Accountant's Compilation Report

BOARD OF COMMISSIONERS
LAKE BRUIN WATERWORKS DISTRICT NO. 1
St. Joseph, Louisiana

I have compiled the accompanying basic financial statements and supplemental information schedules, as listed in the foregoing table of contents, of Lake Bruin Waterworks District No. 1 as of December 31, 2008, and for the year then ended, in accordance with standards established by *Statements on Standards for Accounting and Review Services* issued by the American Institute of Certified Public Accountants.

A compilation is limited to presenting in the form of financial statements and schedules, information that is the representation of management. I have not audited or reviewed the accompanying financial statements and, accordingly, do not express an opinion or any form of assurance on them.

Management has elected to omit Management's Discussion and Analysis which is supplemental information required by GASB. If the omitted information were included in the financial statements, they might influence the user's conclusions about the district's financial position, results of operations, and cash flows. Accordingly, these financial statements are not designed for those who are not informed about such matters.

Notes to the Financial Statements
As of and for the Year Ended December 31, 2008

INTRODUCTION

Lake Bruin Waterworks District No. 1 was created by the Tensas Parish Police Jury as authorized by Louisiana Revised Statute 33:3811 for the purpose of supplying safe drinking water to the population of the district. The district is governed by a four member board appointed by the police jury who serve without benefit of compensation. The district has no employees.

GASB Statement No. 14, *The Reporting Entity*, established criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. Under provisions of this Statement, the Lake Bruin Waterworks District No. 1 is considered a component unit of the Tensas Parish Police Jury. As a component unit, the accompanying financial statements maybe included within the reporting of the primary government, either blended into those financial statements or separately reported as a discrete component unit.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Financial Statements

Governmental Accounting Standards Board Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, provides that special-purpose governments engaged only in business-type activities should present only the financial statements required for enterprise funds. For these governments, basic financial statements and required supplemental information (RSI) consist of :

- (1) Management's discussion and analysis (MD&A)
- (2) Statement of net assets
- (3) Statement of revenues, expenses, and changes in net assets
- (4) Statement of cash flows
- (5) Notes to the financial statements
- (6) RSI other than MD&A, if applicable

The Lake Bruin Waterworks District No. 1 is a special-purpose government engaged only in business-type activities.

See accountant's compilation report.

LAKE BRUIN WATERWORKS DISTRICT NO. 1
Notes to the Financial Statements

**B. Measurement Focus, Basis of Accounting, and
Financial Statement Presentation**

Enterprise fund statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in the enterprise fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for their enterprise funds, subject to this same limitation. Lake Bruin Waterworks District No. 1 has elected not to follow subsequent private-sector guidance.

Enterprise funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services in connection with the fund's principal ongoing operation. The operating revenues of Lake Bruin Waterworks District No. 1 are water sales and other miscellaneous fees and charges. Operating expenses for enterprise funds include the costs of the services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

C. Deposits and Investments

Cash includes amounts in interest-bearing and non-interest bearing demand deposits. State law allows the district to invest in collateralized certificates of deposits, government-backed securities, commercial paper, the state sponsored investment pool, and mutual funds consisting solely of government-backed securities. If the original maturities of investments exceed 90 days, they are classified as investments; however, if the original maturities are 90 days or less, they are classified as cash equivalents. At December 31, 2008, the district's investments consist of a nonnegotiable certificate of deposit with an original maturity that exceeds 90 days that is reported in the accompanying financial statements at cost.

D. Receivables

Receivables for water sales and rental fees are generally shown net of an allowance for uncollectible amounts. These statements contain no provision for uncollectible accounts. The district is of the opinion that such an allowance would be immaterial in relation to the financial statements taken as a whole.

See accountant's compilation report.

LAKE BRUIN WATERWORKS DISTRICT NO. 1
Notes to the Financial Statements

E. Restricted Assets

Certain resources set aside for the repayment of revenue bonds are classified as restricted assets on the balance sheet because their use is limited by the debt agreement.

F. Capital Assets

Capital assets, which include land, water system and improvements, and equipment are reported in the enterprise fund financial statements. All of the district's capital assets are capitalized at historical cost. The Lake Bruin Waterworks District No. 1 maintains a threshold level of \$250 or more for capitalizing capital assets. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets, if any, is included as part of the capitalized value of the assets constructed.

All capital assets, other than land, are depreciated using the straight-line method over the following useful lives:

	<u>Estimated Lives</u>
Infrastructure - Water system and improvements	25 years
Equipment	10 years

G. Long-term Obligations

Long-term debt such as revenue bonds payable are reported as liabilities in the statement of net assets.

H. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, disclosures, and revenues, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

2. DEPOSITS IN FINANCIAL INSTITUTIONS

At December 31, 2008, the district has cash and investments (book balances) as follows:

See accountant's compilation report.

LAKE BRUIN WATERWORKS DISTRICT NO. 1

Interest bearing savings accounts	108,175
Investments - certificates of deposit	<u>20,716</u>
Total	<u>\$149,464</u>

These deposits are stated at cost, which approximates market. Under state law, these deposits, or the resulting bank balances, must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. At December 31, 2008, the Lake Bruin Waterworks District No. 1 has \$149,924 in deposits (collected bank balances). These deposits are fully secured from risk by federal deposit insurance.

6. RESTRICTED NET ASSETS

The bond covenants for the 1978 revenue bonds discussed in note 5 above, requires the district to establish the following reserve accounts:

- A. A "Revenue Note and Interest Sinking Fund". The district must transfer into this fund, each month, one-twelfth of the principal and interest due on the next principal and interest payment dates. The deposits in the fund are to be used solely for the payment of principal and interest payments on the loans as they become due.
- B. A "Revenue Note Reserve Fund". The district must transfer into this fund, each month, an amount equal to 5% of the amount required to be transferred into the Revenue Note and Interest Sinking Fund for payment of principal and interest. The transfers must continue until there has been accumulated in this fund, an amount equal to the highest combined principal and interest requirements for any future year. The maximum amount of \$15,300 that was required to be set aside note has been met. The deposits in the fund are to be used solely for the payment of principal and interest in the event sufficient deposits are not available in the Revenue Note and Interest Sinking Fund.

See accountant's compilation report.

LAKE BRUIN WATERWORKS DISTRICT NO. 1
Notes to the Financial Statements

- C. A "Depreciation and Contingency Fund". The district must transfer \$77 into this fund each month. The deposits in this fund may be used by the district for repairs, replacements and extensions necessary to properly operate the system. The deposits may also be used to pay principal and interest when insufficient amounts are available in either of the above funds.

At December 31, 2008, the district has set aside \$108,175 to meet the reserve requirements. These deposits are reported as restricted cash on the district's statement of net assets.

7. RESTATEMENT OF NET ASSETS

The amount reported as ending net assets in the prior year financial statements is being restated as follows:

Net Assets (Deficit), at December 31, 2007, as previously reported	(\$4,014)
Accounts receivable understated	6,739
Accrued interest understated	<u>(1,032)</u>
Net Assets, at December 31, 2007, restated	<u><u>\$1,693</u></u>

8. RISK MANAGEMENT

The district purchases commercial insurance to reduce the risk of loss resulting from property damage or liability claims. There have been no significant reductions in insurance coverage from coverage in the prior year. Settlements have not exceeded insurance coverage in any of the past three fiscal years.
