## **INDEPENDENT AUDITORS' REPORT**

The Honorable Hillar Moore District Attorney of the Nineteenth Judicial District Baton Rouge, Louisiana

## Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the District Attorney of the Nineteenth Judicial District (the "District Attorney), a component unit of the City of Baton Rouge/Parish of East Baton Rouge, as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the District Attorney's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District Attorney, as of December 31, 2021, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District Attorney and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District Attorney's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Governmental Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Governmental Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District Attorney's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District Attorney's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the Budgetary Comparison information, the Schedule of Proportionate Share of the Total Other Post-Employment Benefit Liability, the Schedule of Proportionate Share of the Net Pension Liability, and the Schedule of Employer's Contributions to Retirement Systems on pages 4 - 10, 40 - 41, 42, 43, and 44, respectively, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### **Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District Attorney's basic financial statements. The Schedule of Compensation, Benefits, and Other Payments to Agency Head, the Pretrial Intervention Program – Schedule of Revenues and Expenditures, the Justice System Funding Schedule – Collecting/Disbursing Entity, the Justice System Funding Schedule – Receiving Entity, and the Schedule of Expenditures of Federal Awards as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principals, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements themselves, and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

## Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 24, 2022, on our consideration of the District Attorney's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District Attorney's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District Attorney's internal control over financial reporting and compliance.

## MANAGEMENT'S DISCUSSION AND ANALYSIS DECEMBER 31, 2021

This section of District Attorney's annual financial report presents a discussion and analysis of the District Attorney's financial performance during the year that ended on December 31, 2021. Please read it in conjunction with the District Attorney's financial statements, which follow this section.

## FINANCIAL HIGHLIGHTS

- Net position (deficit) of government-wide activities increased in a positive direction by \$1,484,129 or 3.1%.
- Subsequent to the adoption and implementation of the Governmental Accounting Standards Board Statement 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, a net adjustment of (\$6,765,447) was made to the beginning deferred inflows, deferred outflows and other postemployment benefits liability amounts to correct valuation deficiencies in previous fiscal years. See Note 12.
- The liabilities and deferred inflows of the District Attorney exceeded its assets and deferred outflows by \$46,069,948 at December 31, 2021. Of this amount, \$351,695 is invested in capital assets net of related debt and \$115,197 is restricted for grant programs. The District Attorney has an unrestricted net deficit of (\$46,536,840) in governmental activities.
- During the year, the District Attorney had expenses of \$14,558,504, which was \$743,331 less than the \$15,301,835 of revenue generated by governmental programs during the year comparable to the prior year, when program expenses exceeded program revenues by \$2,471,729.
- The General fund reported an ending unassigned fund balance of \$1,943,192, which is a \$416,432 increase from the prior year ending fund balance of \$1,562,760.
- Total General fund revenues were \$13,549,004 in the current year, an increase of \$245,503 from prior year revenues. This is primarily due to increases in intergovernmental revenues as a result of additional funding provided by the City of Baton Rouge/Parish of East Baton Rouge (City-Parish) and the State of Louisiana. Increases in revenues were offset by a decrease in fines and forfeitures. Total General fund expenditures were \$13,239,918 in current year, an increase of \$681,178 from prior year expenditures. This is primarily due to increases in personnel services, capital outlay and victim assistance programs.

## **OVERVIEW OF THE FINANCIAL STATEMENTS**

This annual report consists of three parts—management's discussion and analysis (this section), the basic financial statements, and required supplementary information. The basic financial statements include two kinds of statements that present different views of the District Attorney:

- The first two statements are government-wide financial statements that provide both long-term and short-term information about the District Attorney's overall financial status.
- The remaining statements are fund financial statements that focus on individual funds of the District Attorney and reporting the operations in these funds in more detail than the government-wide statements.
  - The governmental funds statements tell how general government services like public safety were financed in the short term as well as what remains for future spending.
  - Fiduciary fund statements provide information about the financial relationships in which the District Attorney acts solely as agent for the benefit of others, to whom the resources being held belong.

## MANAGEMENT'S DISCUSSION AND ANALYSIS DECEMBER 31, 2021

The financial statements also include notes that further explain the information in the financial statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the information in the financial statements. Figure A-1 shows how the required parts of this annual report are arranged and relate to one another.

Figure A-1 summarizes the major features of the District Attorney's financial statements, including the portion of the District Attorney's government they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis explains the structure of contents of each of the statements.

## MANAGEMENT'S DISCUSSION AND ANALYSIS DECEMBER 31, 2021

#### **Government-wide Statements**

The government-wide statements report information about the District Attorney as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the government's assets, deferred outflows, liabilities, and deferred inflows. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the District Attorney's net position and change in net position. Net position—the difference between the District Attorney's assets and deferred outflows, and liabilities and deferred inflows—is one way to measure the District Attorney's financial health, or position.

• Over time, increases or decreases in the District Attorney's net position are an indicator of whether its financial health is improving or deteriorating, respectively.

The government-wide financial statements, all of the District Attorney's activities are reported as government activities:

• Governmental activities—most of the District Attorney's basic services are included here. Fines and city and state grants finance most of these activities.

### **Fund Financial Statements**

The fund financial statements provide more detailed information about the District Attorney's most significant funds—not the District Attorney as a whole. Funds are accounting devices that the District Attorney uses to keep track of specific sources of funding and spending for particular purposes. Some funds are required by State law and by bond covenants.

The District Attorney has two kinds of funds:

- Governmental funds—Most of the District Attorney's basic services are included in governmental funds, which focus on (1) cash and other financial assets that are readily converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the District Attorney's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, it provides additional information on the subsequent page of each statement that explains the relationship (or differences) between them.
- Fiduciary funds Custodial Funds are used to account for assets held by the Office of the District Attorney as an agent for other governments and/or other funds. The Custodial Fund is custodial in nature (assets equal liabilities) and does not involve measurement of results of operations. These activities are excluded from the District Attorney's government-wide financial statements because the District Attorney cannot use these assets to finance its operations.

## FINANCIAL ANALYSIS OF THE DISTRICT ATTORNEY AS A WHOLE

#### **Governmental Activities**

**Net position**. The District Attorney's combined net position increased by approximately \$1.5 million or 3.1% from the net position of the previous fiscal year. The increase is the result of revenues exceeding expenses during the fiscal year ended December 31, 2021.

## MANAGEMENT'S DISCUSSION AND ANALYSIS DECEMBER 31, 2021

**Changes in net position**. The District Attorney's total revenues increased by approximately \$320,631, or 2.0% (See Table A-2). Approximately \$230,000 of that increase is the result of an increase in on-behalf support recognized from the State of Louisiana pertaining to the special funding situation described in Note 7 to the financial statements. Approximately \$5.4 million or 33.4% of the District Attorney's revenue comes from payments made on behalf of the District Attorney by the State of Louisiana and the City-Parish for payroll related costs. Revenues exceeded expenses by approximately \$1.5 million during 2021 and expenses exceeded revenues by approximately \$1.7 million in 2020. The increase in net position is primarily due to an overall decrease in actuarily determined pension expenses.

## FINANCIAL ANALYSIS OF THE DISTRICT ATTORNEY'S FUNDS

As the District Attorney completed the year, its governmental funds reported a combined fund balance of approximately \$2,058,389, an increase of approximately \$406,000 from prior year. This was the result of increases in intergovernmental revenues offset by increases in personnel payroll and related costs.

## MANAGEMENT'S DISCUSSION AND ANALYSIS DECEMBER 31, 2021

#### **General Fund Budgetary Highlights**

• Over the course of the year, the District Attorney amended its general fund budget to reflect changes in estimated revenues and personnel costs. An analysis of the original budgets compared to final amended general fund budget results is reflected in Table A-4:

#### Table A-4 Original and Final Amended Budget Comparison General Fund

		Final Amended						
	Original Budget Budget				D	ifference

Net change in fund balance	\$	51,161	\$	392,028	\$	340,867		

• A comparison of the actual results to the original budget is reflected in Table A-5:

## CAPITAL ASSETS

At the end of 2021, the District Attorney had invested \$351,695 in capital assets. (See Table A-6.)

Vehicles		129,719		137,999

The increase was primarily due to depreciation in the normal course of the assets' lives offset by capital purchases of equipment and vehicles during the year.

## MANAGEMENT'S DISCUSSION AND ANALYSIS DECEMBER 31, 2021

## LONG-TERM DEBT

The District Attorney's long-term debt consists of compensated absences, total other post-employment benefits liabilities, and net pension liability. The District Attorney had \$706,916 in compensated absences payable at year end compared to \$700,491 at the previous year end, an increase of \$6,425, or 0.9%. The District Attorney had \$28,754,772 in total other post-employment benefits payable at year end compared to \$31,215,370 at the previous year end, a decrease of \$2,460,598, or 7.9%. The District Attorney had \$15,095,825 in net pension liability at year end compared to \$19,302,102 at the previous year end, a decrease of \$4,206,277 or 21.8%. (See Table A-7.)

## ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The District Attorney is dependent on the State of Louisiana and the City of Baton Rouge for approximately 77% of its general fund revenues. These entities receive a substantial part of their revenues from taxes. The economy is not expected to generate any significant growth due to the ongoing pandemic and current economic outlook (i.e., inflation).

## NOTES TO FINANCIAL STATEMENTS

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

As provided by Article V, Section 26 of the Louisiana Constitution of 1974, the District Attorney of the Nineteenth Judicial District (District Attorney) has charge of every criminal prosecution by the State within its district, is the representative of the State before the grand jury in its district, is legal advisor to the grand jury, and performs other duties as provided by law. The Nineteenth Judicial District encompasses the Parish of East Baton Rouge, Louisiana.

## A. **Basis of Presentation**

The District Attorney's basic financial statements consist of the government-wide statements and the fund financial statements. The statements are prepared in accordance with accounting principles generally accepted in the United States of America as applied to governmental units and promulgated by the Governmental Accounting Standards Board (GASB) *Codification of Governmental Accounting and Financial Reporting Standards*.

#### B. Financial Reporting Entity

For financial reporting purposes, in conformance with governmental accounting standards, the District Attorney is a part of the district court system in the State of Louisiana. However, the District Attorney operates autonomously from the State of Louisiana and independently from the district court system. Therefore, the District Attorney reports as an independent reporting entity.

As the governing authority of the Parish, for reporting purposes, the City-Parish Consolidated Government of Baton Rouge (City-Parish) is the financial reporting entity for East Baton Rouge Parish. The financial reporting entity consists of (a) the primary government (City-Parish), (b) organizations for which the primary government is financially accountable, (c) fiscally dependent, (d) and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental accounting standards established criteria for determining which component units should be considered part of the City-Parish for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The governmental accounting standards have set forth criteria to be considered in determining financial accountability. These criteria include:

- 1. Appointing a voting majority of an organization's governing body, and
  - a. The ability of the City-Parish to impose its will on that organization and/or
  - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the City-Parish.
- 2. Organizations for which the City-Parish does not appoint a voting majority but are fiscally dependent on the City-Parish and pose a financial benefit or burden to the City-Parish.
- 3. Organizations for which the reporting entity's financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

## **NOTES TO FINANCIAL STATEMENTS**

## 1. <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> (continued)

#### B. Financial Reporting Entity (continued)

The District Attorney is an independently elected official. However, the District Attorney is fiscally dependent on the City-Parish.

Because the City-Parish provides a significant amount of financial revenues, the District Attorney is determined to be a component unit of the City-Parish, the financial reporting entity. The accompanying financial statements present information only on the funds maintained by the District Attorney and do not present information on the City-Parish, the general government services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity.

#### C. Fund Accounting

The District Attorney uses funds to maintain its financial records during the year. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to certain district attorney functions and activities. A fund is defined as a separate fiscal and accounting entity with a self-balancing set of accounts.

#### **Governmental Funds**

Governmental funds account for all of the District Attorney's taxpayer funded activities. These funds focus on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may be used. Current liabilities are assigned to the fund from which they will be paid. The difference between a governmental fund's assets and liabilities is reported as fund balance. In general, fund balance represents the accumulated expendable resources which may be used to finance future period programs or operations of the District Attorney. The following are the District Attorney's governmental funds:

## General Fund

The General Fund was established in compliance with Louisiana Revised Statute (R.S.) 15:571.11 and accounts for the operations of the District Attorney's office.

#### Special Revenue Fund

The Special Revenue Fund accounts for grants from the Louisiana Department of Social Services, authorized by Act 117 of 1975, to establish family and child support programs compatible with Title IV-D of the Social Security Act. The purpose of the Special Revenue Fund is to account for money to be used to enforce the support obligation owed by absent parents to their families and children, to locate absent parents, to establish paternity, and to obtain family and child support.

## **NOTES TO FINANCIAL STATEMENTS**

### 1. <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> (continued)

#### C. Fund Accounting (continued)

#### Fiduciary Type Funds – Custodial Funds

Fiduciary fund reporting focuses on resources held for other parties. The only funds accounted for in this category by the District Attorney are custodial funds. Custodial funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. Consequently, the agency funds have no measurement focus, but use the full accrual basis of accounting. The following custodial funds are utilized by the District Attorney:

#### Narcotic Seizure Fund

The District Attorney's Narcotic Seizure Fund is used to account for assets awarded by court judgments as a result of seizures and forfeitures of property in successfully prosecuted narcotics and other criminal investigations. The proceeds are held in custody by the District Attorney for distribution as provided under applicable Louisiana Statutes.

#### Defendant Restitution Fund

The District Attorney's Defendant Restitution Fund is used to account for funds awarded to a victim by the court for restitution associated with a defendant's defense. The funds are held in custody by the District Attorney for distribution until the funds are claimed by the respective victim.

#### Bond Forfeiture Fund

The Bond Forfeiture Fund is used to account for the collection and disbursement of proceeds from the forfeiture of District, Parish, and City Court bail and surety bonds for failure by a defendant to appear in court. The distribution of the proceeds of the bond forfeitures is in accordance with Louisiana Revised Statue 15:571:11 (L) and (M).

## D. Basis of Accounting / Measurement Focus

#### Government Wide Financial Statements (GWFS)

The statement of net position and the statement of activities display information about the government (the District Attorney). These statements include the financial activities of the overall government, except for fiduciary activities. Governmental activities are generally financed through fines and forfeitures, intergovernmental revenues and other non-exchange transactions. Revenues, expenses, gains, losses, assets and liabilities resulting from non-exchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, *Accounting and Financial Reporting for Non-Exchange Transactions*.

## **NOTES TO FINANCIAL STATEMENTS**

## 1. <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> (continued)

#### D. Basis of Accounting / Measurement Focus (continued)

#### Government Wide Financial Statements (GWFS) (continued)

The statement of activities presents a comparison between direct expenses and program revenues for each function of the District Attorney's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program revenues include (a) fines and forfeitures (charges) and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues.

The GWFS are prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets, deferred outflows of resources, liabilities, and deferred inflows of resources resulting from exchange or exchange-like transactions are recognized when the exchange occurs regardless of when cash is received or disbursed. Revenues, expenses, gains, losses, assets, deferred outflows of resources, liabilities, and deferred inflows of resources resulting from non-exchange transactions, are recognized in accordance with the requirements of GASB Codification Section N50, Non-exchange Transactions.

#### Fund Financial Statements (FFS)

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All Governmental Funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financial sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

Governmental Funds are accounted for on the modified accrual basis of accounting. Under this basis of accounting, revenues are recognized in the accounting period in which they become susceptible to accrual - that is, when they become measurable and available to pay current period liabilities. Measurable means the amount of the transaction can be determined and available means collectible within the current period or soon enough thereafter to pay liabilities of the current period or 60 days. Commissions on fines and bond forfeitures are reported in the year they are collected. Revenues resulting from non-exchange transactions, such as grants, are recognized when all applicable eligibility requirements are met and the resources are measurable and available. Interest income on investments is recorded when earned. Substantially, all other revenues are recorded when received.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred, and general long-term obligations principal and interest payments are recognized only when due. Costs of accumulated unpaid vacation, sick leave, and other employee benefit amounts are reported in the period earned by employees.

Transfers between funds that are not expected to be repaid are accounted for as other financing sources.

## NOTES TO FINANCIAL STATEMENTS

## 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### E. Budgets and Budgetary Accounting

The District Attorney follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1. The District Attorney prepares operating budgets for the general and special revenue funds at least fifteen days prior to the commencement of the budgetary fiscal year. The operating budgets include proposed expenditures and the means of financing them for the upcoming year.
- 2. The budgets are available for public inspection for a fifteen-day period prior to a public hearing held to obtain taxpayer comment.
- 3. The budgets are adopted at the public hearing and are authorized for implementation on the first day of the fiscal year.
- 4. The budgets are prepared on a basis consistent with accounting principles generally accepted in the United States of America (GAAP).
- 5. The budgets may be revised during the year as estimates regarding revenues and expenditures change.
- 6. Appropriations lapse at the end of each fiscal year.

## F. Cash and Cash Equivalents

Cash includes amounts in demand deposits, interest-bearing demand deposits, and certificates of deposit. Under state law, the District Attorney may deposit funds in demand deposits, interest-bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

## G. <u>Receivables</u>

All receivables are reported at their gross value and consist primarily of grants and fines and forfeitures. The District Attorney expects to collect all balances due to the nature of the receivables and as such no allowance for bad debts has been recorded.

## H. Capital Assets

All capital assets are capitalized at historical cost or estimated historical costs for assets where actual cost is not available. Donated assets are recorded as capital assets at their estimated acquisition value at the date of donation. The District Attorney maintains a capitalization threshold level of \$750 or more.

Capital assets are recorded in the GWFS but are not reported in the FFS. All capital assets are depreciated using the straight-line method over their estimated useful lives. Since surplus assets are disposed or sold for an immaterial amount when declared as no longer needed by the District Attorney, no salvage value is taken into consideration for depreciation purposes. Useful lives vary from 5 to 7 years.

## NOTES TO FINANCIAL STATEMENTS

## 1. <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> (continued)

## I. Compensated Absences

The District Attorney adopted a policy for vacation leave which allows a maximum of 180 hours of vacation leave per calendar year to be earned. Employees may accumulate a maximum of 80 hours to be carried forward to a succeeding calendar year. Upon termination, employees are paid up to 80 hours of their unused vacation leave. In addition, the District Attorney adopted a policy for compensatory leave, whereby employees accrue compensatory time in lieu of overtime up to a maximum of 240 hours. Upon termination, employees are paid up to 240 hours of their unused compensatory time. Sick leave is allowed to accrue and accumulate up to a maximum of 2,080 hours. However, such sick leave benefits are payable only upon absence from work for medical reasons. Upon termination, accumulated sick leave lapses, and no payments are made for the unused accumulations. Under the leave policy adopted, accrual of unused vacation leave and compensatory leave is recognized in the financial statements. However, accrual of unused sick leave is not recognized since the amount accumulated lapses upon termination.

## J. <u>Pension Plans</u>

The District Attorney is a participating employer in two defined benefit pension plans (plans) as described in Note 6. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of each of the plans, and additions to/deductions from each plans' fiduciary net position have been determined on the same basis as they are reported by each of the plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments have been reported at fair value within each plan.

## K. Deferred Inflows and Outflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. See Note 5 for additional information on deferred outflows of resources related to other post-employment benefits and Note 6 for additional information on deferred outflows of resources related to defined benefit pension plans.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenues) until that time. See Note 5 for additional information on deferred inflows of resources related to other post-employment benefits and Note 6 for additional information on deferred inflows of resources related to defined benefit pension plans.

## L. **Operating Transfers In and Out**

Advances between funds which are not expected to be repaid are accounted for as transfers. In those cases, where repayment is expected, the transfers are accounted for through the due from and due to accounts.

## NOTES TO FINANCIAL STATEMENTS

## 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

## M. Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### N. Net Position

For the government-wide statement of net position, net position amount is classified and displayed in three components:

- Net investment in capital assets consists of net capital assets reduced by outstanding balances of any related debt obligations and deferred inflows of resources attributable to the acquisition, construction, or improvement of those assets and increased by balances of deferred outflows of resources related to those assets.
- Restricted net position net position is considered restricted if its use is constrained to a particular purpose. Restricted net position is restricted assets reduced by liabilities and deferred inflows of resources related to the restricted assets.
- Unrestricted net position consists of all other net position that does not meet the definition of the above two components and is available for general use by the District Attorney.

## O. Fund Balance of Fund Financial Statements

Accounting standards require governmental fund balances to be reported in as many as five classifications as listed below:

<u>Nonspendable</u> – represents amounts that are not expected to be converted to cash because they are either not in spendable form or legally or contractually required to be maintained intact.

#### Spendable

<u>Restricted</u> – represents balances where constraints have been established by parties outside the District Attorney or imposed by law through constitutional provisions or enabling legislation.

<u>Committed</u> – represents balances that can only be used for specific purposes pursuant to constraints imposed by formal action of the District Attorney's highest level of decision-making authority.

<u>Assigned</u> – represents balances that are constrained by the government's intent to be used for specific purposes, but are neither restricted nor committed.

<u>Unassigned</u> – represents balances that have not been assigned to other funds and that have not been restricted, committed or assigned to be specific purposes within the general fund.

## **NOTES TO FINANCIAL STATEMENTS**

## 1. <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> (continued)

#### O. Fund Balance of Fund Financial Statements (continued)

When expenditures are incurred for purposes for which both restricted and unrestricted amounts are available, the District Attorney reduces restricted amounts first, followed by unrestricted amounts. When expenditures are incurred for purposes for which committed, assigned and unassigned amounts are available, the District Attorney reduces committed amounts first followed by assigned amounts and then unassigned amounts.

## P. Current Accounting Standards Scheduled to be Implemented

The following is a summary of the accounting standard(s) adopted by the Governmental Accounting Standards Board (GASB) that is scheduled to be implemented in the future that may affect the District Attorney's financial report:

GASB Statement 87, *Leases*. This standard requires all leases to be reported on the statement of net position under a single accounting model for both lessors and lessees. The statement will require the recognition of lease assets or liabilities for leases previously reported as operating leases. Both operating and capital leases will be reported under this single accounting method and reported by lessees as an intangible right to use asset and by lessors as a receivable with both reporting a deferred inflow of resources. The standard is effective for annual reporting periods beginning after June 15, 2021. The District Attorney will include the requirements of this standard, as applicable, in its December 31, 2022 financial statement. All of the District Attorney's lease agreements will need to be evaluated to determine the impact of implementing this standard; however, the effect of this standard or its applicability to the District Attorney is unknown at this time.

## 2. CASH AND CASH EQUIVALENTS

Deposits in financial institutions can be exposed to custodial credit risk. Custodial credit risk is the risk that in the event of a financial institution failure, the District Attorney's deposits may not be returned to them. The District Attorney does not have a deposit policy for custodial credit risk; however, state law is designed to limit this risk. State law requires deposits to be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent financial institution. As of December 31, 2021, the District Attorney's bank balance of demand deposit accounts was \$2,952,488 was fully collateralized or FDIC insured and therefore not exposed to custodial credit risk.

## 3. ACCOUNTS RECEIVABLE

Accounts receivable at December 31, 2021, includes grants revenue of approximately \$354,700, fines and bond forfeiture revenues of approximately \$31,500, and approximately \$7,200 in other revenues.

## NOTES TO FINANCIAL STATEMENTS

## 5. TOTAL OTHER POSTEMPLOYMENT BENEFIT (OPEB) LIABILITY

## OPEB Plan for the City-Parish

All classified and unclassified employees of the City-Parish primary government, and certain employees of the District Attorney of the Nineteenth Judicial District, the Nineteenth Judicial District Court, the East Baton Rouge Parish Family Court, and the East Baton Rouge Parish Juvenile Court may at their option, participate in the employees' group life, health, and dental insurance programs sponsored by the government and administered by the City-Parish's Human Resources Department along with outside third-party insurance providers or administrative agents. Both employee/retiree premiums and the employer contribution toward the premiums are set each year in the Metropolitan Council approved budget.

## Plan Description

The City-Parish OPEB Plan is a single-employer defined benefit plan. The OPEB plan does not issue a standalone financial report.

Retirees may continue personal health and dental insurance coverage in accordance with Parish Resolution 10179 adopted by the Parish Council on December 13, 1972 and amended by Metropolitan Council Resolution 42912 adopted November 12, 2003. Based on current practices, upon retirement, a totally vested employee may continue his or her coverage paying the same premiums and receiving the same benefits as active employees.

## **NOTES TO FINANCIAL STATEMENTS**

## 5. TOTAL OTHER POSTEMPLOYMENT BENEFIT (OPEB) LIABILITY (continued)

## Plan Description (continued)

The City-Parish pays the following percentages of the employer portion of scheduled premiums on employees hired after January 1, 2004:

Years of Service	Vested Percentage
Fewer than 10	25%
10-15 years	50%
15-20 year	75%
Over 20 years	100%

## Current Funding policy

The contribution requirements of the employees/retirees and the participating City-Parish employers are established in the annual operating budget and may be amended in subsequent years. During the measurement period, the dental plan was funded with employees and retirees contributing 48 percent of the dental premium and the City-Parish contributing 52 percent of the dental premium. One hundred percent of required premiums on the \$5,000 retiree life insurance policy is funded by the employer. The government's health plan is a self-insured program with a third-party administrator. During the measurement period, employees and retirees contributed 11% - 40% of the annually adopted premium base, dependent on the type of coverage chosen and the number of family members covered. The government contributed the corresponding 60% - 89% of the premium base. Effective January 1, 2004, the employer portion of pay-as-you-go OPEB insurance premiums are allocated over all employers and funds that participate in the OPEB Plan. There are no assets accumulated in a trust that meets the criteria of paragraph 4 of GASB Statement 75.

The District Attorney's portion of the annually adopted premium base is paid by the City-Parish on behalf of the District Attorney. These contributions for the year ended December 31, 2021 totaled \$665,510.

## Total OPEB Liability

The District Attorney's proportional share (2.12%) of the total OPEB liability of \$28,754,772 was measured as of December 31, 2020 and was determined by an actuarial valuation date of December 31, 2020. The proportion of the total OPEB liability was based on a percentage of enrolled participants in proportion to total enrolled for all participating employers. The District Attorney's proportionate share increased from 2.10% to 2.12% since the prior measurement period.

## 6. DEFINED-BENEFIT PENSION PLANS

The District Attorney is a participating employer in two cost-sharing defined benefit pension plans. These plans are administered by two public employee retirement systems, the City of Baton Rouge and Parish of East Baton Rouge Employees' Retirement System (CPERS) and the District Attorneys' Retirement System (DARS) (hereinafter referred to cumulatively as Plans or Systems). The Metropolitan Council of the City of Baton Rouge and Parish of East Baton Rouge and Parish of East Baton Rouge maintains the authority to establish and amend plan benefits for the CPERS plan. The CPERS plan is a component unit of the City-Parish. Article X, Section 29(F) of the Louisiana Constitution of 1974 assigns the authority to establish and amend benefit provisions of DARS to the State Legislature. Each system is administered by a separate board of trustees.

Each of the Systems issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. These reports may be obtained by writing, calling or downloading the reports as follows:

## **Plan Descriptions:**

## City of Baton Rouge and Parish of East Baton Rouge Employees' Retirement System (CPERS)

The Retirement System is a cost sharing multiple employer defined benefit pension plan and is governed by a seven-member Board of Trustees. The Board is responsible for administering the assets of the Retirement System and for making policy decisions regarding investments. The Metropolitan Council maintains the authority to establish and amend plan benefits. Substantially all full-time non-police employees of the City-Parish and other member employers are covered by the Retirement System. The Retirement System actuarially determines the contributions required to fund the plan and collects the contributions as a percentage of payroll each payroll period. The Retirement System exists for the sole benefit of current and former employees of the member employees.

## District Attorneys' Retirement System (DARS)

The District Attorneys' Retirement System, State of Louisiana is the administrator of a cost sharing multiple employer defined benefit pension plan and is governed by a Board of Trustees. The pension plan was established in 1956 and was placed under the management of the board of trustees for the purpose of providing retirement allowances and other benefits as stated under the provisions of R.S. 11, Chapter 3 for district attorneys and their assistants in each parish.

## **Funding Policy**

CPERS plan members contributed a percentage of their annual covered salary, which is stipulated in Part IV, Subpart 2, Sec. 1:264(A) 1 (b) of the City-Parish Code of Ordinances. Participating employers are required to contribute the remaining amounts necessary to finance the coverage of their employees through periodic contributions at rates annually determined by the CPERS's actuary. The Metropolitan Council of the City of Baton Rouge and Parish of East Baton Rouge has authority over to determine employee contributions to CPERS.

Article X, Section 29(E)(2)(a) of the Louisiana Constitution of 1974 assigns the Legislature the authority to determine employee contributions to DARS. Employer contributions are actuarially determined using statutorily established methods on an annual basis and are constitutionally required to cover the employer's portion of the normal cost and provide for the amortization of the unfunded accrued liability. Employer contributions are adopted by the Legislature annually upon recommendation of the Public Retirement Systems' Actuarial Committee (PRSAC).

#### Actuarial Assumptions (continued)

The following schedule list the methods used by each of the retirement systems in determining the long term rate of return on pension plan investments:

#### CPERS

The long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These expected future real rates of return are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. DARS The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The resulting long-term rate of return is 8.25% for the year ended June 30, 2021.

The following table provides a summary of the best estimates of arithmetic/geometric real rates of return for each major asset class included in each of the Retirement Systems target asset allocations as of the measurement period date for each respective plan:

		Long-Term Target Asset Allocation		Expected Portfolio Real Rate of Return		
Asset Class		CPERS	DARS	CPERS	DARS	
Equities		50.0%	57.11%	8.00%	6.43%	
Fixed income		30.0%	30.19%	3.00%	0.94%	
Alternatives		5.0%	12.67%	5.70%	0.89%	
Real assets		15.0%	0.03%	4.50%	0.00%	
	Total	100.0%	100.0%			
Nominal Rate of	Return				5.80%	
Inflation					2.45%	
Expected Arithm Nominal Return	netic				8.25%	

#### **Discount** Rate

The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that sponsor contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, each of the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The discount rate used to measure the total pension liability for CPERS was 7.00% for the measurement period year ended December 31, 2020 and 2019 respectively. The discount rate used to measure the total pension liability for DARS was 6.10% and 6.25%, for the measurement period year ended June 31, 2021, and June 30, 2020, respectively.

# Sensitivity of the Employer's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following table presents the District Attorney's proportionate share of the Net Pension Liability (NPL) using the discount rate of each Retirement System as well as what the District Attorney's proportionate share of the NPL would be if it were calculated using a discount rate that is one percentage-point lower or one percentage-point higher than the current rate used by each of the Retirement Systems:

#### **Special Funding Situation**

A special funding situation is defined as circumstances in which a non-employer entity is legally responsible for making contributions directly to a pension plan that is used to provide pensions to the employees of another entity or entities and either (1) the amount of contributions for which the non-employer entity legally is responsible is not dependent upon one or more events unrelated to pensions or (2) the non-employer is the only entity with a legal obligation to make contributions directly to a pension plan.

Louisiana Revised Statute 16:10 - 11 stipulates that certain salary amounts for District Attorneys (DAs) and Assistant District Attorneys (ADAs) are payable by the State of Louisiana (State). Further, the total employer contributions allocable to that portion of the respective DAs and ADAs salaries are paid directly to DARS by the State. The State's proportionate share of the collective net pension liability of DARS associated with the District Attorney of the Nineteenth Judicial District Attorney is approximately \$1,596,000. This allocated share of the State's net pension liability is not recognized in the District Attorney's net pension liability. The State's proportionate share of pension expense associated with the District Attorney is approximately \$966,500, which is recognized as on-behalf support and a corresponding expense in the Statement of changes in Net Position.

## 7. ON-BEHALF PAYMENTS FOR SALARIES AND FRINGE BENEFITS

In accordance with government accounting standards, the District Attorney recognizes on-behalf payments made by the City-Parish or the State of Louisiana for operational costs of the District Attorney. These costs include salary and fringe benefits, and other operating costs. The District Attorney recognizes these payments as revenue and corresponding expenses in the financial statements.

## NOTES TO FINANCIAL STATEMENTS

## 7. ON-BEHALF PAYMENTS FOR SALARIES AND FRINGE BENEFITS (continued)

For the year ended December 31, 2021, the District Attorney recorded on-behalf payments in the fund financials from the following sources:

City-Parish of East Baton Rouge

State of Louisiana		
Salaries	\$	2,366,256
Retirement contributions		166,529

As a result of a special funding situation described in Note 6, the State of Louisiana incurred additional pension expense totaling approximately \$800,000, on behalf of the District Attorney. The District Attorney recognized this support in the government-wide financials as on-behalf revenue with a corresponding expense.

## 8. FEDERAL FINANCIAL ASSISTANCE PROGRAM

The District Attorney participates in the United States Department of Health and Human Services Support Enforcement, Title IV-D Program, Catalog of Federal Domestic Assistance No. 93.563. This program is funded by indirect assistance payments, in the form of both incentive payments and reimbursements of a portion of certain expenditures, received from the Louisiana Department of Social Services. For the year ended December 31, 2021, the District Attorney expended \$1,271,819 in reimbursable payments. The reimbursable payments are restricted by a formal agreement between the District Attorney and Department of Social Services and include a budget of expected expenditures for each fiscal year ending December 31. The District Attorney submits reimbursement requests to the Department of Social Services on a monthly basis.

Other programs are funded by the U. S. Department of Justice totaling \$857,929 which are passed through the Louisiana Commission of Law Enforcement. These programs are funded by reimbursements with certain matching requirements ranging from 0% to 25% to be funded by the District Attorney.

The District Attorney's federal assistance is contingent on the District Attorney maintaining compliance with applicable compliance requirements of the respective grants. Failure to maintain compliance or to correct noncompliance within a specified time period could also result in disallowed costs and could in turn result in amounts owed to the grantor agency.

## 9. <u>CONTINGENCIES</u>

Various lawsuits are pending against the District Attorney. In the opinion of the District Attorney's management, the potential loss on lawsuits will not be material to the District Attorney's basic financial statements.

## NOTES TO FINANCIAL STATEMENTS

#### 10. RISK MANAGEMENT

The District Attorney is exposed to various risks of loss related to theft of, damage to, and destruction of assets; errors and omission; injuries to employees; health insurance for its employees; auto liability; and natural disasters. The District Attorney has purchased commercial insurance for each type of risk to which it is exposed. Settlements have not exceeded insurance coverage in any of the three preceding years.

## 11. COMPENSATED ABSENCE LIABILITY

At December 31, 2021, employees of the District Attorney have accumulated and vested \$706,916 of employee leave benefits according to the District Attorney's policy, which were computed in accordance with GASB Classification Section C60. The following is a summary of the compensated absence liability activity during the year:

	mpensated Absences
Beginning Balance	\$ 700,491
Additions (amounts earned)	598,110
Deductions (amounts paid)	 (591,685)
Ending Balance	\$ 706,916

## 12. PRIOR PERIOD RESTATEMENT

The District Attorney reported a prior period adjustment in the fiscal year ended December 31, 2021 as follows:

	Governmental Activities			
Total Net Position, December 31, 2020	\$	(40,788,630)		
OPEB Deferred Outflow		85,611		
OPEB Liability		(6,305,758)		
OPEB Deferred Inflow		(545,300)		
Total Net Position, December 31, 2020, as restated	_\$	(47,554,077)		

As explained in Note 5, the estimated total Other Post-Employment Benefits (OPEB) and related deferred inflows and outflows of resources are based on assumptions, census data and the estimated cost of benefits to be provided. The City-Parish changed actuaries for its current OPEB valuation. The new actuary discovered valuation methodology deficiencies in the prior actuary's report. These deficiencies were recorded as a prior period adjustment which decreased beginning net position by \$6,765,447.

OTHER REPORTS REQUIRED BY GOVERNMENT AUDITING STANDARDS AND BY UNIFORM GUIDANCE

A Professional Accounting Corporation

## INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable Hillar Moore District Attorney of the Nineteenth Judicial District Baton Rouge, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the District Attorney of the Nineteenth Judicial District (the "District Attorney"), a component unit of the City of Baton Rouge/Parish of East Baton Rouge, as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the District Attorney's basic financial statements, and have issued our report thereon dated June 24, 2022.

## **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the District Attorney's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District Attorney's internal control. Accordingly, we do not express an opinion on the effectiveness of the District Attorney's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District Attorney's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District Attorney's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District Attorney's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District Attorney's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## **INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM** AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

The Honorable Hillar Moore District Attorney of the Nineteenth Judicial District Baton Rouge, Louisiana

## **Report on Compliance for Each Major Federal Program**

## **Opinion on Each Major Federal Program**

We have audited District Attorney of the Nineteenth Judicial District's (the "District Attorney"), a component unit of the City of Baton Rouge/Parish of East Baton Rouge, compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the District Attorney's major federal programs for the year ended December 31, 2021. The District Attorney's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the District Attorney complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2021.

## Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Audit of Compliance section of our report.

We are required to be independent of the District Attorney and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the District Attorney's compliance with the compliance requirements referred to above.

## **Responsibilities of Management for Compliance**

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the District Attorney's federal programs.

## Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District Attorney's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District Attorney's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District Attorney's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the District Attorney's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the District Attorney's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

## **Report on Internal Control over Compliance**

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance possibility that material noncompliance with a type of compliance is a deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency, or a combination of deficiencies, in internal significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the District Attorney and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance.
