# **FISKE UNION FIRE DISTRICT**

Oak Grove, Louisiana

Notes to the Financial Statements  
For the Year Ended December 31, 2000

This legal entity was established to provide fire protection for the political subdivision of Ward 4 in the parish of West Carroll. This entity operates independent of any other parish governing body, but functions under guidelines set forth by the West Carroll Parish Police Jury. All members of the board serve with no compensation.

## **1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**

### **A. BASIS OF PRESENTATION**

The accompanying general purpose financial statements of the Fiske Union Fire District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

### **B. REPORTING ENTITY**

As the governing authority of the parish, for reporting purposes, the West Carroll Parish Police Jury is the financial reporting entity for West Carroll Parish. The financial reporting entity consist of (a) the primary government (police jury), (b) organizations for which the primary government is financially accountable, and (c) other organizations for which nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Governmental Accounting Standards Board Statement No. 14 established criteria for determining which component units should be considered part of the West Carroll Parish Police Jury for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. This criteria includes:

1. Appointing a voting majority of an organization's governing body, and
  - a. The ability of the police jury to impose its will on that organization and/or

Notes to the Financial Statements

- b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the police jury.
2. Organizatons for which the police jury does not appoint a voting majority but are fiscally dependent on the police jury.
3. Organizations for which the reporting entity's financial statements would be misleading if data of the organization is not included because of the nature of significance of the relationship.

Because the Fiske Union Fire District is fiscally dependent on the police jury, the district was determined to be a component unit of the West Carroll Parish Police Jury, the financial reporting entity. The accompanying financial statements present information only on the funds maintained by the district and do not present information on the police jury, the general government services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity.

### **C. FUND ACCOUNTING**

The district uses funds and account groups to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions relating to certain government functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts. On the other hand, an account group is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recored in the funds because they do not directly affect net expendable available financial resources.

Funds of the district are classified as governmental funds. Governmental funds account for the district's general activities, including the collection and disbursement

of specific or legally restricted monies, the acquisition or construction of general fixed assets, and the servicing of general long-term debt. Governmental funds of the district include:

1. General Fund – the general operating fund of the district and accounts for all financial resources, except those required to be accounted for in other funds.

### **D. BASIS OF ACCOUNTING**

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The governmental funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and liabilities are generally included on the balance sheet. Operating statements of these funds present increases and decreases in net current assets. The modified accrual basis of accounting is used by the governmental funds. The governmental funds use the following practices in recording revenues and expenditures:

#### **Revenues:**

All revenues are recorded when received.

#### **Expenditures:**

Expenditures are generally recognizable under the modified accrual basis of accounting, when the liability is incurred.

### **E. BUDGETARY PRACTICES:**

The Fiske Union Fire District did adopt a budget for the year 2000.
