletic/Intramural Facilities. The entire balance of construction in progress was transferred to property and equipment upon completion of construction (May 15, 2012). Capitalized interest costs included in construction in progress totaled \$2,306,600 for the year ended June 30, 2012. Total interest expense on the bonds capitalized since issuance date (September 26, 2007) to the date of the financial statements is \$11,163,243.

5. Property, Plant and Equipment

Property, plant and equipment are depreciated using the straight-line method. Land improvements are depreciated over 20 years, buildings over 40 years, and furniture, fixtures, and equipment over 10 years. At June 30, 2012 and 2011, property, plant and equipment are comprised of the following:

	<u>2012</u>	<u>2011</u>
Land	3,051,774	951,774
Land improvements	117,700	117,700

Payments of scheduled principal and interest on the bonds, when due, are insured by Ambac Assurance Corporation.

7. **Income Taxes**

The Corporation is exempt from federal income taxes under Section 501(a) of the Internal Revenue Code (IRC) as an organization described in IRC Section 501(c)(3). Therefore, no provision for income taxes has been made in the financial statements, but the Corporation is required to file an annual information tax return. The Corporation is also required to review various tax positions it has taken with respect to its exempt status and determine whether in fact it is a tax exempt entity. The Corporation must also consider whether it has nexus in jurisdictions in which it has income and whether a tax return is required in those jurisdictions. In addition, as a tax exempt entity, the Corporation must assess whether it has any tax positions associated with unrelated business income subject to income tax. The Corporation does not expect its positions to change significantly over the next twelve months. Any penalties related to late filing or other requirements would be recognized as penalties expense in the Corporation's accounting records.

The Corporation files U.S. federal Form 990 for informational purposes. The Corporation's federal income tax returns for the tax years 2008 and subsequent remain subject to examination by the Internal Revenue Service.

8. **Risks and Uncertainties**

As discussed in Note 1, the Corporation is dependent upon the State of Louisiana Legislature appropriating funds to the Board sufficient to make payments of base rental to the Corporation.

9. **Reserved Cash**

The Board of Supervisors for the University of Louisiana System shall bear responsibility for the payment of all costs and expenses associated with the ownership, operation, and maintenance of the student housing and other liabilities as described in Note 1. Included in reserved cash, which are required to be kept in a separate bank account, are amounts received from the Board for the operation and maintenance of the Facilities. Reserved cash at June 30, 2012 and 2011 was \$1,260,608 and \$688,071, respectively.

10. **Subsequent Events**

The Corporation has evaluated subsequent events through August 10, 2012, the date which the financial statements were available to be issued. Management is not aware of any significant subsequent events as of this date.

**Report on Internal Control Over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial
Statements Performed in Accordance with *Government Auditing Standards***

We have audited the financial statements of Innovative Student Facilities, Inc. as of and for the years ended June 30, 2012 and 2011 and have issued our report thereon dated August 10, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Innovative Student Facilities, Inc.'s internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Corporation's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.
