INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Louisiana Alliance of Boys & Girls Clubs, Inc.
West Monroe, Louisiana

We have audited the accompanying statement of financial position of Louisiana Alliance of Boys & Girls Clubs, Inc. as of and for the year ended December 31, 2011, and the related statement of activities and cash flows for the year then ended. These financial statements are the responsibility of the Organization's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Louisiana Alliance of Boys & Girls Clubs, Inc., as of December 31, 2011, and the changes in its net assets and cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated May 14, 2012 on our consideration of Louisiana Alliance of Boys & Girls Clubs, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for the purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the financial statements taken as a whole.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors
Louisiana Alliance of Boys & Girls Clubs, Inc.
West Monroe, Louisiana

We have audited the financial statements of Louisiana Alliance of Boys & Girls Clubs, Inc. (a nonprofit organization) as of and for the year ended December 31, 2011, and have issued our report thereon dated May 14, 2012. We conducted our audit in accordance with accounting standards generally accepted in the United States of America applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

Management of Louisiana Alliance of Boys & Girls Clubs, Inc. is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered Louisiana Alliance of Boys & Girls Clubs, Inc.'s internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Louisiana Alliance of Boys & Girls Clubs, Inc.'s internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a

deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. However, we identified a certain deficiency in internal control over financial reporting, described in the accompanying schedule of findings and questioned costs that we consider to be a significant deficiency in internal control over financial reporting. This deficiency is shown as finding 11-1. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Louisiana Alliance of Boys & Girls Clubs, Inc.'s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended for the information of the audit committee, management, and federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties. However, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

SECTION II - FINANCIAL STATEMENT FINDINGS AND QUESTIONED COSTS

Internal Control

11-1

Finding:

As is common in small organizations, management has chosen to engage the auditor to propose certain year-end adjusting journal entries and to prepare the organization's annual financial statements. This condition is intentional by management based upon the organization's financial complexity, along with the cost effectiveness of acquiring the ability to prepare financial statements in accordance with generally accepted accounting principles. Consistent with this decision, internal controls over the preparation of year-end adjusting entries and annual financial statements, complete with notes, in accordance with generally accepted accounting principles, have not been established. Under generally accepted auditing standards, this condition represents a significant deficiency in internal controls.

Professional auditing standards require that we report the above condition as a control deficiency. The standards do not provide exceptions to reporting deficiencies that are adequately mitigated with non-audit services rendered by the auditor or deficiencies for which the remedy would be cost prohibitive or otherwise impractical.

Criteria:

Proper internal controls under professional auditing standards require management to prepare the organization's annual financial statements.

Effect:

This finding has no material effect on the financial statements.

Cause:

It is not cost effective for the organization to cure this control deficiency.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
FOR THE YEAR ENDED DECEMBER 31, 2011

SECTION II - FINANCIAL STATEMENT FINDINGS AND QUESTIONED COSTS
(Continued)

Internal Control (Continued)

11-1 (Continued)

Recommendation: As mentioned above, whether or not it would be cost effective to cure a control deficiency is not a factor in applying professional auditing standard reporting requirements. Because prudent management requires that the potential benefit from an internal control must exceed its cost, it may not be practical to correct all the deficiencies an auditor reports. In this case, we do not believe that curing the significant deficiency described above would be cost effective or practical and, accordingly, do not believe any corrective action is necessary.

Reply: Management agrees with this finding.

Compliance

There were no findings nor questioned costs for compliance for the year ended December 31, 2011.
