GREATER OUACHITA PORT COMMISSION
FOR THE YEAR ENDED DECEMBER 31, 2005

MANAGEMENT'S DISCUSSION AND ANALYSIS

Our discussion and analysis of the Greater Ouachita Port Commission's (the Commission) financial performance presents management's overview of the Port's financial activities for the year ended December 31, 2005. Please read it in conjunction with the Commission's financial statements.

FINANCIAL HIGHLIGHTS

For the year ended December 31, 2005, the Commission's Net Cash Provided by Operating Activities was \$1,359,113, compared to \$1,173,653 in the prior year.

OVERVIEW OF THE FINANCIAL STATEMENTS

The Commission operates as an enterprise fund and presents its financial statements using the accrual basis of accounting. As an enterprise fund, the Commission's basic financial statements include three components: Government-Wide Financial Statements, Fund Financial Statements, and Notes to the Financial Statements.

The Statement of Net Assets includes all of the Commission's assets and liabilities, with the difference between the two reported as net assets. Net assets are reported as unrestricted at December 31, 2005. The increases or decreases in the Commission's net assets are an indicator of whether its financial position is improving or deteriorating. The Statement of Net Assets provides a basis for evaluating the capital structure of the Commission, and assessing its liquidity and financial flexibility.

The Statement of Activities shows how the Commission's net assets changed during the year. All of the current year's revenues and expenses were recorded when the underlying transaction occurs, regardless of the timing of related cash flows. The Statement of Activities measures the Commission's performance over the last year, and whether the Commission recovered its costs through fees and other revenues.

The Statement of Cash Flows provides information regarding the Commission's cash receipts and cash disbursements during the year. The statement reports cash activity in three categories, cash flows from operations, and cash flows from investing activities. This statement accounts only for transactions that result in cash receipts and cash disbursements.

GREATER OUACHITA PORT COMMISSION
FOR THE YEAR ENDED DECEMBER 31, 2005

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

The Notes to the Financial Statements provide a description of the accounting policies used to prepare the financial statements and presents material disclosures required by accounting principles generally accepted in the United States of America that are not otherwise presented in the financial statements.

NET ASSETS

For the year ended December 31, 2005, net assets changed as follows:

Beginning Net Assets	1,421,601
Increase in Net Assets	<u>2,010,830</u>
 Ending Net Assets (Of Which 3,364,628 is Invested in Capital Assets)	 <u>3,432,431</u>

CHANGE IN NET ASSETS

During the year 2005, we constructed a rail spur on land owned by us. The cost of the spur, including development fees, was approximately 1.1 million dollars. We purchased two fixed assets during the year.

The following schedule presents a summary of revenue and expenses for the fiscal years ended December 31, 2005 and 2004, and their percentage of total.

		%		%
	12/31/05	12/31/05	12/31/04	12/31/04
<u>Revenues</u>				
Grants	1,363,592	65.67	999,978	83.13
Donations	700,000	33.71	200,000	16.63
Other	<u>12,975</u>	<u>.62</u>	<u>2,884</u>	<u>.24</u>
 <u>Total Revenues</u>	 <u>2,076,567</u>	 <u>100.00</u>	 <u>1,202,862</u>	 <u>100.00</u>

 <u>Excess Revenues</u>	 <u>2,010,830</u>		 <u>1,174,397</u>	

GREATER OUACHITA PORT COMMISSION
FOR THE YEAR ENDED DECEMBER 31, 2005

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

CHANGE IN NET ASSETS (Continued)

For the years ended December 31, 2005 and 2004, revenues exceeded expenses.

The Greater Ouachita Port Commission has been fortunate to receive funding necessary to construct, implement, and begin operating the initial phase of the port project. We have received a grant totaling \$1.0 million to construct a rail spur encompassing 1,000 linear feet. The current operation of this rail spur is to serve the outbound needs of Graphic Packaging of West Monroe. By implementing this project, the Commission has been able to assist the State of Louisiana in retaining over 500 jobs with Graphic Packaging.

Funding approval has been granted for the engineering and construction of our primary mode of transportation, the dock. Funding for this component of the port project was derived from the EDA for \$1.5 million, and a corresponding match from the State of Louisiana for \$1.0 million. Engineering has begun on this project, and the engineering phase should be complete by December 2005. We anticipate that Request for Proposals (RFP's) will be issued during the first quarter 2006, and contract award issued within the statutory guidelines. It is anticipated that the construction phase of the dock component will take approximately nine (9) months. Therefore, we anticipate dock traffic to commence by the end of calendar year 2006.

Bids for the Dock construction were received in May 2006. Subsequent to review of the three lowest bids, it became apparent that the cost of Dock construction would exceed available funding by approximately \$900,000. In order to maintain the selected bid provided by James Construction of Baton Rouge, the GOPC was forced to search additional funding sources to facilitate the shortfall. Therefore, the State of Louisiana provided an additional \$300,000 in Priority 2 Capital Outlay, and the GOPC garnered approval from the Louisiana State Bond Commission to borrow up to \$1,200,000 if necessary. Subsequent to the Bond Commission approval, the City of Monroe approved an Economic Development Grant to the GOPC for \$250,000. The GOPC Board expects the remaining funding necessary to complete the project to also take the form of Grant Funding at the State or Federal level. While borrowing capabilities are in place, the GOPC will use every effort to mitigate borrowing levels.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

CHANGE IN NET ASSETS (Continued)

James Construction of Baton Rouge began construction of the Dock Facility in June 2006. Anticipated completion time is February 2007. Initial "Pile" testing proved to be favorable, and provided weather conditions remain favorable, construction timelines should be met.

CONTACTING THE COMMISSION'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, investors, and creditors with a general overview of the Commission's finances and to demonstrate the Commission's accountability for the financial resources it manages. If you have questions about this report or need additional financial information, contact the Greater Ouachita Port Commission, 103 Regency Place, West Monroe, Louisiana 71291.

INDEPENDENT AUDITORS' REPORT

To the Board of the
Greater Ouachita Port Commission
West Monroe, Louisiana

We have audited the accompanying component unit financial statements of the business-type activities of the Greater Ouachita Port Commission, as of and for the year ended December 31, 2005, as listed in the table of contents. These financial statements are the responsibility of the Commission's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities and fund information for the Greater Ouachita Port Commission as of December 31, 2005, and the respective changes in financial position and cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 7, 2006, on our consideration of the Greater Ouachita Port Commission's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Governmental Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Management's discussion and analysis on pages 1 through 3 is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was made for the purpose of forming an opinion on the basic financial statements of Greater Ouachita Port Commission taken as a whole. The accompanying financial information listed as supplementary financial information on pages 22 through 26, including the accompanying Schedule of Federal Awards for the year ended December 31, 2005, are presented for purposes of additional analysis as required by the Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Governments and Nonprofit Organizations* and are not a required part of the financial statements. The accompanying financial information listed as supplementary financial information on pages 22 through 26 has been prepared in accordance with grantors' requirements and is not intended to be a complete presentation in accordance with accounting principles generally accepted in the United States of America. Such information on pages 22 through 26 has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

GREATER OUACHITA PORT COMMISSION
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2005

INTRODUCTION:

The Greater Ouachita Port Commission (the Commission) was created by the Revised Statutes 34:1401 through 1406 by the Louisiana Legislature. The Commission is composed of seven members, who shall serve without compensation. The Commission shall exercise the powers therein conferred upon it, within the port area of Ouachita Parish. The Commission may authorize a reasonable travel allowance for its members in the performance of their duties, and it may employ such officers, or agents, and employees as it may find necessary in the performance of its duties, and may prescribe the duties, powers and compensation of such officers, agents, and employees. The Commission may, on such terms upon which it may agree, contract for legal, financial, engineering and other professional services necessary or expedient in the conduct of its affairs, and may on terms and conditions mutually agreeable, utilize the services of the executive department of the state.

The Commission shall have authority, when authorized to do so by a vote of a majority of the property taxpayers of the port area qualified to vote at an election for the purpose in accordance with law, to levy annually on all property situated within the port area, subject to taxation, an ad valorem tax not to exceed two and one-half mills on the dollar.

Also, the Commission may acquire by expropriation any wharves, landing, or any other properties necessary for the benefit and advantage of the commerce of the Commission.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The Commission complies with accounting principles generally accepted in the United States of America (GAAP). GAAP includes all relevant Government Accounting Standards Board (GASB) pronouncements. In the government-wide financial statements, Financial Accounting Standard Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989 have been applied unless those pronouncements conflict with or contradict GASB pronouncements, in which case, GASB prevails. The accounting and reporting framework and the

GREATER OUACHITA PORT COMMISSION
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
FOR THE YEAR ENDED DECEMBER 31, 2005

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

more significant accounting policies are discussed in subsequent sections of this note. The Commission has adopted the new financial reporting requirements of GASB Statements No. 33 and 34.

Basis of Presentation

In June 1999, the GASB unanimously approved statement No. 34, *Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments*. Certain of the significant changes in the presentation of its funds financial information include, for the first time, a Management Discussion and Analysis (MD&A) section providing an analysis of the Commission's overall financial position and results of operations and financial statements prepared using full accrual accounting for all fund activities. These and other changes are reflected in the accompanying financial statements including the notes to the financial statements. The Enterprise Fund has elected to implement the general provisions of the statement in the current year and plans to report capital assets.

Basic Financial Statements

Government-Wide Financial Statements - The statement of net assets and statement of activities display information about the reporting government as a whole.

Fund Accounting

The Commission's funds are enterprise funds. Enterprise funds are proprietary funds used to account for business-like activities provided to the general public. These activities are financed primarily by user charges and the measurement of financial activity focuses on net income measurement similar to the private sector.

Reporting Entity

For financial reporting purposes, in conformity with GASB, the Greater Ouachita Port Commission is a component unit of the State of Louisiana. The financial reporting entity consists of (a) the primary government (State of Louisiana), (b) organizations for which the primary government is

GREATER OUACHITA PORT COMMISSION
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
FOR THE YEAR ENDED DECEMBER 31, 2005

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

Reporting Entity (Continued)

financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board Statement No. 14 established criteria for determining which component units should be considered part of the State of Louisiana for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. These criteria include:

1. Appointing a voting majority of an organization's governing body, and
 - a. The ability of the police jury to impose its will on that organization and/or
 - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the police jury.
2. Organizations for which the police jury does not appoint a voting majority but are fiscally dependent on the police jury.
3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Because the State of Louisiana provides for the Port's operation and maintenance, the Greater Ouachita Port Commission was determined to be a component unit of the State of Louisiana, the financial reporting entity. The accompanying financial statements present information only on the funds maintained by the Greater Ouachita Port

GREATER OUACHITA PORT COMMISSION
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
FOR THE YEAR ENDED DECEMBER 31, 2005

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

Reporting Entity (Continued)

Commission and do not present information on the State of Louisiana, the general government services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity.

Measurement Focus and Basis of Accounting

Measurement Focus - The government-wide financial statements are presented using the economic resources measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net assets, financial position, and cash flows. All assets and liabilities (whether current or non-current) associated with their activities are reported. All proprietary funds utilize the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used.

Basis of Accounting - The government-wide financial statements are presented using the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred or economic assets are used. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. In the fund financial statements, governmental funds are presented on a modified accrual basis of accounting. Revenues are recognized when "measurable and available." Measurable means the amount of the transaction can be determined, and available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures (including capital outlay) are recorded when the related fund liability is incurred.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services in connection with a proprietary fund's principal ongoing operations. Operating expenses for enterprise funds include

GREATER OUACHITA PORT COMMISSION
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
FOR THE YEAR ENDED DECEMBER 31, 2005

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

Measurement Focus and Basis of Accounting (Continued)

the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash includes amounts in demand deposits, interest-bearing demand deposits, and money market accounts. For purposes of cash flows, the Commission considers all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash equivalents. Under state law, the Commission may deposit funds in demand deposits, interest-bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

Fund Equity

Equity is classified as net assets and displayed in three components:

1. Invested in capital assets, net of related debt - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction or improvement of those assets.

GREATER OUACHITA PORT COMMISSION
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
FOR THE YEAR ENDED DECEMBER 31, 2005

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

Fund Equity (Continued)

2. Restricted net assets - Consists of net assets with constraints placed on the use either by (1) external groups, such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.

3. Unrestricted net assets - All other net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

NOTE 2 - CASH AND CASH EQUIVALENTS:

The Commission has cash and cash equivalents (book balances) totaling \$69,716.

These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent.

These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. Cash and cash equivalents (bank balances) at December 31, 2005, are secured as follows:

Bank Balances	69,716
---------------	--------

Because the pledged securities are held by a custodial bank in the same name of the fiscal agent bank rather than in the name of the Commission, they are considered uncollateralized (Category 3) under the provisions of GASB Codification C20.106; however, Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the Commission that the fiscal agent bank has failed to pay deposited funds upon demand.

GREATER OUACHITA PORT COMMISSION
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
FOR THE YEAR ENDED DECEMBER 31, 2005

NOTE 3 - CAPITAL GRANT:

During the year ended December 31, 2005, the Commission received \$150,000 from the Louisiana Economic Development Corporation and \$1,213,592 from the U.S. Department of Transportation. Such funds are to be used to develop and construct a railway spur in connection with the Ouachita terminal development.

NOTE 4 - OTHER AGREEMENTS AND SUBSEQUENT EVENTS:

In 2005, the Commission entered into various agreements for the construction of the railway spur and engineering services for approximately 1.3 million dollars.

The Commission has also entered into a joint public-private development agreement with Ouachita Terminals to develop a marketing and business plan, to provide/develop funding sources and to select/develop a site for a port on the Ouachita River in Ouachita Parish, Louisiana. Certain fees and expenses will be reimbursed by the Commission. Amounts to be paid in future years are not presently determinable. The Commission has also entered into an agreement with Ouachita Terminals to operate the port. Payments will be made to Ouachita Terminals based on container volume.

NOTE 5 - RISK MANAGEMENT:

The Commission is exposed to various risks of loss related to torts, theft or damage to assets and errors and omissions. The Commission believes that any such loss is remote and has not purchased commercial insurance on such risk.

The Commission, at the present time, has no employees. However, if employees are hired, adequate workers compensation will be obtained.

NOTE 6 - BUDGET REQUIREMENTS:

The only activity of the Commission is enterprise activities. As the Commission has no general or special revenue funds, no budget is required.

GREATER OUACHITA PORT COMMISSION
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
FOR THE YEAR ENDED DECEMBER 31, 2005

NOTE 7 - FIXED ASSETS:

Property and equipment acquired with the Commission funds are considered to be owned by the Commission while used in the program or in future authorized programs. However, funding sources have a revolutionary interest in these assets as well as the determination of use of any proceeds from the sale of these assets.

Fixed assets of the Port Commission are included at cost plus any construction period interest for all assets with a cost over \$1,000. Depreciation is recorded on all exhaustible assets using the straight-line method over the estimated life of each asset. Estimated useful lives are as follows:

Port Facilities	40 Years
Rail Facilities	20 Years
Furniture, Fixtures & Equipment	7 - 10 Years

Capital assets include the following:

Equipment	618,279
Construction in Progress	2,215,719
Accumulated Depreciation	(46,370)
<u>Net</u>	<u>2,787,628</u>

Depreciation for 2005 is \$46,370. Construction of the port and rail facilities is ongoing.

NOTE 8 - CONTINGENCIES:

As of December 31, 2005, the Commission did not have any pending litigation or potential nondisclosed liabilities.

The Commission participates in grant programs which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the Commission has not complied with the rules and regulations governing the grants, refunds of any money received may be required. In

GREATER OUACHITA PORT COMMISSION

NOTE 8 - CONTINGENCIES: (Continued)

the opinion of the Commission, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying combined financial statements for such contingencies.

The Commission has applied for funds for port development from various governmental agencies. If the Commission is not able to secure additional funding, it may have an adverse effect on the port development.

NOTE 9 - SHORT-TERM DEBT:

The Commission received \$323,000 as a loan from the Louisiana Governor's office. Such loan is expected to be repaid in 2006 from revenues/grants to be received in 2006. The debt funds were used to fund port construction activities and this was the only debt incurred in 2005. No debt was outstanding in 2004.

NOTE 10 - FUNDING POLICIES AND SOURCES OF FUNDS:

The Commission receives a majority of its monies from federal and state agencies. If significant budget cuts are made at the federal/state level, it could have an adverse effect on the operations of the Commission.

NOTE 11 - BOARD OF DIRECTORS' COMPENSATION:

The Board of Directors is a voluntary board; therefore, no compensation has been paid to any member.

SUPPLEMENTAL INFORMATION

GREATER OUACHITA PORT COMMISSION
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED DECEMBER 31, 2005

To the Board of the
Greater Ouachita Port Commission
West Monroe, Louisiana

We have audited the component unit financial statements of the business-type activities of the Greater Ouachita Port Commission as of and for the year ended December 31, 2005, and have issued our report thereon dated June 7, 2006. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our audit of the financial statements as of December 31, 2005, resulted in an unqualified opinion.

REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AND AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of the
Greater Ouachita Port Commission
West Monroe, Louisiana

We have audited the component unit financial statements of the business-typed activities of the Greater Ouachita Port Commission as of and for the year ended December 31, 2005, and have issued our report thereon dated June 7, 2006. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Greater Ouachita Port Commission's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Greater Ouachita Port Commission's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended for the information of the audit committee, management, and federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties. However, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

June 7, 2006

REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Board of Directors
Greater Ouachita Port Commission
West Monroe, Louisiana

Compliance

We have audited the compliance of Greater Ouachita Port Commission (a nonprofit organization) with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended December 31, 2005. Greater Ouachita Port Commission's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of Greater Ouachita Port Commission's management. Our responsibility is to express an opinion on Greater Ouachita Port Commission's compliance based on our audit.

We conducted our audit of compliance in accordance with accounting standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Greater Ouachita Port Commission's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We

believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Greater Ouachita Port Commission's compliance with those requirements.

In our opinion, Greater Ouachita Port Commission complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended December 31, 2005.

Internal Control Over Compliance

The management of Greater Ouachita Port Commission is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered Greater Ouachita Port Commission's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on the internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be a material weakness. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts, and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended for the information of the audit committee, management, and federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties. However, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.
