Independent Auditors' Report

Report on the Financial Statements

We have audited the accompanying financial statements of Innovative Student Facilities, Inc., which comprise the statements of financial position as of June 30, 2014 and 2013, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Innovative Student Facilities, Inc. as of June 30, 2014 and 2013, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated August 25, 2014 on our consideration of Innovative Student Facilities, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Innovative Student Facilities, Inc.'s internal control over financial reporting and compliance.

INNOVATIVE STUDENT FACILITIES, INC.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2014 AND 2013

1. Summary of Significant Accounting Policies

Nature of Activities

Innovative Student Facilities, Inc. (the "Corporation") was formed July 1, 2003 to acquire, construct, develop, manage, lease as lessor or lessee, mortgage and/or convey student housing and other facilities (the "Facilities") on the campus of Louisiana Tech University (the "University"). The construction projects are funded by Louisiana Local Government Environmental Facilities and Community Development Authority (the "Authority") Revenue Bonds. The proceeds of the bonds have been loaned by the Authority to the Corporation pursuant to a Loan and Assignment Agreement dated July 1, 2003 and September 1, 2007 and are to be used for (1) financing the cost of acquiring immovable property to be purchased by the Board; (2) financing a portion of the cost of the development, design, construction and equipping of the Facilities; (3) paying capitalized interest on the Bonds; (4) funding a debt service reserve fund; (5) paying the costs of issuance of the Bonds, including the premium for the Financial Guaranty Insurance Policy; and (6) payment for construction of new facilities and repairs and maintenance to existing facilities.

The Corporation will lease the land upon which the Facilities are constructed for \$1 per year from the Board of Supervisors for the University of Louisiana System (the "Board") pursuant to the Ground Lease Agreements dated July 1, 2003 and September 1, 2007. Upon completion of construction, the Board will lease back the Facilities from the Corporation pursuant to the Agreements to Lease with Option to Purchase (the "Facilities Lease") dated July 1, 2003 and September 1, 2007. In accordance with the Facilities Lease, the Board, on behalf of the University, will pay Rental to the Corporation in an amount sufficient to pay debt service and related expenses on the Bonds. The Facilities Lease is a triple net lease and the Board agrees that the Rental shall be an absolute net return to the Corporation free and clear of any expenses, charges, taxes or set-offs whatsoever of any kind, character or nature; the Board shall bear responsibility for the payment of all costs and expenses associated with the ownership, operation and maintenance of the Facilities. Under no circumstances will the Corporation be required to make any payments on the Board's behalf or assume any monetary obligation of the Board under the Facilities Lease.

The Corporation has entered into an agreement with the State of Louisiana, Louisiana Tech University, the Louisiana Tech University Foundation, Inc. and the Louisiana Tech Student Fund 2020 during the fiscal year ended June 30, 2014 to be the custodian of funds procured for the construction of the south end zone project for Joe Aillet Stadium (the "Athletic Facilities Project"). The Corporation will be charged with the payment of all invoices related to the construction, and the accounting for the same. Funds contributed to the Corporation by the above listed entities are maintained in separate cash accounts and are accounted for by the Corporation's staff and recorded as gifts and grants income until such time as the funds are expended for the construction. In addition to the contributed funds, the Corporation also issued Louisiana Local Government Environmental Facilities and Community Development Authority Revenue Bonds for the purpose of additional financing of the Athletic Facilities Project, see Note 6 for further details of the bond issue.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles of the United States of America.

1. **Organization and Significant Accounting Policies** (Continued)

Accordingly, they reflect revenues and related receivables when earned rather than when received and expenses and related payables when incurred rather than when paid. Net assets, revenues, expenses, gains and losses are classified based upon the existence or absence of donor-imposed restrictions.

Financial Statement Presentation

The Corporation is required to report information regarding its financial position and activities according to three classes of net assets:

Unrestricted net assets - Net assets that are not subject to donor-imposed stipulations. However, these assets may be designated by management for specific purposes.

Temporarily restricted net assets - Net assets subject to donor-imposed stipulations that may or will be met either by actions of the Corporation and/or passage of time. This classification includes gifts, annuities and unconditional promises to give for which the ultimate purpose of the proceeds is not permanently restricted.

Permanently restricted net assets - Net assets subject to donor-imposed stipulations that they be maintained permanently by the Corporation. Generally, the donors of these assets permit the Corporation to use all of, or part of, the income earned on the related investments for general or specific purposes.

Net Assets Released from Restrictions

Expirations of temporary restrictions on net assets (i.e., the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as reclassifications between the applicable classes of net assets.

Cash Equivalents

For financial statement purposes, the Corporation considers all deposits in money market funds to be cash equivalents. Cash equivalents are stated at cost, which approximates market value.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. **Cash and Cash Equivalents**

Cash and cash equivalents consist of money market funds collateralized by U.S. Treasury securities in the amount of \$28,554,198 at June 30, 2014 and \$27,016,594 at June 30, 2013. These funds are exposed to custodial credit risk because the money market funds are uninsured and collateralized with securities held by the trust department of J. P. Morgan Chase and Bank of New York.

3. **Prepaid Bond Costs**

The Series 2007 and Series 2013 Bonds were issued to include some additional prepaid bond costs, including but not limited to, bond issuance premium (discount), underwriter's discount, and other costs. These costs are being amortized over the life of the bond on the straight-line basis. Amortization expense related to the prepaid bond cost recorded in the statement of activities totaled \$64,031 and \$54,222 for the years ended June 30, 2014 and 2013.

4. Construction in Progress

Phase II Construction (2007 Series):

Construction in progress consisted of construction costs completed through the date of the financial statements on the Corporation's new construction on the University's campus. The scope of the construction will include three (3) segments: Phase II Housing, Recreation Facilities, and Other Athletic/Intramural Facilities. Phase II Housing includes construction of an approximately 500-bed apartment style development, with Phase I, a 448-bed development being completed in 2005. The Recreation Facilities include renovation and new construction at the University's Maxie Lambright Intramural Sports Center to include a new 25-meter competition pool, a new atrium, food service, seating, a rock-wall, new bowling lanes and new classroom space. The Other Athletic/Intramural Facilities include new tennis courts, new locker and restroom facilities for intramural and athletic use, and construction of a new track surface and football stadium jumbotron.

All costs recorded in construction in progress in prior years were directly related to the construction of Phase II Housing, Recreational Facilities, and the Other Athletic/Intramural Facilities. The entire balance of construction in progress was transferred to property and equipment upon completion of construction (May 15, 2013).

Phase III Construction-Athletic Facilities (2014 Series):

Construction in progress consists of current construction costs presented for payment through the date of the financial statements of the Corporation on the addition to the Athletic Facilities Project. The construction of the approximately 70,000 square foot facility will close the south end of Joe Aillet Stadium. The scope of the construction project includes, but is not limited to, a new state of the art strength and condition complex, coach's offices, football locker room, meeting rooms, club seating, and a multi-functional dining facility. Construction commenced in April 2014 and expected completion date is scheduled for August 2015.

All costs recorded in construction in progress in the current period are directly related to the construction of the south end zone at the stadium, including any interest accrued and/or paid during the construction phase. Once completed, the entire balance of construction in progress will be transferred to property and equipment upon completion of construction.

For the project, the Corporation entered into a contract (the "Architecture Contract") with Tim Brandon Architecture (the "Architects") to provide for the design and engineering of the project. Additionally, the Corporation entered into a contract (the "Construction Contract") with Lincoln Builders, Inc. (the "Builder") to provide for the construction of the described project.

The Architecture Contract required the Architects to perform the design and engineering of the development as generally described in a master plan prepared for the Board. The Architects worked concurrently with the Builder, the Corporation and the Corporation's Advisory Committee to design the development. Upon the Corporation's approval of the designed development, the Builder provided the Corporation with a guaranteed maximum price to construct the development including all fees for the Builder and its subcontractors.

5. Property, Plant and Equipment

Property, plant and equipment are depreciated using the straight-line method. Land improvements are depreciated over 20 years, buildings over 40 years, and furniture, fixtures, and equipment over 10 years. At June 30, 2014 and 2013, property, plant and equipment are comprised of the following:

5. **Property, Plant and Equipment**

Payments of scheduled principal and interest on the bonds, when due, are insured by Ambac Assurance Corporation.

7. Income Taxes

The Corporation is exempt from federal income taxes under Section 501(a) of the Internal Revenue Code (IRC) as an organization described in IRC Section 501(c)(3). Therefore, no provision for income taxes has been made in the financial statements, but the Corporation is required to file an annual information tax return. The Corporation is also required to review various tax positions it has taken with respect to its exempt status and determine whether in fact it is a tax exempt entity. The Corporation must also consider whether it has nexus in jurisdictions in which it has income and whether a tax return is required in those jurisdictions. In addition, as a tax exempt entity, the Corporation must assess whether it has any tax positions associated with unrelated business income subject to income tax. The Corporation does not expect its positions to change significantly over the next twelve months. Any penalties related to late filing or other requirements would be recognized as penalties expense in the Corporation's accounting records.

The Corporation files U.S. federal Form 990 for informational purposes. The Corporation's federal income tax returns for the tax years 2010 and subsequent remain subject to examination by the Internal Revenue Service.

8. Risks and Uncertainties

As discussed in Note 1, the Corporation is dependent upon the State of Louisiana Legislature appropriating funds to the Board sufficient to make payments of base rental to the Corporation.

9. Reserved Cash

The Board of Supervisors for the University of Louisiana System shall bear responsibility for the payment of all costs and expenses associated with the ownership, operation, and maintenance of the student housing and other liabilities as described in Note 1. Included in reserved cash, which are required to be kept in a separate bank account, are amounts received from the Board for the operation and maintenance of the Facilities. Reserved cash at June 30, 2014 and 2013 was \$4,083,364 and \$1,812,662, respectively.

10. Subsequent Events

The Corporation has evaluated subsequent events through August 25, 2014, the date which the financial statements were available to be issued. Management is not aware of any significant subsequent events as of this date.

**Independent Auditor's Report on Internal Control Over Financial Reporting
and on Compliance and Other Matters Based on an Audit of Financial
Statements Performed in Accordance with Government Auditing Standards**

Independent Auditor's Report

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Innovative Student Facilities, Inc., which comprise the statement of financial position as of June 30, 2013, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated August 25, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Innovative Student Facilities, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Innovative Student Facilities, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Innovative Student Facilities, Inc.'s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Innovative Student Facilities Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
