## **Independent Auditor's Report**

TENSAS PARISH SHERIFF  
St. Joseph, Louisiana

### **Report on the Financial Statements**

I have audited the accompanying financial statements of the governmental activities and major fund of the Tensas Parish Sheriff, a component unit of the Tensas Parish Police Jury, as of June 30, 2017, and for the year then ended, and the related notes to the financial statements, which collectively comprise the Sheriff's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

My responsibility is to express opinions on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Tensas Parish Sheriff's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Tensas Parish Sheriff's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinions.

TENSAS PARISH SHERIFF  
St. Joseph, Louisiana  
Independent Auditor's Report,  
June 30, 2017

*Opinions*

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position and major fund of the Tensas Parish Sheriff as of June 30, 2017, and the respective changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

*Other Matters*

*Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 7 through 11, the budgetary comparison information on pages 43 through 45, and the schedule of funding progress for the retiree healthcare plan on page 46, and the schedule of the Sheriff's proportionate share of the net pension liability on pages 47 through 48, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with managements's responses to my inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance.

*Other Information*

My audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Tensas Parish Sheriff's office basic financial statements. The supplemental information schedules listed in the table of contents are presented for the purpose of additional analysis and are not a required part of the financial statements.

The supplemental information schedules listed in the table of contents is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The schedule of compensation, benefits, and other payments to agency head on page 51 and the Sheriff's sworn statement presented on page 50 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the information is fairly stated in all material respects, in relation to the basic financial statements as a whole.

TENSAS PARISH SHERIFF  
St. Joseph, Louisiana  
Independent Auditor's Report,  
June 30, 2017

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, I have also issued a report dated December 31, 2017, on my consideration of the Tensas Parish Sheriff's internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Tensas Parish Sheriff's internal control over financial reporting and compliance.

**REQUIRED SUPPLEMENTARY INFORMATION  
PART I**

TENSAS PARISH SHERIFF  
St. Joseph, Louisiana

**Management's Discussion and Analysis**  
June 30, 2017

As management of the Tensas Parish Sheriff, I offer readers of the Tensas Parish Sheriff's financial statements this narrative overview and analysis of the financial activities of the Tensas Parish Sheriff for the fiscal year ended June 30, 2017. Please read it in conjunction with the basic financial statements and the accompanying notes to the financial statements.

**Overview of the Financial Statements**

This Management Discussion and Analysis document introduces the Sheriff's basic financial statements. The annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities (Government-wide Financial Statements) provide information about the financial activities as a whole and illustrate a longer-term view of the Sheriff's finances. The Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balance - Governmental Fund (Fund Financial Statements) tell how these services were financed in the short term as well as what remains for future spending. Fund Financial Statements also report the operations in more detail than the Government-Wide Financial Statements by providing information about the most significant funds. This report also contains other supplementary information in addition to the basic financial statements themselves.

Our auditor has provided assurance in her independent auditor's report that the Basic Financial Statements are fairly stated. The auditor, regarding the Required Supplemental Information and the Supplemental Information is providing varying degrees of assurance. A user of this report should read the independent auditor's report carefully to ascertain the level of assurance being provided for each of the other parts in the Financial Section.

*Government-wide financial statements.* The *government-wide financial statements* are designed to provide readers with a broad overview of the Tensas Parish Sheriff's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the Tensas Parish Sheriff's assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Tensas Parish Sheriff is improving or deteriorating.

The *statement of activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (for example, earned, but unused, sick leave).

***Fund financial statements.*** A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Tensas Parish Sheriff, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Tensas Parish Sheriff can be divided into two categories: governmental funds and fiduciary (agency) funds.

***Governmental funds.*** Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Tensas Parish Sheriff maintains 3 individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund, and the Detention Center special revenue fund, which are considered to be a major funds. The Commissary Fund data for the non-major governmental fund is provided in a separate column for non-major governmental fund.

The Tensas Parish Sheriff adopts an annual appropriated budget for the general fund and the special revenue funds. A budgetary comparison statement is provided for the major funds to demonstrate compliance with this budget.

***Fiduciary funds.*** Fiduciary (agency) funds are used to account for resources held for the benefit of parties outside the government. Since these resources are not available to support the Tensas Parish Sheriff's programs, Fiduciary (agency) funds are not reflected in the government-wide financial statement.

**Notes to the financial statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

**Other Information** in addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* concerning the Tensas Parish Sheriff's performance.

### **Government-wide Financial Analysis**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. At the close of the most recent fiscal year, liabilities of the Tensas Parish Sheriff exceeded assets by \$1,258,825. The largest portion of the Tensas Parish Sheriff's net position reflects its

investment in capital assets (furniture and equipment), less any related debt used to acquire those assets that is still outstanding. These assets are not available for future spending. Although the investment in capital assets is reported net of related debt, the resources needed to repay this debt must be provided from other sources.

The balance in unrestricted net position is affected by two factors: 1) resources expended, over time, by the Tensas Parish Sheriff to acquire capital assets from sources other than internally generated funds (i.e., debt), and 2) required depreciation on assets having been included in the statement of net position.

STATEMENT OF NET POSITION

	2017	2016

Net Position - End of year	<u>(\$1,258,825)</u>	<u>(\$1,827,010)</u>

### Financial Analysis of the Government's Funds

As noted earlier, the Tensas Parish Sheriff uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The focus of the governmental funds is to provide information on near-term inflows, outflows, and balances of expendable resources. Such information is useful in assessing the financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of June 30, 2017, combined governmental fund balance of \$368,539 showed an increase in fund balance of \$611,676 over June 30, 2016. The General Fund's portion of the unreserved, undesignated fund balance of \$610,345 shows an increase (of approximately \$257,414) from the prior year amount. The Detention Center portion of the unreserved, undesignated fund deficit is (\$381,465), and shows an increase in fund balance (of approximately \$251,866) from the prior year amount.

## **General Fund and Major Fund Budgetary Highlights**

Differences between expenditures of the original budget and the final budget for the General Fund were due primarily to an increase in personal services, operating services, materials and supplies and capital outlay and decreases in travel and other charges and debt service. The difference in original and final budgeted revenues in the general fund were due to an increase in ad valorem taxes, use of money and property, operating transfers in and proceeds from disposal of assets, and decreases in federal grants, supplemental pay, other state grants, commissions on licenses and taxes, civil and criminal fees, and feeding and keeping prisoners.

Differences between expenditures of the original budget and the final budget for the Detention Center Fund were due primarily to an increase in personal services, operating services and materials and supplies and decreases in travel and other charges and debt service. The difference in original and final budgeted revenues in the Detention Center Fund were due to decreases in feeding and keeping prisoners, use of money and property and other revenues.

## **Capital Asset and Debt Administration**

**Capital assets.** The Tensas Parish Sheriff's investment in capital assets for its governmental activities as of June 30, 2017, amounts to \$233,398 (net of accumulated depreciation). This investment includes furniture, equipment, and weapons. There were increases of \$96,181 in capital assets for the year. There were deletions of \$227,633 for the year.

**Long-term debt.** At the end of the fiscal year, Tensas Parish Sheriff had total debt outstanding, in the form of leases, of \$35,037, which will be paid in full within two years. During the year ended June 30, 2017, \$56,682 of debt was paid in accordance with the debt agreement. The Tensas Parish Sheriff contributes to a single-employer defined benefit healthcare plan ("the Retiree Health Plan"). The plan provides lifetime healthcare insurance for eligible retirees through the sheriff's group health insurance plan. Net OPEB obligation associated with the Retiree Health Plan at June 30, 2017 is \$1,269,746. Net Pension obligation associated with the Pension Plan at June 30, 2017 is \$1,006,142.

## **Requests for Information**

This financial report is designed to provide a general overview of the Tensas Parish Sheriff's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Tensas Parish Sheriff, Courthouse Building, St. Joseph LA 71282.

Reconciliation of Governmental Funds  
Statement of Revenue, Expenditures, and Changes  
in Fund Balances to the Statement of Activities

For the Year Ended June 30, 2017

Total net change in fund balances - governmental funds (Statement D)	\$611,676
Amounts reported for governmental activities in the Statement of Activities are different because:	
Repayment of lease principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position.	20,681
The payments on the certificates are treated in governmental activities as other financing sources and uses, whereas those transactions are not reported in the government wide statement of activities but are carried to the statement of net position.	36,000
The issuance of leases are treated in governmental activities as other financing sources and uses, whereas those transactions are not reported in the government wide statement of activities but are carried to the statement of net position.	(20,666)
Payments of long-term debt, including contributions to OPEB obligation, are reported as expenditures in governmental funds. However, those amounts are a reduction of long-term liabilities in the Statement of Net Position and are not reflected in the Statement of Activities.	(173,185)
Capital outlays are reported in governmental funds as expenditures. However, in the statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlay exceeds depreciation in the period.	39,455
Non-employer contributions to cost-sharing pension plan	61,580
Pension expense	<u>2,644</u>
Change in net position of governmental activities (Statement B)	<u><u>\$578,185</u></u>

The accompanying notes are an integral part of this statement.

TENSAS PARISH SHERIFF  
St. Joseph, Louisiana

Notes to the Financial Statements  
As of and For the Year Ended June 30, 2017

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

As provided by Article V, Section 27 of the Louisiana Constitution of 1974, the sheriff serves a four year term as the chief executive officer of the law enforcement district and ex-officio tax collector of the parish. The sheriff also administers the parish jail system and exercises duties required by the parish court system, such as providing bailiffs, executing orders of the court, serving subpoenas, et cetera. As the ex-officio tax collector of the parish, the sheriff is responsible for the collection and distribution of ad valorem property taxes, parish occupational licenses, state revenue sharing funds, and fines, costs, and bond forfeitures imposed by the district court.

The sheriff has the responsibility for enforcing state and local laws, ordinances, et cetera, within the territorial boundaries of the parish. The sheriff provides protection to the residents of the parish through on-site patrols, investigations, et cetera, and serves the residents of the parish through the establishment of neighborhood watch programs, anti-drug abuse programs, et cetera. Additionally, the sheriff, when requested, provides assistance to other law enforcement agencies within the parish.

The accompanying financial statements of the Tensas Parish Sheriff have been prepared in conformity with U.S. generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The accompanying basic financial statements have been prepared in conformity with GASB Statement 34, *Basic Financial Statements-and Management's Discussion and Analysis -for State and Local Governments*, issued in June 1999.

**A. REPORTING ENTITY**

As the governing authority of the parish, for reporting purposes, the Tensas Parish Police Jury is the financial reporting entity for Tensas Parish. The financial reporting entity consists of (a) the primary government (police jury), (b) organizations for which primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board (GASB) Statement No. 14 established criteria for determining which component units should be considered part of the Tensas Parish Police Jury for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial responsibility. The GASB has set forth criteria to be considered in determining financial accountability. This criteria includes:

TENSAS PARISH SHERIFF

St. Joseph, Louisiana

Notes to the Financial Statements (Continued)

1. Appointing a voting majority of an organization's governing body, and:
  - a. The ability of the police jury to impose its will on that organization and/or
  - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the police jury.
2. Organizations for which the police jury does not appoint a voting majority but are fiscally dependent on the police jury.
3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Because the police jury maintains and operates the building in which the sheriff's office is located and provides partial funding for equipment, furniture and supplies of the sheriff's office, the sheriff was determined to be a component unit of the Tensas Parish Police Jury, the financial reporting entity. The accompanying financial statements present information only on the funds maintained by the sheriff and do not present information on the police jury, the general government services provided by that governmental unit, or the other governmental units that comprise the Tensas Parish financial reporting entity.

**B. BASIC FINANCIAL STATEMENTS - GOVERNMENT-WIDE STATEMENTS**

The sheriff's basic financial statements include both government-wide (reporting the sheriff as a whole) and fund financial statements (reporting the sheriff's major fund). Both government-wide and fund financial statements categorize primary activities as either governmental or business type. All activities of the sheriff are classified as governmental.

The Statement of Net Position (Statement A) and the Statement of Activities (Statement B) display information about the reporting government as a whole. These statements include all the financial activities of the sheriff, except for fiduciary funds. Fiduciary funds are reported only in the Statement of Fiduciary Net Assets at the fund financial statement level.

In the Statement of Net Position, governmental activities are presented on a consolidated basis and are presented on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term obligations. Net position are reported in three parts; invested in capital assets, net of any related debt; restricted net position; and unrestricted net position.

The government-wide financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange or exchange-like transactions are recognized

## TENSAS PARISH SHERIFF

St. Joseph, Louisiana

### Notes to the Financial Statements (Continued)

when the exchange occurs (regardless of when cash is received or disbursed). Revenues, expenses, gains, losses, assets and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, *Accounting and Financial Reporting for Nonexchange Transactions*.

**Program Revenues** - Program revenues included in the Statement of Activities (Statement B) are derived directly from parties outside the sheriff's taxpayers or citizenry. Program revenues reduce the cost of the function to be financed from the sheriff's general revenues.

**Allocation of Indirect Expenses** - The sheriff reports all direct expenses by function in the Statement of Activities (Statement B). Direct expenses are those that are clearly identifiable with a function. Indirect expenses of other functions are not allocated to those functions but are reported separately in the Statement of Activities. Depreciation expense, which can be specifically identified by function, is included in the direct expenses of each function. Interest on general long-term debt is considered an indirect expense and is reported separately on the Statement of Activities.

### C. BASIC FINANCIAL STATEMENTS - FUND FINANCIAL STATEMENTS

The financial transactions of the sheriff are reported in individual funds in the fund financial statements. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities. Fund financial statements report detailed information about the sheriff. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column.

A fund is a separate accounting entity with a self-balancing set of accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures. Funds are classified into three categories: governmental, proprietary, and fiduciary. Each category, in turn, is divided into separate "fund types". Governmental funds are used to account for a government's general activities, where the focus of attention is on the providing of services to the public as opposed to proprietary funds where the focus of attention is on recovering the cost of providing services to the public or other agencies through service charges or user fees. Fiduciary funds are used to account for assets held for others. The sheriff's current operations require the use of only governmental and fiduciary funds. The governmental and fiduciary fund types used by the sheriff are described as follows:

#### **Governmental Fund Types**

**General Fund** - The General Fund, as provided by Louisiana Revised Statute 13:781, is the principal fund of the sheriff and is used to account for the operations of the sheriff's office. The various fees and charges due to the sheriff's office are accounted for in this fund. General operating expenditures are paid from this fund.

TENSAS PARISH SHERIFF

St. Joseph, Louisiana

Notes to the Financial Statements (Continued)

**Special Revenue Funds** - The Special Revenue Funds are used to account for the proceeds of specific revenue sources such as grants and state and parish funds for maintaining state and parish prisoners. Those revenues are restricted to expenditures for specified purposes.

**Fiduciary Fund Type - Agency Funds**

The agency funds are used as depositories for civil suits, cash bonds, taxes, fees, et cetera. Disbursements from the funds are made to various parish agencies, litigants in suits, et cetera, in the manner prescribed by law. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

**D. BASIS OF ACCOUNTING**

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurement made regardless of the measurement focus applied.

**1. Accrual:**

Both governmental and business type activities in the government-wide financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

**2. Modified Accrual:**

The governmental funds financial statements are presented on the modified accrual basis of accounting. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Governmental funds and the fiduciary type agency funds use the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). Measurable means the amount of the transaction can be determined and available means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The sheriff considers all revenues available if they are collected within 60 days after the fiscal year

TENSAS PARISH SHERIFF

St. Joseph, Louisiana

Notes to the Financial Statements (Continued)

end. Expenditures are recorded when the related fund liability is incurred, except for interest and principal payments on general long-term debt which is recognized when due, and certain compensated absences and claims and judgments which are recognized when the obligations are expected to be liquidated with expendable available financial resources. The governmental funds use the following practices in recording revenues and expenditures:

**Revenues**

Ad valorem taxes and the related state revenue sharing are recorded in the year the taxes are due and payable. Ad valorem taxes are assessed on a calendar year basis and attach as an enforceable lien and become due and payable on the date the tax rolls are filed with the recorder of mortgages. Louisiana Revised Statute 47:1993 requires that the tax roll be filed on or before November 15 of each year. Ad valorem taxes become delinquent if not paid by December 31. The taxes are normally collected in December, January, and February of the fiscal year.

Intergovernmental revenues and fees, charges, and commissions for services are recorded when the sheriff is entitled to the funds.

Interest income on time deposits is recorded when the time deposits have matured and the income is available.

Substantially all other revenues are recognized when received by the sheriff.

Based on the above criteria, intergovernmental revenue and fees, charges, and commissions for services are treated as susceptible to accrual.

**Expenditures**

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred.

**E. CASH AND CASH EQUIVALENTS**

Under state law, the sheriff may deposit funds in demand deposits, interest bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having principal offices in Louisiana. At June 30, 2017, the sheriff has cash and equivalents, net of cash overdrafts (book balances) totaling \$1,683,057 as follows:

TENSAS PARISH SHERIFF  
 St. Joseph, Louisiana  
 Notes to the Financial Statements (Continued)

Demand deposits	\$1,672,732
Time deposits	10,025
Petty cash	<u>300</u>
Total	<u>\$1,683,057</u>

These deposits are stated at cost, which approximates market. Under state law, these deposits, or the resulting bank balances, must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent bank. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. Cash and cash equivalents (bank balances) at June 30, 2017, are secured as follows:

Bank balances	<u>\$1,846,818</u>
Federal deposit insurance	\$1,034,371
Pledged securities (uncollateralized)	<u>4,572,070</u>
Total	<u>\$5,606,441</u>

Because the pledged securities are held by a custodial bank in the name of the fiscal agent bank rather than in the name of the sheriff, they are considered uncollateralized (Category 3) under the provisions of GASB Codification C20.106; however, Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the sheriff that the fiscal agent has failed to pay deposited funds upon demand. Further, LRS 39:1224 states that securities held by a third party shall be deemed to be held in the sheriff's name.

**F. CAPITAL ASSETS**

Capital assets are capitalized at historical cost or estimated cost if historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The sheriff maintains a threshold level of \$500 for capitalizing capital assets.

Capital assets are recorded in the GWFS, but are not reported in the FFS. Since surplus assets are sold for an immaterial amount when declared as no longer needed for public purposes by the sheriff, no salvage value is taken into consideration for depreciation purposes. All capital assets, other than land, are depreciated using the straight-line method over the following useful lives:

	<u>Estimated</u>
Furniture and fixtures	5 - 10 years
Vehicles	5 - 15 years
Equipment	5 - 20 years

**G. RISK MANAGEMENT**

The sheriff is exposed to various risk of loss related to torts; theft of, damage to, and destruction of assets and errors and omissions. To handle such risk of loss, the sheriff maintains commercial insurance policies covering his automobiles and surety bond coverage. No claims were paid on any of the policies during the past three years which exceeded the policies' coverage amounts. There were no significant reductions in insurance coverage during the year ended June 30, 2017.

**H. VACATION AND SICK LEAVE**

All employees are granted from 10 days of vacation leave each year, depending on length of service. Vacation leave must be taken in the year granted and may not be accumulated and carried forward to succeeding years. Sick leave is granted on a case-by-case basis, at the discretion of the sheriff.

**I. SALES AND USE TAXES**

On October 18, 1997, voters of the parish approved a one-half of one percent (1/2%) sales and use tax to be collected indefinitely. The proceeds of the tax, after paying reasonable and necessary costs of collection, is dedicated to operation of the law enforcement district. The Tensas Parish School Board acts as the collecting agent for the purpose of administration and collection of the tax. For its services, the school board receives reasonable and necessary costs of collection. Every agency that the school board collects a tax for pays a pro-rata share of the collection agency's expenses based on the amount of tax actually collected for them.

**J. PENSION PLANS**

The Tensas Parish Sheriff's Office is a participating employer in a cost-sharing, multiple-employer defined benefit pension plan as described in Note 5. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of each of the plans, and additions to/deductions for the plan's fiduciary net position have been determined on the same basis as they are reported by the plan. For this purpose, benefit payments

TENSAS PARISH SHERIFF  
 St. Joseph, Louisiana  
 Notes to the Financial Statements (Continued)

(including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments have been reported at fair value within the plan.

**2. RECEIVABLES**

The receivables of \$741,160 at June 30, 2017, are as follows:

<u>Class of receivables:</u>	<u>General Fund</u>	<u>Detention Center</u>	<u>Other Governmental</u>	<u>Total</u>
Taxes - Sales and use	\$9,951			\$9,951
Intergovernmental revenues -				
DOTD trash grants	43,301			43,301
Other state grants	3,263			3,263
Fees, charges, and commissions for services:				
Civil and criminal fees	6,283			6,283
Feeding and keeping prisoners		\$582,198		582,198
Miscellaneous	57,104		\$39,060	96,164
Total	<u>\$119,902</u>	<u>\$582,198</u>	<u>\$39,060</u>	<u>\$741,160</u>

**3. DUE FROM/TO OTHER FUNDS**

Individual balances due from/to other funds at June 30, 2017, are as follows:

	<u>Due To</u>	<u>Due From</u>
General Fund:		
Detention Center Fund		\$256,869
Detention Center Fund - Payroll		89,992
Criminal Fund		1,276
Inmate Fund		1,218
Tax Collector	\$366	
Detention Center Fund:		
General Fund	256,869	
General Fund - Payroll	89,992	
Criminal Fund - General Fund	1,276

Total assets	1,259,791	96,181	(227,633)	1,128,339
Less accumulated depreciation	<u>1,065,848</u>	<u>56,726</u>	<u>(227,633)</u>	<u>894,941</u>
Net capital assets	<u>\$193,943</u>	<u>\$39,455</u>	<u>NONE</u>	<u>\$233,398</u>

**5. NOTE DISCLOSURES AND REQUIRED SUPPLEMENTARY INFORMATION FOR A COST-SHARING EMPLOYER**

The Sheriffs' Pension and Relief Fund (Fund) is a cost-sharing multiple-employer defined benefit pension plan established in accordance with the provisions of Louisiana Revised Statute 11:2171 to provide retirement, disability and survivor benefits to employees of the sheriff's offices throughout the State of Louisiana, employees of the Louisiana Sheriffs' Association and the Sheriff's Pension and Relief Fund's office. The sheriff's office implemented Government Accounting Standards Board (GASB) Statement 68 on Accounting and Financial Reporting for Pensions and Statement 71 on Pension Transition for Contributions Made Subsequent to the Measurement Date, an Amendment of GASB 68. These standards require the Sheriff's office to record its proportional share of each of the pension plans Net Pension Liability.

*Summary of Significant Accounting Policies.*

The Sheriffs' Pension and Relief Fund prepares its employer schedules in accordance with Governmental Accounting Statement No. 68 - *Accounting and Financial Reporting for Pensions - an amendment of GASB Statement No. 27*. GASB Statement No. 68 established standards for measuring and recognizing liabilities, deferred outflows of resources, deferred inflows of resources and expenses/expenditures. It provides methods and assumptions that should be used to project benefit payments, discount projected benefit payments to their actuarial present value and attribute that present value to periods of employee

TENSAS PARISH SHERIFF

St. Joseph, Louisiana

Notes to the Financial Statements (Continued)

service. It also provides methods to calculate participating employer's proportionate share of net pension liability, deferred inflows, deferred outflows, pension expense and amortization periods for deferred inflows and deferred outflows.

The Sheriffs' Pension and Relief Fund's employer schedules were prepared using the accrual basis of accounting. Members' earnable compensation, for which the employer allocations are based, is recognized in the period in which the employee is compensated for services performed. The member's earnable compensation is attributed to the employer for which the member is employed as of June 30, 2016.

*Plan Description.*

The Sheriffs' Pension and Relief Fund was established for the purpose of providing retirement benefits for employees of sheriffs' offices throughout the State of Louisiana, employees of Louisiana Sheriffs' Association and the employees of the Fund. The projection of benefit payments in the calculation of the total pension liability includes all benefits to be provided to current active and inactive employees through the Fund in accordance with the benefit terms and any additional legal agreements to provide benefits that are in force at the measurement date.

Substantially all employees of the Tensas Parish Sheriff's office are members of the Louisiana Sheriff's Pension and Relief Fund (System), a cost-sharing, multiple-employer defined benefit pension plan administered by a separate board of trustees.

The System issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained by writing to the Louisiana Sheriffs Pension and Relief Fund, 6554 Florida Blvd., Suite 215, Baton Rouge, Louisiana 70806, or by calling (800) 586-9049.

*Plan Benefits*

Retirement Benefits

For members who become eligible for membership on or before December 31, 2011: Members with twelve years of creditable service may retire at age fifty-five; members with thirty years of service may retire regardless of age. The retirement allowance is equal to 3.33 percent of their final-average salary for each year of credited service. The retirement benefit cannot exceed 100 per cent of their final-average salary. Active, contributing members with at least ten years of creditable service may retire at age sixty. The accrued normal retirement benefit is reduced actuarially for each month or fraction thereof that retirement begins prior to the member's earliest normal retirement date assuming continuous service.

For a member whose first employment making him eligible for membership in the system began on or after January 1, 2012: Members with twelve years of creditable service may retire at age sixty-two; members with twenty years of service may retire at age sixty; members with thirty years of creditable service may retire at age fifty-five. The benefit accrual rate for such members with less than thirty years

## TENSAS PARISH SHERIFF

St. Joseph, Louisiana

### Notes to the Financial Statements (Continued)

of service is three percent; for members with thirty or more years of service; the accrual rate is 3.33 percent. The retirement allowance is equal to the benefit accrual rate times the member's average final compensation multiplied by his years of creditable service, not to exceed (after reduction for optional payment form) 100% of average final compensation. Members with twenty or more years of service may retire with a reduced retirement at age fifty.

For a member whose first employment making him eligible for membership in the system began on or before June 30, 2006, final average compensation is based on the average monthly earnings during the highest thirty-six consecutive months or joined months if service was interrupted. The earnings to be considered for each twelve-month period within the thirty-six month period shall not exceed 125% of the preceding twelve-month period.

For a member whose first employment making him eligible for membership in the system began after June 30, 2006 and before July 1, 2013, final average compensation is based on the average monthly earnings during the highest sixty consecutive months or joined months if service was interrupted. The earnings to be considered for each twelve-month period within the sixty month period shall not exceed 125% of the preceding twelve-month period.

For a member whose first employment making him eligible for membership in the system began on or after July 1, 2013, final average compensation is based on the average monthly earnings during the highest sixty consecutive months or joined months if service was interrupted. The earnings to be considered for each twelve-month period within the sixty month period shall not exceed 115% of the preceding twelve-month period.

#### Disability Benefits

A member is eligible to receive disability benefits if he has at least ten years of creditable service when a non-service related disability is incurred; there are no service requirements for a service related disability. Disability benefits shall be the lesser of 1) a sum equal to the greatest of 45% of final average compensation or the members' accrued retirement benefit at the time of termination of employment due to disability or 2) the retirement benefit which would be payable assuming continued service to the earliest normal retirement age. Members who become partially disabled receive 75% of the amount payable for total disability.

#### Survivor Benefits

Survivor benefits for death solely as a result of injuries received in the line of duty are based on the following. For a spouse alone, a sum equal to 50% of the members' final average compensation with a minimum of \$150 per month. If a spouse is entitled to benefits and has a child or children under eighteen years of age (or over said age if physically or mentally incapacitated and dependent upon the member at the time of his death), an additional sum of 15% of the member's final average compensation is paid to each child with total benefits paid to spouse and children to exceed 100%. If a member dies with no surviving spouse, surviving children under age eighteen will receive monthly benefits of 15% of the

## TENSAS PARISH SHERIFF

St. Joseph, Louisiana

### Notes to the Financial Statements (Continued)

member's final average compensation up to a maximum of 60% of final average compensation if there are more than four children. If a member is eligible for normal retirement at the time of death, the surviving spouse receives an automatic option 2 benefit. The additional benefit payable to children shall be the same as those available for members who die in the line of duty. In lieu of receiving option 2 benefit, the surviving spouse may receive a refund of the member's accumulated contributions. All benefits payable to surviving children shall be extended through age twenty-two, if the child is a full time student in good standing enrolled at a board approved or accredited school, college, or university.

#### Deferred Benefits:

The Fund does provide for deferred benefits for vested members who terminate before being eligible for retirement. Benefits become payable once the member reaches the appropriate age for retirement.

#### Back Deferred Retirement Option Plan (Back-DROP)

In lieu of receiving a service retirement allowance, any member of the Fund who has more than sufficient service for a regular service retirement may elect to receive a "Back-DROP" benefit. The Back-DROP benefit is based upon the Back-DROP period selected and the final average compensation prior to the period selected. The Back-DROP period is the lesser of three years or the service accrued between the time a member first becomes eligible for retirement and his actual date of retirement. For those individuals with thirty or more years, the Back-DROP period is the lesser of four years or service accrued between the time a member first becomes eligible for retirement and his actual date of retirement. At retirement the member's maximum monthly retirement benefit is based upon his service, final average compensation and plan provisions in effect on the last day of creditable service immediately prior to the commencement of the Back-DROP period. In addition to the monthly benefit at retirement, the member receives a lump-sum payment equal to the maximum monthly benefit as calculated above multiplied by the number of months in the Back-DROP period. In addition, the member's Back-DROP account will be credited with employee contributions received by the retirement fund during the Back-DROP period. Participants have the option to opt out of this program and take a distribution, if eligible or to rollover the assets to another qualified plan.

Plan members are required by state statute to contribute 10.25 percent of their annual covered salary and the Tensas Parish Sheriff is required to contribute at an actuarially determined rate. The current rate is 13.25 percent of annual covered payroll. Contributions to the System also include one-half of one percent of the taxes shown to be collectible by the tax rolls of each parish and funds as required and available from insurance premium taxes. The contribution requirements of plan members and the Tensas Parish Sheriff are established and may be amended by state statute. As provided by Louisiana Revised Statute 11:103, the employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year. The Tensas Parish Sheriff's contributions to the System for the years ended June 30, 2017, 2016, and 2015 were \$138,719, \$149,056, and \$152,919, respectively, equal to the required contributions for each year.

TENSAS PARISH SHERIFF  
 St. Joseph, Louisiana  
 Notes to the Financial Statements (Continued)

***Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions***

At June 30, 2017, the Sheriff reported a liability of \$1,006,142 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Sheriffs' proportion of the net pension liability was based on a projection of the Sheriffs' long-term share of contributions to the pension plan relative to the projected contributions of all participating sheriffs', actuarially determined. At June 30, 2016, the Sheriffs' proportion was .1585 percent, which was a decrease of .012 from its proportion measured as of June 30, 2015.

For the year ended June 30, 2017, the Sheriff recognized pension expense of (\$2,644). At June 30, 2016, the Sheriff reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Beginning balance	\$338,907	\$237,643
Change in system deferred outflows and inflows of resources	295,144	(63,999)
Changes in proportionate share	53	
Differences between Sheriff contributions and proportionate share of contributions		(40)
Contributions for measurement period	(149,056)	
Sheriff contributions subsequent to the measurement date	138,719	
Total	\$623,767	\$173,604

\$138,719 reported as deferred outflows of resources related to pensions resulting from the Tensas Parish Sheriffs' contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2017	\$9,566
2018	9,566
2019	82,965
2020	58,179
2021	(434)

TENSAS PARISH SHERIFF

St. Joseph, Louisiana

Notes to the Financial Statements (Continued)

2022	(436)
Total	159,406

**Actuarial assumptions.** The total pension liability in the June 30, 2016 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Valuation Date	June 30, 2016
Actuarial cost Method	Entry Age Normal Method
Actuarial Assumptions:	
Investment Rate of Return	7.6% . net of investment expense
Discount Rate	7.5%
Projected salary increases	5.5% (2.875% inflation, 2.625% merit)
Mortality rates	RP-2000 Combined Healthy with Blue Collar Adjustment Sex Distinct Table for active members, healthy annuitants and beneficiaries  RP-2000 Disabled Lives Mortality Table
Expected remaining service lives	7 years
Cost of Living Adjustments	The present value of future retirement benefits is based on benefits currently being paid by the system and includes previously granted cost of living increases. The present values do not include provisions for potential future increases not yet authorized by the Board of Trustees as they were deemed not to be substantively automatic.

The mortality rate assumptions were set after reviewing an experience study performed over the period July 1, 2009 through June 30, 2014. The data was then assigned credibility weighting and combined with a standard table to produce current levels of mortality.

The discounted rate used to measure the total pension liability was 7.5%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers will be made at the actuarially determined rates approved by PRSAC taking into consideration the recommendation of the Fund’s actuary. Based on those assumptions, the Fund’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The long-term expected rate of return on pension plan investments was determined using a building block method.

*Sensitivity of the Sheriffs' proportionate share of the net pension liability to changes in the discount rate.* The following presents the net pension liability of the participating employers calculated using the discount rate of 7.5%, as well as what the employers' net pension liability would be if it were calculated using a discount rate that is one percentage point lower, or one percentage point higher than the current rate.

	1% Decrease (6.5%)	Current Discount Rate (7.5%)	1% Increase (8.5%)
Sheriffs' proportionate share of the net pension liability	\$1,707,022	\$1,006,142	\$427,648

## 6. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS

*Plan Description.* The Tensas Parish Sheriffs Office's medical and life insurance benefits are provided to employees upon actual retirement.

The employer pays 100% of the medical coverage for the retiree (not dependents). Employees are covered by a retirement system whose retirement eligibility (D.R.O.P. entry) provisions are as follows: 30 years of service at any age, or, age 55 and 15 years of service.

Life insurance coverage is continued to retirees based on a blended rate for active employees and retirees. The employer pays 100% of the cost of the first \$10,000 of life insurance after retirement. The retiree may elect to continue additional voluntary insurance amounts in force at time of retirement, subject to an age-related reduction formula (reducing to 75% at age 65 and 50% at age 70). The retiree pays for the additional voluntary insurance but both that cost and the employer cost are based on the blended active/retired rate and there is thus an implied subsidy. Since GASB Codification Section P50 requires the use of "unblended" rates, we have used the 94GAR mortality table described above to "unblend" the rates so as to reproduce the composite blended rate overall as the rate structure to calculate the actuarial valuation results for life insurance. All of the assumptions used for the valuation of the medical benefits have been used except for the trend assumption: zero trend was used for life insurance. We have assumed that 60% of currently active employees will elect to continue the voluntary additional life insurance after retirement.

*Contribution Rates.* Employees do not contribute to their post employment benefits costs until they become retirees and begin receiving those benefits. The plan provisions and contribution rates are contained in the official plan documents.

*Fund Policy.* Until 2009, the Tensas Parish Sheriff's Office recognized the cost of providing post-employment medical and life benefits (Tensas Parish Sheriff's Office's portion of the retiree medical and

TENSAS PARISH SHERIFF

St. Joseph, Louisiana

Notes to the Financial Statements (Continued)

life benefit premiums) as an expense when the benefit premiums were due and thus financed the cost of the post-employment benefits on a pay-as-you-go basis. In 2017 and 2016, the Tensas Parish Sheriff's Office's portion of health care and life insurance funding cost for retired employees totaled \$11,618 and \$10,757, respectively.

Effective July 1, 2009, the Tensas Parish Sheriff's Office implemented Government Accounting Standards Board Codification Section P50, *Accounting and Financial Reporting by Employers for Post employment Benefits Other than Pensions* (GASB Codification Section P50). This amount was applied toward the Net OPEB Benefit Obligation as shown in the following table.

**Annual Required Contribution.** The Tensas Parish Sheriff's Office's Annual Required Contribution (ARC) is an amount actuarially determined in accordance with GASB Codification Section P50. The ARC is the sum of the Normal Cost plus the contribution to amortize the Unfunded Actuarial Accrued Liability (UAAL). A level dollar, open amortization period of 30 years (the maximum amortization period allowed by GASB Codification Section P50) has been used for the post-employment benefits. The total ARC for the fiscal year beginning July 1, 2015 is \$204,355.

**Net Post-employment Benefit Obligation OPEB (Asset).** The table below shows Tensas Parish Sheriff's Office's Net Other Post-employment Benefit (OPEB) Obligation (Asset) for the fiscal year ending June 30:

	2017	2016
Beginning Net OPEB Obligation	\$1,096,561	\$927,358
Annual required contribution	204,355	196,495
Interest on net OPEB obligation	43,862	37,094
ARC Adjustment	(63,414)	(53,629)
Annual OPEB cost (expense)	184,803	179,960
Contributions made	(11,618)	(10,757)
Increase in net OPEB obligation	173,185	169,203
Net OPEB obligation at end of year	<u>\$1,269,746</u>	<u>\$1,096,561</u>

The following table shows Tensas Parish Sheriff's Office annual post employment benefits (PEB) cost, percentage of the cost contributed, and the net unfunded post employment benefits (PEB) liability for last year and this year:

<u>Fiscal Year Ended</u>	<u>Annual OPEB Cost</u>	<u>Percentage of Annual Cost Contributed</u>	<u>Net OPEB Liability (Asset)</u>
June 30, 2017	\$ 184,803	6.29%	\$1,269,746
June 30, 2016	\$ 179,960	5.98%	\$1,096,561

**Funded Status and Funding Progress.** In 2017 and 2016, Tensas Parish Sheriff's Office made no contributions to its post employment benefits plan. The plan is not funded, has no assets, and hence has a funded ratio of zero. As of July 1, 2015 actuarial valuation, the most recent valuation, the Actuarial Accrued Liability (AAL) at the end of the year June 30, 2017 was \$1,523,630, which is defined as that

TENSAS PARISH SHERIFF

St. Joseph, Louisiana

Notes to the Financial Statements (Continued)

portion, as determined by a particular actuarial cost method (the Tensas Parish Sheriff's Office uses the Projected Unit Credit Cost Method), of the actuarial present value of post employment plan benefits and expenses which is not provided by normal cost.

Actuarial Accrued Liability (AAL)	\$1,523,630
Actuarial Value of Plan Assets (AVP)	NONE
Unfunded Act. Accrued Liability (UAAL)	\$1,523,630
Funded Ratio (AVP/AAL)	0.00%
Covered Payroll (active plan members)	\$2,282,443
UAAL as a percentage of covered payroll	66.75%

**Actuarial Methods and Assumptions.** Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. The actuarial valuation for post employment benefits includes estimates and assumptions regarding (1) turnover rate; (2) retirement rate; (3) health care cost trend rate; (4) mortality rate; (5) discount rate (investment return assumption); and (6) the period to which the costs apply (past, current, or future years of service by employees). Actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future.

The actuarial calculations are based on the types of benefits provided under the terms of the substantive plan (the plan as understood by the Tensas Parish Sheriff's Office and its employee plan members) at the time of the valuation and on the pattern of sharing costs between the Tensas Parish Sheriff's Office and its plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations on the pattern of cost sharing between the Tensas Parish Sheriff's Office and plan members in the future. Consistent with the long-term perspective of actuarial calculations, the actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial liabilities and the actuarial value of assets.

**Actuarial Cost Method** - The ARC is determined using the Projected Unit Credit Cost Method. The employer portion of the cost for retiree medical care in each future year is determined by projecting the current cost levels using the healthcare cost trend rate and discounting this projected amount to the valuation date using the other described pertinent actuarial assumptions, including the investment return assumption (discount rate), mortality and turnover.

**Actuarial Value of Plan Assets.** There are not any plan assets. It is anticipated that in future valuations, should funding take place, a smoothed market value consistent with Actuarial Standards Board ASOP 6, as provided in paragraph number 125 of GASB Codification Section P50.

**Turnover Rate.** An age-related turnover scale based on actual experience has been used. The rates, when applied to the active employee census, produce a composite average annual turnover of approximately 10%. In addition to the age-specific turnover, an additional turnover of 50% has been applied to employees with less than three years of service.

TENSAS PARISH SHERIFF

St. Joseph, Louisiana

Notes to the Financial Statements (Continued)

**Post employment Benefit Plan Eligibility Requirements.** Historically, most employees have not retired until 25 to 30 years of service. We have therefore assumed that employees retire three years after the earliest of the following: 30 years of service at any age; age 55 and 25 years of service; or, age 60 and 15 years of service. The three years is to accommodate the D.R.O.P. period. Medical benefits are provided to employees upon actual retirement.

**Investment Return Assumption (Discount Rate).** GASB Codification Section P50 states that the investment return assumption should be the estimated long-term investment yield on the investments that are expected to be used to finance the payment of benefits (that is, for a plan which is funded). Based on the assumption that the ARC will not be funded, a 4% annual investment return has been used in this valuation.

**Health Care Cost Trend Rate.** The expected rate of increase in medical cost is based on a graded schedule beginning with 8% annually, down to an ultimate annual rate of 5.0% for ten years out and later.

**Mortality Rate.** The 1994 Group Annuity Reserving (94GAR) table, projected to 2002, based on a fixed blend of 50% of the unloaded male mortality rate and 50% of the unloaded female mortality rates, is used. This is a recently published mortality table which has been used in determining the value of accrued benefits in determining the value of accrued benefits in defined benefit pension plans. Projected future mortality improvement has not been used since it is our opinion that this table contains sufficiently conservative margin for the population involved in this valuation.

**Method of Determining Value of Benefits.** The "value of benefits" has been assumed to be the portion of the premium after retirement date expected to be paid by the employer for each retiree and has been used as the basis for calculating the actuarial present value of OPEB benefits to be paid. The employer pays 100% of the cost of the medical benefits for the retiree only (not dependents). The medical rates provided are "blended" rates for active and retired before Medicare eligibility. We have therefore estimated the "unblended" rates as required by GASB Codification Section P50 for valuation purposes to be 130% of the blended rates prior to Medicare eligibility. The unblended rates applicable after Medicare eligibility have been used.

**Inflation Rate.** Included in both the Investment Return Assumption and the Healthcare Cost Trend rates above is an implicit inflation assumption of 2.50% annually.

**Projected Salary Increases.** The assumption is not applicable since neither the benefit structure nor the valuation methodology involves salary.

**Post-retirement Benefit Increases.** The plan benefit provisions in effect for retirees as of the valuation date have been used and it has been assumed for valuation purposes that there will not be any changes in the future.

**7. LEASE PURCHASE PAYABLE**

In January, 2014, the sheriff entered into a lease purchase agreement for a Chevrolet Tahoe. The lease agreement requires 48 monthly payments of \$891. In June, 2014 the sheriff entered in a lease purchase agreement for a Chevrolet Silverado. The lease agreement requires 48 monthly payments of \$775. In April, 2017 the sheriff entered into a lease purchase agreement for a Ford Explorer. The lease agreement requires 24 monthly payments of \$902. The following is a summary of changes in lease transactions for the year ended June 30, 2017:

Balance at June 30, 2016	\$35,053
Additions	20,666
Reductions	<u>(20,682)</u>
Balance at June 30, 2017	<u><u>\$35,037</u></u>

The following is a summary of future minimum lease payments, together with the present value of the net minimum lease payments, as of June 30, 2017:

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2018	\$25,427	\$934	\$26,361
2019	<u>9,610</u>	<u>186</u>	<u>9,796</u>
Total	<u><u>\$35,037</u></u>	<u><u>\$1,120</u></u>	<u><u>\$36,157</u></u>

**8. LONG-TERM DEBT**

The following is a summary of long-term debt transactions for the year ended June 30, 2017:

	<u>Certificate of Indebtedness</u>
Long-term debt payable at June 30, 2016	\$36,000
Additions	NONE
Reductions	<u>(36,000)</u>
Long-term debt payable at June 30, 2017	<u><u>NONE</u></u>

Long-term debt paid off as of June 30, 2017.

**9. CHANGES IN AGENCY FUND BALANCES**

A summary of changes in agency fund balances due to taxing bodies and others follows:

TENSAS PARISH SHERIFF  
 St. Joseph, Louisiana  
 Notes to the Financial Statements (Continued)

	Tax Collector Fund	Civil Fund	Criminal Fund	Inmate Funds	Total
Balance at June 30, 2016	\$558	NONE	\$66,218	\$23,200	\$89,976
Additions	6,524,248	\$110,778	313,213	590,384	7,538,623
Reductions	(6,523,346)	(112,834)	(302,360)	(598,100)	(7,536,640)
Balance at June 30, 2017	<u>\$1,460</u>	<u>(\$2,056)</u>	<u>\$77,071</u>	<u>\$15,484</u>	<u>\$91,959</u>

**10. TAX COLLECTOR ENDING CASH BALANCE**

At June 30, 2017, the tax collector has cash and equivalents (book balances) of \$1,094

**11. AD VALOREM TAXES COLLECTED**

The tax collector has collected and disbursed the following taxes for the year ended June 30, 2017, by taxing body as follows:

Louisiana Forestry Service	\$9,344
Louisiana Tax Commission	7,584
Tensas Parish Assessor	363,243
Tensas Parish Police Jury	1,595,987
Tensas Parish School Board	2,015,821
Tensas Parish Sheriff	1,367,628
Tensas Parish Communications District (911)	171,104
Tensas Parish Council on Aging	114,427
Fifth District Levee Board	159,471
Fire District No. 1	\$390,866
Lake Bruin Recreation & Water	21,625
Total	<u>\$6,217,100</u>

**12. TAX UNCOLLECTED AND UNSETTLED**

The tax collector has not collected and disbursed the following taxes for the year ended June 30, 2017, by taxing body as follows:

Tensas Parish Assessor	\$24
Tensas Parish Police Jury	236
Tensas Parish School Board	20
Tensas Parish Sheriff	94
Tensas Parish Communications District (911)	12

TENSAS PARISH SHERIFF  
 St. Joseph, Louisiana  
 Notes to the Financial Statements (Continued)

Tensas Parish Council on Aging	\$8
Fifth District Levee Board	14
Fire District No. 1	<u>27</u>
Total	<u><u>\$435</u></u>

**13. LITIGATION AND CLAIMS**

At June 30, 2017, the Tensas Parish Sheriff is not involved in any lawsuits. The Emerald Management Company was operating the detention center and at that time there was an agreement with the sheriff's office to pay the debt payment on the certificates of indebtedness. They did not make the payments for the three years ended 2010, 2011 and 2012. The legal council is in the process of filing a lawsuit for the amount of the debt service payments.

**14. EXPENDITURES OF THE SHERIFF'S OFFICE  
 PAID BY THE PARISH POLICE JURY**

The Tensas Parish Sheriff's office is located in the parish courthouse. The cost of maintaining and operating the courthouse, as required by Louisiana Revised Statute 33:4715, is paid by the Tensas Parish Police Jury.

**15. LOUISIANA STATE POLICE INVESTIGATION**

The Louisiana State Police has an on going investigation of the Tensas Parish Sheriff, which started in 2007, involving possible theft by an employee and the outcome has not been determined.

**16. FUND DEFICIT**

At June 30, 2017, the Detention Center Fund has a deficit fund balance of \$381,465. The deficit will be eliminated by reducing expenditures and the sheriff is working to increase the number of prisoners to increase revenues. The Sheriff has passed a new ad valorem tax that will help eliminate the deficit.

NOTE TO BUDGETARY COMPARISON SCHEDULE  
For the Year Ended June 30, 2017

A proposed budget, prepared on the modified accrual basis of accounting, is published in the official journal at least ten days prior to the public hearing. A public hearing is held at the Tensas Parish Sheriff's office during the month of June for comments from taxpayers. The budget is then legally adopted by the sheriff and amended during the year, as necessary. The budget is established and controlled by the sheriff at the object level of expenditure. Appropriations lapse at year-end and must be reappropriated for the following year to be expended.

Formal budgetary integration is employed as a management control device during the year. Budgeted amounts included in the accompanying budgetary comparison schedule include the original adopted budget amounts and all subsequent amendments.

SUPPLEMENTAL INFORMATION SCHEDULES  
As of and For the Year Ended June 30, 2017

**FIDUCIARY FUND TYPE - AGENCY FUNDS**

**TAX COLLECTOR FUND**

Article V, Section 27 of the Louisiana Constitution of 1974, provides that the sheriff will serve as the collector of state and parish taxes, licenses, and fees. The Tax Collector Fund is used to collect and distribute these taxes, licenses, and fees to the appropriate taxing bodies.

**CIVIL FUND**

The Civil Fund accounts for the collection of funds in civil suits, sheriff's sales, and garnishments. Payment of these collections to recipients are made in accordance with applicable laws.

**CRIMINAL FUND**

The Criminal Fund is a depository for fines, forfeitures, and costs in criminal cases. Payments are made from the fund to the Sheriff's General Fund, police jury, district attorney, clerk of court, and other recipients in accordance with applicable laws.

**INMATE FUND**

The Inmate Fund accounts for funds of inmates that are used for personal items purchased by the inmates at the concessions store located at the detention center. This also includes the inmate balances for work release.

Practice Limited to  
Governmental Accounting,  
Auditing and  
Financial Reporting

**Independent Auditors Report on Internal Control Over Financial  
Reporting and on Compliance and Other Matters  
Based on an Audit of Financial Statements Performed  
in Accordance *Government Auditing Standards***

TENSAS PARISH SHERIFF  
St. Joseph, Louisiana

I have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Tensas Parish Sheriff, a component unit of the Tensas Parish Police Jury as of and for the year ended June 30, 2017 and the related notes to the financial statements, which collectively comprise the Tensas Parish Sheriff's basic financial statements, and have issued my report thereon dated December 31, 2017.

**Internal Control Over Financial Reporting**

In planning and performing my audit of the financial statements, I considered Tensas Parish Sheriff's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Tensas Parish Sheriff's internal control. Accordingly, I do not express an opinion on the effectiveness of the Tensas Parish Sheriff's internal control.

*A deficiency in internal control* exist when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

TENSAS PARISH SHERIFF  
St. Joseph, Louisiana  
Independent Auditor's Report on Compliance  
And Internal Control Over Financial Reporting, etc.  
June 30, 2017

My consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during my audit I did not identify any deficiencies in internal control that I consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Tensas Parish Sheriff's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit and, accordingly, I do not express such an opinion. The results of my tests disclosed two instances of noncompliance or other matters that is required to be reported under *Government Auditing Standards* and is included as finding 17-001 and 17-002 in the accompanying schedule of findings and questioned costs.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Tensas Parish Sheriff's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Tensas Parish Sheriff's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

West Monroe, Louisiana  
December 31, 2017

TENSAS PARISH SHERIFF  
St. Joseph, Louisiana

Schedule of Findings and Questioned Costs  
For the Year Ended June 30, 2017

**A. SUMMARY OF AUDIT RESULTS**

1. The Auditor's report expresses an unqualified opinion on the basic financial statements of the Tensas Parish Sheriff.
2. Two instances of noncompliance material to the financial statements of the Tensas Parish Sheriff were disclosed during the audit.
3. No significant deficiencies relating to the audit of the financial statements were reported in the Independent Auditor's Report on Internal Control.

**B. FINDINGS - FINANCIAL STATEMENTS AUDIT**

**17-001 Need to Comply With Budget Act**

**Finding:** The sheriff's office did not comply with the Local Government Budget Act. LSA-R.S. 39:1310(B) requires that in no event shall a budget amendment be adopted proposing expenditures which exceed the total of estimated funds available for the fiscal year. The sheriff's office amended the detention center budget for total expenditures that were greater than estimated funds available which left a deficit fund balance.

**Recommendation:** Management must monitor budget amendments to ensure that budget amendments do not cause a deficit ending fund balance.

**17-002 Need to Comply With Bid Law**

**Finding:** The sheriff's office did not comply with the bid law. The sheriff's office sold surplus property without advertising the sale of the surplus property.

**Recommendation:** Management must advertise all sale of surplus property.

TENSAS PARISH SHERIFF  
St. Joseph, Louisiana

Summary Schedule of Prior Audit Findings  
For the Year Ended June 30, 2017

**16-01 Need to Comply With Budget Act**

**Finding:** The sheriff's office did not comply with the Local Government Budget Act. LSA-R.S. 39:1310(B) requires that in no event shall a budget amendment be adopted proposing expenditures which exceed the total of estimated funds available for the fiscal year. The sheriff's office amended the detention center budget for total expenditures that were greater than estimated funds available which left a deficit fund balance.

**Recommendation:** Management must monitor budget amendments to ensure that budget amendments do not cause a deficit ending fund balance.

**Conclusion:** This finding has not been resolved and is repeated as finding 17-001.

## TENSAS PARISH SHERIFF'S DEPARTMENT

P. O. Box 138  
St. Joseph, Louisiana 71366

December 31, 2017

Mr. Daryl Purpera  
Office of the Legislative Auditor  
P O Box 94397  
Baton Rouge, LA 70804

Dear Mr. Purpera:

2017-001

When I was elected sheriff of Tensas Parish I inherited a Detention Center built by a previous sheriff with a large indebtedness. The Detention Center was built at a time when the market was flooded with new construction. Therefore, there were many empty beds in many of these facilities across the state.

For several years a management company ran the detention center and paid the general fund a flat monthly amount and they paid expenses. They maintained a large federal inmate population which pays \$46.76 per day. The management company without giving any notice walked out of the management of the Detention Center and left us holding the bag. I could have closed the facility and let the Sheriff's Office default on the bonds and interest and let all the employees of the facility go. Which in Tensas Parish, with a high unemployment rate already, would have been a harsh blow to Tensas Parish.

I knew I had a very difficult situation to overcome. But I cut all expenses I could and did everything I could to get inmates but came up short.

At present, we no longer house federal inmates due to the cost associated with housing them based on our census. We made additional cuts with our medical staff and in transportation. This has already saved the department additional money.

Our focus is on housing DOC inmates and seeking pretrial contract from other parishes to elevate our numbers and generate a positive cash flow at the prison. We are in the process of restructuring the bonds at the prison which will yield a substantial savings and decrease the debt service at the facility.

Given the facts I have outlined, I would appreciate it if someone could tell me how I could have gotten around budgeting a deficit based on actual facts that existed at the detention center. If I had budgeted a positive balance and had the negative balance I would have been criticized for being more than 5% difference to final budget. We have recently passed a tax millage that will help to alleviate the deficit.

2017-002

We sold an old vehicle without advertising. We thought we could sale to a school without advertising. In the future we will advertise all sale of assets.

Sincerely,

A handwritten signature in blue ink, appearing to read "Rickey A. Jones", with a long, sweeping underline that extends to the right.

Rickey a. Jones  
Sheriff of Tensas Parish

## Independent Accountant's Report on Applying Agreed-Upon Procedures

Tensas Parish Sheriff  
PO Box 138  
St. Joseph, LA 71366

To the Tensas Parish Sheriff's Office

I have performed the procedures enumerated below, which were agreed to by the management of the Tensas Parish Sheriff's Office and the Louisiana Legislative Auditor, State of Louisiana, on the control and compliance (C/C) areas identified in the LLA's Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period July 1, 2016 through June 30, 2017. Management of Tensas Parish Sheriff's Office is responsible for those C/C areas identified in the SAUPs.

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. The sufficiency of these procedures is solely the responsibility of the specified users of this report. Consequently, I make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures and associated findings are as follows:

### **AGREED-UPON PROCEDURES**

#### **WRITTEN POLICIES AND PROCEDURES**

1. The Tensas Parish Sheriff has no written policies and procedures for the test period.

#### **BOARD (OR FINANCE COMMITTEE, IF APPLICABLE)**

2. The Tensas Parish Sheriff's office does not have a board or a finance committee therefore this procedure is not applicable.

#### **BANK RECONCILIATIONS**

3. Obtain a listing of client bank accounts from management and management's representation that the listing is complete.

The agency provided me with a certified list of all bank accounts.

4. Using the listing provided by management, select all of the entity's bank accounts (if five accounts or less) or one-third of the bank accounts on a three year rotating basis (if more than 5 accounts). If there is a change in practitioners, the new practitioner is not bound to follow the rotation established by the previous practitioner. *Note: School student activity fund accounts may be excluded from selection if they are otherwise addressed in a separate audit or AUP engagement.* For each of the bank accounts selected, obtain bank statements and reconciliations for all months in the fiscal period and report whether:

The agency had a total of 18 bank accounts, so a random sample of 6 bank accounts were selected to test the following:

A) Bank reconciliations have been prepared:

For the 6 bank accounts selected above, all were reconciled each month for the period tested.

B) Bank reconciliations include evidence that a member of management or a board member (with no involvement in the transactions associated with the bank account) has reviewed each bank reconciliation:

For the 6 bank accounts selected above, it was determined that an outside consultant prepares the bank reconciliations. The consultant is not involved in any of the transactions associated with the bank account.

C) If applicable, management has documentation reflecting that it has researched reconciling items that have been outstanding for more than 6 months as of the end of the fiscal period.

For the 6 bank accounts selected above, 5 of the 6 accounts had outstanding reconciling items over six months.

## **COLLECTIONS**

5. Obtain a listing of cash/check/money order (cash) collection locations and management's representation that the listing is complete.

Agency provided me with a certified list of collection locations and I verified that it was complete.

6. Using the listing provided by management, select all of the entity's cash collection locations (if five locations or less) or one-third of the collection locations on a three year rotating basis (if more than 5 locations). If there is a change in practitioners, the new practitioner is not bound to follow the rotation established by the previous practitioner. *Note: School student activity funds may be excluded from selection if they are otherwise addressed in a separate audit or AUP engagement.* **For each cash collection location selected:**

The agency has 2 collection location. Both were selected for testing for the following:

- A) Obtain existing written documentation (e.g. insurance policy, policy manual, job description) and report whether each person responsible for collecting cash is (1) bonded, (2) not responsible for depositing the cash in the bank, recording the related transaction, or reconciling the related bank account (report if there are compensating controls performed by an outside party), and (3) not required to share the same cash register or drawer with another employee.

All employees of the sheriff's office are covered by a surety bond which covers employee theft, but the employees at the detention center are not covered by any theft policy. All employees at the sheriff's office collect tax payments and work out of the same cash drawer. The drawer has separate sections for the taxes and criminal fees, and multiple employees work out of it. Bank reconciliations are prepared by an outside consultant.

- B) Obtain existing written documentation (e.g. sequentially numbered receipts, system report, reconciliation worksheets, policy manual) and report whether the entity has a formal process to reconcile cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or agency fund additions, by a person who is not responsible for cash collections in the cash collection location selected.

The cash drawer is reconciled for taxes and criminal fees and deposits are made daily. The deposit is not always made by an employee that is different from the employee that is reconciling the cash drawer. The bank reconciliations are prepared by an outside consultant.

- C) Select the highest (dollar) week of cash collections from the general ledger or other accounting records during the fiscal period and:

The agency provided a certified list of the highest (dollar) week of cash collections for each collection location. We verified the highest week was December 25, 2016 thru December 31, 2016, which was tested for the following:

- ▶ Using entity collection documentation, deposit slips, and bank statements, trace daily collections to the deposit date on the corresponding bank statement and

report whether the deposits were made within one day of collection. If deposits were not made within one day of collection, report the number of days from receipt to deposit for each day at each collection location.

The 7 funds were tested for deposits of collections. For the week tested, 6 of the 7 funds did not make daily deposits.

- ▶ Using sequentially numbered receipts, system reports, or other related collection documentation, verify that daily cash collections are completely supported by documentation and report any exceptions.

The 7 funds were tested for deposits of collections. All collections for the week tested had proper documentation.

7. Obtain existing written documentation (e.g. policy manual, written procedure) and report whether the entity has a process specifically defined (identified as such by the entity) to determine completeness of all collections, including electronic transfers, for each revenue source and agency fund additions (e.g. periodic confirmation with outside parties, reconciliation to utility billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation) by a person who is not responsible for collections.

The agency has no written policies or procedures to determine completeness of collections or revenue sources.

#### **DISBURSEMENTS-GENERAL (EXCLUDING CREDIT CARD/DEBIT CARD/P-CARD PURCHASES OR PAYMENTS)**

8. Obtain a listing of entity disbursements from management or, alternately, obtain the general ledger and sort/filter for entity disbursements. Obtain management's representation that the listing or general ledger population is complete.

Agency provided a complete year to date general ledger for every fund and represented that the general ledgers were complete.

9. Using the disbursement population from #8 above, randomly select 25 disbursements (or randomly select disbursements constituting at least one-third of the dollar disbursement population if the entity had less than 25 transactions during the fiscal period), excluding credit card/debit card/P-card purchases or payments. Obtain supporting documentation (e.g. purchase requisitions, system screens/logs) for each transaction and report whether the supporting documentation for each transaction demonstrated that:

A) Purchases were initiated using a requisition/purchase order system or an equivalent electronic system that separates initiation from approval functions in the same manner as a requisition/purchase order system.

The Tensas Parish Sheriff's office does not use purchase orders or requisitions.

B) Purchase orders, or an electronic equivalent, were approved by a person who did not initiate the purchase.

The Tensas Parish Sheriff's office does not use purchase orders or requisitions.

C) Payments for purchases were not processed without (1) an approved requisition and/or purchase order, or electronic equivalent; a receiving report showing receipt of goods purchased, or electronic equivalent; and an approved invoice.

The Tensas Parish Sheriff's office does not use purchase orders or requisitions. All goods received had a signed receipt showing receipt of goods purchased.

10. Using entity documentation (e.g. electronic system control documentation, policy manual, written procedure), report whether the person responsible for processing payments is prohibited from adding vendors to the entity's purchasing/disbursement system.

Tensas Sheriff uses Software and Services software which does not allow them to restrict any user from adding vendors.

11. Using entity documentation (e.g. electronic system control documentation, policy manual, written procedure), report whether the persons with signatory authority or who make the final authorization for disbursements have no responsibility for initiating or recording purchases.

There are several check signers, and two of them are required to sign checks. The accounts payable clerk responsible for issuing the check does not sign the checks, the bank reconciliations are performed by an outside consultant.

12. Inquire of management and observe whether the supply of unused checks is maintained in a locked location, with access restricted to those person that do not have signatory authority, and report any exceptions. Alternately, if the checks are electronically printed on blank check stock, review entity documentation (electronic system control documentation) and report whether the persons with signatory authority have system access to print checks.

The unused checks are stored in a secure location, but are not restricted to the employees without signatory authority.

13. If a signature stamp or signature machine is used, inquire of the signer whether his or her signature is maintained under his or her control or is used only with the knowledge and consent of the signer. Inquire of the signer whether signed checks are likewise maintained under the control of the signer or authorized user until mailed. Report any exceptions.

The Tensas Parish Sheriff does not use a signature stamp.

#### **CREDIT CARDS/DEBIT CARDS/FUEL CARDS/P-CARDS**

14. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and P-cards (cards), including the card numbers and the names of the persons who maintained possession of the cards. Obtain management's representation that the listing is complete.

The agency provided me with a certified list of all active credit cards, fuel cards, etc.

15. Using the listing prepared by management, randomly select 10 cards (or at least one-third of the cards if the entity has less than 10 cards) that were used during the fiscal period, rotating cards each year. If there is a change in practitioners, the new practitioner is not bound to follow the rotation established by the previous practitioner.

From the list in #14, 10 credit/fuel cards were randomly selected to test the following:

Obtain the monthly statements, or combined statements if multiple cards are on one statement, for the selected cards. Select the monthly statement or combined statement with the largest dollar activity for each card (for a debit card, select the monthly bank statement with the largest dollar amount of debit card purchases) and:

- A) Report whether there is evidence that the monthly statement or combined statement and supporting documentation was reviewed and approved, in writing, by someone other than the authorized card holder. [Note: Requiring such approval may constrain the legal authority of certain public officials (e.g., mayor of a Lawrason Act municipality); these instances should not be reported.)]

The chief civil deputy reviews all credit card statements and the accounts payable clerk writes the checks. If any unusual purchases are noted, they are investigated by the chief civil deputy. The chief civil deputy is an authorized card holder.

- B) Report whether finance charges and/or late fees were assessed on the selected statements.

For the 10 cards tested, service charges and interest charges were noted on the statements for the test period.

16. Using the monthly statements or combined statements selected under #15 above, obtain supporting documentation for all transactions for each of the 10 cards selected (i.e. each of the 10 cards should have one month of transactions subject to testing).

A) For each transaction, report whether the transaction is supported by:

- ▶ An original itemized receipt (i.e., identifies precisely what was purchased)

All of the transactions tested had the original itemized receipts.

- ▶ Documentation of the business/public purpose. For meal charges, there should also be documentation of the individuals participating.

The transactions tested appear to be for business purposes.

- ▶ Other documentation that may be required by written policy (e.g., purchase order, written authorization.)

There is no other documentation required for credit card purchases.

B) For each transaction, compare the transaction's detail (nature of purchase, dollar amount of purchase, supporting documentation) to the entity's written purchasing/disbursement policies and the Louisiana Public Bid Law (i.e. transaction is a large or recurring purchase requiring the solicitation of bids or quotes) and report any exceptions.

There were no transactions on the credit cards that required compliance with the public bid law. The agency had no written policies or procedures concerning purchases/disbursements during the test period.

C) For each transaction, compare the entity's documentation of the business/public purpose to the requirements of Article 7, Section 14 of the Louisiana Constitution, which prohibits the loan, pledge, or donation of funds, credit, property, or things of value, and report any exceptions (e.g. cash advances or non-business purchases, regardless whether they are reimbursed). If the nature of the transaction precludes or obscures a comparison to the requirements of Article 7, Section 14, the practitioner should report the transaction as an exception.

For the 10 cards selected there was no evidence of Article 7, Section 14 violations.

## TRAVEL AND EXPENSE REIMBURSEMENT

17. Obtain from management a listing of all travel and related expense reimbursements, by person, during the fiscal period or, alternately, obtain the general ledger and sort/filter for travel reimbursements. Obtain management's representation that the listing or general ledger is complete.

The agency provided me with a certified list of employees who received travel or related expense reimbursements during the testing period.

18. Obtain the entity's written policies related to travel and expense reimbursements. Compare the amounts in the policies to the per diem and mileage rates established by the U.S. General Services Administration ([www.gsa.gov](http://www.gsa.gov)) and report any amounts that exceed GSA rates.

Agency does not have written policies and procedures for travel. The transactions selected to test were compared to the U.S. General Services Administration policies. None of the agencies transaction rates tested exceeded the GSA rates.

19. Using the listing or general ledger from #17 above, select the three persons who incurred the most travel costs during the fiscal period. Obtain the expense reimbursement reports or prepaid expense documentation of each selected person, including the supporting documentation, and choose the largest travel expense for each person to review in detail. For each of the three travel expense selected:

The 3 employees with the most travel costs during the test period were selected and tested for the following:

- A) Compare expense documentation to written policies and report whether each expense was reimbursed or prepaid in accordance with written policy (e.g., rates established for meals, mileage, lodging). If the entity does not have written policies, compare to the GSA rates (#18 above) and report each reimbursement that exceeded those rates.

The agency had no written policies or procedures for travel, so amounts selected were compared to the GSA rates, no exceptions noted.

- B) Report whether each expense is supported by:

- ▶ An original itemized receipt that identifies precisely what was purchased. [Note: An expense that is reimbursed based on an established per diem amount (e.g., meals) does not require a receipt.]

All travel reimbursements tested had original itemized receipts.

- ▶ Documentation of the business/public purpose (Note: For meal charges, there should also be documentation of the individuals participating).

All travel reimbursements tested were determined to be for business purposes.

- ▶ Other documentation as may be required by written policy (e.g., authorization for travel, conference brochure, certificate of attendance)

No other documentation is required by the agency for travel reimbursements.

- C) Compare the entity's documentation of the business/public purpose to the requirements of Article 7, Section 14 of the Louisiana Constitution, which prohibits the loan, pledge, or donation of funds, credit, property, or things of value, and report any exceptions (e.g. hotel stays that extend beyond conference periods or payment for the travel expenses of a spouse). If the nature of the transaction precludes or obscures a comparison to the requirements of Article 7, Section 14, the practitioner should report the transaction as an exception.

No violations of Article 7 Section 14 were noted during testing.

- D) Report whether each expense and related documentation was reviewed and approved, in writing, by someone other than the person receiving reimbursement.

Travel reimbursements were approved by a supervisor, chief deputies, or the sheriff.

## **CONTRACTS**

- 20. Obtain a listing of all contracts in effect during the fiscal period or, alternately, obtain the general ledger and sort/filter for contract payments. Obtain management's representation that the listing or general ledger is complete.

Agency provided a certified list of all contracts in effect during the test period.

- 21. Using the listing above, select the five contract "vendors" that were paid the most money during the fiscal period (excluding purchases on state contract and excluding payments to the practitioner). Obtain the related contracts and paid invoices:

The contracts that were paid the most money were selected from the list of contracts from #20 and tested for the following:

- A) Report whether there is a formal/written contract that supports the services arrangement and the amount paid.

Agency has a formal/written contract for all selected to be tested.

B) Compare each contract's detail to the Louisiana Public Bid Law or Procurement Code. Report whether each contract is subject to the Louisiana Public Bid Law or Procurement Code and:

- ▶ If yes, obtain/compare supporting contract documentation to legal requirements and report whether the entity complied with all legal requirements (e.g., solicited quotes or bids, advertisement, selected lowest bidder)
- ▶ If no, obtain supporting contract documentation and report whether the entity solicited quotes as a best practice.

For the contracts tested, none of them required compliance with the public bid law. The agency did solicit quotes to get the best deal for the sheriff's office.

C) Report whether the contract was amended. If so, report the scope and dollar amount of the amendment and whether the original contract terms contemplated or provided for such an amendment.

None of the contracts selected were amended.

D) Select the largest payment from each of the five contracts, obtain the supporting invoices, compare the invoice to the contract terms, and report whether the invoice and related payment complied with the terms and conditions of the contract.

The contract payments that were tested were in compliance with the contract terms and conditions.

E) Obtain/review contract documentation and board minutes and report whether there is a documentation of board approval, if required by policy or law (e.g. Lawrason Act or Home Rule Charter).

This is not applicable to the Sheriff.

## **PAYROLL AND PERSONNEL**

22. Obtain a listing of employees (and elected officials, if applicable) with their related salaries, and obtain management's representation that the listing is complete. Randomly select five employees/officials, obtain their personnel files, and:

Agency provided a certified list of all employees with their authorized salaries. Five employees were selected to test the following:

- A) Review compensation paid to each employee during the fiscal period and report whether payments were made in strict accordance with the terms and conditions of the employment contract or pay rate structure.

The 5 employees chosen were paid in accordance with the terms and conditions of their employment.

- B) Review changes made to hourly pay rates/salaries during the fiscal period and report whether those changes were approved in writing and in accordance with written policy.

All changes to the salaries of the 5 employees chosen were approved by the sheriff in writing.

- 23. Obtain attendance and leave records and randomly select one pay period in which leave has been taken by at least one employee. Within that pay period, randomly select 25 employees/officials (or randomly select one-third of employees/officials if the entity had less than 25 employees during the fiscal period), and:

- A) Report whether all selected employees/official documented their daily attendance and leave (e.g., vacation, sick, compensatory). (Note: Generally, an elected official is not eligible to earn leave and does not document his/her attendance and leave. However, if the elected official is earning leave according to policy and/or contract, the official should document his/her daily attendance and leave.)

Of the 25 employees selected, all employees that are eligible to earn leave time documented their daily attendance. The agency tracks leave time earned and used, and no time is accrued and paid upon employee termination.

- B) Report whether there is written documentation that supervisors approved, electronically or in writing, the attendance and leave of the selected employees/officials.

Of the 25 employees that were selected, supervisors approved the employees attendance and leave time.

- C) Report whether there is written documentation that the entity maintained written leave records (e.g., hours earned, hours used, and balance available) on those selected employees/officials that earn leave.

The agency tracks leave time earned and used through the accounting software.

24. Obtain from management a list of those employees/officials that terminated during the fiscal period and management's representation that the list is complete. If applicable, select the two largest termination payments (e.g., vacation, sick, compensatory time) made during the fiscal period and obtain the personnel files for the two employees/officials. Report whether the termination payments were made in strict accordance with policy and/or contract and approved by management.

Agency provided a list of employees terminated during the testing period. The agency certified that it was complete. The employees terminated with the largest payments were selected and tested to determine that their termination payments were in accordance with the policy - no exceptions noted.

25. Obtain supporting documentation (e.g. cancelled checks, EFT documentation) relating to payroll taxes and retirement contributions during the fiscal period. Report whether the employee and employer portions of payroll taxes and retirement contributions, as well as the required reporting forms, were submitted to the applicable agencies by the required deadlines.

During testing of the agency it was determined that the Tensas Sheriff's office is submitting payroll tax, retirement contributions and required forms by the required deadlines.

#### **ETHICS (EXCLUDING NONPROFITS)**

26. Using the five randomly selected employees/officials from procedure #22 under "Payroll and Personnel" above, obtain ethics compliance documentation from management and report whether the entity maintained documentation to demonstrate that required ethics training was completed.

Agency provided support for ethics training for the five randomly selected employees above.

27. Inquire of management whether any alleged ethics violations were reported to the entity during the fiscal period. If applicable, review documentation that demonstrates whether management investigated alleged ethics violations, the corrective actions taken, and whether management's actions complied with the entity's ethics policy. Report whether management received allegations, whether management investigated allegations received, and whether the allegations were addressed in accordance with policy.

There were no ethics violations reported to the sheriff's office during the test period.

## **DEBT SERVICE (EXCLUDING NONPROFIT)**

28. If debt was issued during the fiscal period, obtain supporting documentation from the entity, and report whether State Bond Commission approval was obtained.

The Tensas Parish Sheriff has debt outstanding of revenue bonds, and certificates of indebtedness were issued during the current test period that required bond commission approval. The agency provided me with the bond commission approval.

29. If the entity had outstanding debt during the fiscal period, obtain supporting documentation from the entity and report whether the entity made scheduled debt service payments and maintained debt reserves, as required by debt covenants.

The Tensas Parish Sheriff made scheduled debt service payments, but no debt service reserves are required.

30. If the entity had tax millages relating to debt service, obtain supporting documentation and report whether millage collections exceed debt service payments by more than 10% during the fiscal period. Also, report any millages that continue to be received for debt that has been paid off.

The Tensas Parish Sheriff has no tax millage related to its debt service, therefore this does not apply.

## **OTHER**

31. Inquire of management whether the entity had any misappropriations of public funds or assets. If so, obtain/review supporting documentation and report whether the entity reported the misappropriation to the legislative auditor and the district attorney of the parish in which the entity is domiciled.

The sheriff's office has no known misappropriation of funds during the test period.

32. Observe and report whether the entity has posted on its premises and website, the notice required by R.S. 24:523.1. This notice (available for download or print at [www.la.gov/hotline](http://www.la.gov/hotline)) concerns the reporting of misappropriation, fraud, waste, or abuse of public funds.

I observed the fraud hotline notice posted on the premises.

33. If the practitioner observes or otherwise identifies any exceptions regarding management's representations in the procedures above, report the nature of each exception.

There were no other exceptions noted during procedures.

I was not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, I do not express such an opinion or conclusion. Had I performed additional procedures, other matters might have come to my attention that would have been reported to you.

The purpose of this report is solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.

## TENSAS PARISH SHERIFF'S DEPARTMENT

P. O. Box 138  
St. Joseph, Louisiana 71366

December 31, 2017

Mary Jo Finely, CPA  
116 Professional Drive  
West Monroe, LA 71291

The following is the Tensas Parish Sheriff's Office response to the report of exceptions found during your testing performed in accordance with the LLA's Statewide Agreed-Upon Procedures:

1. We agree that written policies and procedures are needed and we are in the process of committing our policies and procedures to writing.
  
4. B) We are changing our procedure to have the Chief Financial Officer review bank reconciliations prepared by other staff and have the Chief Civil Deputy review bank reconciliations prepared by the Chief financial Officer. It is not cost effective to have enough personnel for the reviewing employee to be independent of involvement in all transactions of all bank accounts in which she reviews.
  
4. C) We are in the process of researching and clearing up any items which have been outstanding for more than 6 months.
  
6. A) While we attempt to have one employee work out of a cash drawer for the most part, it is not possible at all times, such as when employees are on break. Furthermore, we do not have enough space to place a cash drawer/register for each individual employee.
  
6. B) Also, while we attempt to have deposits made by an employee that is different from the employee reconciling the general ledger for that fund, it would not be cost effective to add additional personnel to completely segregate those duties.
  
6. C) We will make a greater effort to make deposits daily for all funds.

7. Written policies and procedures are being developed to determine completeness of collections and revenue sources.

9.B) Due to the size of the office the Chief Civil Deputy is involved in multiply areas of the purchasing procedures.

10. While our software does not allow us to restrict users from adding vendors, all payments made to vendors are reviewed and approved by the Sheriff and Chief Financial Officer.

11. It is not cost effective to have enough personnel to have a complete segregation of duties. But one of the two signatures required on each check is that of an employee who has no involvement in initiating the purchase or reconciling the bank account.

12. Although we have no location available to securely store unused checks which is restricted to only those employees with no signatory authority, two signatures are required on all checks. Additionally, invoices and purchase orders must be attached to all checks when presented for approval and signature.

15.A) Due to the size of the office the Chief Civil Deputy is involved in multiply areas of disbursements of the sheriff office.

15.B) We will make sure the credit cards are paid in a timely manner.

16. B) Written policies and procedures are being developed for purchases and disbursement.

18. Written policies and procedures are being developed for travel.

19. Written policies and procedures are being developed for travel.

Regards,

Rickey A. Jones,  
Sheriff Tensas Parish.
