Honorable Mayor Jim Sowell
Members of Village Council
Village of Kilbourne
Kilbourne, Louisiana

INDEPENDENT AUDITOR'S REPORT

Mr. Sowell:

I have compiled the accompanying balance sheet of the Village of Kilbourne as of June 30, 2000, and the related statements of receipts, fund balances, accompanying individual financial statements, and accompanying supplementary information contained in Schedule I, II, which are presented only for supplementary purposes for the year ended June 30, 2000, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants.

A compilation is limited to presenting in the form of financial statements and supplemental schedules information that is the representation of management. I have not audited or reviewed the accompanying general purpose financial statements and, accordingly, do not express an opinion or any other form of assurance on them.

Management has elected to omit substantially all of the disclosures and the statement of cash flows for the proprietary fund required by general accepted accounting principles. If the omitted disclosures and statement of cash flows were included in the financial statements, they might influence the user's conclusions about the village's financial position, results of operations, and cash flows. Accordingly, these financial statements are not designed for those who are not informed about such matters.

In accordance with the Louisiana Governmental Audit Guide and the provisions of state law, I have issued a report, dated December 28, 2000, on the results of our agreed-upon procedures.

SELECTED INFORMATION—Substantially All Disclosures Required
by Generally Accepted Accounting Principles Are Not Included
JUNE 30, 2000

I. Summary of Significant Accounting Policies

The Village of Kilbourne, Louisiana was incorporated under the provisions of the Lawson Act. The Village operates under a Village Council-Mayer form of government and provides the following services as authorized by its charter: public improvements and general administrative services.

The accounting policies of the Village of Kilbourne conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant policies:

A. SCOPE OF REPORTING ENTITY

This report contains all of the funds and account groups of the Village of Kilbourne. There are no significant additional organizations, functions or activities over which the Village has manifestations of oversight, or for which the scope of public service or special financial arrangements may require them to be included in this report as per NGA statements 1 and 7.

B. BASIS OF PRESENTATION

1. FUND CATEGORIES

The accounts of the Village are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures, or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which spending activities are controlled. The various funds are grouped, in the financial statements in this report into three generic fund types and two broad fund category as follows:

VILLAGE OF KILBOURNE
KILBOURNE, LOUISIANA

**SELECTED INFORMATION—Substantially All Disclosures Required
by Generally Accepted Accounting Principles Are Not Included
JUNE 30, 2000**

GOVERNMENTAL FUNDS

GENERAL FUND – The General Fund is the general operating fund of the Village. It is used to account for all financial resources except those required to be accounted for in another fund.

CAPITAL PROJECTS FUND – Capital Projects Fund is used to account for the acquisition and use of financial resources to construct or otherwise acquire long-lived general government real property or make public improvements.

PROPRIETARY FUND

ENTERPRISE FUND – Enterprise Fund is used to account for the operations of the Village's sewer system.

2. ACCOUNT GROUPS

The accounting and reporting treatment applied to the fixed assets and long-term liabilities associated with a fund are determined by its measurement focus. All governmental funds are accounted for on a spending or "financial flow" measurement focus. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current assets) is considered a measure of "available spendable resources". Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period. Fixed assets used in governmental fund type operations (general fixed assets) are accounted for in the General Fixed Assets Account Group, rather than in governmental funds. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, including roads, bridges, curbs and gutters, streets and sidewalks, and drainage systems are capitalized along with other general fixed assets. Depreciation has been provided on general fixed assets over their estimated useful lives.

VILLAGE OF KILBOURNE
KILBOURNE, LOUISIANA

**SELECTED INFORMATION—Substantially All Disclosures Required
by Generally Accepted Accounting Principles Are Not Included
JUNE 30, 2000**

All fixed assets are recorded at historical cost or estimated historical cost if actual historical cost is not available. Donated fixed assets are valued at their estimated fair value on the date donated. Interest costs incurred during construction are capitalized.

Long-term liabilities expected to be financed from governmental funds are accounted for the General Long-Term Debt Account Group, not in governmental funds. The Village at this time has a General Long term Debt Account Group because it has a long-term debt in the amount of \$29,530.47.

The two account groups are not "funds". They are concerned only with measurement of financial position. They are not involved with measurement of results of operations.

C. BASIS OF ACCOUNTING

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made regardless the measurement focus applied.

GOVERNMENTAL FUNDS

All governmental funds are accounted for using the modified accrual basis of accounting. Their revenues are recognized when they become measurable and available as net current assets. The revenue recognition under the modified accrual basis is determined for each primary revenue source as detailed below:

TAXPAYER ASSESSED REVENUES – Revenues from taxpayer assessment is recognized when cash is received as that is generally the earliest

KILBOURNE, LOUISIANA

point that income measurable and collectible. If taxpayer collectibility and liability is clearly established as when tax returns are filed but payment while assured is not made, revenue is accrued prior to actual payment. Any refunds of such taxes would be reported as a reduction of revenue at the time the claims are filed with the Village.

GRANTS – Grants recorded in governmental funds are recognized as revenue in the accounting period when they become susceptible to accrual. Legal and contractual requirements are reviewed in making this determination with each grant. Generally revenue is recorded at the time of receipt or earlier if the susceptibility to accrual criteria is met. As expenditures are often the prime factor for determining eligibility, revenues are recognized when the expenditure is made. If cost sharing or matching requirements exist, revenue recognition depends upon compliance with these requirements.

The measurement focus of governmental funds is on expenditures which represent decreases in net financial resources. Most expenditures are measurable and should be recorded when the related liability is incurred. The expenditures shall be the amount accrued during the year that would normally be liquidated with expendable available financial resources.

The expenditures for the inventory is recognized as detailed below:

INVENTORY– Inventory items (material and supplies) are considered to be insignificant and are reported as expenditures when purchased.

PROPRIETARY FUNDS

All proprietary funds are accounted for using the modified accrual basis of accounting. Their revenues are recognized when they become measurable and available as net current assets.

D. BUDGETS AND BUDGETARY ACCOUNTING

The Village did not adopt a budget for the year 2000. This is a departure from general accepted accounting principles.

E. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. EXCESS OF EXPENDITURES OVER APPROPRIATIONS

No funds had expenditures in excess of receipts, but the sewer fund shows a negative balance after making an allowance for depreciation.

II. DETAIL NOTES ON ALL FUNDS AND ACCOUNT GROUPS

A. ASSETS

1. Cash

At June 30, 2000, the carrying amount of the Village's deposits (C.D.'s and checking accounts) were \$26,825 and the bank balance was \$28,000.

All of the bank balance was covered by federal depository insurance or by collateral held by the pledging bank or by its agent in the Village's name.

2. Changes in General Fixed Assets Account Group

B. INTERFUND RECEIVABLES AND PAYABLES

There are interfund receivables and payables as of June 30, 2000.

The Sewer Fund owes the General Fund \$3,943.00 and the Fire Department Fund owes the General Fund \$4,000.00 as of June 30, 2000.

IV. FINANCIAL STATEMENT PRESENTATION

A. TOTAL COLUMNS ON COMBINED STATEMENTS - OVERVIEW

Total columns on the Combined Statements - Overview are captioned Memorandum Only to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position or results of operations in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

JUNE 30, 2000

IV. COMPARATIVE DATA

No Comparative Data is presented in the general purpose financial statements statements under the memorandum total of all the fund types and account group columns.

V. CONTINGENT LIABILITIES

According to the Village Attorney, there was no pending or threatened litigation, claims or assessments against the Village.

Intergovernmental awards received by the Village are subject to audit and adjustment by the funding agency or its representatives. If grant revenues are received for expenditures which are subsequently disallowed, the Village may be required to repay the revenues to the funding agency. In the opinion of management, liabilities resulting from such disallowed expenditures, if any, will not be material to the accompanying financial statements at June 30, 2000.

The Village has no formal policy regarding vacations and sick leave, therefore, no accrual has been made for compensated absences.

VI. SEWER SYSTEM

The sewer system began operations in 1988 and was extended in 1998. It now provides service regularly to two hundred fifty users. A service charge of \$10.00 per month per residence is being assessed.

VII. SHORT TERM OBLIGATION

The Village pledged C.D.F 678213420 in the General Fund to secure a short term loan to make the necessary repairs to the sewer system. This loan is with Regions Bank for the principle amount of \$10,000.00. This loan had a

INDEPENDENT AUDITOR'S REPORT
on APPLYING AGREED-UPON PROCEDURES

Honorable Mayor Jim Sowell
Members of the Village Council
Village of Kilbourne, Louisiana

I have performed the procedures included in the Louisiana Government Audit Guide and enumerated below, which were agreed to by the Village of Kilbourne and the Legislative Auditor, State of Louisiana, solely to assist the users in evaluating management's assertions about the Village of Kilbourne's compliance with certain laws and regulations during the year ended June 30, 2000 included in the accompanying Louisiana Assertion Questionnaire. This agreed-upon procedures engagement was performed in accordance with standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of the specified users of the report. Consequently, I make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

PUBLIC BID LAW

1. Select all expenditures made during the year for material and supplies exceeding \$15,000, or public works exceeding \$100,000, and determine whether such purchases were made in accordance with LSA-RS 39:2211-2251 (the public bid law).

There were no purchases made during the period that exceeded the spending limits set by LSA-RS 39:2211-2251.

CODE OF ETHICS FOR PUBLIC OFFICIALS AND PUBLIC EMPLOYEES

2. Obtain from management a list of the immediate family members of each board member as defined by LSA-RS 42:1101-1124 (the code of ethics), and a list of

outside business interests of all board members and employees, as well as their immediate families.

Management provided me with the required list including the noted information.

3. Obtain from management a listing of all employees paid during the period under examination.

Management provided me with the required list.

4. Determined whether any of those employees included in the listing obtained from management in agreed-upon procedure (3) were included on the listing on the listing obtained from management in agree-upon procedure (2) as immediate family members.

None of the employees included on the list of employees provided by management (agreed-upon procedure (3)) appeared on the list provided by management in (agreed-upon procedure (2)).

BUDGETING

5. The Village did not adopt a budget for the year included in this report.

ACCOUNTING AND REPORTING

6. Randomly selected 6 disbursements made during the period under examination and (a) traced payments to supporting documentation as to proper amounts and payee;

I examined supporting documentation for each of the six selected disbursements and found that payments were for the proper amount and made to the correct payee.

- (b) determined if payments were properly coded to the correct fund and general ledger account; and

All payments were properly coded to the correct fund and general ledger account.

- (c) determined whether payments received approval from proper authorities.

Inspection of documents supporting each of the six selected disbursements

indicated approval from the entire board of councilpersons at a regular stated meeting.

MEETINGS

7. Examined evidence indicating that agendas for meetings recorded in the minute book were posted or advertised as required by LSA-RS 42:1 through 42:12 (the open meeting law).

The Village of Hillsborne is only required to post a notice of each meeting and the accompanying agenda on the door of the Village's City Hall. During examination I notice on two occasions that notices of meetings were posted on the door.

DEBT

8. Examined bank deposits for the period under examination and determined whether any such deposits appear to be proceeds of bank loans, bonds, or like indebtedness.

I inspected copies of all bank deposit slips for the period under examination and did not find any deposits that appeared to be proceeds from loans, bonds, or like indebtedness. There is previous debt still outstanding.

ADVANCES AND BONUSES

9. Examined payroll records and minutes for the year to determine whether any payments have been made to employees which may constitute bonuses, advances, or gifts.

A reading of the minutes of the village for the year indicated no approval for the payments noted. I also inspected payroll records for the year and noted no instances which would indicate payments to employees which would constitute bonuses, advances, or gifts.

None of the matters listed on the prior year report, dated December 23, 1999, have not been resolved.

I was not engaged to, and did not, perform an examination, the objective of which would be the expression of an opinion on management's assertions. Accordingly, I do not express such an opinion. Had I performed additional procedures, other matters might have come to my attention that would have been reported to you.

This report is intended solely for the use of management of the Village of Kilbourne and the Legislative Auditor, State of Louisiana, and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. However, this report is a matter of public record and its distribution is not limited.

SCHEDULE OF FINDINGS
For the Year Ended June 30, 2000

Criteria:	Adopting of an annual budget
Condition:	The village should adopt a budget in accordance with Local Government Budget Act (LSA-RS 32:1301-14) or the budget requirements of LSA-RS 32:34.
Cause:	No budget was adopted for the year.
Effect:	There were no figures to use as guidelines to show that management had managed the funds properly.
Recommendation:	That by July 1, of each year that a budget is adopted and amended during the year as needed.
Management's response:	A budget will be adopted each year and be reviewed and amended if an amendment is needed.
Criteria:	Withholding of social security tax from salaries.
Condition:	The village should withhold social security taxes from the clerk's salary and match the withholding and remit it to the Internal Revenue Service.
Cause:	No taxes were withheld from the clerk's salary.
Effect:	The village is liable for the taxes that should have been withheld.
Recommendation:	That the village have the clerk figure the amount of taxes that should have been withheld and remit the same, with her matching part to the Internal Revenue Service.

Management's
response:

Management will determine the correct tax and remit
it to the proper agency and withhold this
tax on all future wages.

Both were prior year's finding that have not been resolved.
