**WEST CARROLL PARISH SHERIFF AND**  
**EX-OFFICIO PARISH TAX COLLECTOR**  
Oak Grove, Louisiana

I have audited the accompanying statement of assets and liabilities arising from cash transactions of the Tax Collector Agency Fund of the West Carroll Parish Sheriff as of June 30, 2001, and the related statement of collections, distributions, and unsettled balances for the year ended June 30, 2001, as listed in the table of contents. These financial statements are the responsibility of management of the West Carroll Parish Sheriff. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards and the standards generally accepted in the United States of America applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

As described in note 1 to the financial statements, the West Carroll Parish Sheriff is the ex-officio tax collector for the various taxing bodies within West Carroll Parish, and the accompanying financial statements present information only on his activities as parish tax collector. Furthermore, the accompanying financial statements have been prepared on a basis of cash receipts and cash disbursements, which is a comprehensive basis of accounting other than generally accepted accounting principles.

Oak Grove, Louisiana  
Audit Report, As of June 30, 2001, and  
for the Year Ended June 30, 2001

In my opinion, the financial statements referred to previously present fairly, in all material respects, the assets and liabilities arising from cash transactions of the Tax Collector Agency Fund of the West Carroll Parish Sheriff as of June 30, 2001, and the collections, distributions, and unsettled balances of the Tax Collector Agency Fund for the year ended June 30, 2001, on the basis of accounting described in note 1.

In accordance with *Government Auditing Standards*, I have also issued my report dated September 14, 2001, on my consideration of the West Carroll Parish Sheriff's internal control over financial reporting and my tests of his compliance with certain provisions of laws and regulations. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of my audit.

Notes to the Financial Statements  
As of June 30, 2001, and for the  
Year Ended June 30, 2001

**INTRODUCTION**

As provided by Article V, Section 27 of the Louisiana Constitution of 1974, the sheriff is the ex-officio tax collector of the parish and is responsible for collecting and distributing ad valorem property taxes, parish occupational licenses, state revenue sharing funds, and fines and forfeitures imposed by the district court.

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**A. BASIS OF PRESENTATION**

The accounts of the parish tax collector are established to reflect the collections imposed by law, distributions pursuant to such law, and unsettled balances due various taxing recipient bodies and others. The accompanying financial statements have been prepared on the cash basis of accounting, with collections recognized when received and distributions reflected when paid. As such, the accompanying financial statements do not reflect the receivables and payables associated with tax collection activities.

**B. REPORTING ENTITY**

Louisiana Revised Statute 24:513(K)(1)(b) requires that the accounts of each parish tax collector be audited annually. Accordingly, the accompanying financial statements reflect the financial activity of the sheriff relating only to his responsibility as ex-officio parish tax collector. Amounts included in these financial statements are also included in the sheriff's annual general purpose financial statements.

**C. CASH AND CASH EQUIVALENTS**

State law authorizes the sheriff to deposit tax collections in interest bearing accounts with a bank domiciled in the parish where the funds are collected. Furthermore, the sheriff may invest these deposits in certificates of deposits or other investments permitted by law.

**2. CASH**

At June 30, 2001, the sheriff has cash and cash equivalents (book balances) totaling \$614,446, as follows:

Interest bearing demand deposits	\$1,801
Time certificates of deposit	<u>612,645</u>
Total	<u>\$614,446</u>

These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent bank. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. At June 30, 2001, the sheriff has \$636,844 in deposits (collected bank balances). These deposits are secured from risk by \$120,753 of federal deposit insurance and \$516,091 of pledged securities held by the custodial bank in the name of the fiscal agent bank (GASB Category 3).

Even though the pledged securities are considered uncollateralized (Category 3) under the provisions of GASB Statement 3, Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the sheriff that the fiscal agent has failed to pay deposited funds upon demand.

**3. AD VALOREM TAXES**

All taxable property in Louisiana is required by law to be assessed annually at a percentage of its fair market value by the parish assessor, except for public utility property, which is assessed by the Louisiana Tax Commission.

The 1974 Louisiana Constitution provides that land and residential property are to be assessed at 10% of fair market value; however, agricultural, horticultural, marsh lands, timber lands and certain historic building are to be assessed at 15% of fair market value. Fair market values are determined by the elected assessor of the parish and are subject to review and final certification by the Louisiana Tax Commission. The assessor is required to reappraise all property every four years.

Notes to the Financial Statements (Continued)

The West Carroll Parish Sheriff, as provided by State law, is the official tax collector of property taxes levied by the various taxing bodies in the parish. State law requires the Sheriff to collect property taxes in the calendar year in which the assessment is made. Property taxes become delinquent January 1 of the following year. If taxes are not paid by the due date, taxes bear interest at the rate of 1.25% per month until the taxes are paid. After notice is given to the delinquent taxpayer, the Sheriff is required by the Constitution of the State of Louisiana to sell the least quantity of property necessary to settle the taxes and interest owed.

The various taxing bodies of the parish levied the following millages for the 2000 tax roll:

<b>Taxing Body</b>	<b>Millage</b>
Law Enforcement District	10.02
Assessment District	4.49
Police Jury:

I have audited the accompanying statement of assets and liabilities arising from cash transactions of the Tax Collector Agency Fund of the West Carroll Parish Sheriff as of June 30, 2001, and the related statement of collections, distributions, and unsettled balances for the year ended June 30, 2001, and have issued my report thereon dated September 14, 2001. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

**Compliance**

As part of obtaining reasonable assurance about whether the statement of assets and liabilities arising from cash transactions of the Tax Collector Agency Fund of the West Carroll Parish Sheriff as of June 30, 2001, and the related statement of collections, distributions, and unsettled balances for the year ended June 30, 2001, are free of material misstatement, I performed tests of its compliance with certain provisions of laws and regulations, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit and, accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

### **Internal Control Over Financial Reporting**

In planning and performing my audit, I considered the West Carroll Parish Sheriff's internal control over financial reporting in order to determine my auditing procedures for the purpose of expressing my opinion on the statement of assets and liabilities arising from cash transactions of the Tax Collector Agency Fund of the West Carroll Parish Sheriff as of June 30, 2001, and the related statement of collections, distributions, and unsettled balances for the year ended June 30, 2001, and not to provide assurance on the internal control over financial reporting. My consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the statement of assets and liabilities arising from cash transactions of the Tax Collector Agency Fund of the West Carroll Parish Sheriff as of June 30, 2001, and the related statement of collections, distributions, and unsettled balances for the year ended June 30, 2001, being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. I noted no matters involving the internal control over financial reporting and its operation that I consider to be material weaknesses.

This report is intended solely for the information and use of the sheriff and management of his office and is not intended to be and should not be used by anyone other than these specified parties. By provisions of state law, this report is a public document, and it has been distributed to appropriate public officials.
