Accountant's Compilation Report

LINCOLN PARISH CORNER
Ruston, Louisiana

I have compiled the accompanying general purpose financial statements, as listed in the foregoing table of contents, of the Lincoln Parish Corner as of December 31, 1997, and for the year then ended, in accordance with standards established by *Statements on Standards for Accounting and Review Services* issued by the American Institute of Certified Public Accountants.

A compilation is limited to presenting in the form of financial statements information that is the representation of management. I have not audited or reviewed the accompanying financial statements and, accordingly, do not express an opinion or any form of assurance on them.

LINCOLN PARISH CORONER
Bossier, Louisiana

Notes to the Financial Statements
As of and for the Year Ended December 31, 1997

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

As provided by Article VII, Section 24 of the Louisiana Constitution of 1974, the coroner is elected by the voters of the parish and serves a term of four years, beginning the fourth Monday of March, following the year in which elected. The Lincoln Parish Coroner is responsible as the designated parish authority as it relates to conducting investigations concerning the manner and cause of any death when informed that particular death has resulted from violence or accident under suspicious circumstances. The coroner's office also issues death certificates and has oversight of autopsies performed on behalf of the parish. The coroner is responsible for examination, admission, commitment, and treatment of persons suffering from mental illness and substance abuse.

A. REPORTING ENTITY

As the governing authority of the coroner, for reporting purposes, the Lincoln Parish Coroner is considered a separate financial reporting entity. The financial reporting entity consists of (a) the primary government (police jury), (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board (GASB) Statement No. 14 established criteria for determining which component units should be considered part of the Lincoln Parish Coroner for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial responsibility. The GASB has six further criteria to be considered in determining financial accountability. This criteria includes:

1. Appointing a voting majority of an organization's governing body, and
 - a. The ability of the coroner to impose its will on that organization and/or
 - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the coroner.

LINCOLN PARISH COUNCIL

Bossier, Louisiana

Notes to the Financial Statements (Continued)

2. Organizations for which the council does not appoint a voting majority but are fiscally dependent on the council.
3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Based on the previous criteria, the council has determined that there are no component units which should be considered as part of the school board reporting entity.

B. FUND ACCOUNTING

The council uses a fund and an account group to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts that comprises its assets, liabilities, fund equity, revenues, and expenditures. An account group, on the other hand, is a financial reporting device designed to provide accountability for certain assets and liabilities (general fixed assets and general long-term obligations) that are not recorded in the "funds" because they do not directly affect net expendable available financial resources. They are concerned only with the measurement of financial position, not with the measurement of results of operations.

Funds are classified into three categories; governmental, proprietary and fiduciary. Each category, in turn, is divided into separate "fund types." Governmental funds are used to account for a government's general activities, where the focus of attention is on the providing of services to the public as opposed to proprietary funds where the focus of attention is on recovering the cost of providing services to the public or other agencies through service charges or user fees. Fiduciary funds are used to account for assets held for others. The council's current operations require the use of only a governmental fund type (General Fund).

LINCOLN PARISH COMMISSION

Bossier, Louisiana

Notes to the Financial Statements (Continued)

**C. FIXED ASSETS AND
LONG-TERM DEBT**

Fixed assets used in governmental fund type operations (general fixed assets) are accounted for in the general fixed assets account group, rather than in the General Fund. Fixed assets are valued at actual historical costs. No depreciation has been provided on general fixed assets. One hundred per cent of general fixed assets are valued at actual cost. The account group is not a "fund", it is concerned only with the measurement of financial position and does not involve measurement of results of operations. The commission has no long-term debt as of December 31, 1997.

DA. BASIS OF ACCOUNTING

The financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements for these funds present increases (i.e., revenues and other financing resources) and decreases (i.e., expenditures and other financing uses) in net current assets.

The modified accrual basis of accounting is used for reporting all governmental fund types. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they are both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The commission uses the following practices in recognizing and reporting revenues and expenditures:

Revenues

Payments from governmental agencies for services is recorded in the year in which it is earned.

Interest income on time deposits is recorded when the time deposits have matured and the income is available.

Substantially all other revenues are recognized when received by the district.

LINCOLN PARISH CORONER

Baton Rouge, Louisiana

Notes to the Financial Statements (Continued)

Based on the above criteria, payments from governmental agencies for services have been treated as susceptible to accrual.

Expenditures

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred.

K. BUDGET PRACTICES

The proposed budget for the General Fund, prepared on the cash basis of accounting, is made available for public inspection at least fifteen days prior to the beginning of each fiscal year. The budget is then legally adopted by the coroner and amended during the year, as necessary. The budget is established and controlled by the coroner at the object level of expenditure. Appropriations lapse at year-end and must be reappropriated for the following year to be expended. All changes in the budget must be approved by the coroner. Encumbrance accounting is not used by the coroner.

Fund budgetary integration is employed as a management control device during the year. Budgeted amounts included in the accompanying financial statements include the original adopted budget amounts and all subsequent amendments.

The following reconciles the excess of revenues and other sources over expenditures and other uses as shown on budgetary comparison Statement C (budget basis) to the same amounts shown on Statement B (GAAP basis):

Excess (deficiency) of revenues over expenditures (budget basis)	(\$8,805)
Adjustments:	
Receivables	569
Payables	<u>55,332</u>
Excess (deficiency) of revenues over expenditures (GAAP) basis	<u><u>\$13,768</u></u>

The following schedule reconciles General Fund actual ending fund balance as shown on Statement C with cash on Statement A:

LINCOLN PARISH COUNCIL
Baton Rouge, Louisiana
Notes to the Financial Statements (Continued)

Fund balance at end of year - Statement C	\$7,374
Payroll cash (withholdings)	<u>2,164</u>
Cash - Statement A	<u>\$9,538</u>

F. CASH

Under state law, the council may deposit funds within a fiscal agent bank organized under the laws of the State of Louisiana, the laws of any other state in the union, or the laws of the United States. The council may invest in certificates and time deposits of state banks organized under Louisiana law and national banks having principal offices in Louisiana. At December 31, 1997, the council has cash (bank balances) totaling \$9,538.

These deposits are stated at cost, which approximates market. Under state law, these deposits, or the resulting bank balances, must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. Deposit balances (bank balances) at December 31, 1997, total \$9,863, and are fully secured by federal deposit insurance.

**G. TOTAL COLUMN ON THE
BALANCE SHEET**

Total columns on the combined statements are captioned Memorandum Only (overview) to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position or results of operations in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

2. RECEIVABLES

The General Fund receivables of \$609, at December 31, 1997, are as follows:

Intergovernmental revenues:	
Sheriff	\$361
Baton Rouge Marshal	<u>248</u>
Total	<u>\$609</u>

LINCOLN PARISH CORONER

Baton Rouge, Louisiana

Notes to the Financial Statements (Continued)

3. CHANGES IN GENERAL FIXED ASSETS

The following presents the changes in general fixed assets for the year ended December 31, 1987:

Balance, January 1, 1987	5432
Additions	480
Deletions	<u>NONE</u>
Balance, December 31, 1987	<u>5912</u>

4. PENSION PLAN

Substantially all employees of the Lincoln Parish Coroner's office are members of the Parochial Employee Retirement System (system), a multiple-employer (cost-sharing), public employee retirement system (PERS), controlled and administered by a separate board of trustees.

All full-time employees who are under the age of 60 at the time of original employment and are not drawing retirement benefits from any other public retirement system in Louisiana are required to participate in the system. Employees who retire at or after age 55 with at least 12 years of credited service or at or after age 60 with at least 30 years of credited service are entitled to a retirement benefit, payable monthly for life, equal to 3 per cent of their final-average salary for each year of credited service, not to exceed 100 per cent of their final-average salary. Final-average salary is the employee's average salary over the 36 consecutive or joined months that produce the highest average. Employees who terminate with at least 12 years of service and do not withdraw their employee contributions may retire at or after age 55 and receive the benefit accrued to their date of termination. The system also provides death and disability benefits. Benefits are established by state statute.

The system issues an annual publicly available report that includes financial statements and required supplementary information for the system. That report may be obtained by writing to the Parochial Employee Retirement System, Post Office Box 1788, Shreveport, Louisiana 71386-1788, or by calling (504) 423-4444.

Plan members are required by state statute to contribute 7.00 per cent of their annual covered salary and the Lincoln Parish Coroner is required to contribute at an actuarially determined rate. The current rate is 6.00 per cent of annual covered payroll. Contributions to the system include one-fourth of one per cent (one per cent for Orleans Parish) of the taxes shown to be collectible by the tax rolls of each parish, plus revenue sharing funds appropriated by the legislature. The contribution requirements of plan members and the Lincoln Parish Coroner are established and may be amended by state statute. As provided by Louisiana Revised Statute 11:103, the employer contributions are determined by actuarial

LINCOLN PARISH COMMER

Baton Rouge, Louisiana

Notes to the Financial Statements (Continued)

valuation and are subject to change each year based on the results of the valuation for the prior fiscal year. The Lincoln Parish Commer began contributing to the system during the year ended December 31, 1997. His contributions for the year ended December 31, 1997 were \$2,325, equal to the required contribution for the year.

5. LITIGATION AND CLAIMS

The commer is not involved in any litigation at December 31, 1997, nor is he aware of any unasserted claims.

**Independent Accountant's Report on Applying
Agreed-Upon Procedures**

The following independent accountant's report on applying agreed upon procedures is prepared in compliance with the requirements of the *Louisiana Governmental Audit Guide* and the *Louisiana Auditor's Charter/Code*, issued by the Society of Louisiana Certified Public Accountants and the Louisiana Legislative Auditor.

**Independent Accountant's Report
On Applying Agreed-Upon Procedures**

**LINCOLN PARISH CORONER
Baton Rouge, Louisiana**

I have performed the procedures included in the *Louisiana Governmental Audit Guide* and enumerated below, which were agreed upon by the management of the Lincoln Parish Coroner and the Legislative Auditor, State of Louisiana, solely to assist the users in evaluating management's assertions about the Lincoln Parish Coroner's compliance with certain laws and regulations during the year ended December 31, 1997 included in the accompanying *Louisiana Allocation Questionnaire*. This agreed-upon procedures engagement was performed in accordance with standards established by the American Institute of Certified Public Accountants. The sufficiency of the procedures is solely the responsibility of the specified users of the report. Consequently, I make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

Public Bid Law

1. Select all expenditures made during the year for materials and supplies exceeding \$5,000, or public works exceeding \$50,000, and determine whether such purchases were made in accordance with LSA-RS 38:2211-2251 (the public bid law).

A review was made of all disbursement journals for the year. That review did not disclose any expenditures made for materials and supplies exceeding \$5,000 or any expenditures made for public works exceeding \$50,000.

LINCOLN PARISH CORPORA
Independent Accountant's Report on
Applying Agreed Upon Procedures
December 31, 1987

Code of Ethics for Public Officials and Public Employees

3. Obtain from management a list of the immediate family members of each board member as defined by LSA-RS-42:1100-1124 (the code of ethics), and a list of outside business interests of all board members and employees, as well as their immediate families.

Management provided me with the required list including the noted information.

3. Obtain from management a listing of all employees paid during the period under examination.

Management provided me with the required list.

4. Determine whether any of the employees included in the listing obtained from management in procedure number 3 above were also included in the listing obtained from management in procedure number 2 above as immediate family members.

The coroner is the only employee.

Budgeting

5. Obtain a copy of the legally adopted budget and all amendments.

Management provided me with a copy of the original budget and one amendment to the budget during the year.

6. Compare the revenues and expenditures of the final budget to actual revenues and expenditures to determine if actual revenues or expenditures exceed budgeted amounts by 5% or more.

I compared the revenues and expenditures of the final budget to actual revenues and expenditures. Actual revenues did not fail to meet budgeted amounts by 5% or more, nor did actual expenditures exceed budgeted amounts by 5% or more.

Accounting and Reporting

7. Randomly select 8 disbursements made during the period under examination and:

- (a) trace payments to supporting documentation as to correct amount and payee;

LINCOLN PARISH CORONER
Independent Accountant's Report on
Applying Agreed Upon Procedures
December 31, 1997

- (b) determine if payments were properly coded to the correct fund and general ledger account;
- (c) determine whether payments received approval from proper authorities.

An examination of six randomly selected disbursements disclosed the following:

- (a) The six selected disbursements were for the proper amount as reflected on supporting documentation and were made to the correct payee.
- (b) All six payments were coded to the correct fund and general ledger account.
- (c) Inspection of canceled checks for each of the six disbursements indicated approval by the signature of the coroner but no approval was made on the invoice.

Debt

- 8. Examine bank deposits for the period under examination and determine whether any such deposits appear to be proceeds of bank loans, bonds, or like indebtedness.

I inspected copies of all deposit slips for the period under examination and noted no deposits which appeared to be proceeds of bank loans, bonds, or like indebtedness.

Advances and Bonuses

- 9. Examine payroll records and minutes for the year to determine whether any payments have been made to employees which may constitute bonuses, advances, or gifts.

I inspected payroll records for the year and noted no instances which would indicate payments to the employees which would constitute bonuses, advances, or gifts.

I was not engaged to, and did not, perform an examination, the objective of which would be the expression of an opinion on management's assertions. Accordingly, I do not express such an opinion. Had I performed additional procedures, other matters might have come to my attention that would have been reported to you.

LINCOLN PARISH COMMISSIONER
Independent Accountant's Report on
Applying Agreed Upon Procedures
December 31, 1997

This report is intended solely for the use of management of the Lincoln Parish Commission and the Legislative Auditor, State of Louisiana, and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. However, this report is a matter of public record and its distribution is not limited.
