INDEPENDENT AUDITOR'S REPORT

Honorable Robert W. Levy
District Attorney of the Third Judicial District
P.O. Box 777
Ruston, Louisiana 71273

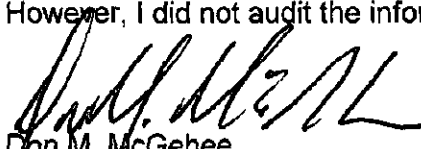

I have audited the accompanying financial statements of the governmental activities and the aggregate remaining fund information of the District Attorney of the Third Judicial District, a component unit of the Lincoln Parish Police Jury, as of and for the year ended December 31, 2007, which collectively comprise the District Attorney's basic financial statements, as listed in the table of contents. These financial statements are the responsibility of the District Attorney's management. My responsibility is to express opinions on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinions.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities and the aggregate remaining fund information of the District Attorney of the Third Judicial District, as of December 31, 2007, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, I have also issued a report dated June 30, 2008, on my consideration of the District Attorney's internal control over financial reporting and my tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of my audit.

The management's discussion and analysis and budgetary comparison information on pages 3 through 6 and pages 22 - 23, are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. I have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, I did not audit the information and express no opinion on it.

**MANAGEMENT'S DISCUSSION AND ANALYSIS
AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2007**

Our discussion and analysis of the District Attorney's financial performance provides an overview of the financial activities for the year ended December 31, 2007. It is based upon currently known facts, decisions, and conditions. Please read it in conjunction with the financial statements which begin on page 8.

Basic Financial Statements

The basic financial statements include government-wide and fund financial statements. The government-wide statements consist of a Statement of Net Assets and a Statement of Activities and provide information about the financial activities of our Office as a whole. The government-wide statements present a long-term view of our finances. Fund financial statements consist of the respective fund's balance sheet and the fund's statement of revenues, expenditures and changes in fund balance, if applicable. The fund statements tell how our services were financed in the short-term and what remains for future spending. The primary difference between the fund and government-wide statement presentation methods is that expenditures for capital assets are expensed in the fund financial statements but capitalized and depreciated in the government-wide statements.

Our office reports information about monies we hold as an agent for others in the fiduciary fund. We are responsible for ensuring that all assets held for others are distributed as ordered by the court. We cannot use the assets held for others to finance our operations.

Statement of Net Assets and Statement of Activities

One of the most important questions asked about our finances is, "Is the District Attorney's Office as a whole better off or worse off as a result of the year's activities?" The Statement of Net Assets and the Statement of Activities report information about our Office as a whole and about our activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting, which is a method similar to accounting used by most private-sector companies. All revenues and expenses of the current year are reported under this method regardless of when cash is received or disbursed.

These two statements report our Office's net assets and the changes in the net assets. You can think of net assets - the difference between assets and liabilities - as one way to measure the financial health, or financial position, of our Office. Increases/(decreases) in our net assets are one indicator of whether our financial health is improving/(deteriorating).

We report the financial activity of all services provided by us in the Statement of Net Assets and Statement of Activities. Expenses primarily include salaries and related benefits, and office expenses. Fees received from the defendants, grants and other assistance, and the on-behalf payments received from the State of Louisiana finance most of our activities.

Government-Wide Financial Analysis

As noted above, net assets may serve as a useful indicator of an entity's financial position. Our analysis below focuses on the net assets (Table 1) and changes in net assets (Table 2) of the governmental activities of our Office.

Table 1
Total Net Assets

Unrestricted Net Assets	<u>365,341</u>	<u>347,654</u>
Total Net Assets	<u>\$ 422,668</u>	<u>\$ 400,639</u>

Net assets increased \$22,029 from the prior year. Unrestricted net assets, which is the part of net assets that can be used to finance the day-to-day operations of our office without constraints, increased \$17,687.

Change in Net Assets

	<u>2007</u>	<u>2006</u>
Revenues		
Program Revenues:

General Revenues:

Total Expenses	<u>1,732,230</u>	<u>1,720,489</u>
Increase in Net Assets	<u>\$ 22,029</u>	<u>\$ 101,553</u>

Total revenues decreased by 4% (\$67,783) from the prior year. Fees decreased by 9% (\$21,731) primarily as a result of a 25% (\$11,800) decrease in worthless check fees and a 8% (\$6,470) decrease in pre-trial diversion fees. Intergovernmental program revenue decreased 10% (\$71,823) primarily as a result of a 46% (\$60,890) decrease in forfeitures. On-behalf revenue increased 7% (\$22,278) primarily due to a raise given to assistant district attorney's by the state.

Expenses increased 1% (\$11,741), mainly due to the net result of an increase in the area of salaries and decreases in the areas of fringe benefits and office expense. Salaries increased \$50,742 primarily due to an increase in the on-behalf amounts paid by the state and merit raises given. Fringe benefits decreased \$13,493 due to a decrease in the retirement contribution rate. Office expense decreased \$12,934.

The net effect was a \$79,524 decrease in the total change in net assets for the year ended December 31, 2007, compared to the prior year total change in net assets.

Fund Financial Statements

As of our year end on December 31, 2007, our governmental funds reported a fund balance of \$360,256, which is \$12,602 less than last year's fund balance. During 2007, revenues decreased \$72,868 for the reasons described above. Expenditures increased 1% (\$20,601) over the prior year as described above and capital outlay expenditures increased \$8,653.

General Fund Budgetary Highlights

We amend our budget when we determine there are unexpected differences between actual and anticipated revenues and/or expenditures. Our final amended budget was adopted just prior to year end. The differences between the original and final amended budget were a 3% (\$37,993) decrease in revenues and a 3% (\$41,556) decrease in expenditures. The change in budgeted revenues included a \$46,640 decrease in fees and a \$20,000 increase in on-behalf revenue. Budgeted insurance was adjusted upward \$29,733, employee benefits were decreased \$24,436, salaries were decreased \$23,885, and other expenses were decreased \$18,073. There were no other significant budget amendments.

Actual general fund revenues were 7% (\$87,776) greater than budgeted revenues, and actual general fund expenditures and transfers were 4% (\$47,997) more than budgeted expenditures and transfers. Grant revenues exceeded budgeted amounts by \$49,157 (96%), primarily because some grants were not included in the budgeting process. Intergovernmental revenues exceeded budgeted amounts by \$42,930 (6%) due primarily to an unexpected increase in criminal court fund monies received from Union Parish. Employee benefits were under budgeted \$33,602. Budgeted salaries were \$19,230 (2%) less than actual expenditures.

Capital Assets

In 2007 we purchased computer equipment, other office equipment, and office furniture. For the upcoming year, we plan to purchase some additional computer equipment, upgrade our computer software, and purchase a new vehicle, but there are no plans to issue debt to finance these purchases or any other future project.

Currently Known Facts, Decisions, or Conditions

We are not aware of any facts, decisions, or conditions that are expected to have a significant impact on the financial position or results of operations after the reporting date.

Net Change in Fund Balances-Total Governmental Funds **\$ 12,603**

Amounts reported in the Statement of Activities in the government-wide financial statements are different from those reported in the Statement of Revenues, Expenditures, and Changes in Fund Balance in the fund financial statements because:

Capital outlays are not recognized as expenditures in the Statement of Activities, but an economic cost of the outlay over an estimated useful life of the asset is recognized as depreciation expense. Capital outlay expenditures of \$20,754 recognized in the fund financial statements exceeded the \$16,413 in depreciation expense reported in the government-wide Statement of Activities by \$4,341. 4,341

Net revenues of \$5,085 recognized in the Statement of Activities were not available to fund current period expenditures and are not recognized as revenue in the fund financial statements. 5,085

**NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2007**

As provided by Article V, Section 26 of the Louisiana Constitution of 1974, the district attorney has charge of every criminal prosecution by the state in his district, is the representative of the state before the grand jury in his district, and is the legal advisor to the grand jury. He performs other duties as provided by law. The district attorney is elected by the qualified electors of the judicial district for a term of six years.

The accompanying basic financial statements of the District Attorney's Office are prepared in accordance with governmental accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant accounting policies used by the District Attorney's Office are discussed below:

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

REPORTING ENTITY

For financial reporting purposes, in conformity with GASB Statement No. 14, the District Attorney of the Third Judicial District is a component unit of the Lincoln Parish Police Jury. For the purposes of this financial report, this component unit serves as the nucleus for its own financial reporting entity and issues separate financial statements.

The Third Judicial District Truancy Assessment and Services Center (TASC) is a jointly governed organization. TASC's purpose is to identify potential juvenile delinquent behavior, using truancy as the primary indicator, and to correct it through early intervention. It operates through an interagency cooperation agreement with various agencies in Lincoln and Union parishes and with the District Attorney's Office. TASC is a component unit, but is not a legally separate organization from the District Attorney's Office. TASC is blended and reported within the Special Revenue Fund.

FUND ACCOUNTING

The accounts of the District Attorney are organized and operated on the basis of funds. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain governmental functions or activities.

Funds are classified into three categories: governmental, proprietary, and fiduciary. Furthermore, each category is divided into separate "fund types." The fund categories used by the District Attorney's Office are governmental funds and fiduciary funds. Governmental funds account for the District Attorney's general activities, including the collection and disbursement of specific or legally restricted monies, and the acquisition of general fixed assets. Fiduciary funds account for the activity of the District Attorney as an agent for third parties.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31, 2007

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Governmental Funds

General Fund

The General Fund is the general operating fund of the district attorney. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds

Special revenue funds are used to account for the proceeds of specific revenue sources (other than special assessments, expendable trusts, or major capital projects) that are legally restricted to expenditures for specific purposes. The District Attorney's Office uses the following special revenue funds:

Title IV-D Fund - To account for the receipt and expenditures of reimbursement grants from the Louisiana Department of Health and Human Resources, authorized by Act 117 of 1975, to establish family and child support programs compatible with Title IV-D of the social security act. The purpose of the fund is to enforce the support obligation owed by absent parents to their families and children, to locate absent parents, to establish paternity, and to obtain family and child support.

Worthless Checks Fund - To account for the receipt and use of the proceeds from fees collected in accordance with Louisiana Revised Statute 16:15, which provides that the District Attorney receives, from the principle to the offense, a prescribed amount upon collection of a worthless check. The fund may be used to defray the salaries and expenses of the office of the District Attorney, but may not be used to supplement the salary of the District Attorney.

Third Judicial District Truancy Assessment and Service Center (TASC) - To account for the receipt and use of monies from the State of Louisiana-Judicial Branch, authorized by the Children's Code Chapter 15, and a grant to operate a Truancy Assessment and Services Center. The TASC addresses the underlying causes of truancy to coordinate the pooling of existing resources targeted at the child and family and the providing of appropriate action by services and treatment agencies in Lincoln and Union parishes. The TASC operates through an interagency cooperation with the Third Judicial District Judges, Lincoln and Union Parish School Boards, Lincoln and Union Parish Police Jury, Lincoln and Union Parish Sheriff's Office, Louisiana Tech University, various other organizations, and the District Attorney's Office. The TASC is not legally separate from the District Attorney's Office.

Fiduciary Funds

Agency Funds

Agency Funds are used to account for assets held by the District Attorney's Office as an agent for individuals, private organizations, other governments, and/or other funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations:

Forfeiture and Fine Fund - To account for assets received under the asset forfeiture law, under the bond forfeiture law, and for bail bond license fees. The asset forfeiture funds and the bond forfeiture funds are held until a judgment is rendered on each case instructing the District Attorney's Office on the disbursements of the funds. The bail bond license fees are distributed to various agencies, including the District Attorney's general fund, as provided by law.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Government-Wide Financial Statements

The Statement of Net Assets and the Statement of Activities displays information about the reporting government as a whole. The Statement of Net Assets and Statement of Activities were prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets, and liabilities resulting from non-exchange transactions are recognized in accordance with the requirements of GASB Statement No. 33 "Accounting and Financial Reporting for Nonexchange Transactions."

Program revenues included in the Statement of Activities derive directly from the program itself and reduce the cost of the function to be financed from the general revenues.

Fund Financial Statements

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All government funds are accounted for using a current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means that the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. An availability period of 60 days was used. Revenues accrued include commissions (collected by another governmental unit and remitted to the District Attorney), other intergovernmental revenue, and reimbursements for expenditures from the state. Revenues that are not considered susceptible to accrual include certain charges for fees and forfeitures. Expenditures are recorded when the related fund liability is incurred.

With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

BUDGETS AND BUDGETARY ACCOUNTING

The District Attorney's Office prepared an operating budget on its General Fund and Special Revenue Funds for the year ended December 31, 2007. Budgetary data is prepared based on prior year actual operating revenues and expenditures. It is monitored by management and amended throughout the year as necessary. The District Attorney's Office performs only a custodial function in the case of the agency fund and therefore a budget for this fund is not appropriate. Appropriations lapse at year-end and must be reappropriated for the following year to be expended.

The 2007 general fund budget was authorized by the District Attorney, made available for public inspection at the District Attorney's Office, and adopted by the District Attorney. The budget was amended prior to year end by the District Attorney.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

CASH AND CASH EQUIVALENTS

Cash includes amounts in demand deposits, interest-bearing demand deposits, and time deposits with original maturities of three months or less from the date of acquisition. It also includes cash on hand and undeposited currency being held in trust for evidence. Under state law, the District Attorney may deposit funds in demand deposits, interest-bearing demand deposits, or time deposits with state banks organized under the laws of any state of the United States, or under the laws of the United States.

SHORT-TERM INTERFUND RECEIVABLES/PAYABLES

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as due from other funds or due to other funds on the balance sheet.

CAPITAL ASSETS

Capital assets are capitalized at cost and depreciated over their estimated useful lives. Donated assets are recorded at their estimated fair value at the date of donation. Estimated useful life is management's estimate of how long the asset is expected to meet service demands. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Furniture and Equipment	5 - 7 years
Vehicles	5 - 7 years

DEFERRED REVENUE

Amounts which have been received, but for which the revenue recognition criteria has not yet been met because such amounts have not yet been earned are classified as deferred revenue.

VACATION AND SICK LEAVE

Employees earn 12 days of vacation and sick leave each year. Vacation and sick leave must be used in the year earned. There are no accumulated and vested benefits relating to vacation and sick leave that require accrual or disclosure at year end.

NOTE 2 - CASH AND CERTIFICATES OF DEPOSIT

Cash consists of demand deposits and cash on hand. Deposits are carried at cost which approximates market value. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal or exceed the amount on deposit with the fiscal agent. Pledged securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

At December 31, 2007, the District Attorney's Office has \$392,254 in deposits (collected bank balances). These deposits are secured from risk by federal deposit insurance.

There was also a balance of \$450 recorded as cash on hand and \$7,679 recorded as undeposited currency being held in trust for evidence at December 31, 2007, which was uncollateralized.

NOTE 7 - PENSION PLANS (CONTINUED)

The Parochial Employees Retirement System (PERS) is a cost-sharing, multiple-employer, defined benefit pension plan which is administered and controlled by a board of trustees. The PERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. The Louisiana Legislature establishes and amends benefit provisions. **INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Honorable Robert W. Levy
District Attorney of the Third Judicial District
P.O. Box 777
Ruston, Louisiana 71273

I have audited the financial statements of the governmental activities and the aggregate remaining fund information of the District Attorney of the Third Judicial District, a component unit of the Lincoln Parish Police Jury, as of and for the year ended December 31, 2007, which collectively comprise the District Attorney's basic financial statements and have issued my report thereon dated June 30, 2008. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing my audit, I considered the District Attorney's internal control over financial reporting as a basis for designing my auditing procedures for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District Attorney's internal control over financial reporting. Accordingly, I do not express an opinion on the effectiveness of the District Attorney's internal control over financial reporting.

My consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, I identified certain deficiencies in internal control over financial reporting that I consider to be significant deficiencies.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the District Attorney's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the District Attorney's financial statements that is more than inconsequential will not be prevented or detected by the District Attorney's internal control. I consider the deficiencies described in the accompanying schedule of findings and questioned costs as #2007-1 to be a significant deficiency in internal control over reporting.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statement will not be prevented or detected by the District Attorney's internal control.

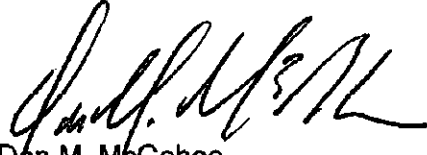

My consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be a material weakness. However, of the significant deficiencies described above, I consider item #2007-1 to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District Attorney's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit and, accordingly, I do not express such an opinion. The results of my tests disclosed one instance of noncompliance or other matters that is required to be reported under Government Auditing Standards which is described in the accompanying schedule of findings and questioned costs as item #2007-2.

The District Attorney's responses to the findings identified in my audit are described in the accompanying schedule of management's corrective action plan. I did not audit the District Attorney's responses and, accordingly, I express no opinion on them.

This report is intended solely for the information of the management of the District Attorney's Office, federal awarding agencies and pass-through entities, and the Legislative Auditor of Louisiana and is not intended to be and should not be used by anyone other than these specified parties. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED DECEMBER 31, 2007**

I have audited the financial statements of the District Attorney as of and for the year ended December 31, 2007, and have issued my report thereon dated June 30, 2008. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. My audit of the financial statements as of December 31, 2007 resulted in an unqualified opinion. The following is a summary of my audit observations on internal control, tests of compliance, and findings related to the financial statements that are required to be reported in accordance with Government Auditing Standards:

Section 1 Summary of Auditor's Reports

Report on Internal Control and Compliance Material to the Financial Statements

Internal Control

Material Weaknesses Yes No Significant Deficiencies Yes No

Compliance

Compliance Material to Financial Statements Yes No

Section 2 Financial Statement Findings

Finding 2007-1. Separation of Duties. The District Attorney's Office has too few personnel involved in the accounting system to have adequate separation of duties for internal control.

Finding 2007-2. Amended Budget Not Published. The Louisiana Local Government Budget act requires that a political subdivision publish its proposed budget, if proposed expenditures are in excess of \$500,000, prior to adoption to allow public participation. The amended general fund budget for 2007 had expenditures of \$1,315,156, but was not published. I recommend that future budgets be published to allow public participation, if expenditures are in excess of \$500,000.

SECTION 1 INTERNAL CONTROL AND COMPLIANCE MATERIAL TO THE FINANCIAL STATEMENT

FINDINGS

2007-1. Separation of Duties. Too few personnel involved in the accounting system to have adequate separation of duties for internal control.

2007-2. Amended Budget Not Published. The amended general fund had expenditures in excess of \$500,000, but was not published. According to state law, the budget should be published if expenditures exceed \$500,000 to allow public participation before it is adopted. I recommend that the financial administrator be responsible for making sure the proposed budget is published, if required by law.

RESPONSE

The District Attorney's Office has an accounting workload that can be easily managed by two employees. The hiring of additional employees to provide enhanced internal control does not appear to be the best use of resources.

The financial administrator will be sure to publish the 2009 budget and any amendments to the 2008 budget, as required by law.
